Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-32-107, MCA, is amended to read:

"**15-32-107. The utility may agree with the occupant of the dwelling that the occupant shall reimburse the utility for its expenditure in periodic installment payments added to the occupant's regular bill for electricity or natural gas. The utility may charge interest not exceeding the equivalent of 7% per year on the declining balance of the sum advanced for the installation of energy conservation materials and recognized nonfossil forms of energy generation systems.~~

~~(2) A financial institution, as defined in 32-6-103, may offer and make loans at an interest rate not less than 2 percentage points below the discount rate on 90-day commercial paper in effect at the federal reserve bank in the ninth federal reserve district.~~

~~(3)~~ Except as provided in subsection ~~(6)~~ *(4)*, a public utility or a financial institution ~~lending money~~ *that lent money or made qualifying installations* under this section *as it read prior to July 1, 1995*, may compute the difference between interest it actually receives on ~~such~~ *the* transactions and the interest ~~which~~ *that* would have been received at the prevailing average interest rate for home improvement loans, as prescribed in rules made by the public service commission. The utility may apply the difference so computed as a credit against its tax liability for the electrical energy producer's license tax under 15-51-101 or for the corporation license tax under chapter 31, part 1. The public service commission shall regulate rates in such a manner that a utility making loans under this section may not make a profit as the result of this section. The financial institution may apply the difference so computed as a credit against its tax liability for the corporation license tax under chapter 31, part 1.

~~(4)~~*(2)* A utility may not claim a tax credit under this section exceeding $750,000 in any tax year. A financial institution may not claim a tax credit under this section exceeding $2,000 in any tax year.

Section 2. Section 69-3-305, MCA, is amended to read:

"**69-3-305. Deviations from scheduled rates, tolls, and charges.** (1) A public utility may not:

(b) demand, collect, or receive a rate, toll, or charge not specified in the schedules; or

(c) grant a rebate, concession, or special privilege to a consumer or user that, directly or indirectly, ~~shall~~ *has* or may have the effect of changing the rates, tolls, charges, or payments.

(2) The rates, tolls, and charges named in the printed schedules are the lawful rates, tolls, and charges until the rates, tolls, and charges are changed, as provided in this chapter.

(3) The commission may order refunds or credits of rates, tolls, or charges collected in violation of this section and may order payment of interest at a reasonable rate on the refunded amount.

(4) The provisions of this section do not prohibit the sharing of profits or revenues with customers in conjunction with an alternative form of regulation approved under 69-3-809.

(5) (a) ~~Additionally, a~~ *A* provider of regulated telecommunications service may offer, for a limited period of time, either rebates or reductions or waivers

of installation charges in conjunction with promotions, market trials, or other sales-related activities that are common business practices. Promotional pricing of services that remain fully tariffed requires advance approval of the commission. ~~No~~ *A* promotional offering may *not* combine monopoly services with competitive services.

(b) A public utility providing electricity or natural gas may offer grants and subsidized loans to install energy conservation and nonfossil forms of energy generation systems in dwellings.

(c) The commission may define the appropriate scope of promotions, rebates, ~~and~~ market trials, *and grants and subsidized loans,* either by rule or in response to complaints. Costs and expenses incurred or revenue foregone with respect to sales activities *and grant and subsidized loan programs* that the commission determines are unfairly discriminatory or not cost-effective are the responsibility of the provider's shareholders in rates set by the commission.

~~(5)~~*(6)* A public utility violating the provisions of this section is subject to the penalty prescribed in 69-3-206. This, however, does not have the effect of suspending, rescinding, invalidating, or in any way affecting existing contracts."

STATEMENT OF INTENT

In consideration of the legislative action on the sales tax, it is the intent of the legislature to provide a comprehensive sales tax reform package that brings balance to the Montana tax structure and makes Montana competitive with other states.

In recognition of the uncertainty of the fiscal impact of a 4% sales tax, it is the intent of the legislature that all funds in excess of estimates pursuant to 5-18-107 be used exclusively for reductions in property and income taxes.

The priority for use of any excess funds will be:

(1) reduction of mill levies used for school equalization; and

(2) reduction of income taxes.

A statement of intent is required for this bill because the department of revenue is granted authority to adopt rules for the administration and enforcement of the sales tax and use tax. The rules are intended to provide for an efficient process for the collection of the taxes, with minimum expense to both the taxpayer and the state.

The legislature contemplates that rules adopted by the department should, at a minimum, address the following:

(1) the registration and issuance of permits to persons engaging in the business of retail sales and services;

(2) the reporting form for the payment of the taxes, along with the requirements for the retention by the taxpayers of the necessary records;

(3) the required security and the acceptable forms of security for those taxpayers required to give security for payment of the taxes;

(4) the use of the nontaxable transaction certificate and clarification of any exemption from the taxes, including nontaxable sales;

(5) the necessary forms and the required procedures for reporting the taxes;

(6) the definition of terms and establishment of procedures as appropriate for efficient administration of the sales tax and use tax;

(7) procedures for the timely and efficient transfer of revenue to local governments and schools as replacement revenue for the reduced property tax base and property tax revenue; and

(8) procedures for payment of the sales tax and use tax based on bracket amounts rather than using a rounding method.

Be it enacted by the Legislature of the State of Montana:

The tax is imposed on the purchaser and must be collected by the seller and paid to the department by the seller. The seller holds all taxes collected in trust for the state. The tax must be applied to the sales price.

(2) For the privilege of using property in this state, there is imposed on the person using property a use tax equal to 4% of the value of the property that was:

(a) manufactured by the person using the property in this state;

(b) acquired outside this state as the result of a transaction that would have been subject to the sales tax had it occurred within this state;

(c) acquired within the exterior boundaries of an Indian reservation within this state as a result of a transaction that would have been subject to the sales tax had it occurred outside of the exterior boundaries of an Indian reservation within this state; or

(d) acquired as the result of a transaction that was not initially subject to the sales tax imposed by subsection (1) or the use tax imposed by subsection (2)(b) or (2)(c) but which transaction, because of the buyer's subsequent use of the property, is subject to the sales tax or use tax.

(3) For the privilege of using services in this state, there is imposed on the person using services a use tax equal to 4% of the value of the services at the time at which they were rendered. Services taxable under this section must have been rendered as the result of a transaction that was not initially subject to the sales tax or use tax but that because of the buyer's subsequent use of the service, is subject to the sales tax or use tax.

(4) For purposes of this section, the value of property must be determined as of the time of acquisition, introduction into this state, or conversion to use, whichever is latest.

(5) (a) The sales tax or use tax on a motor vehicle is imposed by 61-3-502 and 61-3-504(4). The sale or use of a vehicle subject to the tax imposed under 61-3-502 or 61-3-504(4) is exempt from the sales tax and use tax imposed under this section.

(b) The sale of property or services exempt or nontaxable under [sections 1 through 71] is exempt from the tax imposed in subsections (1) through (3).

(6) (a) A sales tax of 2.5% is imposed upon the sales of all new or used mobile homes, as defined in 15-1-101, and on all manufactured homes, as defined in [section 1], that are not an improvement to real property. The tax is imposed on the purchaser and must be collected by the seller and paid to the department by the seller. The tax must be applied to the sales price. The seller holds all taxes collected in trust for the state.

(b) For the privilege of using a new or used mobile home or manufactured home in this state, there is imposed on the person using the property a use tax equal to 2.5% of the value of a home that was:

(i) acquired outside this state as the result of a transaction that would have been subject to the sales tax had it occurred within this state;

(ii) acquired within the exterior boundaries of an Indian reservation within this state as a result of a transaction that would have been subject to the sales tax had it occurred outside of the exterior boundaries of an Indian reservation within this state; or

(6)(b)(i) but which transaction, because of the buyer's subsequent use of the property, is subject to the sales tax or use tax.

(c) The provisions of [sections 1 through 71] apply to this subsection except as specifically provided in this subsection.

Section 3. **Presumption of taxability — value — rules.** (1) In order to prevent evasion of the sales tax or use tax and to aid in its administration, it is presumed that:

(a) all sales by a person engaging in business are subject to the sales tax or use tax; and

(b) all property bought or sold by any person for delivery into this state is bought or sold for a taxable use in this state.

(2) In determining the amount of tax due on the use of property or services, it is presumed, in the absence of preponderant evidence of another value, that value means the total amount of property or the reasonable value of other consideration paid for the use of the property or service, exclusive of any type of time-price differential. However, in an exchange in which the amount of money paid does not represent the value of the property or service purchased, the use tax must be imposed on the reasonable value of the property or service purchased.

(3) The department shall adopt rules providing for the payment of the sales tax and use tax based on a bracket amount method rather than a rounding method or other method.

Section 4. **Separate statement of tax — no advertising to absorb or refund tax.** (1) If any person collects a tax in excess of the tax imposed by [section 2], both the tax and the excess tax must be remitted to the department.

(2) The sales tax must be stated separately for all sales, except for sales from coin-operated or currency-operated machines.

(3) A person may not advertise, hold out, or state to the public or to any customer that the tax imposed by [sections 1 through 71] will be absorbed or refunded.

Section 5. **Liability of user for payment of sales tax or use tax.** (1) A person in this state who buys or uses property or services is liable to the state for payment of the sales tax or use tax if a tax is payable on the sales price or value of the property or services but has not been paid.

(2) The liability imposed by this section is discharged if the buyer has paid the sales tax or use tax to the seller for payment to the department.

Section 6. **Collection of sales tax and use tax — listing of business locations and agents — severability.** (1) A person engaged in the business of selling property or services subject to taxation under [sections 1 through 71] shall collect the sales tax from the purchaser and pay the tax collected to the department.

(a) any person having or maintaining within this state, directly or by a subsidiary, an office, distribution house, sales house, warehouse, or place of business; or

(b) any agent operating within this state under the authority of the person or its subsidiary, whether the place of business or agent is located in the state permanently or temporarily or whether or not the person or subsidiary is authorized to do business within this state.

(4) A person engaging in business in this state shall, before making any sales, obtain a seller's permit as provided in [section 48] and at the time of making a sale, whether within or outside of the state, collect the tax imposed by [section 2] from the purchaser and give to the purchaser a receipt, in the manner and form prescribed by rule, for the tax paid.

(5) The department may authorize the collection of the tax imposed by [section 2] by any retailer who does not maintain a place of business within this state but who, to the satisfaction of the department, is in compliance with the law. When authorized, the person shall collect the tax upon all property and services that, to the person's knowledge, are for use within this state and subject to taxation under [sections 1 through 71].

(6) All sales tax and use tax required to be collected and all sales tax and use tax collected by any person under [sections 1 through 71] constitute a debt owed to this state by the person required to collect the tax.

(7) A person selling property or services to residents of this state, when the property is delivered to a location within this state or when the use of the service occurs within this state, shall, upon request by the department, provide a list of all sales to the department. The list must include the name and address of each purchaser and the amount of each sale. The department may pay to any person furnishing a list of sales or purchasers the reasonable costs of reproducing the list.

(8) A person engaging in business in this state shall provide to the department:

(a) the name and address of all the person's agents operating in this state; and

(b) the location of each of the person's distribution houses or offices, sales houses or offices, and other places of business in this state.

(9) If any application of this section is held invalid, the application to other situations or persons is not affected.

(10) Publishers who contract for newspaper delivery services shall include the sales tax in the newspaper subscription price and shall collect and pay the tax to the department. The contract carrier is not responsible for collection of the sales tax and payment to the department.

Section 7. **Nontaxable transaction certificate — requirements.** (1) A nontaxable transaction certificate executed by a buyer or lessee must be in the possession of the seller or lessor at the time a nontaxable transaction occurs.

(2) A nontaxable transaction certificate must contain the information and be in the form prescribed by the department.

(3) Only a buyer or lessee who has registered with the department and whose seller's permit is valid may execute a nontaxable transaction certificate.

(4) If the seller or lessor accepts a nontaxable transaction certificate within the required time and believes in good faith that the buyer or lessee will employ the property or service transferred in a nontaxable manner, the properly

executed nontaxable transaction certificate is considered conclusive evidence that the sale is nontaxable.

Section 8. **Nontaxable transaction certificate — form.** (1) The department shall provide for a uniform nontaxable transaction certificate. A purchaser shall use the certificate when purchasing goods or services for resale or for other nontaxable transactions.

(2) At a minimum, the certificate must provide:

If the sole nonexempt use is rental while holding for sale, the purchaser shall include in the sales price the amount of the rental charged. Upon subsequent sale of the property, the seller shall include the entire amount of the sales price, without deduction of amounts previously received as rentals.

(2) A person who uses a certificate for property that will be used for purposes other than the purpose claimed is subject to a penalty, payable to the department, of $100 for each transaction in which an improper use of a certificate has occurred.

(3) Upon a showing of good cause, the department may abate or waive the penalty or a portion of the penalty.

Section 52. **Commingling nontaxable certificate goods.** If a purchaser uses a nontaxable transaction certificate with respect to the purchase of fungible goods and commingles these goods with fungible goods that were not purchased with a nontaxable transaction certificate but that are of such similarity that the identity of the goods in the commingled mass cannot be determined, sales from the mass of commingled goods are considered to be sales of the goods purchased with the certificate until the quantity of commingled goods sold equals the quantity of goods originally purchased under the certificate.

Section 53. **Liability for payment of tax — security for retailer without place of business — penalty.** (1) Liability for the payment of the sales tax and use tax is not extinguished until the taxes have been paid to the department.

(2) A retailer who does not maintain a place of business in this state is liable for the sales tax or use tax in accordance with [sections 1 through 71] and may be required to furnish adequate security as provided in [section 59] to ensure collection and payment of the taxes. When authorized and except as otherwise provided in [sections 1 through 71], the retailer is liable for the taxes upon all property sold and services provided in this state in the same manner as a retailer who maintains a place of business within this state. The seller's permit provided for in [section 48] may be canceled at any time if the department considers the security inadequate or believes that the taxes can be collected more effectively in another manner.

(3) An agent, canvasser, or employee of a retailer doing business in this state who does not possess a seller's permit issued by the department may not sell, solicit orders for, or deliver any property or services in Montana. If an agent, canvasser, or employee violates the provisions of [sections 1 through 71], the person is subject to a fine of not more than $100 for each separate transaction or event.

(3) (a) For the purposes of the sales tax or use tax, a return must be filed by:

(i) a retailer required to collect the tax; and

(ii) a person who:

(A) purchases any items the storage, use, or other consumption of which is subject to the sales tax or use tax; and

(B) has not paid the tax to a retailer required to pay the tax.

(b) Each return must be authenticated by the person filing the return or by the person's agent authorized in writing to file the return.

(4) (a) A person required to collect and pay to the department the taxes imposed by [sections 1 through 71] shall keep records, render statements, make returns, and comply with the provisions of [sections 1 through 71] and the rules prescribed by the department. Each return or statement must include the information required by the rules of the department.

(b) For the purpose of determining compliance with the provisions of [sections 1 through 71], the department is authorized to examine or cause to be examined any books, papers, records, or memorandums relevant to making a determination of the amount of tax due, whether the books, papers, records, or memorandums are the property of or in the possession of the person filing the return or another person. In determining compliance, the department may use statistical sampling and other sampling techniques consistent with generally accepted auditing standards. The department may also:

(i) require the attendance of a person having knowledge or information relevant to a return;

(ii) compel the production of books, papers, records, or memorandums by the person required to attend;

(iii) implement the provisions of 15-1-703 if the department determines that the collection of the tax is or may be jeopardized because of delay;

(iv) take testimony on matters material to the determination; and

(v) administer oaths or affirmations.

(5) Pursuant to rules established by the department, returns may be computer-generated and electronically filed.

Section 57. **Credit for taxes paid on worthless accounts — taxes paid if account collected.** (1) Sales taxes paid on an accrual basis by a person filing a return under [section 56] on sales represented by accounts found to be worthless and actually deducted by the person as a bad debt for federal income tax purposes may be credited on a subsequent payment of the tax.

(2) If the accounts are subsequently collected, the sales tax must be paid on the amount collected.

Section 58. **Vendor allowance.** (1) (a) Beginning April 1, 1994, and ending March 31, 1995, a person filing a return under [section 56] may claim a monthly vendor allowance for each permitted location in the amount of 4% of the tax determined to be payable to the state or $100 per month, whichever is less.

(c) The allowance may be deducted on the return.

(2) (a) Beginning April 1, 1995, and thereafter, a person filing a return under [section 56] may claim a monthly vendor allowance for each permitted location in the amount of 2.5% of the tax determined to be payable to the state or $100 per month, whichever is less.

(b) A person filing a quarterly return may claim 2.5% of the tax determined to be payable to the state or $300 per quarter, whichever is less.

(c) The allowance may be deducted on the return.

Section 59. **Security — limitations — sale of security deposit at auction — bond.** (1) The department may require a retailer to deposit, with the department, security in a form and amount that the department determines is appropriate. The deposit may not be more than twice the estimated average liability for the period for which the return is required to be filed or $10,000, whichever is less. The amount of security may be increased or decreased by the department, subject to the limitations provided in this section.

(2) (a) If necessary, the department may sell, at public auction, property deposited as security to recover any sales tax or use tax amount required to be collected, including interest and penalties.

(b) Notice of the sale must be served personally upon or sent by certified mail to the person who deposited the security.

(c) After the sale, any surplus above the amount due that is not required as security under this section must be returned to the person who deposited the security.

(3) In lieu of security, the department may require a retailer to file a bond, issued by a surety company authorized to transact business in this state, to guarantee solvency and responsibility.

(4) In addition to the other requirements of this section, the department may require the corporate officers, directors, or shareholders of a corporation to provide a personal guaranty and assumption of liability for the payment of the tax due under [sections 1 through 71].

Section 60. **Examination of return — adjustments — delivery of notices and demands.** (1) If the department determines that the amount of tax due is different from the amount reported, the amount of tax computed on the basis of the examination conducted pursuant to [section 56] constitutes the tax to be paid.

(2) If the tax due exceeds the amount of tax reported as due on the taxpayer's return, the excess must be paid to the department within 30 days after notice of the amount and demand for payment is mailed or delivered to the person making the return, unless the taxpayer files a timely objection as provided in 15-1-211. If the amount of the tax found due by the department is less than that reported as due on the return and has been paid, the excess must be credited or, if no tax liability exists or is likely to exist, refunded to the person making the return.

(3) The notice and demand provided for in this section must contain a statement of the computation of the tax and interest and must be:

(a) sent by mail to the taxpayer at the address given in the taxpayer's return, if any, or to the taxpayer's last-known address; or

(b) served personally upon the taxpayer.

(4) A taxpayer filing an objection to the demand for payment is subject to and governed by the uniform tax review procedure provided in 15-1-211.

Section 61. **Penalties and interest for violation.** (1) (a) If a person, without purposely or knowingly violating any requirement imposed by [sections 1 through 71], fails to file a return and pay the tax on or before the due date, there must be imposed a penalty of 5% of the balance of debt unpaid with respect to the return as of the date due, but in no event may the penalty for failure to file a return by its due date be less than $20. The department may abate the penalty if the person establishes that the failure to file on time was due to reasonable cause and was not due to neglect by the taxpayer.

(b) If a person, without purposely or knowingly violating any requirement imposed by [sections 1 through 71], fails to pay a debt on or before its due date, there must be added to the debt a penalty of 10% of the debt, but not less than $20, and interest must accrue on the debt at a rate of 1% per month or fraction of a month for the entire period the debt remains unpaid. The department may abate the penalty if the person establishes that the failure to pay was due to reasonable cause and was not due to neglect by the taxpayer. The department shall adopt rules that define reasonable cause.

(2) If a person purposely or knowingly violates any requirement imposed by [sections 1 through 71] by failing to file a return or to pay a debt, there must be added to the debt an additional amount equal to 25% of the debt, but not less than $50, and interest at 1% for each month or fraction of a month during which the debt remains unpaid.

Section 62. **Authority to collect delinquent taxes.** (1) (a) The department shall collect taxes that are delinquent as determined under [sections 1 through 71].

(b) If a tax imposed by [sections 1 through 71] or any portion of the tax is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

(2) In addition to any other remedy, in order to collect delinquent taxes after the time for appeal has expired, the department may direct the offset of tax refunds or other funds due the taxpayer from the state, except wages subject to the provisions of 25-13-614 and retirement benefits.

(3) As provided in 15-1-705, the taxpayer has the right to a review on the tax liability prior to any offset by the department.

(4) The department may file a claim for state funds on behalf of the taxpayer if a claim is required before funds are available for offset.

Section 63. **Interest on deficiency — penalty.** (1) Interest accrues on unpaid or delinquent taxes at the rate of 1% for each month or fraction of a month during which the taxes remain unpaid. The interest must be computed from the date the return and tax were originally due.

(2) If the payment of a tax deficiency is not made within 30 days after it is due and payable and if the deficiency is due to negligence on the part of the taxpayer but without fraud, there must be added to the amount of the deficiency a penalty of 10% of the tax, but in no case less than $25.

Section 64. **Limitations.** (1) Except in the case of a person who purposely or knowingly, as those terms are defined in 45-2-101, files a false or fraudulent return violating the provisions of [sections 1 through 71], a deficiency may not be assessed or collected with respect to a month or quarter for which a return is filed unless the notice of additional tax proposed to be assessed is mailed to or personally served upon the taxpayer within 5 years from the date the return was filed. For purposes of this section, a return filed before the last day prescribed for filing is considered to be filed on the last day.

(2) If, before the expiration of the 5-year period prescribed in subsection (1) for assessment of the tax, the taxpayer consents in writing to an assessment after expiration of the 5-year period, a deficiency may be assessed at any time prior to the expiration of the period consented to.

(3) The limitations prescribed for giving notice of a proposed assessment of additional tax under subsection (1) do not apply if:

(a) the taxpayer has by written agreement suspended the federal statute of limitations for collection of federal tax, provided the suspension of the limitation set forth in this section lasts:

(i) only as long as the suspension of the federal statute of limitations; or

(ii) until 1 year after any changes in the person's federal tax have become final or any amended federal return is filed as a result of a suspension of the federal statute, whichever occurs later; or

(b) a taxpayer has failed to file a report of changes in federal taxable income or an amended return as required by 15-30-146 or 15-31-506 until 5 years after the federal changes become final or the amended federal return was filed, whichever the case may be.

Section 65. **Refunds — interest — limitations.** (1) A claim for a refund or credit as a result of overpayment of taxes collected under [sections 1 through 71] must be filed within 5 years of the date the return was due, without regard to any extension of time for filing.

(2) (a) Interest on an overpayment must be paid or credited at the same rate as the rate charged on delinquent taxes in [section 63].

(b) Except as provided in subsection (2)(c), interest must be paid from the date the return was due or the date of overpayment, whichever is later. Interest does not accrue during any period in which the processing of a claim is delayed more than 30 days because the taxpayer has not furnished necessary information.

(c) The department is not required to pay interest if:

(i) the overpayment is credited or refunded within 6 months of the date a claim was filed; or

(ii) the amount of overpayment and interest does not exceed $1.

Section 66. **Administration — rules.** The department shall:

(1) administer and enforce the provisions of [sections 1 through 71];

(2) cause to be prepared and distributed forms and information that may be necessary to administer the provisions of [sections 1 through 71]; and

(3) adopt rules that may be necessary or appropriate to administer and enforce the provisions of [sections 1 through 71].

Section 67. **Revocation of corporate license — hearing authorized — appeal.** (1) If a corporation authorized to do business in this state and required to pay the taxes imposed under [sections 1 through 71] fails to comply with any of the provisions of [sections 1 through 71] or any rule of the department, the department may, for reasonable cause, certify to the secretary of state a copy of an order finding that the corporation has failed to comply with specific statutory provisions or rules.

(2) The secretary of state shall, upon receipt of the certification, revoke the certificate authorizing the corporation to do business in this state and may issue a new certificate only when the corporation has obtained from the department an order finding that the corporation has complied with its obligations under [sections 1 through 71].

(3) An order authorized in this section may not be made until the corporation is given an opportunity to be heard before the department. A hearing conducted under this section is informal.

(4) A final decision of the department may be appealed to the state tax appeal board.

Section 68. **Taxpayer quitting business — liability of successor.** (1) (a) All taxes payable under [sections 1 through 71] are due and payable immediately whenever a taxpayer quits business or sells out, exchanges, or otherwise disposes of the business or disposes of the stock of goods.

(b) The taxpayer shall make a return and pay the taxes due within 10 days after the taxpayer quits business or sells out, exchanges, or otherwise disposes of the business or disposes of the stock of goods.

(2) Except as provided in subsection (4), a person who becomes a successor is liable for the full amount of the tax and shall withhold from the sales price payable to the taxpayer a sum sufficient to pay any tax due until the taxpayer produces either a receipt from the department showing payment in full of any tax due or a statement from the department that tax is not due.

(3) If a tax is due but has not been paid as provided in subsection (1)(b), the successor is liable for the payment of the full amount of tax. The payment of the tax by the successor is considered to be a payment upon the sales price and, if the payment is greater in amount than the sales price, the amount of the difference becomes a debt due to the successor from the taxpayer owing the tax under subsection (1).

(4) (a) A successor is not liable for any tax due from the person from whom the successor acquired a business or stock of goods if:

(i) the successor gives written notice to the department of the acquisition; and

Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in this section by a maximum of ~~45%~~ *the debt limitation prescribed in 20-9-406* of the estimated taxable value of the property of the new major industrial facility subject to taxation when completed. A copy of the department's statement of estimated taxable value shall be printed on each ballot used to vote on a bond issue proposed under this section.

(2) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class five property, the new major industrial facility and its owners shall pay, in addition to the taxes imposed by the school district on property owners generally, so much of the principal and interest on the bonds provided for under this section as represents payment on an indebtedness in excess of the limitation prescribed in 20-9-406. The credit shall as a total amount

be equal to the amount which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(3) A major industrial facility is a facility subject to the taxing power of the school district, whose construction or operation will increase the population of the district, imposing a significant burden upon the resources of the district and requiring construction of new school facilities. (1) ~~(a) On or before May 1, 1990, the department of revenue shall remit to the county treasurer of each county 30% of the reimbursement amount specified in subsection (1)(b), as computed by the department. The department shall base the reimbursement on the reduction in personal property tax revenues due to the reduction in personal property tax rates for class eight property, as provided for in 15-6-138, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145. The reimbursement basis must also include loss of personal property tax revenue due to the reclassification of new industrial property from class five to class eight with the reduced tax rate. The determination of the reimbursement basis must be made in the year in which the reclassification is made.~~

~~(b) The reimbursement revenue must be based on the county's taxable value and mill levies for tax year 1989.~~ *Prior to November 1 of each year, the department of revenue shall determine for each county the number of mills levied for the current tax year in each taxing jurisdiction levying mills against personal property.*

(2) ~~Prior to September 1, 1990, the department's agent in the county shall supply the following information to the~~ *(a) The* department ~~for~~ *shall determine the amount of taxable value lost within* each taxing jurisdiction within the county~~:~~

~~(b) the number of mills levied in the jurisdiction for taxable year 1990;~~

~~(c) the total taxable valuation for taxable years 1989 and 1990, reported separately for each year, of all personal property not secured by real property; and~~

~~(d) the total taxable valuation for taxable years 1989 and 1990, reported separately for each year, of all personal property secured by real property.~~ *because of the reduction in personal property tax rates for property included in class eight, class nine, and class ten, as those classes existed in 1989. The determination must be based on 1989 taxable values for class eight, class nine, and class ten property as reported to the department by each taxing jurisdiction that existed in 1989, less the taxable value for the same property in 1989 as determined by the 1991 tax rate for property included in 15-6-138.*

(b) The department shall calculate the taxable value lost in a taxing jurisdiction as a result of a reduction in the taxable value rate in 15-6-145 that results from a reduction in taxable value of property under 15-6-138.

(c) The amount of reimbursement is calculated by multiplying the current year mill levy for each taxing jurisdiction times the total amount of taxable value lost as determined in subsections (2)(a) and (2)(b).

(3) ~~After receipt of the information from its agent, the department shall calculate the amount of revenue lost to each taxing jurisdiction, using current year mill levies, due to the annual reduction in personal property tax rates set forth in 15-6-138, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145.~~ The department shall total the amounts for all taxing jurisdictions within the county.

(4) ~~For taxable year 1990 and for each year thereafter, the~~ *The* department shall remit to the county treasurer *50% of* the ~~base~~ amount of revenue reimbursable, determined pursuant to subsection ~~(3), as follows:~~

~~(a)~~ *(2),* on or before November 30~~, 1990~~, and ~~on or before each November 30 thereafter, the department shall remit 50% of the base amount of the revenue reimbursable to the county; and~~

~~(b)~~ *the remaining 50%* on or before May 31~~, 1991, and on or before each May 31 thereafter, the department shall remit 50% of the base amount of the revenue reimbursable to the county~~.

~~(5) Upon receipt of the reimbursement from the department, the county treasurer shall distribute the reimbursement to each taxing jurisdiction in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as current year mill levies on personal property taxes are distributed.~~

~~(6) For the purposes of this section, "taxing jurisdiction" means local governments and includes school districts, each municipality with tax increment financing, and the state of Montana.~~

(5) Prior to December 31, 1993, for each county, the department shall determine the following information for each taxing jurisdiction that was in existence in tax year 1993:

(a) the number of mills levied in each taxing jurisdiction for tax year 1993; and

(b) the total taxable valuation for tax year 1993 of all property included in class eight.

(6) (a) (i) Based on the information determined under subsection (5), the department shall calculate the revenue loss for each taxing jurisdiction because of the change in the tax rate provided for in 15-6-138 and the reduction in commercial property market value provided for in 15-6-134.

(ii) For purposes of this section, revenue loss for each taxing jurisdiction is:

(A) the taxable value of all class eight property computed at the statutory tax rate in effect for tax year 1993 less the taxable value of all class eight property computed at the tax rate provided for in 15-6-138;

(B) multiplied by the number of mills levied in the taxing jurisdiction for tax year 1993.

(b) The total revenue loss within each county is the sum of the revenue loss computed for each taxing jurisdiction in the county.

(7) (a) Prior to May 1, 1994, the department shall remit to each county treasurer 30% of the total reimbursement due under this section to compensate taxing jurisdictions for loss of revenue associated with class eight personal property not secured by real property. The county treasurer shall distribute the total reimbursement to each taxing jurisdiction as calculated by the department.

(b) The amount of reimbursement due from the state to each county for tax years 1994, 1995, and 1996 is the total revenue loss calculated under subsections (5) and (6). The county treasurer shall distribute the total revenue loss to each taxing jurisdiction as calculated by the department.

(c) The amount of total reimbursement for each county for tax year 1997 and for each tax year thereafter is determined by using the formula R = A x (B/C) x (D/E) x (F/G), where:

(i) "R" is the amount of reimbursement to be received by the county for the current tax year;

(ii) "A" is the total statewide amount available for reimbursement and is determined by totaling the amount of reimbursement, "R", for all counties for the immediately preceding tax year. For tax year 1997, the total statewide amount available for reimbursement is the total revenue loss calculated in subsection (6) for all counties in tax year 1996.

(iii) "B" is the statewide total of all sales taxes and use taxes collected in the tax year immediately preceding the current tax year;

(iv) "C" is the statewide total of all sales taxes and use taxes collected in the tax year prior to the tax year immediately preceding the current tax year;

(v) "D" is the total taxable value of all commercial property in class four and all property in class eight within the county during the tax year immediately preceding the current tax year;

(vi) "E" is the total taxable value of all commercial property in class four and all property in class eight in the state during the tax year immediately preceding the current tax year;

(vii) "F" is the average countywide millage and is determined by dividing the amount of revenue collected in property taxes within all jurisdictions in the county in the immediately preceding tax year by the total taxable value of all property in the county in the immediately preceding tax year; and

(viii) "G" is the average statewide millage and is determined by dividing the amount of revenue collected in property taxes within all jurisdictions in the state

in the immediately preceding tax year by the total taxable value of all property in the state in the immediately preceding tax year.

(8) Funds appropriated from the sales tax and use tax account for reimbursements calculated under subsections (5) through (7) for tax year 1994 and subsequent tax years must be remitted to the county treasurer as follows:

(a) on or before November 30, 1994, and on or before each November 30 thereafter, the department shall remit 50% of the amount of the revenue reimbursable to the county; and

(b) on or before May 31, 1995, and on or before each May 31 thereafter, the department shall remit 50% of the amount of the revenue reimbursable to the county.

(9) (a) Upon receipt of the reimbursement provided for in subsections (1) through (4), the county treasurer shall distribute the reimbursement to each taxing jurisdiction as calculated by the department.

(b) For tax year 1997 and subsequent tax years, upon receipt of the reimbursements from the department, the county treasurer of each county shall distribute the reimbursement to each taxing jurisdiction in the relative proportion determined under the total calculations provided by the department for tax year 1996.

(10) For the purposes of this section, "taxing jurisdiction" means the state of Montana; local governments, including counties and incorporated cities and towns, school districts, and tax increment financing districts; and miscellaneous taxing jurisdictions levying mills against property being reimbursed under this section.

(11) (a) For distributions made pursuant to subsection (9), the creation and dissolution of taxing jurisdictions are treated as follows:

(i) A taxing jurisdiction that existed in tax year 1989 and that no longer exists is not entitled to reimbursement.

(ii) Taxing jurisdictions that are combined into a single taxing jurisdiction are entitled to reimbursement based on the combined proportion of those jurisdictions in tax year 1989.

(iii) A taxing jurisdiction that existed in tax year 1989 and that is now split into two or more taxing jurisdictions is entitled to reimbursement based on the proportion of 1989 taxable value within each new taxing jurisdiction. The department shall determine the proportion of 1989 taxable value located in each taxing jurisdiction.

(iv) A taxing jurisdiction that did not exist in tax year 1989 is not entitled to reimbursement under subsection (9) unless the jurisdiction was created as described in subsection (11)(a)(iii).

(b) For distributions made pursuant to subsections (5) through (7), the creation and dissolution of taxing jurisdictions after tax year 1993 are treated as follows:

(i) Taxing jurisdictions that existed in tax year 1993 that no longer exist in subsequent tax years and that are not combined with another taxing jurisdiction

are no longer entitled to reimbursement. The reimbursement for a taxing jurisdiction that no longer exists must be prorated across all remaining jurisdictions in the relative proportions that would have existed in tax year 1993 had the jurisdiction not been in existence in that year.

(ii) Taxing jurisdictions that are combined into a single taxing jurisdiction are entitled to reimbursement based on the combined proportion of those jurisdictions in tax year 1993.

(iii) Taxing jurisdictions created as a result of splitting an existing jurisdiction are entitled to a share of the original reimbursement based on the relative proportion of all property in class eight and commercial property in class four within each of the newly created jurisdictions in the tax year that the new jurisdictions are created.

(iv) Taxing jurisdictions that did not exist in tax year 1993 are not entitled to reimbursement under subsection (9) unless created as described in subsection (11)(b)(iii).

(b) (i) Based on school fiscal year 1994, the department shall determine the number of mills levied by each school district in the tax increment financing district for the retirement fund and determine the reduction of transportation and debt service mills that would have occurred if [sections 143 and 148] had been in effect for that year.

(ii) For school fiscal year 1995 and each succeeding year, the reimbursement must be equal to the number of mills determined in subsection (3)(b)(i) times the incremental taxable value of the tax increment financing district. This figure is the "certified statewide percentage increase".~~

~~(b) The taxable value of property in class three is determined as a function of the certified statewide percentage increase in accordance with the table shown below.~~

~~(c) This table limits the statewide increase in taxable valuation resulting from reappraisal to 0%. In calculating the percentage increase, the department may not consider agricultural use changes during calendar year 1985.~~

~~(d) The taxable percentage must be calculated by interpolation to coincide with the nearest whole number certified statewide percentage increase from the following table:Certified StatewideClass Three Taxable Percentage IncreasePercentage "P" 030.00 1027.27 2025.00 3023.08 4021.43 5020.00~~

(8) The county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year."

Section 130. Section 15-24-301, MCA, is amended to read:

"**15-24-301. (2) For purposes of the distribution of local government severance taxes collected under this chapter, the department shall determine the unit value of oil and gas for each taxing unit as follows:

(a) The unit value for petroleum and other mineral or crude oil for each taxing unit is the quotient obtained by dividing the net proceeds taxes calculated on petroleum or mineral or crude oil produced in that taxing unit in calendar year 1988 by the number of barrels of petroleum or other mineral or crude oil produced in that taxing unit during 1988, excluding new and interim production.

(b) The unit value for natural gas is the quotient obtained by dividing the net proceeds taxes calculated on natural gas produced in that taxing unit in calendar year 1988 by the number of cubic feet of natural gas produced in that taxing unit during 1988, excluding new and interim production.

(3) The state and local government severance taxes collected under this chapter are allocated as follows:

(a) The local government severance tax is statutorily appropriated, as provided in 17-7-502, for allocation to the county for distribution as provided in subsection (4);

(b) The state severance tax is allocated to the state general fund.

(4) (a) For the purpose of distribution of the local government severance tax, the department shall adjust the unit value determined under this section according to the ratio that the local government severance taxes collected during the quarters to be distributed plus accumulated interest earned by the state and penalties and interest on delinquent local government severance taxes bears to the total liability for local government severance taxes for the quarters to be distributed. The taxes must be calculated and distributed as follows:

(i) By November 30 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which the local government severance tax was owed during the calendar quarters ending March 31 and June 30 of the preceding calendar year.

(ii) By May 31 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which the local government severance tax was owed during the 2 calendar quarters immediately following those quarters referred to in subsection (4)(a)(i).

(b) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsections (4)(a)(i) and (4)(a)(ii) must be calculated and distributed in the following manner:

(i) The excess amount or shortage must be divided by the total distribution determined for that period to obtain an excess or shortage percentage.

(ii) The excess percentage must be multiplied by the distribution to each taxing unit, and this amount must be added to the distribution to each respective taxing unit.

(iii) The shortage percentage must be multiplied by the distribution to each taxing unit, and this amount must be subtracted from the distribution to each respective taxing unit.

(5) Except as provided in subsection (6), the county treasurer shall distribute the money received under subsection (4) to the taxing units that levied mills in fiscal year 1990 against calendar year 1988 production in the same manner that all other property tax proceeds were distributed during fiscal year 1990 in the taxing unit, except that no distribution may be made to a municipal taxing unit.

(6) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of local government severance tax money that would have gone to a taxing unit, as provided in subsection (5), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(b) ~~If~~ *Subject to the requirements of subsection (6)(c), if* the allocation in subsection (6)(a) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(c) For fiscal year 1995 and each succeeding year, the county treasurer shall remit to the state treasurer the amount of money attributable to the mills levied in fiscal year 1990 for the county retirement fund provided for in 20-9-501 and for the county transportation fund, which was provided for in 20-10-146, as that section read on June 30, 1993. The state treasurer shall credit the money received to the state special revenue fund for state equalization aid to the public schools as provided in 20-9-343.

(b) To qualify for an adjustment in the payment schedule, a district shall demonstrate to the superintendent of public instruction, in the manner required by the office, that the payment schedule prescribed in 20-9-344 will result in insufficient money available in all funds of the district to make payment of the district's warrants. (b) multiply the number determined in subsection (4)(a) by two and round off to the nearest whole number; and

(c) use the adjusted rated capacity determined in subsection (4)(b) as the rated capacity of the bus to determine the rate per bus mile traveled from the rate schedule in subsection (2).

(5) The rated capacity is the number of riding positions of a school bus as determined under the policy adopted by the board of public education."

Section 147. Section 20-10-142, MCA, is amended to read:

"**20-10-142. Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state ~~and county sources of~~ transportation revenue under the provisions of 20-10-145 ~~and 20-10-146~~. These rates also ~~shall~~ constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section ~~shall~~ *may* not be altered by any authority other than the legislature of the state of Montana. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance ~~shall~~ *must* be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product so obtained, and multiplying the difference by 21.25 cents provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if such schools are operated by different school districts, the total amount of the reimbursement ~~shall~~ *must* be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian ~~shall~~ *must* be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within 3 miles of one another, the total reimbursement ~~shall~~ *must* be determined under the provisions of this subsection and ~~shall~~ *must* be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section ~~shall~~ *must* be limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), ~~no~~ *a* reimbursement may *not* be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance ~~shall~~ *must* be determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 3 miles from the product so obtained, and multiplying the difference by 22.5 cents provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian ~~shall~~ *must* be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads, or other special circumstances of isolation the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a

physical hardship for the eligible transportee, ~~his~~ *the transportee's* parent or guardian may request an increase in the reimbursement rate. ~~Such a~~ *A* request for increased rates due to isolation ~~shall~~ *must* be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increased rate due to isolation ~~can~~ *may* be paid to the requesting parent or guardian, ~~such~~ *the* rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay ~~such~~ *the* increased rate due to isolation. The increased rate ~~shall~~ *must* be 1 ½ times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require ~~such~~ *the* eligible transportee to live away from the household in order to attend school, ~~he shall be~~ *the transportee is* eligible for the room and board reimbursement. Approval to receive the room and board reimbursement ~~shall~~ *must* be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board ~~shall be~~ *is* $5.31 for one eligible transportee and $3.19 for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate ~~shall~~ *must* be the cost of such study, provided that the course of instruction is approved by the trustees and supervised by the district."

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c), *the transportation fund budget limitation provided for in 20-10-143,* or $100, whichever is ~~larger~~ *largest*, the contingency amount on the preliminary budget must be reduced to the limitation amount and used in this determination of the schedule amount.

~~(b)~~*(3)* When the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection ~~(3)~~ *(4)*, to reduce the total district obligation for financing to zero, any remaining amount of district revenue and cash reappropriated must be used to reduce ~~the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).~~

~~(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county~~ *the state financial obligation in 20-10-145.*

~~(3)~~*(4)* The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(h) sales tax and use tax revenue distributed under [section 72];

~~(h)~~*(i)* any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

~~(i)~~*(j)* any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

~~(4)~~*(5)* The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection ~~(3)~~ *(4)*, from the amount determined in subsection ~~(4)(a)~~ *(5)(a)*.

Section 1. **Definitions.** Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Firm" means an individual, company, partnership, association, or corporation.

(2) "Nursery" means the business or location where nursery stock is grown or offered for sale, resale, or as part of a landscape service.

(3) "Nursery stock" means botanically classified plants or parts of plants. The following plants and plant materials may not be considered nursery stock:

(a) aquatic plants used for aquarium purposes;

(b) field crop plants and seeds;

(c) pasture grasses;

(d) cut plants not for propagation;

(e) corms, tubers, and bulbs;

(f) fruits or vegetables for human or animal consumption;

(g) cut trees and products for processing; and

(h) plant debris for disposal or processing.

(4) "Nursery stock certification" means the process whereby the nursery stock or other plants have been inspected and found to meet certification standards established by department rule.

(5) "Plant inspection certificate" means a document issued by the department or the plant pest regulatory agency of another state that declares that the nursery stock, plants, or plant material grown by the firm named on the certificate is apparently free of injurious plant pests.

(6) "Plant pest" means an insect, fungus, virus, bacteria, or other organism that can directly or indirectly injure or cause damage in a plant or a product of a plant and that meets the criteria as a pest established by department rule. For purposes of this chapter, noxious weeds, as defined in 7-22-2101(7)(a)(i), or other exotic weeds are defined as plant pests.

Section 2. **License required — application and payment of license fee.** (1) A firm engaging in the business of selling or distributing nursery stock in this state shall obtain a license for each nursery from the department.

(2) The license must be in the name of the firm seeking the license and expires on December 31 following the date of issue. The applicant shall provide information the department finds necessary to carry out the provisions and purposes of this chapter.

(3) The license fee is $95 per nursery.

(4) A nursery that earns less than $1,000 in gross annual sales of nursery stock and that submits a notarized affidavit to that effect to the department is exempt from licensing.

(5) A new applicant or a firm failing to renew a license by January 1 of each year shall pay an additional nonrefundable application fee of $25 for each license.

(6) An out-of-state firm that imports nursery stock into Montana for resale by a licensed Montana nursery is not required to obtain a license if the firm is licensed in the state of origin of the nursery stock and if that state extends a similar exemption to Montana firms.

(7) If the department determines that the revenue from the license fee is inadequate to accomplish the purposes of this chapter, the department may by rule increase the fee.

Section 3. **Nursery stock inspection — fees.** (1) The department may enter a firm or nursery premises during regular business hours for the purpose of inspecting nursery stock or other materials for possible plant pests or for determining licensure compliance. An inspection fee may not be assessed if the department requests the inspection.

(2) A firm or nursery may request the inspection of nursery stock, plants, or other materials by giving the department 5 days' notice prior to the time when the nursery stock, plants, or other materials are ready for inspection. A firm or nursery requesting an inspection shall pay a fee as established by department rule. The fee must cover the actual costs of inspection, surveys, and other services required to issue the plant inspection certificate.

(3) The department may issue a plant inspection certificate based on the results of a nursery stock or other plant inspection or inspection survey.

Section 4. **Duty to notify department of infestation.** A firm or nursery with nursery stock or other materials that are infested with plant pests, as defined in [section 1], shall notify the department. The firm or nursery shall comply with the instructions of the department for the control of the plant pests.

Section 5. **Penalty for violation.** (1) A firm or nursery that purposely, knowingly, or negligently violates or aids in the violation of a provision of this chapter or of the rules, orders, or quarantines of the department adopted under Title 2, chapter 4, and this chapter commits a civil offense and is subject to a civil penalty of not more than $1,000 for each violation.

(2) Assessment of a civil penalty may be made in conjunction with another warning, order, or administrative action authorized by this chapter. A civil penalty collected under this section must be deposited in the general fund.

(3) The department shall establish by rule:

(a) a penalty schedule that establishes the types of penalties and the amounts, not to exceed $1,000, for initial and subsequent offenses; and

(b) other matters necessary for the administration of civil penalties.

(4) [Sections 1 through 8] may not be construed as requiring the department or its agents to report violations of this chapter when the department believes that the public interest will be best served by a suitable notice of warning.

Section 6. **Quarantines.** The department may by rule adopt interstate and intrastate quarantines to prevent the spread of plant pests or the movement of plants that are carriers of or susceptible to specified pests and diseases.

Section 7. **Nursery stock certification.** At the request of a firm or nursery, the department may inspect nursery stock for the purpose of nursery stock certification. The department shall establish certification standards, inspection procedures, and fees by department rule.

Section 8. **Nursery account — investment of funds.** (1) There is an account in the state special revenue fund. All inspection and license fee revenue authorized under [sections 1 through 8] must be deposited in this account.

STATEMENT OF INTENT

A statement of intent is required for this bill because the following sections extend additional rulemaking authority to the department of agriculture's present authority to regulate horticulture and farm produce:

(1) The definition of "produce" in [section 2] is intended to allow the department to establish by rule what products constitute produce and are subject to the Montana Produce Act.

(2) [Section 6(3)] is intended to allow the department to establish a penalty matrix that sets out the kinds of administrative penalties applicable to violations of the Montana Produce Act and delineate the degrees of penalty that may be assessed for initial and subsequent administrative violations.

(3) [Section 10(1)] is intended to grant the department the discretion to set and adjust the produce assessment fee, within the statutory range, to cover the department's assessment costs.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 14] may be cited as the "Montana Produce Act".

Section 2. **Definitions.** As used in [sections 1 through 14], unless the context indicates otherwise, the following definitions apply:

(1) "Container" means any package, sack, box, crate, carton, basket, or other object used for the shipping of produce.

(2) "Director" means the director of agriculture appointed pursuant to 2-15-3001.

(3) "Person" means an individual, firm, association, corporation, partnership, or any other form of business enterprise.

(4) "Produce" means any fruit, vegetable, or other natural product designated by department rule. The term does not include livestock and its byproducts, poultry and its byproducts, apiary products, dairy products, or grain.

(5) "Produce dealer" means a person who engages in a business involving or who as part of a business participates in purchasing, exchanging, negotiating, or soliciting the sale, resale, exchange, or transfer of produce in this state, except vegetative seed potato products intended or used for planting purposes.

(6) "Produce unit" means the standard size container for a given type of produce. A produce unit may be established by department rule.

(7) "Retail" means sale of produce to the ultimate consumer.

(8) "Shipping point inspection" means an inspection of produce at the location from which it was shipped.

(9) "Stop sale order" means a written notice to hold produce from sale or movement until a violation has been resolved and the produce is released by the department.

(10) "Wholesale" means the sale of produce intended for resale. The term does not include the sale of Montana-grown produce when sold by the Montana grower for purposes of resale or vegetative seed potato products intended or used for planting purposes.

Section 3. **Powers and duties of department.** (1) The department may:

(a) enter a premises at any reasonable time to inspect produce for condition, for grade, or for determining compliance with the provisions of [sections 1 through 14]; and

(b) cooperate with and enter into agreements with governmental agencies of this state, agencies of other states, agencies of the U.S. government, and private associations, in furtherance of [sections 1 through 14].

(2) The department shall adopt rules necessary for the efficient implementation of [sections 1 through 14].

Section 4. **Disposition of funds — produce account.** (1) There is a produce account in the state special revenue fund. All inspection and license fee revenue authorized and collected under [sections 1 through 14] must be deposited in the account to the credit of the department.

(2) Money received as revenue under [sections 1 through 14] that is not immediately required for the purposes of [sections 1 through 14] must be invested under provisions of the unified investment program established in Title 17, chapter 6, part 2. All interest earned on the account must be deposited in the account.

Section 5. **Enforcement — stop sale order — injunction.** (1) The department may place a stop sale order on any lot of produce sold or transported without proper labeling or in violation of [sections 1 through 14].

(2) If a person violates any provision of [sections 1 through 14], the department may seek to enjoin that person from further business until the person has complied with [sections 1 through 14]. The department may file an injunction action in the first judicial district court. The injunction provided for by this section is in addition to the misdemeanor penalty provided for in [section 6].

Section 6. **Penalties.** (1) A person who violates or aids in the violation of any provision of [sections 1 through 14] or rules adopted under [sections 1 through 14] is subject to one or both of the following penalties:

(a) an administrative civil penalty of not more than $1,000 for each offense;

(b) a misdemeanor punishable as provided in 46-18-212.

(2) Assessment of a civil penalty under subsection (1)(a) may be made in conjunction with any other warning, order, or administrative action authorized by [sections 1 through 6] that is issued by the department. The proceeds of a civil penalty must be deposited in the general fund.

(3) The department shall establish by rule a penalty matrix that schedules the types of penalties, the amounts for initial and subsequent offenses, and other matters necessary for the administration of civil penalties under subsection (1)(a). The issuance of a civil penalty is subject to the contested case procedures of Title 2, chapter 4, part 6.

(4) Nothing in [sections 1 through 14] may be construed as requiring the department or its authorized representative to report violations of [sections 1 through 14] when a reasonable belief exists that the public interest will be served by a suitable warning.

(5) It is the duty of a county attorney to whom any violation is reported to cause appropriate proceedings to be initiated and prosecuted in a court of competent jurisdiction without delay.

Section 7. **Standard grades for produce.** (1) Unless a Montana grade standard has been established, the standard grades for produce:

(a) are limited to the U.S. grades governing the produce;

(b) must conform in all respects and be identical with the most recent standards established by the U.S. department of agriculture for the produce; and

(c) when conforming, must be accepted as the legal standards for this state.

(2) The department may by rule establish state grades for produce grown in Montana when the amount grown reaches a volume rendering it of market importance or when requested by the industry. State produce grades must be established in consultation with representatives of the various components of the produce industry, including growers, sellers, buyers, traders, wholesalers, retailers, and consumers.

(3) The grade "Montana unclassified" must contain at least 50% of produce that would grade U.S. No. 2 or better.

(4) Produce not conforming to established grades may be sold if it is marked in the same manner as graded produce, except that in place of specifying the grade, the word "ungraded" or "unclassified" must be used.

Section 8. **Markings — exceptions.** (1) A person may not sell, pack, offer for sale or transport, deliver, or consign in interstate or intrastate commerce produce prepared for market unless each container has been legibly marked with the declared grade of the produce and the name and address of the person responsible for the packing and grading. The grade declared must conform to the provisions of [sections 1 through 14].

(2) Produce that is grown in Montana or any other produce arriving or found in Montana in containers that have no grade marking must meet the requirements of the U.S. No. 1 grade or be marked with the proper grade.

(3) This section does not apply to:

(a) a person selling to the ultimate consumer produce that was grown by that person and that is not for resale; or

(b) the display of produce on a free choice rack.

(4) Produce may be sold for seed purposes when graded under rules adopted by the department and plainly marked for seed purposes.

Section 9. **Advertisements — grade stated.** Produce for which a grade is established in [sections 1 through 14], when advertised with a price stated, must meet the requirements of U.S. No. 1 grade or better or must show, in addition to the price quoted, the true grade of the produce as provided by law. Price tags exhibited in a place of business on exposed produce are not considered advertising under this section.

Section 10. **Reporting requirements — assessment fees — exceptions.** (1) Produce sold or distributed in this state must be reported, on forms approved by the department, and must be assessed a fee per produce unit or equivalent poundage. The fee amount may be adjusted by rule but must be at least 3 cents and not more than 7 cents per produce unit.

(2) The produce dealer who first distributes produce in this state or a grower who retails Montana-grown produce with gross annual sales exceeding $15,000 shall pay the produce assessment fee established in subsection (1). However, any produce dealer in possession of the produce may be held responsible for payment of the fee unless the grower has paid for a produce dealer license or has made available to the produce dealer a written form provided by the department stating that the assessment fees are being paid.

(3) The report and fees are due on or before the 30th day of the month following each calendar quarter.

(4) Payment of the produce assessment fee is not required on produce that is:

(a) grown and retailed in Montana by the grower if annual gross retail sales by the grower do not exceed $15,000;

(b) grown in this state, not packaged for market, and sold for resale by the grower;

(c) in the case of vegetative seed potato products, intended or used for planting purposes; or

(d) purchased from or distributed by a produce dealer licensed under [section 12] if the produce has been reported and the assessment fee has been paid.

Section 11. **Shipping point inspection — fees.** Produce graded and prepared for shipment is subject to a shipping point inspection by the department upon request; however, Montana-grown seed potatoes that are entered in the Montana seed certification program and prepared for shipment off the farm for planting purposes are subject to a shipping point inspection by the department. Inspection fees must be set by rule and must be commensurate with the cost of providing the inspection.

Section 12. **Produce dealer license — exception — renewal.** (1) A produce dealer license is required for any person who:

(a) wholesales produce in this state;

(b) transports produce from out of state into this state for retail sale; or

(c) retails produce grown by the produce dealer in this state when gross retail sales exceed $15,000 annually.

(2) A produce dealer license is not required for a person who complies with the requirements of [sections 1 through 14] and who:

(a) retails produce grown by that person in this state if annual gross produce sales do not exceed $15,000; however, the person shall, upon request by the department, furnish a sworn statement providing that the produce was grown by that person, stating the location where the produce was grown, and stating the amount of gross sales; or

(b) is a nonprofit organization that is recognized by the director and that retails only produce purchased from licensed produce dealers or from Montana produce dealers who are in compliance with [sections 1 through 14].

(3) An applicant for a produce dealer license shall provide any information that the department finds necessary to carry out the provisions of [sections 1 through 14]. Produce dealer licenses expire on December 31 of the year of issuance. A produce dealer shall pay a nonrefundable license fee of $50. A separate license is required for each place of business, including vehicles. The license fee must be credited toward the produce assessment fee prescribed in [section 10].

(4) A produce dealer license, if required, must be carried at any time produce is sold and the license is subject to inspection by any person.

(5) A license issued under this section may not be sold or transferred from one vehicle or location to another without the written consent of the department.

Section 13. **Revocation, suspension, and nonrenewal of license.** The department may revoke, suspend, or refuse to renew a produce dealer license if the department has reasonable cause to believe that the licensee has committed any of the following acts:

(1) refusal or consistent failure to file a produce report or to pay the assessment fee required in [section 10];

(2) intentional or consistent failure to grade or mark produce as required in [section 8];

(3) aiding another person in the violation of any of the provisions of [sections 1 through 14];

(4) failure or refusal to allow inspection of or to maintain and provide records, reports, or other information required by the department; or

(5) violation, failure, or refusal to comply with any other provision of [sections 1 through 14] or a rule adopted by the department in the implementation of [sections 1 through 14].

Section 14. **Publication of reports.** The department may publish the names and addresses of persons licensed under [sections 1 through 14] and may also publish a list of licenses revoked, suspended, or not renewed pursuant to [section 13] and the reasons for revocation, suspension, or nonrenewal.

Section 15. **Repealer.** Sections 80-3-101, 80-3-102, 80-3-103, 80-3-104, 80-3-105, 80-3-106, 80-3-107, 80-3-108, 80-3-109, 80-3-110, 80-3-111, 80-3-201, 80-3-202, 80-3-203, 80-3-204, 80-3-205, 80-3-206, 80-3-207, 80-3-211, 80-3-212, 80-3-601, 80-3-602, 80-3-603, 80-3-604, 80-3-605, 80-3-606, 80-3-607, 80-3-608, 80-3-609, 80-3-610, 80-3-611, 80-3-612, 80-3-613, 80-3-701, 80-3-702, 80-3-703, 80-3-704, 80-3-705, 80-3-706, 80-3-707, 80-3-708, 80-3-709, 80-3-710, 80-3-711, 80-3-712, and 80-3-713, MCA, are repealed.

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 17. **Transition.** In order to implement the provisions of the produce dealer license established in [section 12] on a calendar year basis, the department shall issue a new 1993 produce dealer license to any licensee who has paid the license fee for 1993. "**39-71-201. Administration fund.** (1) A workers' compensation administration fund is established out of which all costs of administering the Workers' Compensation and Occupational Disease Acts and the various occupational safety acts the department must administer, *with the exception of the subsequent injury fund, as provided for in 39-71-907, and the uninsured employers' fund,* are to be paid upon lawful appropriation. The following money collected by the department must be deposited in the state treasury to the credit of the workers' compensation administrative fund and must be used for the administrative expenses of the department:

(a) all fees and penalties provided in 39-71-205 and 39-71-304;

(b) all fees paid for inspection of boilers and issuance of licenses to operating engineers as required by law;

(c) all fees paid from an assessment on each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund. The assessments must be levied against the preceding calendar year's gross annual payroll of the plan No. 1 employers and the gross annual direct premiums collected in Montana on the policies of the plan No. 2 insurers, insuring employers covered under the chapter, during the preceding calendar year. However, ~~no~~ *an* assessment of the plan No. 1 employer or plan No. 2 insurer may *not* be less than $200. *If at any time during the fiscal year a plan No. 1 employer is granted permission to self-insure or a plan No. 2 insurer is authorized to insure employers under this chapter, that plan No. 1 employer or plan No. 2 insurer is subject to assessment.* The assessments must be sufficient to fund the direct costs identified to the three plans and an equitable portion of the indirect costs based on the ratio of the preceding fiscal year's indirect costs distributed to the plans, using proper accounting and cost allocation procedures. Plan No. 3 must be assessed an amount sufficient to fund the direct costs and an equitable portion of the indirect costs of regulating plan

No. 3. Other sources of revenue, including unexpended funds from the preceding fiscal year, must be used to reduce the costs before levying the assessments.

(2) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, as amended, incurred while on the business of the department either within or without the state.

(3) Disbursements from the administration money must be made after being approved by the department upon claim therefor."

Section 3. Section 39-71-304, MCA, is amended to read:

"**39-71-304. Books, records, and payrolls to be open to inspection — penalty for refusal — *subpoenas.*** *(1)* The books, records, and payrolls of an employer pertinent to the administration of this chapter must always be open to inspection by the department or any duly authorized employee thereof for the purpose of ascertaining the correctness of the payroll, the number of workers employed, and such other information as may be necessary for the department and its management under this chapter. Refusal on the part of an employer to submit the books, records, and payrolls for such inspection shall subject the offending employer to a penalty not exceeding $500 for each offense, to be collected through a civil action in the name of the state and paid into the state treasury.

(2) In addition to the remedy provided in subsection (1), the department may issue subpoenas and compel testimony for the production of evidence, including books, records, papers, documents, and other objects as may be necessary and proper in regard to any investigation or proceeding under this chapter. In the case of disobedience of a subpoena issued and served or the refusal of a witness to testify as to any matter for which the witness may be interrogated in a proceeding before the department, the department may apply to a district court for an order to compel compliance with the subpoena or testimony. Disobedience of the court's order constitutes contempt of court."

Section 4. Section 39-71-401, MCA, is amended to read:

"**39-71-401. Employments covered and employments exempted.** (1) Except as provided in subsection (2), the Workers' Compensation Act applies to all employers as defined in 39-71-117 and to all employees as defined in 39-71-118. An employer who has any employee in service under any appointment or contract of hire, expressed or implied, oral or written, shall elect to be bound by the provisions of compensation plan No. 1, 2, or 3. Each employee whose employer is bound by the Workers' Compensation Act is subject to and bound by the compensation plan that has been elected by the employer.

(2) Unless the employer elects coverage for these employments under this chapter and an insurer allows such an election, the Workers' Compensation Act does not apply to any of the following employments:

(a) household and domestic employment;

(b) casual employment as defined in 39-71-116;

(c) employment of a dependent member of an employer's family for whom an exemption may be claimed by the employer under the federal Internal Revenue Code;

(d) employment of sole proprietors or working members of a partnership, except as provided in subsection (3);

(e) employment of a broker or salesman performing under a license issued by the board of realty regulation;

(f) employment of a direct seller engaged in the sale of consumer products, primarily in the customer's home;

(g) employment for which a rule of liability for injury, occupational disease, or death is provided under the laws of the United States;

(h) employment of any person performing services in return for aid or sustenance only, except employment of a volunteer under 67-2-105;

(i) employment with any railroad engaged in interstate commerce, except that railroad construction work is included in and subject to the provisions of this chapter;

(j) employment as an official, including a timer, referee, or judge, at a school amateur athletic event, unless the person is otherwise employed by a school district;

(k) any person performing services as a newspaper carrier or free-lance correspondent if the person performing the services or a parent or guardian of the person performing the services in the case of a minor has acknowledged in writing that the person performing the services and the services are not covered. As used in this subsection, "free-lance correspondent" is a person who submits articles or photographs for publication and is paid by the article or by the photograph. As used in this subsection, "newspaper carrier":

(i) is a person who provides a newspaper with the service of delivering newspapers singly or in bundles; but

(ii) does not include an employee of the paper who, incidentally to ~~his~~ *the employee's* main duties, carries or delivers papers.

(l) cosmetologist's services and barber's services as defined in 39-51-204(1)(l)~~.~~*;*

(m) a person who is employed by an enrolled tribal member who operates solely within the exterior boundaries of an Indian reservation.

(3) (a) A sole proprietor or a working member of a partnership who ~~holds himself out~~ *represents to* ~~or~~ *the public that the person* ~~considers himself~~ *is* an independent contractor shall elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3~~,~~ but ~~he~~ may apply to the department for an exemption from the Workers' Compensation Act ~~for himself~~.

(b) The application must be made in accordance with the rules adopted by the department. The department may deny the application only if it determines that the applicant is not an independent contractor.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) When an election of an exemption is approved by the department, the election remains effective and the independent contractor retains ~~his~~ *the* status as an independent contractor until ~~he~~ *the independent contractor* notifies the department of any change in ~~his~~ status and provides a description of ~~his~~ present work status.

(e) If the department denies the application for exemption, the applicant may contest the denial by petitioning for review of the decision by an appeals referee in the manner provided for in 39-51-1109. An applicant dissatisfied with the decision of the appeals referee may appeal the decision in accordance with the procedure established in 39-51-2403 and 39-51-2404.

(4) (a) A private corporation shall provide coverage for its officers and other employees under the provisions of compensation plan No. 1, 2, or 3. However, pursuant to rules the department promulgates and subject in all cases to approval by the department, an officer of a private corporation may elect not to be bound as an employee under this chapter by giving a written notice, on a form provided by the department, served in the following manner:

(i) if the employer has elected to be bound by the provisions of compensation plan No. 1, by delivering the notice to the board of directors of the employer and to the department; or

(ii) if the employer has elected to be bound by the provisions of compensation plan No. 2 or 3, by delivering the notice to the board of directors of the employer, to the department, and to the insurer.

(b) If the employer changes plans or insurers, the officer's previous election is not effective and the officer shall again serve notice as provided if ~~he~~ *the officer* elects not to be bound.

(c) The appointment or election of an employee as an officer of a corporation for the purpose of excluding the employee from coverage under this chapter does not entitle the officer to elect not to be bound as an employee under this chapter. In any case, the officer shall sign the notice required by subsection (4)(a) under oath or affirmation~~,~~ and ~~he~~ is subject to the penalties for false swearing under 45-7-202 if ~~he~~ *the officer* falsifies the notice.

(5) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on ~~his~~ *the employer's* usual trade, business, or occupation. The sign must be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

Section 5. Section 39-71-503, MCA, is amended to read:

"**39-71-503. Administration of fund — *appropriation.*** (1) The department shall administer the fund and shall pay all proper benefits to injured employees of uninsured employers.

(2) Surpluses and reserves ~~shall~~ *may* not be kept for the fund. The department shall make such payments as it considers appropriate as funds become available from time to time. The payment of weekly disability benefits takes preference over the payment of medical benefits. No lump-sum payments of future projected benefits, including impairment awards, may be made from the fund. The board of investments shall invest the ~~moneys~~ *money* of the fund. The cost of administration of the fund ~~shall~~ *must* be paid out of the money in the fund.

(3) The amounts necessary for the payment of benefits from this fund are statutorily appropriated, as provided in 17-7-502, from this fund."

Section 6. Section 39-71-506, MCA, is amended to read:

"**39-71-506.** ~~**Collection of payments from uninsured employer by suit**~~ ***Lien for payment of unpaid penalties and claims — levy and execution.*** *(1)* If, upon demand of the department, an uninsured employer refuses to make the payments to the fund that are provided for in subsections (1) and (2) of 39-71-504, the ~~sums may be collected by the department through suit~~ *unpaid penalties and claims have the effect of a judgment against the employer at the time the payments become due. After the due process requirements of 39-71-2401(2) and (3) are satisfied, the department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the employer. After satisfying any due process requirements, the department may enforce the judgment at any time within 10 years of creation of the lien.*

(2) The department may settle through compromise with an uninsured employer the amount due the fund under 39-71-504."

Section 7. Section 39-71-708, MCA, is amended to read:

"**39-71-708. Compensation for disfigurement.** (1) ~~The department may award proper and equitable benefits for~~ *Injured workers who suffer* serious face, head, or neck disfigurement~~,~~ *may be entitled to benefits* not to exceed $2,500, in addition to benefits payable under 39-71-703.

(2) ~~No~~ *A* payment under this section ~~shall~~ *may not* be in lieu of the separate benefit of medical and hospital services or of any benefits paid under 39-71-701 for temporary total disability."

Section 8. Section 39-71-902, MCA, is amended to read:

"**39-71-902. Fund to receive payment from insurer for each death under chapter — assessment of insurers.** (1) In every case of the death of an employee under this chapter, the insurer shall pay to the fund the sum of $1,000. In addition, the department may assess every insurer an amount not to exceed 5% of the compensation paid in Montana in the preceding fiscal year. The assessment must be transmitted annually to the subsequent injury fund by the employer or insurer. *The cost of administration of the fund must be paid out of money in the fund.*

(2) When, in the judgment of the department, the amount of money in the subsequent injury fund is such that there is a surplus above and beyond projected liabilities *and administrative costs*, the department may at its discretion suspend or reduce further collection of assessments for a period of time determined by the department."

Section 9. Section 39-71-907, MCA, is amended to read:

"**39-71-907. Certified vocationally handicapped person to be compensated for injury as provided by chapter — insurer liability for compensation limited — *appropriation.*** *(1)* A person certified as vocationally handicapped who receives a personal injury arising out of and in the course of ~~his~~ employment and resulting in death or disability must be paid compensation in the manner and to the extent provided in this chapter or, in case of ~~his~~ death resulting from such injury, the compensation must be paid to ~~his~~ *the person's* beneficiaries or dependents. The liability of the insurer for payment of medical and burial benefits as provided in this chapter is limited to those benefits arising from services rendered during the period of 104 weeks after the date of injury. The liability of the insurer for payment of benefits as provided in this chapter is limited to 104 weeks of compensation benefits actually paid. Thereafter, all compensation and the cost of all medical care and burial is the liability of the fund.

(2) The amounts necessary for the payment of benefits from this fund are statutorily appropriated, as provided in section 17-7-502, from this fund."

Section 10. Section 39-71-2104, MCA, is amended to read:

"**39-71-2104. Renewal of application.** ~~Every~~ *An* employer, so long as ~~he~~ *that employer* continues ~~in his employment~~ *to employ* and ~~so long as he~~ continues to be bound by compensation plan No. 1, shall~~, at least 30 days before the expiration of each fiscal year,~~ *annually* renew ~~his~~ *the* application to be permitted to continue to make ~~such~~ payments ~~as aforesaid~~ directly to ~~his~~ employees for the next ~~ensuing fiscal~~ year~~, and under like circumstances as those mentioned for the granting of such permission upon such first application,~~. ~~the~~ *The* department may, with the concurrence of the Montana self-insurers guaranty fund, renew the ~~same~~ *application* from year to year. *The annual renewal application must be in the form, for the period, and subject to the time limits prescribed by the department.*"

Section 11. Section 39-71-2106, MCA, is amended to read:

"**39-71-2106. Requiring security of employer.** (1) (a) The department may require any employer who elects to be bound by compensation plan No. 1 to provide a security deposit in accordance with rules adopted by the department. *All securities of the United States treasury must be in book-entry form.* Except as provided in subsection (1)(b), the security deposit may be a surety bond, government bond, certificate of deposit, or letter of credit approved by the department and must be the greater of:

(i) $250,000; or

(ii) an average of the workers' compensation liabilities incurred by the employer in Montana for the past 3 calendar years.

(b) The department may, in accordance with rules adopted by the department, require a larger deposit as additional evidence of solvency and financial ability to pay the liabilities provided by this chapter.

(2) (a) The department shall require an employer to give security in addition to the security described in subsection (1) if:

(i) the department determines that the employer ~~is insolvent or~~ lacks the financial ability to pay the compensation that is ~~required~~ *expected* under this chapter and that is chargeable to the employer during the ~~fiscal~~ year to be covered by the permission provided for in 39-71-2103; or

(ii) the employer is ~~an association, corporation, or organization~~ *a group* of individual employers seeking permission to operate under compensation plan No. 1.

(b) The additional security required in subsection (2)(a) must be an amount that the department finds reasonable and necessary to meet all liabilities that the employer may accrue under this chapter during the fiscal year.

(3) (a) The security provided for in subsection (2) must be deposited with the department ~~and may be either an estimated percent of the employer's last preceding annual payroll or a percent of the established amount of his annual payroll for the fiscal year~~. The security may consist of:

(i) a bond ~~or undertaking~~ executed to the department in the amount to be fixed by it with ~~two or more sufficient sureties~~ *a surety*, which undertaking must be conditioned that the employer will pay or cause to be paid to ~~his~~ employees all sums and amounts for which the employer becomes liable under the terms of this chapter during the ~~fiscal~~ year; ~~or~~

(ii) any state, county, municipal, or school district bonds or the bonds or evidence of indebtedness of any individuals or corporations that the department considers solvent*; or*

(iii) other security deposits allowed in subsection (1)(a).

(b) Every deposit and the character and amount of the securities must at all times be subject to approval, revision, or change by the department as it may require.

(c) Upon proof of the final payment of the liability for which the securities are given, the securities or any remainder of the securities must be returned to the depositor.

(4) The department is liable for the value and safekeeping of all deposits or securities and shall, at any time, upon demand of a bondsman or the depositor, account for the deposits or securities and the earnings of the deposits or securities."

Section 12. Section 39-71-2204, MCA, is amended to read:

"**39-71-2204. Insurer to submit notice of coverage within thirty days — penalty for failure.** (1) The insurer shall, within 30 days after the issuance of the policy of workers' compensation insurance, submit to the department the notice of coverage stating the effective date of the policy insuring the employer and such other information as may be required by the department.

(2) The department may:

(a) recognize the national council on compensation insurance as an agent for authorized workers' compensation insurers in Montana; and

(b) under terms and conditions acceptable to the department, accept notice of coverage received from the national council on compensation insurance as the insurer's notice of coverage.

~~(2)~~*(3)* The department may, in its discretion, assess a penalty of no more than $200 against an insurer ~~which~~ *that* as a general business practice does not comply with the 30-day notice requirement ~~as~~ set forth in subsection (1) ~~of this section~~."

Section 13. Section 39-71-2205, MCA, is amended to read:

"**39-71-2205. Policy in effect until canceled or replaced — twenty-day notification of cancellation required — penalty.** (1) The policy remains in effect until canceled, and cancellation may take effect only by written notice to the named insured and to the department at least 20 days prior to the date of cancellation. However, the policy terminates on the effective date of a replacement or succeeding workers' compensation insurance policy issued to the insured. Nothing in this section prevents an insurer from canceling a policy of workers' compensation insurance before a replacement policy is issued to the insured.

(2) The department may:

(a) recognize the national council on compensation insurance as an agent for authorized workers' compensation insurers in Montana; and

(b) under terms and conditions acceptable to the department, accept notice of cancellation received from the national council on compensation insurance as the insurer's notice of cancellation.

~~(2)~~*(3)* (a) The department may assess a penalty of up to $200 against an insurer that does not comply with the notice requirement in subsection (1).

(b) An insurer may contest the penalty assessment in a hearing conducted according to department rules."

Section 14. Section 39-71-2206, MCA, is amended to read:

"**39-71-2206. Deposits by insurer with department to guarantee payment of liability.** (1) *(a)* Before issuance of any policy by an insurer as herein authorized, the insurer ~~must~~ *shall* deposit with the department ~~bonds~~ *book-entry securities* of the United States or the state of Montana or of any school district, county, city, or town in the state of Montana or a corporate surety bond made out to and approved by the department in an amount not less than $25,000 or more than $200,000, as the department may determine.

(b) If any insurer fails to discharge any liability after the amount thereof is determined by the department and within the time limited by the department, the department shall convert the bonds or ~~such~~ *any* part thereof as is necessary into cash and from the proceeds liquidate ~~such~~ *the* liability, and thereafter the insurer ~~must~~ *shall* make an additional deposit to meet any deficiency caused thereby. It is intended to give the department the discretion in the matter of whether an insurer has failed to discharge any liability.

(c) If any insurer fails to replace a canceling, terminating, or maturing security within the time limit established by the department, the department shall protect the security deposit by converting the canceling, terminating, or maturing security into cash and shall maintain the deposit until a replacement security acceptable to the department is deposited.

(2) Within 30 days of the happening of an accident where death or the nature of the injury renders the amount of future payments certain or reasonably certain, the insurer shall make a deposit, as herein defined, with the department for the protection and guarantee of the payment of ~~such~~ *the* liability in ~~such~~ *a* sum as the department may direct. However, if the department considers the amount on deposit by the insurer under the provisions of subsection (1) ~~of this section~~ sufficient to cover all liabilities of the insurer, then no further deposit may be required.

(3) Any deposit made under the provisions of compensation plan No. 2 must be held in trust by the department as security for the payment of the liability for which the deposit was made. ~~Such~~ *The* deposit may be reduced from time to time with the permission of the department as the payment of the liability of the insurer may reduce the amount required to be on deposit. ~~Such~~ *The* deposit may be changed or renewed when desired by the depositor by withdrawing the same or any part thereof and substituting other deposits therefor. Upon proof of the final payment of the liability for which ~~such~~ *the* deposit was made, any deposit remaining must be returned to the depositor. All earnings made by ~~such~~ *the* deposit must first be applied upon any liability of the depositors, and if no such liability exists, then ~~such~~ *the* earnings must upon demand be delivered to ~~such~~ *the* depositor. The department and its bondsmen are liable for the value and safekeeping of ~~such~~ *the* deposit and shall at any time, upon demand of a depositor, account for the same and the earnings thereof.

(4) In the event of an insolvency of a plan No. 2 insurer, the department may, at its discretion, release part or all of the deposit held to the Montana insurance guaranty association for payment of the insurer's Montana workers' compensation claims if:

(a) the insurer has been determined to be insolvent by a court of competent jurisdiction or bankruptcy proceedings have been instituted by or against it;

(b) the insurer is unable to pay its workers' compensation claims; and

(c) the insurer's Montana workers' compensation liabilities have become the responsibility of the Montana insurance guaranty association."

(2) The fund may assess each of its members a pro rata share of the amount necessary to carry out the purposes of this part. However, the total annual assessments in any calendar year may not exceed 5% of the indemnity compensation paid by each member during the previous calendar year. Funds obtained by assessment pursuant to this subsection may be used only for the purposes of this part.

(3) A former member is liable for assessments made by the fund for 3 years following the date the member's status as a private self-insurer is terminated, whether the termination is by action of the private self-insurer or the department. A former member's assessment must be based on the ~~12-month period~~ *compensation paid during the last approval year* immediately preceding the member's termination of its status as a private self-insurer.

(4) The board shall certify to the department the collection and receipt of assessments, noting any delinquencies. The board shall take appropriate action to collect a delinquent assessment."

Section 16. Section 39-72-405, MCA, is amended to read:

"**39-72-405. General limitations on payment of compensation.** (1) Compensation may not be paid when the last day of the injurious exposure of the employee to the hazard of the occupational disease has occurred prior to July 1, 1959.

The expense of the periodic medical examinations and reports, as provided in 39-72-607, must be borne by the party requesting the periodic medical examination. The expense of the autopsy, as provided for in 39-72-606, must be borne by the party requesting the autopsy. *When the occupational disease causes death, the expense of any examinations and reports, as provided in 39-72-605, must be borne by the party requesting the examination.*"

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings.** (1) The legislature finds that in order to use the limited resources of the state for the purposes of providing public assistance to persons whom it has determined are in need, certain programs must be eliminated and the provision of public assistance programs must be reorganized for more efficient delivery of services.

(2) The legislature finds that county governments are in the best position to efficiently and effectively deliver services for those in need who are not otherwise eligible for similar services provided by the department of social and rehabilitation services.

(3) (a) The legislature finds that the needs of persons who are aged, infirm, or misfortunate are adequately and appropriately provided for through the following programs:

(i) medicaid;

(ii) aid for dependent children;

(iii) food stamps;

(iv) commodities; and

(v) low-income energy assistance.

(b) The legislature further finds that the counties may in their discretion provide other programs of public assistance that they determine are appropriate and that may be funded with money derived from the county poor fund mill levy.

(8) Money in the county poor fund may be used as matching funds for the receipt of federal money."

Section 14. Section 53-2-601, MCA, is amended to read:

Disqualification from public assistance when property transferred for purpose of qualifying for public assistance.** The department may deny public assistance to any person who has ~~divested himself~~ directly or indirectly ~~of~~ *transferred* any property for the purpose of qualifying for public assistance. The department ~~shall make~~ *may adopt* rules that raise a rebuttable presumption that any transfer of property within 30 months of the date of application ~~for general relief~~ was for the purpose of qualifying for ~~such~~ assistance. ~~The department may also make rules consistent with federal law raising a similar rebuttable presumption for purposes of state-administered federal public assistance programs authorized under Title 53.~~"

Section 15. Section 53-2-606, MCA, is amended to read:

"**53-2-606. Right of appeal.** (1) If an application for assistance ~~under this title~~ *for food stamps, aid to families with dependent children, or medicaid* is not acted upon promptly or if a decision is made with which the applicant or recipient is not satisfied, ~~he~~ *the applicant or recipient* may appeal to the board of social and rehabilitation appeals for a fair hearing by addressing a request for a hearing to the department. The board of social and rehabilitation appeals shall, upon receipt of a request for a hearing, give the applicant or recipient prompt notice and opportunity for a fair hearing. ~~A county welfare board which is involved in a grievance shall be represented at such a hearing.~~

(2) The department may upon its own motion review any decision of a county welfare board and may consider any application upon which a decision has not been made by the county board within a reasonable time from the filing ~~thereof~~ *of the decision.* The department may have an additional investigation made and shall make a decision as to the granting of assistance and the amount of assistance to be granted the applicant as in its opinion is justified and in conformity with the provisions of this title.

(3) If the department reviews a county decision on its own motion, applicants or recipients affected by the decisions of the department shall upon request be given reasonable notice and an opportunity for a fair hearing by the board of social and rehabilitation appeals.

(4) All decisions of the department or the board of social and rehabilitation appeals are final and are binding and ~~shall~~ *must* be complied with by the county department."

The checks in payment of public assistance ~~shall~~ *must* be issued in the full approved amount for each eligible approved grantee, and the original monthly payment ~~shall~~ *must* be from the state public assistance accounts. All public assistance checks ~~shall~~ represent cash on demand at full par value to the recipient and vendor.

(2) Whenever the department of social and rehabilitation services, acting pursuant to standards established by the department, determines that any otherwise eligible recipient of public assistance has, by reason of any physical or mental condition, such inability to manage funds that making payments to ~~him~~ *the recipient* would be contrary to ~~his~~ *the recipient's* welfare, the department may, under standards established under the state plan, make the public assistance payment on behalf of ~~such~~ *the* recipient to another person found by the department to be interested in or concerned with the welfare of ~~such needy individual~~ *the recipient.*"

Section 17. Section 53-2-610, MCA, is amended to read:

The county department shall make the reimbursement to the department of social and rehabilitation services within 20 days after the claim is presented.

(2) The counties may not be required to reimburse the department of social and rehabilitation services for:

(a) any portion of public assistance paid to a household eligible for aid to families with dependent children if the household includes an enrolled Indian who is the caretaker relative of a needy dependent child; or

(b) any payment on behalf of any person in a state-operated medical institution.

~~(3) The federal government may reimburse the state of Montana on behalf of counties providing general relief to enrolled Indians a sum in lieu of taxes which the counties would collect if the lands of such Indians were not in trust status.~~

~~(4)~~*(3)* (a) From the original date of entrustment or the original date of state residency, whichever is earlier, recipients of public assistance who become wards or patients in a licensed nursing home or hospital, foster home, or private charitable institution ~~shall be~~ *are* the financial responsibility of the appropriate county as provided in subsections ~~(4)(b)~~ *(3)(b)* through ~~(4)(d)~~ *(3)(d).*

(b) The county in which commitment of an adult is initiated is considered the county of financial responsibility except where court decree declares the residency to be otherwise. When an adult is transferred from a facility or institution to one of the ~~above-enumerated~~ facilities *listed in subsection (3)(a)*, the county ~~which~~ *that* initiated the original commitment is considered the county of financial responsibility except in the case of an adult transfer from an out-of-state institution, in which case the county in which the facility is located is considered the county of financial responsibility.

(c) In all cases ~~where~~ *in which* a minor patient or ward is involved, the county of financial responsibility is the county in which the parent or guardian resides. If the custody of a minor is entrusted to a state agency, the agency may make a reasonable declaration of the county residency of its ward using applicable guidelines enumerated in this section.

"**53-2-801. Purpose.** The purpose of this part is to provide for the department of social and rehabilitation services to assume all responsibilities for public assistance programs and for the department of family services to assume all responsibilities for protective services for children and adults that, as of July 1, 1983, are provided by the counties pursuant to Titles 41 and 53. The assumption may become effective only at the option and with the express consent of each individual county requesting state assumption. *State assumption allows counties to pay the state the proceeds from the 9-mill levy provided for in 53-2-813 rather than an amount based on the actual cost of providing public assistance and protective services in the county. Counties that opt for state assumption may provide other optional services for indigents with money available from funds derived from the difference between the 9-mill levy and the maximum amount of 13.5 mills permitted by 53-2-322.*"

(2) The board of county commissioners, after public hearing, may by resolution or ordinance transfer to the department of social and rehabilitation services and the department of family services all powers and duties for public assistance and protective services for children and adults, respectively, including the selection, supervision, and termination of staff personnel associated with the performance of these activities. Upon the effective date of ~~such~~ *the* transfer, the department of social and rehabilitation services and the department of family services shall assume all powers and duties related to public assistance and protective services, respectively, and accorded by law to the county welfare

department. If the notice required in subsection (3) is given, the transfer is effective at the start of the next state fiscal year.

(3) Counties opting for state assumption shall notify the department of social and rehabilitation services and the department of family services ~~at least 90 days prior to the start of the state fiscal year unless the time period is waived in whole or in part by the director of each department.~~ *by October 1 if the county wishes to change its status on the following July 1. A county shall notify the department of social and rehabilitation services and the department of family services by October 1 if the county wishes to change its status on the following July 1.* ~~Under such a retention or reassumption, staff personnel continue under the supervision and control of the department of social and rehabilitation services but the department may contract with the counties for the operation of programs provided in Title 53, chapter 3.~~ *Under a retention or reassumption, staff personnel continue under the supervision and control of the department. All debts and obligations of the department and the department of family services pertaining to public assistance and protective services at the time of reassumption must be transferred to the county opting for reassumption.* A county may not retain or reassume assistance programs partially funded by the federal government.

~~(2) A county transferring all duties and responsibilities to the state may reassume limited responsibility for medical assistance or monetary payments to needy persons as provided in subsection (1) but may not thereafter request full state assumption. A county initially requesting limited state assumption may not thereafter request full state assumption. A county opting for limited or full state assumption does so on a permanent basis, except as provided in this section.~~"

Section 23. Section 53-2-813, MCA, is amended to read:

"**53-2-813. Mill levy for counties transferring public assistance and protective services.** (1) For the purpose of this part, ~~12~~ *9* mills must be levied annually in those counties opting for state assumption.

(2) ~~For a county electing state assumption before July 1, 1986, the proceeds of the mill levy established in subsection (1) must be deposited in the state special revenue fund in the state treasury for the purpose of paying the expenses of the department of social and rehabilitation services. The mill levy may not exceed 12 mills, notwithstanding actual expenditures made by the department.~~

~~(3)~~ For a county electing state assumption ~~on or after July 1, 1986~~, the proceeds of the mill levy established in subsection (1) must be deposited in the state special revenue fund in the state treasury to the credit of the department of social and rehabilitation services. The general fund authority of the department of social and rehabilitation services ~~shall~~ *must* be reduced and the general fund authority of the department of family services ~~shall~~ *must* be increased by an amount equal to the county's expenditures for child and adult protective services in the fiscal year immediately preceding state assumption. ~~The mill levy may not exceed 12 mills, notwithstanding actual expenditures made by the department of social and rehabilitation services and the department of family services.~~

~~(4) For a county retaining or reassuming operational responsibility for medical assistance or monetary payments to needy persons as provided in 53-2-812, the levy provided in subsection (1) must be reduced by the mill levy equivalent expended by that county or the department for such purposes in the fiscal year immediately preceding the option to retain or reassume such responsibility.~~"

Section 24. **Indigent assistance — optional county program.** (1) A county may provide a program of indigent assistance that it determines necessary. The program may include assistance for food, clothing, shelter, transportation, and medical assistance for individuals not eligible for state or federal programs providing similar assistance. (4) The program may be funded with money derived from the county poor fund mill levy established in 53-2-322.

(5) A person is indigent for purposes of this subsection if the value of all income and resources available to pay for that person's burial, entombment, or cremation at the time of death is less than the negotiated amount due the funeral home or mortician for an indigent burial. (6) A county may seek reimbursement under 40-6-303, if applicable, for costs paid under this section.

(7) A county may not deduct amounts that may be recovered from an adult child of a deceased indigent or recovered from resources of a deceased indigent from a contract amount due a funeral home or mortician for burial services provided under 7-4-2915 or this section. A funeral home or a mortician that recovers an amount in excess of a contract amount paid under this subsection shall reimburse the county for the amount recovered up to the amount of the contract.

"**53-2-1101. Legislative findings.** The legislature finds and declares that:

(1) many economically disadvantaged persons are unable to take their place in the economic mainstream of society because they lack the skills and training needed to obtain productive employment or to avoid long-term dependency on public assistance programs;

(2) existing state and federal employment and training programs, including the work incentive program~~, the work programs provided for in 53-3-304,~~ and the programs administered under Title II-A of the Job Training Partnership Act, have proved to be a multiple, uncoordinated response to the needs of the economically disadvantaged; and

(3) a successful job training program will require a comprehensive, integrated range of nonduplicative employment and training services for economically disadvantaged persons that will result in economic self-sufficiency through placement of economically disadvantaged persons in long-term, sustainable employment."

Section 26. Section 53-2-1103, MCA, is amended to read:

"**53-2-1103. Definitions.** For the purposes of this part, unless the context requires otherwise, the following definitions apply:

(1) "Economically disadvantaged person" has the same meaning as provided in section 4 of the Job Training Partnership Act (29 U.S.C. 1503).

(2) "Job Training Partnership Act" means the federal Job Training Partnership Act of 1982, Public Law 97-300 (29 U.S.C. 1501, et seq.), as amended.

(3) "Job training plan" means the plan for providing services and training in a service delivery area, as required in 53-2-1107.

(4) "Program" means the program created by 53-2-1104 to implement the provisions of Title II-A of the Job Training Partnership Act.

In carrying out this coordinating function, the council shall consider state policy set forth in 2-15-101 to eliminate overlapping and duplication of services within state government and in accordance with the provisions of section 121 of the Job Training Partnership Act (29 U.S.C. 1531) and other employment and training programs, including:

(1) programs operated under the federal Family Support Act of 1988; and

(2) programs and services of public assistance agencies~~, including the programs established in 53-3-304~~."

Section 28. Section 53-3-205, MCA, is amended to read:

"**53-3-205. Eligibility for general relief.** (1) Except as otherwise provided under this chapter, a person may receive general relief if the household is determined to be eligible under the provisions of this section.

(2) A person is eligible for general relief if ~~his~~ *the person's* total household income, including presumptive income but exclusive of the earned income disregard provided in subsection (4), does not exceed the amount established by the department by rule. The department shall establish eligibility and the amount of benefits to be granted, taking into account the size of the household and the estimated number of eligible households. Eligibility and the amount of benefits to be granted must be ~~based on a percentage~~ *set at 32%* of the federal poverty index. ~~The percentage is established in the state general appropriations act.~~

(3) The maximum benefit amount to be granted to a person new to Montana must be reduced by $50 per month for each of the first 2 months of the person's residency.

(4) For 4 consecutive months, the first $30 plus one-third of the remainder of the total income earned each month by each household member who is a current recipient must be disregarded in determining a household's eligibility for general relief. If the total household income, exclusive of this amount, exceeds the amount established by the department under subsection (2), the

household is not eligible for general relief. A current recipient is one who has been receiving general relief for at least 1 complete calendar month.

(5) (a) If a person's household income exceeds the monthly income standard provided in subsection (2) because of receipt of lump-sum income, ~~he~~ *the person* is ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard. Any income remaining from this calculation ~~will be~~ *is* considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump-sum income was used to pay medical bills for a serious medical condition.

(6) All applicants for and recipients of general relief who reside in the same residence are considered as one household.

(7) Eligibility for general relief must be determined prospectively, based on household income and other relevant circumstances reasonably certain to exist in the month in which assistance is to be provided. Once eligibility is determined, general relief ~~will~~ *must* be provided in accordance with 53-3-310 and 53-3-311.

(8) (a) Except as provided in subsection (8)(b), the equity value of all household resources must be considered available to meet the needs of the individual applying for general relief.

(b) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(i) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(ii) a motor vehicle that has no more than $1,500 in equity value;

(iii) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(iv) tools of a trade that are essential to the current or future employment of a household member.

(9) A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

(10) A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

(11) For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(12) A household is ineligible to receive general relief if the household is ineligible for either of the public assistance programs commonly referred to as

medicaid and aid to families with dependent children because of overpayment, fraud, or failure or refusal to comply with requirements for continued participation in either program. The period of ineligibility for the household or individual household members is the same as the period of ineligibility for medicaid or the aid to families with dependent children program or, if ineligible for both programs, whichever period of ineligibility is longer.

(13) Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination."

Section 29. Section 53-3-310, MCA, is amended to read:

"**53-3-310. Scope of general relief medical assistance — limitations.** (1) General relief medical assistance is limited to ~~inpatient and outpatient hospital services,~~ physician services, *laboratory services, x-ray services,* and prescription drugs. Assistance may not exceed the scope or duration of similar services provided under the Montana medicaid program pursuant to Title 53, chapter 6, part 1, and rules adopted by the department to administer the program.

(2) General relief medical assistance in a county without state-assumed welfare services must, within the limitations of subsection (1), be provided in amounts determined by the county welfare board.

(3) General relief medical assistance in counties with state-assumed welfare services must, within the limitations of subsection (1), be provided in amounts not to exceed payments under the medicaid program. Services must be limited to the least costly method of alleviating the serious medical condition.

(4) General relief medical assistance is limited to covered medical needs not met by other services or benefits available to the person. Available services or benefits include but are not limited to health and accident insurance, veterans' benefits, industrial accident benefits, medicare and medicaid benefits, and other liable third parties.

(5) A person who is chronically ill may receive general relief medical assistance for services limited to treatment of a serious medical condition related to chronic illness.

(6) A person who has an acute medical need but who is not chronically ill may receive general relief medical assistance but only for services necessary to treat a serious medical condition that requires immediate medical attention to alleviate a serious health risk.

(7) A child less than 18 years of age may receive the same scope and duration of services as provided under the Montana medicaid program provided for in Title 53, chapter 6.

(8) A person who requires medical services in order to obtain or retain employment may receive services similar to those provided under the Montana medicaid program but only for the duration of need.

(9) Except as provided in subsection (7), nothing in this chapter may be construed to require the same scope of medical services as provided under the Montana medicaid program."

Section 30. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in classes four and eleven is valued according to the procedures used in 1986, including the designation of 1982 as the base year; until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four or class eleven property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4);

(j) levies authorized under 7-6-502 for juvenile detention programs; ~~and~~

(k) elementary and high school districts; *and*

(l) voted poor fund levies authorized under 53-2-322.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support:

(i) a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(ii) county, city, or town ambulance services authorized by a vote of the electorate under 7-34-102(2).

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 31. **Alternative plans.** (1) The department of social and rehabilitation services shall develop alternative structures for the administration of public assistance programs. At least three alternative plans must be prepared for presentation to the 54th legislature. One alternative must be administered primarily by each county, one alternative must be administered primarily by the state, and one alternative must provide for multicounty administration. Each plan must include an analysis of alternative financing methods, including a statewide mill levy.

(2) The department director shall appoint and consult with an advisory committee of not more than 12 persons in developing the plans. The committee should include representatives of the legislature, the low-income coalition, the human resource development councils, the Montana united Indian alliance, other state departments, county commissioners, and county welfare directors. CHAPTER NO. 563

[HB 469]

AN ACT REVISING THE TUITION LAWS; PERMITTING A CHILD TO ATTEND A SCHOOL DISTRICT OUTSIDE THE CHILD'S DISTRICT OF RESIDENCE, SUBJECT TO DISCRETIONARY APPROVAL BY THE TRUSTEES OF THE RESIDENT DISTRICT AND THE DISTRICT OF CHOICE;

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] of the bill gives the superintendent of public instruction authority to adopt administrative rules regarding a flat tuition rate for each funding category in the foundation program schedules, using statewide district expenditure and revenue data for certain funds.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Attendance with discretionary approval.** (1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child's district of residence or a public school in a district of another state or province that is adjacent to the county of the child's residence, subject to discretionary approval by the trustees of the resident district and the district of choice. If the trustees grant discretionary approval of the child's attendance in a school of the district, the parent or guardian may be charged tuition and may be charged for transportation.

(2) (a) Whenever a parent or guardian of a child wishes to have the child attend a school under the provisions of this section, the parent or guardian shall apply to the trustees of the district where the child wishes to attend. The application must be made on an out-of-district attendance agreement form supplied by the district and developed by the superintendent of public instruction.

(b) The attendance agreement must set forth the financial obligations, if any, for tuition and for costs incurred for transporting the child under Title 20, chapter 10.

(c) The trustees of the district of choice may waive any or all of the tuition rate, but any waiver must be applied equally to all students.

(3) An out-of-district attendance agreement approved under this section requires that the parent or guardian initiate the request for an out-of-district attendance agreement and that the trustees of both the district of residence and the district of choice approve the agreement.

(4) If the trustees of the district of choice waive tuition, approval of the resident district trustees is not required.

(5) The trustees of a school district may approve or disapprove the out-of-district attendance agreement consistent with this part and the policy adopted by the local board of trustees for out-of-district attendance agreements.

(6) The approval of an out-of-district attendance agreement by the applicable approval agents or as the result of an appeal must authorize the child named in the agreement to enroll in and attend the school named in the agreement for the designated school year.

(7) The trustees of the district where the child wishes to attend have the discretion to approve any attendance agreement.

(8) This section does not preclude the trustees of a district from approving an attendance agreement for educational program offerings not provided by the resident district, such as the kindergarten or grades 7 and 8 programs, if the trustees of both districts agree to the terms and conditions for attendance and any tuition and transportation requirement. For purposes of this subsection, the trustees of the resident district shall initiate the out-of-district agreement.

(9) (a) A provision of this title may not be construed to deny a parent the right to send a child, at personal expense, to any school of a district other than the resident district when the trustees of the district of choice have approved an out-of-district attendance agreement and the parent has agreed to pay the tuition as prescribed by [section 4]. However, under this subsection (9), the tuition rate must be reduced by the amount the parent or guardian of the child paid in district and county property taxes during the immediately preceding school fiscal year for the benefit and support of the district in which the child will attend school.

(b) For the purposes of this section, "parent or guardian" includes an individual shareholder of a domestic corporation as defined in 35-1-113 whose shares are 95% held by related family members to the sixth degree of consanguinity or by marriage to the sixth degree of affinity.

(c) The tax amount to be credited to reduce any tuition charge to a parent or guardian under subsection (9)(a) is determined in the following manner:

(i) determine the percentage of the total shares of the corporation held by the shareholder parent or parents or guardian;

(ii) determine the portion of property taxes paid in the preceding school fiscal year by the corporation, parent, or guardian for the benefit and support of the district in which the child will attend school.

(d) The percentage of total shares as determined in subsection (9)(c)(i) is the percentage of taxes paid as determined in subsection (9)(c)(ii) that is to be credited to reduce the tuition charge.

(10) As used in [sections 1 through 5], the term "guardian" means the guardian of a minor as provided in Title 72, chapter 5, part 2.

Section 2. **Attendance with mandatory approval — tuition and transportation.** (1) An out-of-district attendance agreement that allows a child to enroll in and attend a school in a Montana school district that is outside of the child's district of residence or in a public school district of a state or province that is adjacent to the county of the child's residence is mandatory whenever:

(a) the child resides closer to the school that the child wishes to attend and more than 3 miles from the school the child would attend in the resident district;

(b) the child resides in a location where, due to road or geographic conditions, it is impractical to attend the school nearest the child's residence;

(c) the child is a member of a family who must send another child outside of the elementary district to attend high school and the child of elementary age may more conveniently attend an elementary school where the high school is located, provided the child resides more than 3 miles from an elementary school in the resident district or the parent must move to the elementary district where the high school is located to enroll another child in high school;

(d) the child has been adjudicated by a court of competent jurisdiction to be an abused, neglected, or dependent child, as defined in 41-3-102, or a youth in need of supervision or a delinquent youth, as defined in 41-5-103, and has been placed in a licensed youth care facility that is approved by the department of family services and, as a result of the placement, is required to attend school outside of the child's district of residence; or

(e) the child is required to attend school outside of the district of residence as the result of a placement by a state agency or parent in a group home licensed by the state or an order of a court of competent jurisdiction.

(2) (a) Whenever a parent or guardian of a child, an agency of the state, or a court wishes to have a child attend a school under the provisions of this section, the parent or guardian, agency, or court shall complete an out-of-district attendance agreement in consultation with an appropriate official of the district the child will attend.

(b) The attendance agreement must set forth the financial obligations, if any, for costs incurred for tuition and transportation as provided in [section 4] and Title 20, chapter 10.

(c) The trustees of the district of choice may waive any or all of the tuition rate, but any waiver must be applied equally to all students.

(3) Except as provided in subsection (4), the trustees of the resident district and the trustees of the district of choice shall approve the out-of-district attendance agreement and notify the county superintendent of schools of the county of the child's residence of the approval of the agreement within 10 days. The county superintendent shall approve the agreement for payment under [section 5 (5)].

(4) Unless the child is a child with disabilities who resides in the district, the trustees of the district where the school to be attended is located may disapprove an out-of-district attendance agreement whenever they find that, due to insufficient room and overcrowding, the accreditation of the school would be adversely affected by the acceptance of the child.

Section 3. **Residency determination — notification — appeal for attendance agreement.** (1) In considering an out-of-district attendance agreement, the trustees shall determine the child's district of residence on the basis of the provisions of 1-1-215.

(2) Within 10 days of the initial application for an agreement, the trustees of the district of choice shall notify the parent or guardian of the child and the trustees of the district of residence involved in the out-of-district attendance agreement of the anticipated date for approval or disapproval of the agreement.

(3) Within 10 days of approval or disapproval of an out-of-district attendance agreement, the trustees shall provide copies of the approved or disapproved attendance agreement to the parent or guardian and to the child's district of residence.

(4) Within 15 days of receipt of an approved out-of-district attendance agreement, the trustees of the district of residence shall approve or disapprove the agreement under the provisions of this part and forward the completed agreement to the county superintendent of schools of the county of residence, the trustees of the district of choice, and the parent or guardian.

(5) If an out-of-district attendance agreement is disapproved or no action is taken, the parent may appeal the disapproval or lack of action to the county superintendent and, subsequently, to the superintendent of public instruction under the provisions for the appeal of controversies in this title.

Section 4. **Tuition and transportation rates.** (1) Except as provided in subsections (3) and (4), whenever a child has approval to attend a school outside of the child's district of residence under the provisions of [section 1 or 2], the basis of the rate of tuition is a flat rate for each funding category in the foundation program schedules determined by rule by the superintendent of public instruction by March 15 of each year, using statewide district expenditure and revenue data for the general fund, debt service fund, and retirement fund to determine the average district contribution.

(2) The tuition for children with disabilities must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils.

(3) The tuition rate for out-of-district placement pursuant to [section 2(1)(d) and (1)(e)] for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

(a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost; and

(b) for a Montana resident student, the average district per-ANB foundation payment amount received in the year for which the tuition charges are calculated must be subtracted from the per-student program costs for a Montana resident student.

(4) When a child attends a public school of another state or province or has been placed by a state agency in an out-of-state residential program, the amount of daily tuition may not be greater than the average annual cost per student in the child's district of residence. This calculation for tuition purposes is deter-

mined by totaling all of the expenditures for all of the district budgeted funds for the preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal year. For the purposes of this subsection, the following do not apply:

(a) placement of a child with disabilities pursuant to Title 20, chapter 7, part 4;

(b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314; or

(c) an order issued under Title 40, chapter 4, part 2.

(5) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost per student in the child's district of residence or 21.25 cents per mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.

Section 5. **Tuition report and payment provisions.** (1) At the close of the school term of each school fiscal year and before July 15, the trustees of a district shall report to the county superintendent:

(a) the name and district of residence of each child who is attending a school of the district under an approved mandatory out-of-district attendance agreement;

(b) the number of days of enrollment for each child reported under the provisions of subsection (1)(a);

(c) the annual tuition rate for each child's tuition payment, as determined under the provisions of [section 4], and the tuition cost for each reported child; and

(d) the names, districts of attendance, and amount of tuition to be paid by the district for resident students attending public schools out of state.

(2) The county superintendent shall send, as soon as practicable, the reported information to the county superintendent of the county in which a reported child resides.

(3) Before July 30, the county superintendent shall report the information in subsection (1)(d) to the superintendent of public instruction, who shall determine the total foundation amount for which the district would be eligible if the student were enrolled in the resident district. The reimbursement amount is the difference between the actual amount paid and the amount calculated in this subsection.

(4) Notwithstanding the requirements of subsection (5), tuition payment provisions for out-of-district placement of students with disabilities must be determined pursuant to Title 20, chapter 7, part 4.

(5) Except as provided in subsection (6), when a child has approval to attend a school outside the child's district of residence under the provisions of [section

1 or 2], the district of residence shall finance the tuition amount from the district tuition fund and any transportation amount from the transportation fund.

(6) When a child has mandatory approval under the provisions of [section 2], the tuition and transportation obligation for an elementary school child attending a school outside of the child's county of residence must be financed by the county basic tax for elementary districts, as provided in 20-9-331, for the child's county of residence or for a high school child attending a school outside the county of residence by the county basic tax for high school districts, as provided in 20-9-333, for the child's county of residence.

(7) By December 31 of the school fiscal year, the county superintendent or the trustees shall pay at least one-half of any tuition and transportation obligation established under this section out of the money realized to date from the appropriate basic county tax account provided for in 20-9-334 or from the district tuition or transportation fund. The remaining tuition and transportation obligation must be paid by June 15 of the school fiscal year. The payments must be made to the county treasurer in each county with a school district that is entitled to tuition and transportation. Except as provided in subsection (9), the county treasurer shall credit tuition receipts to the general fund of a school district entitled to a tuition payment. The tuition receipts must be used in accordance with the provisions of 20-9-141. The county treasurer shall credit transportation receipts to the transportation fund of a school district entitled to a transportation payment.

(8) The superintendent of public instruction shall reimburse the district of residence from the state equalization account for the foundation amount determined in subsection (3).

(9) (a) Any tuition receipts received under the provisions of Title 20, chapter 7, part 4, or [section 4(3)] for the current school fiscal year that exceed the tuition receipts of the prior year may be deposited in the district miscellaneous programs fund and must be used for that year in the manner provided for in 20-9-507 to support the costs of the program for which the tuition was received.

(b) Any other tuition receipts received for the current school fiscal year that exceed the tuition receipts of the prior year may be deposited in the district miscellaneous programs fund and may be used for that year in the manner provided for in that fund. For the ensuing school fiscal year, the receipts must be credited to the district general fund budget.

The peace officer shall forward the license to the department, along with a sworn report that ~~he~~ *the peace officer* had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of the two, and that the person had refused to submit to the test *or tests* upon the request of the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (5).

(4) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is valid for 72 hours after the time of issuance.

(5) The following suspension and revocation periods are applicable upon refusal to submit to a test *or tests*:

(6) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to a test *or tests.*

(7) All ~~such~~ suspensions are subject to review as ~~hereinafter~~ provided *in this part.*"

Section 2. Section 61-8-403, MCA, is amended to read:

"**61-8-403. Section 3. Section 61-8-404, MCA, is amended to read:

"**61-8-404. Evidence admissible — conditions of admissibility.** (1) Upon the trial of any criminal action or other proceeding arising out of acts alleged to have been committed by any person in violation of 61-8-401 or 61-8-406:

(a) evidence of any measured amount or detected presence of alcohol *or drugs* in the person at the time of the act alleged, as shown by an analysis of ~~his~~ *the person's* blood, breath, or urine, is admissible~~; and~~. *A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.*

(b) a report of the facts and results of any test *or tests* of a person's blood, breath, or urine administered under 61-8-402 is admissible in evidence if:

(i) the breath test was performed by a person certified by the forensic sciences division of the department to administer breath tests or the blood or urine test was a laboratory analysis and the analysis was done in a laboratory operated by the department or by any other laboratory or facility certified or exempt from certification under the rules of the department; and

(ii) the test was on a blood sample, the person withdrawing the blood was competent to do so under 61-8-405(1).

(2) If the person under arrest refused to submit to the test *or tests* as provided in this section, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of the two.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of the two."

Section 4. Section 61-8-405, MCA, is amended to read:

"**61-8-405. Administration of tests.** (1) Only a physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse acting at the request of a peace officer may withdraw blood for the purpose of determining any measured amount or detected presence of alcohol in the person. This limitation does not apply to the taking of breath or urine specimens.

(2) The person may, at ~~his~~ *the person's* own expense, have a physician or registered nurse of ~~his~~ *the person's* own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining any measured amount or detected presence of alcohol *or drugs* in the person at the time alleged, as shown by analysis of ~~his~~ *the person's* blood, breath, or urine. The failure or inability to obtain an additional test by a person does not preclude the admissibility in evidence of the test *or tests* taken at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning the test *or tests* taken at the direction of the peace officer must be made available to ~~him~~ *the person* or ~~his~~ *the person's* attorney.

(4) ~~No~~ *A* physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse ~~shall~~ *does not* incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer ~~such~~ a test.

(5) If a test given under 61-8-402 or 61-8-806 is a test of urine, the person tested must be given ~~such~~ privacy in the taking of the urine specimen ~~as~~ *that* will ensure the integrity of the specimen and, at the same time, maintain the dignity of the individual involved.

(6) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary."

Approved April 28, 1993.

[HB 516]

AN ACT IMPOSING AN ASSESSMENT ON CLASS I MILK TO FUND MILK INSPECTION AND DIAGNOSTIC LABORATORY FUNCTIONS; AMENDING SECTION 81-23-202, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-23-202, MCA, is amended to read:

"**81-23-202. Licenses — disposition of income.** (1) A producer, producer-distributor, distributor, or jobber may not engage in the business of producing or selling milk subject to this chapter in this state without first having obtained a license from the department of livestock or, in the case of milk entering this state from another state or foreign nation, without complying with the requirements of the Montana Food, Drug, and Cosmetic Act and without being licensed under this chapter by the department. The annual fee for the license from the department is $2 and is due before July 1 and ~~shall~~ *must* be deposited by the department to the credit of the general fund. The license required by this chapter is in addition to any other license required by state law or any municipality of this state. This chapter ~~shall apply~~ *applies* to every part of the state of Montana.

(2) In addition to the annual license fee, the department shall, in each year, before April 1, for the purpose of securing funds to administer and enforce this chapter, levy an assessment upon producers, producer-distributors, and distributors as follows:

(a) a fee per hundredweight on the total volume of all milk subject to this chapter produced and sold by a producer-distributor;

(b) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a producer;

(c) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a distributor, excepting that which is sold to another distributor.

(3) The department shall adopt rules fixing the amount of each fee. The amounts may not exceed levels sufficient to provide for the administration of this chapter. The fee assessed on a producer or on a distributor may not be more than one-half the fee assessed on a producer-distributor.

(4) In addition to the fees established in subsections (1) through (3), the department shall assess a fee of 14.97 cents per hundredweight on the volume of class I milk produced and sold by a producer to be used for the administration of the milk inspection and milk diagnostic laboratory functions of the department of livestock. The board shall include this fee in its formulas for fixing by rule the minimum producer, wholesale, jobber, and retail prices for class I milk in 81-23-302.

~~(4)~~*(5)* The ~~assessment~~ *assessments* upon producer-distributors, producers, and distributors ~~shall~~ *must* be paid quarterly before January 15, April 15, July 15, and October 15 of each year. ~~(5)~~*(6)* Failure of a producer, producer-distributor, or distributor to pay an assessment when due is a violation of this chapter, and ~~his~~ *a* license under this chapter automatically terminates and is void. A *terminated* license ~~so terminated shall~~ *must* be reinstated by the department upon payment of a delinquency fee equal to 30% of the assessment which was due.

~~(6)~~*(7)* ~~All~~ *Except for the assessment provided for in subsection (4), all* assessments required by this chapter ~~shall~~ *must* be deposited by the department in the state special revenue fund. CHAPTER NO. 567

[HB 517]

AN ACT PROVIDING A RETIREMENT INCENTIVE FOR MEMBERS WHO ARE ELIGIBLE TO RETIRE UNDER THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM AND WHO TERMINATE EMPLOYMENT WITHIN A PRESCRIBED WINDOW OF ELIGIBILITY; PROVIDING A VOLUNTARY TERMINATION INCENTIVE FOR CERTAIN MEMBERS WHO ARE ELIGIBLE TO RETIRE UNDER THE TEACHERS' RETIREMENT SYSTEM AND WHO TERMINATE EMPLOYMENT WITHIN A PRESCRIBED WINDOW OF ELIGIBILITY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A TERMINATION DATE, AND A RETROACTIVE APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 1] gives the public employees' retirement board authority to adopt rules to implement the provisions of the bill.

It is the intent of the legislature to provide an active member of the public employees' retirement system who is eligible for normal or early retirement with an incentive to terminate service within the timeframe or window prescribed in this bill. The incentive provided in this bill is that the employer, at no cost to an eligible member, will buy for the eligible member up to 3 years of additional service for the purpose of calculating the member's retirement benefit.

The employer of an eligible member will pay the total cost for purchasing the additional service, up to 3 years, that the member is eligible to purchase under existing statute. It is the intent of the legislature that the state and the university system be mandated to provide this retirement incentive but that providing the incentive be optional for contracting employers under the public employees' retirement system.

It is also the intent of the legislature that the employer may pay for the additional service on an installment basis over as many as 10 years. Interest would be charged at a rate set according to the retirement board's policy.

It is not the intent of the legislature to provide this retirement incentive to anyone who is an inactive member of the retirement system or who is ineligible for early or normal retirement within the prescribed window or to change the benefit formula used to determine benefits under the retirement system.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Retirement incentive program — window of eligibility.** (1) Except as provided in subsection (4), a person who is an active member on February 1, 1993, and who voluntarily terminates service or whose service is involuntarily terminated because of a reduction in force on or after June 25, 1993, but before January 1, 1994, and who is eligible for a normal service retirement under 19-3-901 or early retirement under 19-3-902 is entitled to the retirement incentive provided in subsection (2).

(2) The employer of an eligible member under subsection (1) shall pay the total cost of purchasing up to 3 years of additional service that the member is qualified to purchase under 19-3-513. A member is entitled to a refund for that portion of previously purchased additional service that would otherwise cause the member to be unqualified to receive all or part of the additional service provided in this section.

(3) An active member who is involuntarily terminated because of a reduction in force on or after March 1, 1993, but before June 25, 1993, and who, if the member had not been terminated, would have been eligible under subsection (1) for the retirement incentive is entitled to the retirement incentive under subsection (2) if the member was, at the time of termination, eligible for normal service retirement under 19-3-901 or early retirement under 19-3-902 and retires on or after June 25, 1993.

(4) A contracting employer's participation in the incentive program described in this section is optional. A contracting employer may elect to provide the incentive by filing with the board a written notice of election on or before June 1, 1993, and complying with rules adopted pursuant to subsection (5).

(5) The board may allow an employer to pay the contributions required under subsection (2) in installments for up to 10 years and may charge interest at a rate set by the board pursuant to 19-3-304. The board shall adopt rules to implement the provisions of this section.

(6) A member who has received additional service under this section and who returns to employment for the same jurisdiction for 600 or more hours in a calendar year shall forfeit the additional service. The employer's contributions to purchase that member's additional service, minus any retirement benefits already paid, must be refunded to the employer. For purposes of this subsection, all agencies of the state, including the university system, are considered the same jurisdiction and other public employers contracting with the retirement system are each considered separate jurisdictions.

Section 2. **Montana university system voluntary termination for teachers' retirement system members.** (1) The board of regents shall establish a voluntary termination incentive during the 1994-95 biennium for all members of the teachers' retirement system employed on a full-time basis on or before February 1, 1993, who are eligible for normal service retirement under 19-4-801 and 19-4-802. The termination incentive, combined with employer contributions due the teachers' retirement system under 19-4-101(5)(d), must be an amount equal to 1 year of the combined member and employer contributions established in 19-4-602 and 19-4-605 for each 5 years of creditable service within the teachers' retirement system, not to exceed the amount of combined contributions for 3 years.

(2) A member who terminates employment under the provisions of subsection (1) and who returns to employment in a unit of the Montana university system, except as provided in 19-4-804, shall refund the voluntary termination incentive to the university system.

(3) To qualify for the termination incentive authorized in this section, the participant shall announce an intent to terminate employment no later than the end of the 1993-94 academic contract year or the end of the 1994 summer session on or before December 1, 1993.

(4) The board of regents shall define the terms of the voluntary termination incentive by July 1, 1993.

Section 3. **Montana university system voluntary termination for optional teachers' retirement system participants.** (1) The board of regents shall establish a voluntary termination incentive during the 1994-95 biennium for all optional retirement participants who are employed on a full-time basis on or before February 1, 1993, and who are at least 50 years of age on or before the date of termination. The incentive must be an amount equal to 1 year of the combined member and board of regents contributions established in 19-21-203 for each 5 years of service with the Montana university system, not to exceed the amount of combined contributions for 3 years.

(2) A participant who terminates employment under the provisions of subsection (1) and who returns to employment in a unit of the Montana university system, except as provided in 19-4-804, shall refund the voluntary termination incentive to the university system.

(3) To qualify for the termination incentive authorized in this section, the participant shall announce an intent to terminate employment no later than the end of the 1993-94 academic contract year or the end of the 1994 summer session on or before December 1, 1993.

(4) The board of regents shall define the terms of the voluntary termination incentive by July 1, 1993.

Section 4. **Reports on effect of incentives.** The department of administration, in cooperation with the university system and the public employees' retirement board, shall report to the 54th legislature on the effect of the retirement incentive offered to members of the public employees' retirement system employed by the state, including the university system. The board of regents, in cooperation with the teachers' retirement board, shall report to the

54th legislature on the effect of the voluntary termination incentives offered to members of the teachers' retirement system employed by the Montana university system. These reports must include, but are not limited to:

(1) a summary of the positions from which employees terminated employment under the provisions of [section 1];

(2) whether positions vacated under [section 1] were refilled and when; and

(3) the cost or savings resulting from the implementation of [section 1].

Section 5. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to occurrences on or after March 1, 1993.

Section 6. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 19, chapter 3, part 9, and the provisions of Title 19, chapter 3, part 9, apply to [section 1].

Section 7. **Effective date.** [This act] is effective on passage and approval.

Section 8. **Termination.** [Sections 2 and 3] terminate June 30, 1995.

Approved April 28, 1993.

CHAPTER NO. 568

[HB 519]

AN ACT CLARIFYING THE DEFINITION OF RECYCLED MATERIAL THAT IS ELIGIBLE FOR A DEDUCTION FROM TAXABLE INCOME; PROVIDING THAT A TAX CREDIT FOR DEDUCTIBLE EQUIPMENT USED IN RECLAIMING MATERIAL MAY ALSO BE CLAIMED FOR RECLAIMING CERTAIN MATERIAL GENERATED BY THE TAXPAYER; INCREASING THE DEDUCTION ALLOWED FOR PURCHASE OF RECYCLED MATERIAL TO 10 PERCENT FROM 5 PERCENT; AMENDING SECTIONS 15-32-601, 15-32-603, AND 15-32-610, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is included in this bill because [section 2] requires rulemaking by the department of revenue. The department is to conduct rulemaking to define the recycled materials that qualify for a tax deduction under 15-32-610.

The goal of amending 15-32-601 and of adopting rules to implement the amendment is to reduce solid waste and pollution. The greater the quantity of material reclaimed, the longer landfills will last and the less pollution they will create. The best way to reduce landfill material is to reclaim postconsumer material for reuse. The rules of the department should provide for using the maximum postconsumer reclaimed material content possible when defining the reclaimed material eligible for additional tax deduction.

It is intended that the department keep abreast of the recycling industry and try to encourage maximum use of recycled materials through the use of the tax deduction. The department should define recycled material by the amount and type of reclaimable material, as defined in 15-32-601, that it contains. The amount of material may be measured by volume, weight, fiber content, or other applicable standard. Recycled material may also be defined by the type of reclaimed material it contains, such as postconsumer, de-inked, or other applicable type.

The amounts and types of reclaimed material should follow industry standards so that industry labeling, as certified by appropriate bodies, can be used by purchasers to ensure that the products they are purchasing meet departmental deductibility definitions.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-32-601, MCA, is amended to read:

"**15-32-601.** *(Temporary)* **Definitions.** For the purposes of this part, unless otherwise required by the context, the following definitions apply:

(1) "Collect" means the collection and delivery of reclaimable materials to a recycling or reclaimable materials processing facility.

(2) "Postconsumer material" means a product or packaging material that has served its final intended use, that has been discarded by an individual, commercial enterprise, or other entity after having fulfilled its intended application or use, and that is usually thrown away and hauled to landfills. This term does not include wastes generated during production of an end product.

~~(2)~~*(3)* "Reclaimable material" means material that has useful physical or chemical properties after serving a specific purpose and that would normally be disposed of as solid waste, as defined in 75-10-203, by a consumer, processor, or manufacturer. *Except for claiming a tax credit as provided in 15-32-603(1)(d), material may not be considered reclaimed by the consumer, processor, or manufacturer that generated the material.*

~~(3)~~*(4)* "Recycled material" means a substance that is produced from ~~at least 90%~~ reclaimed material *as provided in [section 2]. (Terminates December 31, 1995—sec. 9, Ch. 712, L. 1991.)* "

Section 2. **Recycled material qualifying for deduction — purpose — rulemaking.** (1) The purpose of providing a tax deduction for the purchase of recycled materials is to encourage the use of goods made from reclaimed materials, especially postconsumer materials, and to discourage consumption of the same goods made from new materials. To achieve this goal, the definition of recycled material must be left to department of revenue expertise. Definitions cannot be legislatively enacted to achieve the purpose of this section because of rapid changes in technology, social awareness, and market economics. It is the intent of the legislature that the department revise, as often as it considers necessary to fulfill the purpose of this section, the definition of qualifying recycled material.

(2) The department shall by rule adopted pursuant to 15-32-611 specify recycled material that qualifies for the deduction authorized by 15-32-610. The department shall classify qualifying recycled material into different categories based upon the reclaimed material used in producing the recycled material, the ultimate use of the recycled material produced from the reclaimed material, and

the amount and type of reclaimed material the recycled material must contain. In the definition of recycled material, the department may consider the point in the manufacturing and consumption cycle from which material was reclaimed and other factors contributing to precise definitions.

(3) In addition to the public participation provisions of Title 2, chapter 4, the department shall establish a register of interested persons and experts in the field of recycling. Prior to proposing an administrative rule, the department shall mail a notice to the interested persons of the department's contemplated actions, soliciting their views on possible solutions or courses of action. All proposed and adopted rules must also be mailed to the interested persons.

(4) The rules must specify the unit of measurement for classifications of recycled materials. The measurement may be based upon volume, weight, fiber content, or other applicable standard.

(5) The department shall by rule designate one or more agencies that are generally recognized in the industry to certify the contents of recycled materials.

Section 3. Section 15-32-603, MCA, is amended to read:

"15-32-603. *(Temporary)*. **Credit for investment in property used to collect or process reclaimable material or to manufacture a product from reclaimed material.** (1) The following requirements must be met to be entitled to a tax credit for investment in property to collect or process reclaimable material or to manufacture a product from reclaimed material:

(a) The investment must be for depreciable property used primarily to collect or process reclaimable material or to manufacture a product from reclaimed material.

(b) (i) The taxpayer claiming a credit must be a person who, as an owner, including a contract purchaser or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that collects or processes reclaimable material or that manufactures a product from reclaimed material. For the purposes of this section, a business qualifies as a business that collects reclaimable material if it gathers reclaimable material for later sale or processing for another business that has as its primary business function the collection or processing of reclaimable material or the manufacture of a product from reclaimed material. The collection of reclaimable material may be a minor or nonprofit part of a business otherwise engaged in a retail trade or other business activity.

(ii) The taxpayer may but need not operate or conduct a business that collects or processes reclaimable material or manufactures a product from reclaimed material. If more than one person has an interest in a business with qualifying property, they may allocate all or any part of the investment cost among themselves and their successors or assigns.

(c) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except as otherwise provided in subsection (1)(b), and must have been collecting or processing reclaimable material or manufacturing a product from reclaimed material during the tax year for which the credit is claimed.

(d) The reclaimed material collected, processed, or used to manufacture a product may not be an industrial waste generated by the person claiming the tax credit *unless:*

(i) the person generating the waste historically has disposed of the waste onsite or in a licensed landfill; and

(ii) standard industrial practice has not generally included the reuse of the waste in the manufacturing process.

(2) A credit under this section may be claimed by a taxpayer for a business only if the qualifying property was purchased on or after January 1, 1990, but before January 1, 1996.

(3) The credit provided by this section is not in lieu of any depreciation or amortization deduction for the investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

(4) A tax credit otherwise allowable under this section that is not used by the taxpayer in the taxable year may not be carried forward to offset a taxpayer's tax liability for any succeeding tax year.

(5) The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax credits allowed under this section.

(6) If the taxpayer is a shareholder of an electing small business corporation, the credit must be computed using the shareholder's pro rata share of the corporation's cost of investing in equipment necessary to collect or process reclaimable material or to manufacture a product from reclaimed material. In all other respects, the allowance and effect of the tax credit apply to the corporation as otherwise provided by law. *(Terminates December 31, 1995—sec. 9, Ch. 712, L. 1991.)* "

Section 4. Section 15-32-610, MCA, is amended to read:

"**15-32-610.** *(Temporary)* **Deduction for purchase of recycled material.** In addition to all other deductions from adjusted gross individual income allowed in computing taxable income under Title 15, chapter 30, or from gross corporate income allowed in computing net income under Title 15, chapter 31, part 1, a taxpayer may deduct an additional amount equal to ~~5%~~ *10%* of the taxpayer's expenditures for the purchase of recycled material that was otherwise deductible by the taxpayer as business-related expense in Montana. *(Terminates December 31, 1995—sec. 9, Ch. 712, L. 1991.)* "

Section 5. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 15, chapter 32, part 6, and the provisions of Title 15, chapter 32, part 6, apply to [section 2].

Section 6. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in classes four and eleven is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four or class eleven property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4);

(j) levies authorized under 7-6-502 for juvenile detention programs; ~~and~~

(k) levies authorized under [section 1] and [section 2] for conservation district special administrative assessments; and

~~(k)~~*(l)* elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support:

(i) a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(ii) county, city, or town ambulance services authorized by a vote of the electorate under 7-34-102(2).

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 7. **Codification instruction.** [Sections 1 and 2] are intended to be codified as an integral part of Title 76, chapter 15, part 5, and the provisions of Title 76, chapter 15, part 5, apply to [sections 1 and 2].

Section 8. **Effective date.** [This act] is effective July 1, 1993.

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds otherwise allocated to the regional nonprofit tourism corporation may be used by the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials.

Section 2. **Department to maintain parks from allocation of lodging facility use tax revenue.** The department shall use the funds provided under 15-65-121(1)(c) for the maintenance of state parks that have both resident and nonresident tourist usage. The department shall by July 1 of each year report to the tourism advisory council on the identity and status of all contracts or activities funded pursuant to this section.

STATEMENT OF INTENT

A statement of intent is required for this bill because it authorizes the department of corrections and human services to adopt rules concerning the granting of good time to inmates when the population of an institution reaches capacity and providing that individuals within the corrections system pay for services. It is the intent of the legislature that rules adopted by the department to grant good time to inmates when the capacity of an institution is exceeded be primarily based upon proximity to parole eligibility or discharge but also take into consideration factors such as behavior, attitude, and criminal history.

The rules adopted to manage the Montana state hospital population must take into account the facilities, the personnel available at the hospital, emergency access to services, public and individual safety, active treatment of patients, discharge planning of patients, and access to community-based services. The department is directed to involve consumers, family members of consumers, mental health advocates, mental health providers, law enforcement officials, and other governmental officials in the development of the administrative rules authorized by this bill.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Use of cigarette tax.** The revenue allocated to the department of corrections and human services from revenue deposited under 16-11-119 must be used to support the operation and maintenance of the Montana veterans' homes.

"**10-2-416. "**15-35-102. Definitions.** As used in this chapter, the following definitions apply:

(1) "Agreement" means a signed contract that is valid under Montana law between a coal mine operator and a purchaser or broker for the sale of coal that is produced in Montana.

(2) (a) "Base consumption level" for a purchaser, except as provided in subsection (2)(b), applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:

(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or

(ii) the greater of:

(A) the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or

(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.

(b) If the volume calculated in subsection (2)(a)(i) is less than one-third of the volume calculated in subsection (2)(a)(ii), the base consumption level is the volume calculated in subsection (2)(a)(ii).

(3) (a) Except as provided in subsection (3)(b), "base production level" for a coal mine operator applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:

(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or

(ii) the volume of coal produced in Montana and sold to a purchaser in 1986.

(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the amount calculated in subsection (3)(a)(i).

(4) "Broker" means any person who resells Montana coal.

(5) "Contract sales price" means either the price of coal extracted and prepared for shipment f.o.b. mine, excluding that amount charged by the seller to pay taxes paid on production, or a price imputed by the department under 15-35-107. Contract sales price includes all royalties paid on production, no matter how such royalties are calculated. However, with respect to royalties paid to the government of the United States, the state of Montana, or a federally recognized Indian tribe, the contract sales price includes only:

(a) for quarterly periods ending on and after September 30, 1984, 15 cents per ton plus 75% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid;

(b) for quarterly periods ending on and after September 30, 1985, 15 cents per ton plus 50% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid;

(c) for quarterly periods ending on and after September 30, 1986, 15 cents per ton plus 25% of the difference between 15 cents per ton and the amount of such federal, state, and tribal government royalties actually paid; and

(d) for quarterly periods ending on and after September 30, 1987, 15 cents per ton.

(6) "Department" means the department of revenue.

(7) "Energy conversion process" includes any process by which coal in the solid state is transformed into slurry, gas, electric energy, or any other form of energy.

(8) "Extended depth auger method" means a method of mining that penetrates a coal deposit and removes the coal through a series of circular openings with bored shafts averaging at least 300 feet in depth.

~~(8)~~*(9)* "Incremental production" means that quantity of coal produced annually by a coal mine operator and sold to a qualified purchaser that exceeds the base production level of the coal mine operator for that purchaser, but only to the extent the quantity of coal exceeds that purchaser's base consumption level from all Montana producers.

~~(9)~~*(10)* "Produced" means severed from the earth.

~~(10)~~*(11)* "Purchaser" means a person who purchases or contracts to purchase Montana coal directly from a coal mine operator or indirectly from a broker and who utilizes that coal in any industrial, commercial, or energy conversion process. A coal broker or any other third party intermediary is not a purchaser under the provisions of this chapter.

~~(11)~~*(12)* "Qualified purchaser" means a purchaser whose purchases of Montana coal in any given year exceed ~~his~~ *the purchaser's* base consumption level. A purchaser of Montana coal who enters into a coal agreement with another purchaser or a broker that causes a reduction in the base consumption level of a purchaser is not a qualified purchaser.

~~(12)~~*(13)* "Strip mining" is defined in 82-4-203 and includes "surface mining" *but does not include the extended depth auger method of mining.*

~~(13)~~*(14)* "Taxes paid on production" includes any tax paid to the federal, state, or local governments upon the quantity of coal produced as a function of either the volume or the value of production and does not include any tax upon the value of mining equipment, machinery, or buildings and lands, any tax upon a person's net income derived in whole or in part from the sale of coal, or any license fee.

~~(14)~~*(15)* "Ton" means 2,000 pounds.

~~(15)~~*(16)* "Underground mining" means a coal mining method utilizing shafts and tunnels and as further defined in 82-4-203."

CHAPTER NO. 583

[SB 87]

AN ACT PROVIDING SPECIFIC PROCEDURES FOR THE SPECIAL ELECTION ON SENATE BILL NO. 235; PROVIDING THAT THE PROVISIONS OF TITLE 13, CHAPTER 27, MCA, AND CERTAIN OTHER LAWS RELATING TO ELECTIONS DO NOT APPLY TO THE SPECIAL ELECTION; PROVIDING FOR THE PURCHASE OF PRINTING AND DISTRIBUTION SERVICES AND MATERIALS ASSOCIATED WITH THE PRINTING AND DISTRIBUTION OF A VOTER INFORMATION PAMPHLET AND BALLOTS FOR THE SPECIAL ELECTION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Suspension of election laws — purpose — notice.** (1) Due to the severity of Montana's fiscal problems and due to the need to deal with comprehensive tax reform as soon as possible, the legislature and the governor find that it is in the best interests of the citizens of the state of Montana to conduct a special election on the question of whether or not comprehensive tax reform, as represented by Senate Bill No. 235, should be adopted. The legislature and the governor also find that statutes covering ballot measures and the election on ballot measures, generally found in Title 13, chapter 27, are insufficient to accommodate the pressing need to dispose of the question of comprehensive tax reform. Consequently, procedures expediting the election, specified in [sections 1 through 19], are enacted to protect and further the interests of the electorate and Montana's citizens.

(2) For purposes of the special election to be held on Senate Bill No. 235:

(a) the provisions of 13-1-108, 13-2-301(1)(b), 13-12-201, 13-13-205, and Title 13, chapter 27, do not apply;

(b) notice of the special election must be published at least once a week for the 2 successive weeks before the election on radio or television as provided in 2-3-105 through 2-3-107 or in a newspaper of general circulation in the jurisdiction where the election will be held; and

(c) the secretary of state shall publish a notice specifying the day registration will close in a newspaper of general circulation in each county at least 1 week before the close of registration.

Section 2. **Procedures for special election.** (1) For the special election required in Senate Bill No. 235, the procedures set forth in [sections 1 through 19] apply.

(2) In [sections 1 through 19], wherever the word "ballot issue", "issue", "ballot measure", "ballot form", or "ballot" appears, the word applies to Senate Bill No. 235.

Section 3. **Transmittal of ballot issue to attorney general.** (1) The secretary of state shall transmit a copy of the ballot issue and a copy of the form in which the issue will appear on the ballot to the attorney general no later than 40 days before the election at which the issue will be voted on by the people.

(2) If the ballot form is not approved by the attorney general pursuant to [section 5], the secretary of state shall immediately submit a new ballot form to the attorney general.

Section 4. **Review by attorney general — preparation of statements — fiscal note.** (1) Upon receipt of a ballot issue from the office of the secretary of state pursuant to [section 3], the attorney general shall examine the issue as to form and, if it has an effect on the revenue, expenditures, or fiscal liability of the state, shall order a fiscal note incorporating an estimate of the effect, the substance of which must substantially comply with the provisions of 5-4-205. The budget director, in cooperation with the agency or agencies affected or knowledgeable, is responsible for preparing the fiscal note and shall return it within 2 days. If a fiscal note was prepared for the issue for consideration by the 53rd Montana legislature, the secretary of state shall provide to the attorney general the fiscal note prepared for the legislature at the same time the ballot issue is transmitted and the budget director need not prepare a new fiscal note.

(2) The attorney general shall endeavor to seek out parties on both sides of the issue and obtain their advice. The attorney general, within 3 days of receipt of the ballot issue, shall prepare:

(a) a statement, not to exceed 100 words, explaining the purpose of the measure; and

(b) statements, not to exceed 25 words each, explaining the implications of a vote for and a vote against the measure.

(3) Within 3 days of receipt of a fiscal note, if one is necessary, the attorney general shall prepare a fiscal statement of no more than 50 words, using the fiscal note prepared for the ballot issue if one was prepared. The statement must be used on the ballot.

(4) The statement of purpose and the statements of implication must express the true and impartial explanation of the ballot issue in plain, easily understood language and may not be arguments or written so as to create prejudice for or against the measure. The statement of purpose, statements of implication, and fiscal statement must be transmitted to the secretary of state no later than 1 day following completion of the statements.

(5) The statement of purpose, unless altered by a court under [section 6], shall appear on the ballot in addition to the language included in Senate Bill No. 235.

(6) The statements of implication must be placed beside the diagram provided for marking of the ballot in a manner similar to but not limited to the following example:

☐ FOR extending the right to vote to persons 18 years of age.

☐ AGAINST extending the right to vote to persons 18 years of age.

Section 5. **Review of ballot form by attorney general.** The attorney general shall examine the ballot form submitted pursuant to [section 3] and within 2 days of receipt of the ballot form shall notify the secretary of state of approval or rejection of the ballot form. If the ballot form is rejected, the attorney general shall approve or reject a new ballot form submitted by the secretary of state pursuant to [section 3] within 1 day of receiving the new form.

Section 6. **Court review of attorney general statements.** (1) If a majority of the 53rd Montana legislature, by roll call vote, believes that the statement of purpose, a statement of implication of a vote, or the fiscal statement formulated by the attorney general pursuant to [section 4] does not satisfy the requirements of [section 4], a representative of the majority may, within 2 days of the roll call vote, file an action in the district court in and for the county of Lewis and Clark challenging the adequacy of the statement and requesting the court to alter the statement.

(2) On the same day on which an action is filed under subsection (1), the person filing the action shall serve notice of the action upon the secretary of state and upon the attorney general.

(3) An action filed under subsection (1) takes precedence over all other cases and matters in the district court. The court shall examine the proposed measure and the challenged statement and shall as soon as possible render a decision and certify to the secretary of state a statement that the court determines will meet the requirements of [section 4].

(4) A statement certified by the court must be placed on the official ballot.

(5) A copy of the statement certified by the court, in final form, must be filed in the office of the secretary of state by the person filing the action.

(6) A party may appeal the order of the district court to the Montana supreme court by filing a notice of appeal within 2 days of the date of the order of the district court.

(7) An action filed under subsection (6) takes precedence over all other cases and matters in the Montana supreme court. The court shall examine the proposed measure and the challenged statement and shall as soon as possible render a decision and certify to the secretary of state a statement that the court determines will meet the requirements of [section 4]. A decision by the supreme court is final.

(8) A statement certified by the supreme court must be placed on the official ballot.

(9) A copy of the statement certified by the supreme court, in final form, must be filed in the office of the secretary of state by the person filing the action.

Section 7. **Voter information pamphlet.** (1) The secretary of state shall prepare for printing a voter information pamphlet containing the following information for the ballot issue to be voted on at the June 8, 1993, special election, as applicable:

(a) ballot title, fiscal statement, if applicable, and complete text of the issue;

(b) the form in which the issue will appear on the ballot;

(c) arguments advocating approval and rejection of the issue; and

(d) rebuttal arguments.

(2) The pamphlet must also contain a notice advising the recipient as to where additional copies of the pamphlet may be obtained.

(3) The secretary of state may publish a single pamphlet for all of the ballot issues to be voted on at the June 8, 1993, special election. The secretary of state may arrange the information in the order that seems most appropriate, but the information for all issues in the pamphlet must be presented in the same order.

Section 8. **Committees to prepare arguments for and against ballot issue.** (1) The arguments advocating approval or rejection of a ballot issue and rebuttal arguments must be submitted to the secretary of state by committees appointed as provided in this section.

(2) (a) Within 3 days following adoption by the legislature of Senate Bill No. 235, a committee advocating the approval of the ballot issue must be appointed. CHAPTER NO. 584

[SB 121]

AN ACT AMENDING THE NURSING PRACTICE ACT; PROVIDING DEFINITIONS; AUTHORIZING REGISTERED PROFESSIONAL NURSES AND LICENSED PRACTICAL NURSES TO TAKE ORDERS FROM AN ADVANCED PRACTICE REGISTERED NURSE WHO HAS PRESCRIPTIVE AUTHORITY; AUTHORIZING THE BOARD OF NURSING TO ADOPT RULES FOR DELEGATION OF NURSING TASKS TO UNLICENSED PERSONS; CHANGING THE TITLE OF THE BOARD SECRETARY TO EXECUTIVE DIRECTOR; PROVIDING FOR TERMINATION OF LICENSES THAT

HAVE NOT BEEN RENEWED FOR 3 YEARS; AND AMENDING SECTIONS 37-8-102, 37-8-103, 37-8-202, AND 37-8-204, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because it delegates to the board of nursing the authority to adopt rules regarding the delegation of nursing tasks to unlicensed persons.

The legislature intends that the board of nursing adopt rules that would regulate the situations in which a licensed nurse may delegate tasks to an unlicensed person. This rulemaking authority is necessary in order to distinguish between situations in the nursing practice when it is appropriate to delegate tasks, on the one hand, and situations when delegation is inappropriate due to the nature of the task under consideration. It is not intended that the board of nursing regulate the unlicensed individuals themselves.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-8-102, MCA, is amended to read:

"**37-8-102. Definitions.** Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Advanced practice registered nurse" means a registered professional nurse who has completed educational requirements related to the nurse's specific practice role, in addition to basic nursing education, as specified by the board pursuant to 37-8-202(5)(a).

~~(1)~~*(2)* "Board" means the board of nursing provided for in 2-15-1844.

~~(2)~~*(3)* "Department" means the department of commerce provided for in Title 2, chapter 15, part 18.

~~(3)~~*(4)* "Nursing education program" means any board-approved school that prepares graduates for initial licensure under this chapter. Nursing education programs for:

(a) professional nursing may be a department, school, division, or other administrative unit in a senior or junior college or university;

(b) practical nursing may be a department, school, division, or other administrative unit in a vocational-technical center or junior college.

~~(4)~~*(5)* "Practice of nursing" embraces two classes of nursing service and activity, as follows:

(a) "Practice of practical nursing" means the performance for compensation of services requiring basic knowledge of the biological, physical, behavioral, psychological, and sociological sciences and of nursing procedures. Practical nursing practice utilizes standardized procedures in the observation and care of the ill, injured, and infirm; in the maintenance of health; in action to safeguard life and health; and in the administration of medications and treatments prescribed by a physician, *advanced practice registered nurse,* dentist, osteopath, or podiatrist authorized by state law to prescribe medications and treatments. These services are performed under the supervision of a registered nurse or a physician, dentist, osteopath, or podiatrist authorized by state law to prescribe medications and treatments.

(b) "Practice of professional nursing" means the performance for compensation of services requiring substantial specialized knowledge of the biological, physical, behavioral, psychological, and sociological sciences and of nursing theory as a basis for the nursing process. The nursing process is the assessment, nursing analysis, planning, nursing intervention, and evaluation in the promotion and maintenance of health; the prevention, casefinding, and management of illness, injury, or infirmity; and the restoration of optimum function. The term also includes administration, teaching, counseling, supervision, delegation, and evaluation of nursing practice and the administration of medications and treatments prescribed by physicians, *advanced practice registered nurses,* dentists, osteopaths, or podiatrists authorized by state law to prescribe medications and treatments. Each registered nurse is directly accountable and responsible to the consumer for the quality of nursing care rendered. As used in this subsection ~~(4)(b)~~ *(5)(b)*:

(i) "nursing analysis" is the identification of those client problems for which nursing care is indicated and may include referral to medical or community resources;

(ii) "nursing intervention" is the implementation of a plan of nursing care necessary to accomplish defined goals."

Section 2. Section 37-8-103, MCA, is amended to read:

"**37-8-103. Exemptions — limitations on authority conferred.** (1) No provisions of this law may be construed as prohibiting:

(a) gratuitous nursing by friends or members of the family;

(b) incidental care of the sick by domestic servants or persons primarily employed as housekeepers;

(c) nursing assistance in the case of an emergency;

(d) the practice of nursing by students enrolled in approved nursing education programs;

(e) the practice of nursing in this state by any legally qualified nurse of another state whose engagement requires the nurse to accompany and care for a patient temporarily residing in this state during the period of one such engagement not to exceed 6 months in length, provided that person does not represent ~~or hold herself or himself out to be~~ *to the public that the person is* a nurse licensed to practice in this state;

(f) the practice of any legally qualified nurse of another state who is employed by the United States government or any bureau, division, or agency thereof while in the discharge of that nurse's official duties;

(g) nursing or care of the sick, with or without compensation, when done in connection with the practice of the religious tenets of any well-established religion or denomination by adherents thereof;

(h) nursing or care of a minor who is in the care of a licensed foster parent, to the same extent such care may be provided by a parent or guardian; ~~and~~

(i) the execution of a death sentence pursuant to 46-19-103*; and*

(j) nursing tasks delegated by licensed nurses to unlicensed persons according to rules adopted by the board.

(2) This chapter may not be construed as conferring any authority to practice medicine, surgery, or any combination thereof; to confer any authority to practice any of the healing arts prescribed by law to be practiced in the state of Montana; or to permit any person to undertake the treatment of disease by any of the methods employed in those arts unless the licensee has been qualified under the applicable law or laws licensing the practice of those professions or healing arts in the state of Montana."

Section 3. Section 37-8-202, MCA, is amended to read:

"**37-8-202. Organization — meetings — powers and duties.** (1) The board shall meet annually and shall elect from among the nine members a president and a secretary. The board shall hold other meetings when necessary to transact its business. A majority of the board constitutes a quorum at any meeting. The department shall keep complete minutes and records of the meetings and rules and orders promulgated by the board.

(2) The board may make rules necessary to administer this chapter. The board shall prescribe standards for schools preparing persons for registration and licensure under this chapter. It shall provide for surveys of schools at times it considers necessary. It shall approve programs that meet the requirements of this chapter and of the board. The department shall, subject to 37-1-101, examine and issue to and renew licenses of qualified applicants. The board shall conduct hearings on charges that may call for discipline of a licensee, revocation of a license, or removal of schools of nursing from the approved list. It shall cause the prosecution of persons violating this chapter and may incur necessary expenses for prosecutions.

(3) The board may adopt and the department shall publish forms for use by applicants and others, including license, certificate, and identity forms and other appropriate forms and publications convenient for the proper administration of this chapter. The board may fix reasonable fees for incidental services, within the subject matter delegated by this chapter.

(4) The board may participate in and pay fees to a national organization of state boards of nursing to ensure interstate endorsement of licenses.

(5) (a) The board may define the educational requirements and other qualifications applicable to ~~specialty areas of nursing~~ *advanced practice registered nurses.* ~~Specialty areas of nursing~~ *Advanced practice registered nurses* are ~~those that require~~ *nurses who must have* additional professional education beyond the basic nursing degree required of a registered nurse. Additional education must be obtained in courses offered in a university setting or its equivalent. The applicant must be certified by a ~~specialty area~~ certifying body *for advanced practice registered nurses.* ~~Specialty areas of nursing~~ *Advanced practice registered nurses* include nurse practitioners, nurse-midwives, ~~and~~ nurse-anesthetists, *and clinical nurse specialists.*

(b) The board of nursing and the board of medical examiners, acting jointly, shall adopt rules regarding authorization for prescriptive authority of nurse specialists. If considered appropriate for a nurse specialist who applies to the board for authorization, prescriptive authority must be granted.

(6) The board shall establish a program to assist licensed nurses who are found to be physically or mentally impaired by habitual intemperance or the excessive use of narcotic drugs, alcohol, or any other drug or substance. The program must provide assistance to licensees in seeking treatment for substance abuse and monitor their efforts toward rehabilitation. For purposes of funding this program, the board shall adjust the license fee provided for in 37-8-431 commensurate with the cost of the program.

(7) The board may adopt rules for delegation of nursing tasks by licensed nurses to unlicensed persons.

(8) The board may fund additional staff, hired by the department, to administer the provisions of this chapter."

Section 4. Section 37-8-204, MCA, is amended to read:

"**37-8-204.** ~~**Qualifications of secretary.**~~ ***Executive director — qualifications.*** ~~Any secretary hired by the department~~ *(1) The department shall hire an executive director* to provide services to the board in connection with the board's duties of*:*

"**77-6-205. Renewal leases.** (1) A lessee of state land classed as agricultural, grazing, town lot, city lot, or land valuable for commercial development who has paid all rentals due ~~from him to~~ the state or who has voluntarily terminated a lease under 77-6-116 is entitled to have ~~his~~ *the* lease renewed for a period not to exceed the maximum lease period provided in 77-6-109 at any time within 30 days prior to its expiration or within 30 days following voluntary termination if no other applications for lease of the land have been received 30 days prior to the expiration of ~~his~~ *the* lease or within 30 days following voluntary termination. The request must contain a statement of reasons why the lessee believes the bid not to be in the state's best interest. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the bid may not be in the state's best interests. The board may, after the hearing, reduce the rental from the amount bid if the

lessee shows that the bid is not in the best interest of the state because it is above community standards for a lease of the land, would cause damage to the tract, or would impair its long-term productivity. If the board reduces the bid, it shall set forth its findings and conclusions in writing and inform the lessee and competitive bidder of the reduction. It is the duty of the board to secure the best lessees possible, so that the state may receive the maximum return possible with the least injury occurring to the land.

(3) A renewal lease may be canceled pursuant to 77-6-113, 77-6-208, 77-6-209, or 77-6-210 for a violation by the lessee that occurred during the previous lease term but no more than 3 years prior to the date on which the notice of cancellation required by 77-6-211 is issued. Section 7. Section 77-6-306, MCA, is amended to read:

"**77-6-306. Arbitrators to fix value of improvements.** (1) If the owner of any improvements on state lands of the type authorized by law at the time they were placed ~~thereon~~ *on state lands* desires to sell these improvements to the new lessee and they are unable to agree on the value ~~thereof~~ *of the improvements pursuant to 77-6-302,* the value ~~shall~~ *must* be ascertained and fixed by three arbitrators, one of whom ~~shall be~~ *is* appointed by the owner of the improvements, one by the new lessee, and the third by the two arbitrators so appointed. CHAPTER NO. 590

[SB 118]

AN ACT CHANGING THE LICENSING CATEGORIES AND CONDITIONS FOR PERSONAL-CARE FACILITIES; ELIMINATING PERSONAL-CARE FACILITIES FROM CERTIFICATE OF NEED REQUIREMENTS; PROHIBITING SUPPLEMENTARY PAYMENTS FOR RESIDENTS OF CERTAIN PERSONAL-CARE FACILITIES; PROHIBITING MEDICAID PAYMENT TO PERSONAL-CARE FACILITIES; AMENDING SECTIONS 50-5-101, 50-5-226, 50-5-227, 50-5-301, 52-1-104, AND 53-6-101, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because 50-5-226 requires the department of health and environmental sciences to adopt standards governing personal-care facilities and because 50-5-227 requires the department to adopt rules implementing two categories of personal-care facilities.

The legislature intends that the standards to be adopted under 50-5-226 involve only those basic aspects of care that are not already part of local ordinances and that the rules do not overregulate or require more than absolutely necessary for the safety of the residents because, in many instances, the facilities in which residents will live are the homes of those persons managing them.

The legislature recognizes a preference by many senior citizens and their relatives for seniors to live in a home setting in a private home or residence rather than in a nursing home. The legislature further recognizes that there are a number of persons in this state who are willing to care for seniors in their own homes or in homes operated by them in which the home setting is preserved. The legislature further recognizes that the quality of care given in these homes or residences may be preferable under many circumstances because the patient-to-staff ratio is considerably lower than in a nursing home and the home setting avoids the institutional atmosphere and associated problems.

Finally, the legislature recognizes that these homes can be considerably less expensive than nursing homes. Therefore, the legislature specifically finds that the use of private homes or residences in which the home setting is preserved is to be recognized as the preferred treatment for all persons who can receive adequate care in such a facility.

CHAPTER NO. 593

[SB 378]

AN ACT ELIMINATING CERTAIN DEDICATIONS OF REVENUE; PROVIDING FOR THE REVIEW AND FUTURE ELIMINATION OF SPECIAL REVENUE ACCOUNTS AND STATUTORY APPROPRIATIONS; PROVIDING THAT APPROPRIATIONS FROM FORMER SPECIAL REVENUE ACCOUNTS ARE FROM THE GENERAL FUND; AMENDING SECTIONS 15-1-501, 20-9-343, AND 31-1-602, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings.** (1) The legislature finds that provisions for dedicating state revenue have increased in number, reduce legislative control over state spending, complicate the state funding structure, and increase the effort required to budget, appropriate, and monitor public funds. The dedication of funds results in the inability of the legislature to practically and systematically conduct reasoned prioritization of programs or funds.

(2) It is the intent of the legislature, by establishing a system for the review and evaluation of revenue dedication provisions, to ensure that provisions for revenue dedication:

(a) are based on sound principles of revenue dedication;

(b) reflect present circumstances and legislative priorities for state spending; and

(c) are terminated when they no longer are necessary or appropriate.

Section 2. **Definitions.** As used in [sections 1 through 6], unless the context requires otherwise, the following definitions apply:

(1) "Dedicated revenue provision" means an administrative or legislative action that allocates the revenue from a tax, fee, assessment, or other source to an account in the state special revenue fund.

(2) "State special revenue fund" means a fund in the state treasury consisting of money from state sources that is earmarked for the purposes of defraying particular costs of an agency, program, or function of state government, as provided in 17-2-102.

Section 3. **Transfer of fund balances to general fund.** On [the effective date of this act], the balance remaining in each special revenue account terminated pursuant to legislative review must be deposited in the general fund.

Section 4. **Effect of termination.** (1) If the legislature has appropriated the revenue from an account provided for in [sections 7 through 9], the appropriation is considered to have been made from the general fund.

(2) All assets, liabilities, and fund balances of accounts terminated by [sections 7 through 9] accrue to the general fund.

Section 5. **Legislative review and report.** (1) Each interim, the legislative finance committee shall review each dedicated revenue provision not exempted under subsection (3) and review statutory appropriations assigned by the legislature.

(2) The review conducted by the committee must include an evaluation of the dedicated revenue provision, based on whether it:

(a) provides direct benefits for those who pay the dedicated tax, fee, or assessment;

(b) provides special information or other advantages that could not be obtained if the revenue were allocated to the general fund;

(c) provides program funding at a level equivalent to the expenditures established by the legislature;

(d) involves collection and allocation formulas that are appropriate to the present circumstances in state government;

(e) impairs the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending;

(f) results in an inappropriate ending fund balance;

(g) fulfills a continuing, legislatively recognized need; and

(h) results in accounting or auditing inefficiency.

(3) The committee shall establish procedures to facilitate the review and evaluation required by this section. Each interim, the committee shall attempt to propose measures that will reduce dedicated revenue to an amount that is less than one-third of all state revenue. If the review determines that the revenue dedication is constitutionally mandated, is for debt service, funds emergency services, or is a user fee that is designed to provide direct benefits for those who pay the dedicated tax, fee, or assessment in an amount commensurate with the benefits provided, the revenue dedication does not need a future review.

(4) Upon completion of the review, the committee shall report a summary of its findings to the legislature, including its recommendation of termination or extension, with or without modification, of the dedicated revenue provision. The summary must include the purpose of the revenue dedication, the source of funding, the activity funded, the number of personnel associated with the activity, and any balance in the dedicated revenue fund. The summary must state the reason why the revenue dedication is exempt from future review.

(5) 'The committee shall review statutory appropriations to determine if the appropriation should be made by a legislative appropriation. During the 1995

biennium, the committee shall review the statutory appropriation of administrative costs in 75-11-313.

Section 6. **Review of legislation.** The office of budget and program planning shall, consistent with the review provisions in [section 5], review each piece of legislation that proposes to dedicate revenue. The office shall submit its findings concerning the dedication of revenue on the fiscal notes accompanying that legislation.

Section 7. Section 15-1-501, MCA, is amended to read:

"**15-1-501.** *(Temporary)* **Disposition of money from certain designated license and other taxes.** (1) The state treasurer shall deposit to the credit of the state general fund all money received ~~by him~~ from the collection of:

CHAPTER NO. 594

[SB 379]

AN ACT SIMPLIFYING TAX APPEAL PROCEDURES BEFORE THE STATE TAX APPEAL BOARD; AMENDING SECTIONS 15-1-402, 15-1-406, 15-1-408, 15-2-301, 15-2-302, 15-2-303, 15-2-306, 15-7-102, AND 15-15-101, MCA; AND REPEALING SECTIONS 15-2-307, 15-2-308, 15-2-309, AND 15-2-310, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"**15-1-402. Payment of taxes under protest ~~— action to recover.~~** (1) The person upon whom a *property* tax or ~~license~~ fee is being imposed *under this title* may ~~proceed under 15-1-406 or may~~, before the *property* tax or ~~license~~ fee becomes delinquent, pay under written protest that portion of the *property* tax or ~~license~~ fee protested. The *protested* payment must:

(a) be made to the officer designated and authorized to collect it;

(b) specify the grounds of protest; and

(c) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which ~~grounds~~ may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(2) ~~After having exhausted the administrative appeals available under Title 15, chapters 2 and 15, a person or his legal representative may bring an action in any court of competent jurisdiction against the officers to whom said tax or license fee was paid or against the county or municipality in whose behalf the same was collected and the department of revenue.~~ *A person appealing a property tax or fee pursuant to chapter 2 or 15 shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.*

~~(3) Both the officers to whom the tax or license fee was paid or the county or municipality in whose behalf the same was collected and the department of revenue must be served with timely summons and complaint within the time prescribed.~~

~~(4) An action instituted to recover any such portions of tax or license fee paid under protest must be commenced and summons timely served within 60 days after the date of the final decision of the state tax appeal board.~~

~~(5)~~*(3)* If a protested *property* tax or ~~license~~ fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and ~~no~~ *an* action or suit need *not* be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying ~~such~~ *the* subsequent installment to have ~~the same~~ *it* or any part ~~thereof~~ *of it* refunded to ~~him~~ *the party* or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

~~(6)~~*(4)* All *property* taxes and ~~license~~ fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover ~~the same~~ *the taxes and fees* unless *they are* released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection ~~(7)~~ *(5)*. ~~Nothing contained herein prohibits~~ *This section does not prohibit* the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

~~(7)~~*(5)* The governing board of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

~~(8)~~*(6)* (a) If ~~no~~ action *before the county tax appeal board, state tax appeal board, or district court* is *not* commenced within the time ~~herein~~ specified or if ~~such~~ *the* action is commenced and finally determined in favor of the *department of revenue,* county, ~~or~~ municipality, or treasurer ~~thereof~~ *of the county or the municipality,* the amount of the protested portions of the *property* tax or ~~license~~ fee must be taken from the protest fund and deposited to the credit of the fund or funds to which the ~~same~~ property *tax* belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged the local government units.

(b) If ~~such~~ *the* action is finally determined adversely to *the department of revenue,* a county, ~~or~~ *a* municipality, or the treasurer ~~thereof~~ *of a county or a municipality,* then the treasurer shall, upon receiving a certified copy of the final judgment in ~~said~~ *the* action from the state tax appeal board~~;~~ or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor ~~such~~ *the* judgment is rendered the amount of ~~such~~ *the* protested portions of the *property* tax or ~~license~~ fee deposited in the protest fund, and not released pursuant to subsection ~~(7)~~ *(5),* as the person holding ~~such~~ *the* judgment is entitled to recover, together with interest ~~thereon~~ from the date of payment under protest, at the greater of:

(i) the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicable period; or

(ii) 6% a year.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then interest owed, and lastly to costs.

(d) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible.

(e) In satisfying the requirements of subsection ~~(8)(d)~~ *(6)(d),* the taxing jurisdiction is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the greater of the rates referred to in subsections ~~(8)(b)(i)~~ *(6)(b)(i)* and ~~(8)(b)(ii)~~ *(6)(b)(ii)* from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus four percentage points, from the date of final resolution of the protest until refund is made.

~~(9)~~*(7)* A taxing jurisdiction may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund, except that amount generated by the all-purpose mill levy, or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is ~~hereby~~ authorized to issue ~~such~~ *the* bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds."

Section 2. Section 15-1-406, MCA, is amended to read:

"**15-1-406. ~~Alternative remedy — declaratory~~ *Declaratory* judgment.** (1) An aggrieved taxpayer may~~, in lieu of proceeding under 15-1-402 or 15-1-211,~~ bring a declaratory judgment action in the district court seeking a declaration that*:*

(a) an administrative rule or method or procedure of assessment or imposition of tax adopted or used by the department of revenue is illegal or improper; or

(b) a tax ~~levied~~ *authorized* by the state or one of its subdivisions was illegally or unlawfully imposed or exceeded the taxing authority of the entity imposing the tax.

(2) The action must be brought within 90 days of the ~~imposition of the tax~~ *date the notice of the tax due was sent to the taxpayer or, in the case of an assessment covered by the uniform tax review procedure set forth in 15-1-211, within 90 days of the date of the department director's final decision.* The court shall consolidate all actions brought under subsection (1) ~~which~~ *that* challenge the same tax ~~levy~~. The decision of the court ~~shall apply~~ *applies* to all similarly situated taxpayers except those taxpayers who are excluded under 15-1-407.

(3) The taxes that are being challenged under this section must be paid when due as a condition of continuing the action. *Property taxes may be paid under protest as provided in 15-1-402.*

(4) The remedy authorized by this section may not be used to challenge the:

(a) market value of property under a property tax unless the challenge is to the legality of a particular methodology that is being applied to similarly situated taxpayers; or

(b) legality of a tax other than a property tax, inheritance tax, or estate tax unless the review pursuant to 15-1-211 has been completed.

(5) The remedy authorized by this section is the exclusive method of obtaining a declaratory judgment concerning a tax authorized by the state or one of its subdivisions. The remedy authorized by this section supersedes the Uniform

Declaratory Judgments Act established in Title 27, chapter 8. This section does not affect actions for declaratory judgments under 2-4-506."

Section 3. Section 15-1-408, MCA, is amended to read:

"**15-1-408. Alternative remedy — judgment.** If the district court determines that the tax was illegally or unlawfully imposed or exceeded the taxing authority of the entity imposing the tax, the judgment may direct:

(1) that the revenue collected under the illegal tax be directly refunded to the taxpayers who have paid the illegal tax and who have not been excluded from the action;

(2) that the revenue collected under the illegal tax be used to reduce a similar levy in the ensuing tax year; ~~or~~

(3) *that the assessment be changed for the taxpayer or taxpayers who brought the action as well as for all similarly situated taxpayers; or*

(4) ~~such~~ *any* other remedy as the court considers appropriate."

Section 4. Section 15-2-301, MCA, is amended to read:

The notice must specify the action complained of and the reasons assigned for the complaint. Notice of acceptance of an appeal must be given to the county tax appeal board by the state tax appeal board. The board shall give to the appellant and to the respondent at least 15 calendar days' notice of the time and place of the hearing.

(2) At the time of giving notice of acceptance of an appeal, the state board may require the county board to certify to it the minutes of the proceedings resulting in the action and all testimony taken in connection with its proceedings. The state board may, in its discretion, determine the appeal on the record if all parties receive a copy of the transcript and are permitted to submit additional sworn statements, or the state board may hear further testimony. For the purpose of expediting its work, the state board may refer any appeal to one of its members or to a designated hearing officer. The board member or hearing officer may exercise all the powers of the board in conducting a hearing and shall, as soon as possible after the hearing, report the proceedings, together with a transcript or a tape recording of the hearing, to the board. The state board shall determine the appeal on the record.

(3) On all hearings at county seats throughout the state, the state board or the member or hearing officer designated to conduct a hearing may employ the local court reporter or other competent stenographer to take and transcribe the

(4) In connection with any appeal under this section, the state board is not bound by common law and statutory rules of evidence or rules of discovery and may affirm, reverse, or modify any decision. ~~The decision of the state tax appeal board is final and binding upon all interested parties unless reversed or modified by judicial review.~~ To the extent this section is in conflict with the Montana Administrative Procedure Act, this section supersedes that act. The state tax appeal board may not amend or repeal any administrative rule of the department. The state tax appeal board shall give an administrative rule full effect unless the board finds a rule arbitrary, capricious, or otherwise unlawful.

(5) The decision of the state tax appeal board is final and binding upon all interested parties unless reversed or modified by judicial review. Proceedings for judicial review of a decision of the state tax appeal board under this section are subject to the provisions of 15-2-303 and the Montana Administrative Procedure Act to the extent that it does not conflict with 15-2-303."

CHAPTER NO. 595

[SB 401]

AN ACT AMENDING THE WATER QUALITY LAWS; DEFINING "DEGRADATION" AND CERTAIN OTHER TERMS; TRANSFERRING AUTHORITY FROM THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES TO THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO AUTHORIZE DEGRADATION OF STATE WATERS; ALLOWING APPEAL OF THE DEPARTMENT'S FINAL DECISION TO THE BOARD; REQUIRING THE BOARD TO ADOPT RULES REGARDING MIXING ZONES AND THE NONDEGRADATION POLICY; CLARIFYING THAT IT IS UNLAWFUL TO CAUSE DEGRADATION OF STATE WATERS WITHOUT AUTHORIZATION; ESTABLISHING FEES; AMENDING SECTIONS 75-5-103, 75-5-301, 75-5-303, AND 75-5-605, MCA; AND PROVIDING AN APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill requires the board of health and environmental sciences to adopt administrative rules. The legislature clearly intends that the nondegradation policy protect and maintain existing quality of state waters from any loss in the quality of those waters. The nondegradation policy is intended to apply to any activity that has the potential to affect existing water quality and requires department review of all such activities to ensure that degradation does not occur.

In recognition that certain activities promote general welfare and may justify lower water quality in a particular water segment, the legislature intends that degradation be allowed in limited circumstances and under certain conditions. For example, if there is no alternative to a proposed project that does not result in degradation and the project is found to be in the best interests of the state, degradation may be allowed provided that water quality protection practices are implemented that limit degradation to the extent determined to be economically and technologically feasible.

To promote the goal of maintaining existing high-quality water, the board is to develop rules specifying the level of protection or treatment required if degradation is allowed. Rules are to be developed that provide procedures for department review of applications to degrade state waters, that provide guidance or standards for the level of treatment required, and that establish criteria that allow the department to weigh the social and economic benefit to the public of allowing the proposed project against the loss of water quality. It is the intent of the legislature that the department's decision involve public and governmental agencies' comment prior to a final decision.

It is further the intent of the legislature that the board develop rules that will provide guidance to the department in the use and creation of mixing zones. The rules are to ensure that water quality impacts from the use of mixing zones are minimized.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-103, MCA, is amended to read:

"**75-5-103. Definitions.** Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(2) "Contamination" means impairment of the quality of state waters by sewage, industrial wastes, or other wastes, creating a hazard to human health.

(3) "Council" means the water pollution control advisory council provided for in 2-15-2107.

(4) "Degradation" means a change in water quality that lowers the quality of high-quality waters for a parameter. The term does not include those changes in water quality determined to be nonsignificant pursuant to 75-5-301(5)(c).

~~(4)~~*(5)* "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

~~(5)~~*(6)* "Disposal system" means a system for disposing of sewage, industrial, or other wastes and includes sewage systems and treatment works.

~~(6)~~*(7)* "Effluent standard" means ~~any~~ *a* restriction or prohibition on quantities, rates, and concentrations of chemical, physical, biological, and other constituents which are discharged into state waters.

(8) "Existing uses" means those uses actually attained in state waters on or after July 1, 1971, whether or not those uses are included in the water quality standards.

(9) "High-quality waters" means state waters whose quality for a parameter is better than standards established pursuant to 75-5-301. All waters are high-quality water unless classified by the board within a classification for waters that are not suitable for human consumption or not suitable for growth and propagation of fish and associated aquatic life.

~~(7)~~*(10)* "Industrial waste" means ~~any~~ *a* waste substance from the process of business or industry or from the development of any natural resource, together with any sewage that may be present.

(11) "Interested person" means a person who has submitted oral or written comments on the department's preliminary decision regarding degradation of state waters, pursuant to 75-5-303. The term includes a person who has requested authorization to degrade high-quality waters.

~~(8)~~*(12)* "Local department of health" means the staff, including health officers, employed by a county, city, city-county, or district board of health.

(13) "Mixing zone" means an area established in a permit or final decision on nondegradation issued by the department where water quality standards may be exceeded, subject to conditions that are imposed by the department and that are consistent with the rules adopted by the board.

~~(9)~~*(14)* "Other wastes" means garbage, municipal refuse, decayed wood, sawdust, shavings, bark, lime, sand, ashes, offal, night soil, oil, grease, tar, heat, chemicals, dead animals, sediment, wrecked or discarded equipment, radioactive materials, solid waste, and all other substances that may pollute state waters.

~~(10)~~*(15)* "Owner or operator" means ~~any~~ *a* person who owns, leases, operates, controls, or supervises a point source.

(16) "Parameter" means a physical, biological, or chemical property of state water when a value of that property affects the quality of the state water.

~~(11)~~*(17)* "Person" means the state, a political subdivision of the state, institution, firm, corporation, partnership, individual, or other entity and includes persons resident in Canada.

~~(12)~~*(18)* "Point source" means ~~any~~ *a* discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, or vessel or other floating craft, from which pollutants are or may be discharged.

~~(13)~~*(19)* "Pollution" means contamination or other alteration of the physical, chemical, or biological properties of ~~any~~ state waters which exceeds that permitted by Montana water quality standards, including but not limited to standards relating to change in temperature, taste, color, turbidity, or odor; or the discharge, seepage, drainage, infiltration, or flow of ~~any~~ liquid, gaseous, solid, radioactive, or other substance into ~~any~~ state water which will or is likely to create a nuisance or render the waters harmful, detrimental, or injurious to public health, recreation, safety, welfare, livestock, wild animals, birds, fish, or other wildlife. A discharge, seepage, drainage, infiltration or flow which is authorized under the pollution discharge permit rules of the board is not pollution under this chapter.

~~(14)~~*(20)* "Sewage" means water-carried waste products from residences, public buildings, institutions, or other buildings, including discharge from human beings or animals, together with ground water infiltration and surface water present.

~~(15)~~*(21)* "Sewage system" means a device for collecting or conducting sewage, industrial wastes, or other wastes to an ultimate disposal point.

~~(16)~~*(22)* "Standard of performance" means a standard adopted by the board for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants.

~~(17)~~*(23)* "State waters" means ~~any~~ *a* body of water, irrigation system, or drainage system, either surface or underground; however, this subsection does not apply to irrigation waters where the waters are used up within the irrigation system and the waters are not returned to any other state waters.

~~(18)~~*(24)* "Treatment works" means works installed for treating or holding sewage, industrial wastes, or other wastes.

(25) "Water quality protection practices" means those activities, prohibitions, maintenance procedures, or other management practices applied to point and nonpoint sources designed to protect, maintain, and improve the quality of state waters. Water quality protection practices include but are not limited to treatment requirements, standards of performance, effluent standards, and operating procedures and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from material storage."

Section 2. Section 75-5-301, MCA, is amended to read:

"**75-5-301. Classification and standards for state waters.** Consistent with the provisions of *75-5-302 through 75-5-307 and* 80-15-201, the board shall:

(1) establish and modify the classification of all waters in accordance with their present and future most beneficial uses;

(2) formulate standards of water purity and classification of water according to its most beneficial uses, giving consideration to the economics of waste treatment and prevention;

(3) review, from time to time at intervals of not more than 3 years, established classifications of waters and standards of water purity and classification~~.~~*;*

(4) adopt rules governing the granting of mixing zones, requiring that mixing zones granted by the department be specifically identified, and requiring that mixing zones have:

(a) the smallest practicable size;

(b) a minimum practicable effect on water uses; and

(c) definable boundaries;

(5) adopt rules implementing the nondegradation policy established in 75-5-303, including but not limited to rules that:

(a) provide a procedure for department review and authorization of degradation;

(b) establish criteria for the following:

(i) determining important economic or social development; and

(ii) weighing the social and economic importance to the public of allowing the proposed project against the cost to society associated with a loss of water quality; and

(c) establish criteria for determining whether a proposed activity or class of activities will result in nonsignificant changes in water quality for any parameter in order that those activities are not required to undergo review under 75-5-303(3). These criteria must be established in a manner that generally:

(i) equates significance with the potential for harm to human health or the environment;

(ii) considers both the quantity and the strength of the pollutant;

(iii) considers the length of time the degradation will occur; and

(iv) considers the character of the pollutant so that greater significance is associated with carcinogens and toxins that bioaccumulate or biomagnify and lesser significance is associated with substances that are less harmful or less persistent; and

(6) to the extent practicable, ensure that the rules adopted under subsection (5) establish objective and quantifiable criteria for various parameters. These criteria must, to the extent practicable, constitute guidelines for granting or denying applications for authorization to degrade high-quality waters under the policy established in 75-5-303(2) and (3)."

Section 3. Section 75-5-303, MCA, is amended to read:

"**75-5-303. Nondegradation policy.** ~~The board shall require:~~

~~(1) that any state waters whose existing quality is higher than the established water quality standards be maintained at that high quality unless it has been affirmatively demonstrated to the board that a change is justifiable as a result of necessary economic or social development and will not preclude present and anticipated use of these waters; and~~

~~(2) any industrial, public, or private project or development which would constitute a new source of pollution or an increased source of pollution to high-quality waters, referred to in subsection (1), to provide the degree of waste treatment necessary to maintain that existing high water quality.~~ *(1) Existing uses of state waters and the level of water quality necessary to protect those uses must be maintained and protected.*

(2) Unless authorized by the department under subsection (3), the quality of high-quality waters must be maintained.

(3) The department may not authorize degradation of high-quality waters unless it has been affirmatively demonstrated by a preponderance of evidence to the department that:

(a) degradation is necessary because there are no economically, environmentally, and technologically feasible alternatives to the proposed project that would result in no degradation;

(b) the proposed project will result in important economic or social development that exceeds the benefit to society of maintaining existing high-quality waters and exceeds the costs to society of allowing degradation of high-quality waters;

(c) existing and anticipated use of state waters will be fully protected; and

(d) the least degrading water quality protection practices determined by the department to be economically, environmentally, and technologically feasible

will be fully implemented by the applicant prior to and during the proposed activity.

(4) The department shall issue a preliminary decision either denying or authorizing degradation and shall provide public notice and a 30-day comment period prior to issuing a final decision. The department's preliminary and final decisions must include:

(a) a statement of the basis for the decision; and

(b) a detailed description of all conditions applied to any authorization to degrade state waters, including, when applicable, monitoring requirements, required water protection practices, reporting requirements, effluent limits, designation of the mixing zones, the limits of degradation authorized, and methods of determining compliance with the authorization for degradation.

(5) An interested person wishing to challenge a final department decision may request a hearing before the board within 30 days of the final department decision. The contested case procedures of Title 2, chapter 4, part 6, apply to a hearing under this section.

(6) Every 5 years, the department shall review authorizations to degrade state waters. To enable the department to adequately review authorizations as required under this section, the authorization holder shall revise the initial authorization application no sooner than 3 ½ years and no later than 4 years after the date of the authorization or the date of the latest department review. The specific revised information required must be determined by the department. If, based on the review, the department determines that the standards and objectives of 75-5-303 or the rules adopted pursuant to 75-5-303 are not being met, it shall revoke or modify the authorization. A decision by the department to revoke or modify an authorization may be appealed to the board."

Section 4. Section 75-5-605, MCA, is amended to read:

"75-5-605. Prohibited activity. (1) It is unlawful to:

(a) cause pollution as defined in 75-5-103 of any state waters or to place or cause to be placed any wastes in a location where they are likely to cause pollution of any state waters;

(b) violate any provision set forth in a permit or stipulation, including but not limited to limitations and conditions contained therein;

(c) cause degradation of state waters without authorization pursuant to 75-5-303;

~~(c)~~*(d)* violate any order issued pursuant to this chapter; or

~~(d)~~*(e)* violate any provision of this chapter.

(2) It is unlawful to carry on any of the following activities without a current permit from the department:

(a) construct, modify, or operate a disposal system which discharges into any state waters;

(b) construct or use any outlet for the discharge of sewage, industrial wastes, or other wastes into any state waters; or

(c) discharge sewage, industrial wastes, or other wastes into any state waters."

Section 5. **Rulemaking authority.** The board shall adopt rules to implement 75-5-301 and 75-5-303.

Section 6. **Fees required for nondegradation application, monitoring, and enforcement.** (1) Application fees for authorization to degrade state waters and fees for authorization review under 75-5-303(6) may not exceed the following:

(a) $2,500 for domestic sewage treatment plant discharges;

(b) $5,000 for industrial discharges; and

(c) $200 per lot for subdivisions reviewed under Title 76, chapter 4.

(2) The minimum annual monitoring and enforcement fee for degradation authorizations is $250 and may not exceed $2,500 per million gallons discharged per day.

Section 7. **Codification instruction.** [Sections 5 and 6] are intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [sections 5 and 6].

Section 8. **Coordination instruction.** If House Bill No. 388 is passed and approved and if it requires the department of health and environmental sciences to impose and collect fees for authorizations to degrade state waters, then [section 6 of this act] is void.

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Applicability.** [This act] applies to all requests to degrade state waters filed with the department after [the effective date of this act].

Section 11. **Effective date.** [This act] is effective on passage and approval.

STATEMENT OF INTENT

A statement of intent is required for this bill because the department of insurance is granted authority to adopt rules for the administration and enforcement of laws regulating reinsurance intermediaries, managing general agents, holding company systems, insurer financial audits, and examinations and standards for companies considered to be in hazardous financial condition.

The legislature contemplates that rules adopted by the department should, at a minimum, endeavor to create an insurer regulatory structure in Montana that is reasonable and effective, that substantially resembles the model regulatory structure developed by the national association of insurance commissioners, that is eligible for national accreditation to enable insurers domiciled in Montana to do business in this state and other states with a maximum of financial stability and a minimum of regulatory difficulty, and that encourages the startup and expansion of insurance companies domiciled in Montana.

The information filed with the NAIC must be in the same format and scope as that required by the commissioner and must include the signed jurat page and the actuarial certification. Amendments to the annual statement filing that are subsequently filed with the commissioner must also be filed with the NAIC.

(2) Foreign insurers domiciled in a state that has a law substantially similar to this section are considered to be in compliance with this section.

Section 3. **Immunity of NAIC.** In the absence of actual malice, members of the NAIC; their authorized committees, subcommittees, task forces, delegates, and employees; and all others charged with the responsibility of collecting and processing the information developed from the filing of the annual statement convention forms are considered to act under the authority of [sections 2 through 4]. They are not subject to civil liability for libel, slander, or any other cause of action arising from their collection, review, analysis, or dissemination of information collected from the filings required by [sections 1 through 38].

Section 4. **Confidentiality.** All financial analysis ratios and examination synopses concerning insurance companies that are submitted to the department by the NAIC insurance regulatory information systems are confidential and may not be disclosed by the department.

Section 5. **Applicability of minimum standards.** (1) The provisions of [section 6] apply if, in any calendar year, the aggregate amount of gross written premiums on business placed with a controlled insurer by a controlling producer is equal to or greater than 5% of the admitted assets of the controlled insurer, as reported in the controlled insurer's quarterly statement filed as of September 30 of the prior year.

(2) Notwithstanding the provisions of subsection (1), the provisions of [section 6] do not apply if:

(a) the controlling producer:

(i) does not receive compensation based upon the amount of premiums written in connection with the insurance and places insurance only with:

(A) the controlled insurer; or

(B) the controlled insurer and a member or members of the controlled insurer's holding company system or the controlled insurer's parent, affiliate, or subsidiary; and

(ii) accepts insurance placements only from nonaffiliated subproducers and not directly from insureds; and

(b) except for insurance business written through a residual market facility, the controlled insurer accepts insurance business only from a controlling producer, a producer controlled by the controlled insurer, or a producer that is a subsidiary of the controlled insurer.

Section 6. **Minimum standards.** Unless there is a written contract between a controlling producer and a controlled insurer specifying the responsibilities of each party, the controlled insurer may not accept business from the controlling producer and the controlling producer may not place business with the controlled insurer. The contract must be approved by the board of directors of the controlled insurer and must contain the following minimum provisions:

(1) The controlled insurer may terminate the contract for cause, upon written notice to the controlling producer. The controlled insurer shall suspend the authority of the controlling producer to write business during the pendency of any dispute regarding the cause for the termination.

The due date must be fixed so that premiums or installments of premiums collected must be remitted no later than 90 days after the effective date of any policy placed with the controlled insurer under the contract.

(4) In accordance with the provisions of this title, all funds collected for the controlled insurer's account must be held by the controlling producer in a fiduciary capacity, in one or more appropriately identified bank accounts in banks that are members of the federal reserve system. However, funds of a controlling producer not required to be licensed in this state must be maintained in compliance with the requirements of the controlling producer's domiciliary jurisdiction.

(5) The controlling producer shall maintain separately identifiable records of business written for the controlled insurer.

(6) The contract may not be assigned in whole or in part by the controlling producer.

(7) The controlled insurer shall provide the controlling producer with its underwriting standards, rules, procedures, manuals setting forth the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling producer shall adhere to the standards, rules, procedures, rates, and conditions. The standards, rules, procedures, rates, and conditions must be the

same as those applicable to comparable business placed with the controlled insurer by a producer other than the controlling producer.

(8) The rates of the commissions, charges, and other fees may not be greater than those applicable to comparable business placed with the controlled insurer by producers other than controlling producers. For purposes of subsection (7) and this subsection, examples of "comparable business" include the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and similar quality of business.

(9) If the contract provides that on insurance business placed with the controlled insurer, the controlling producer is to be compensated contingent upon the controlled insurer's profits on that business, then the compensation may not be determined and paid until at least 5 years after the premiums on liability insurance are earned and at least 1 year after the premiums are earned on any other insurance. The commissions may not be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified pursuant to [section 8].

(10) The controlled insurer may establish a different limit for each line or subline of business. The controlled insurer shall notify the controlling producer when the applicable limit is approached and may not accept business from the controlling producer if the limit is reached. The controlling producer may not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached.

(11) The controlling producer may negotiate but may not bind reinsurance on behalf of the controlled insurer on business that the controlling producer places with the controlled insurer, except that the controlling producer may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines. For reinsurance assumed and ceded, the guidelines must include a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules.

Section 7. **Audit committee.** Each controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually review the adequacy of the controlled insurer's loss reserves and meet with management, the controlled insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner.

Section 8. **Annual report by independent actuary.** In addition to any other required loss reserve certification, the controlled insurer shall, on April 1 of each year, file with the commissioner an opinion of an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner. The opinion must report the loss ratios for each line of business written and must attest to the adequacy of loss reserves established for losses incurred and outstanding as of the yearend, including losses incurred but not reported, on business placed by the producer.

Section 9. **Annual report to commissioner.** The controlled insurer shall annually report to the commissioner:

(1) the amount of commissions paid to the producer;

(2) the percentage the amount represents of the net premiums written; and

(3) comparable amounts and the percentage paid to noncontrolling producers for placements of the same kinds of insurance.

Section 10. **Disclosure.** (1) Except as provided in subsection (2), the producer, prior to the effective date of the policy, shall deliver written notice to the prospective insured, disclosing the relationship between the producer and the controlled insurer.

(2) If the business is placed through a subproducer who is not a controlling producer, the controlling producer shall retain in the controlling producer's records a signed commitment from the subproducer that the subproducer is aware of the relationship between the controlled insurer and the producer and that the subproducer has notified or will notify the insured.

Section 11. **Penalties.** (1) (a) If the commissioner believes that a controlling producer or any other person has not materially complied with [sections 5 through 10] or any regulation or order promulgated under [sections 5 through 10], the commissioner, after notice and opportunity to be heard, may order the controlling producer to cease placing business with the controlled insurer.

(b) If it is found that because of the material noncompliance with [sections 5 through 10], the controlled insurer or any policyholder of the controlled insurer has suffered any loss or damage, the commissioner may maintain a civil action or intervene in an action brought by or on behalf of the controlled insurer or policyholder for recovery of compensatory damages for the benefit of the controlled insurer or policyholder or other appropriate relief.

(2) The receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer if:

(a) an order for liquidation or rehabilitation of the controlled insurer has been entered pursuant to Title 33, chapter 2, part 13;

(b) the receiver appointed under that order believes that the controlling producer or any other person has not materially complied with [sections 5 through 10] or any regulation or order promulgated under [sections 5 through 10]; and

(c) the controlled insurer suffered any loss or damage from the noncompliance.

(3) This section does not affect the right of the commissioner to impose any other penalties provided for in this title.

(4) This section may not be construed to alter or affect the rights of policyholders, claimants, creditors, or other third parties.

Section 12. **Compliance — applicability.** (1) Controlled insurers and controlling producers who are not in compliance with [section 6] on October 1, 1993, have 60 days to come into compliance and shall comply with [section 10] in all policies written or renewed on or after December 1, 1993.

(2) [Sections 5 through 10] apply to insurers that are domiciled in this state or domiciled in a state that is not an accredited state that has in effect a substantially similar law.

(3) The provisions of Title 33, chapter 2, part 11, to the extent they are not superseded by [sections 5 through 10], continue to apply to all entities within holding company systems subject to [sections 5 through 10].

(4) An insurer may not continue to use the services of a managing general agent after December 1, 1993, unless the use complies with [sections 14 through 18].

(5) An insurer or reinsurer may not continue to use the services of a reinsurance intermediary after December 1, 1993, unless the use complies with [sections 19 through 27].

Section 13. **Rulemaking authority.** (1) The commissioner may adopt rules implementing the provisions of [sections 1 through 38].

(2) The authority of the commissioner to adopt rules is specifically extended, without limitation, to establish standards for companies considered to be in hazardous financial condition, to require annual audited financial reports, to regulate life and health reinsurance agreements, to provide for reports to the commissioner by holding company systems, and to establish accounting practices and procedures to be used by insurers in their annual statements.

Section 14. **Licensure of managing general agent.** (1) A person, firm, association, or corporation may not act in the capacity of a managing general agent with respect to risks located in this state for an insurer licensed in this state unless the person is a licensed producer in this state.

(2) A person, firm, association, or corporation may not act in the capacity of a managing general agent representing an insurer domiciled in this state with respect to risks located outside this state unless the person is licensed as a resident or nonresident producer in this state pursuant to the provisions of [sections 14 through 18].

(3) The commissioner may require a bond in an amount acceptable to the commissioner for the protection of the insurer.

(4) The commissioner may require the managing general agent to maintain a policy on errors and omissions.

Section 15. **Managing general agent — required contract provisions.** A person acting in the capacity of a managing general agent may not place business with an insurer unless there is in force a written contract between the parties that sets forth the responsibilities of each party. Whenever both parties share responsibility for a particular function, the written contract must specify the division of responsibilities. The contract must provide at least the following:

(1) The insurer may terminate the contract for cause upon written notice to the managing general agent. The insurer may suspend the underwriting authority of the managing general agent during the pendency of any dispute regarding the cause for termination.

(2) The managing general agent shall render accounts to the insurer, detailing all transactions, and shall remit all funds due under the contract to the insurer on not less than a monthly basis.

(3) All funds collected for the account of an insurer must be held by the managing general agent in a fiduciary capacity in a bank that is a member of the federal reserve system. This account must be used for all payments on behalf of the insurer. The managing general agent may not retain more than 3 months' estimated claims payments and allocated loss adjustment expenses.

(4) Separate records of business written by the managing general agent must be maintained. The insurer has access to and may copy all accounts and records that are related to its business, in a form usable by the insurer. The commissioner has access to all books, bank accounts, and records of the managing general agent in a form usable to the commissioner. The records must be retained pursuant to 33-3-401.

(5) The contract may not be assigned in whole or in part by the managing general agent.

(6) The contract must contain appropriate underwriting guidelines, including:

(a) the maximum annual premium volume;

(b) the basis of the rates to be charged;

(c) the types of risks that may be written;

(d) maximum limits of liability;

(e) any applicable exclusions;

(f) the territorial limitations;

(g) policy cancellation provisions; and

(h) the maximum policy period.

(7) The insurer may cancel or decline to renew any policy of insurance, as provided by law.

(8) If the contract permits the managing general agent to settle claims on behalf of the insurer:

(a) all claims must be reported to the company in a timely manner;

(b) a copy of the claims file must be sent to the insurer at its request or as soon as it becomes known that the claim:

(i) has the potential to exceed an amount determined by the commissioner or actually exceeds the limit set by the company, whichever is less;

(ii) involves a coverage dispute;

(iii) may exceed the managing general agent's claims settlement authority;

(iv) is open for more than 6 months; or

(v) is closed by payment of an amount set by the commissioner or an amount set by the company, whichever is less;

(c) all claims files are the joint property of the insurer and managing general agent. However, upon an order of liquidation of the insurer, the files become the sole property of the insurer or its estate. The managing general agent has reasonable access to and may copy the files on a timely basis.

(d) any settlement authority granted to the managing general agent may be terminated for cause upon the insurer's written notice to the managing general agent or upon the termination of the contract. The insurer may suspend the settlement authority during the pendency of any dispute regarding the cause for termination.

(9) When electronic claims files are in existence, the contract must address the timely transmission of the data.

(10) If the contract provides for a sharing of interim profits by the managing general agent and the managing general agent has the authority to determine the amount of the interim profits, whether by establishing loss reserves or controlling claim payments or in any other manner, interim profits may not be paid to the managing general agent until:

(a) 1 year after they are earned for property insurance business;

(b) 5 years after they are earned on casualty business; and

(c) the profits have been verified.

(11) The managing general agent may not:

(a) bind reinsurance or retrocessions on behalf of the insurer, except that the managing general agent may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the insurer contains reinsurance underwriting guidelines, including for reinsurance assumed and ceded:

(i) a list of reinsurers with which automatic agreements are in effect;

(ii) the coverages and amounts or percentages that may be reinsured; and

(iii) commission schedules;

(b) commit the insurer to participate in insurance or reinsurance syndicates;

(c) appoint any producer without ensuring that the producer is lawfully licensed to transact the type of insurance for which the producer is appointed;

(d) without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, which may not exceed 1% of the insurer's policyholder's surplus as of December 31 of the last completed calendar year;

(e) collect any payment from a reinsurer or commit the insurer to any claim settlement with a reinsurer without the prior approval of the insurer. If prior approval is given, a report must be promptly forwarded to the insurer.

(f) permit its subproducer to serve on the insurer's board of directors;

(g) jointly employ an individual who is employed with the insurer; or

(h) appoint a submanaging general agent.

Section 16. **Duties of insurers.** (1) The insurer must have on file an independent financial examination, in a form acceptable to the commissioner, of each managing general agent with which it has done business.

(2) If a managing general agent establishes loss reserves, the insurer shall annually obtain the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the managing general agent. This is in addition to any other required loss reserve certification.

(3) At least semiannually, the insurer shall conduct an onsite review of the underwriting and claims processing operations of the managing general agent.

(4) Binding authority for all reinsurance contracts or participation in insurance or reinsurance syndicates rests with an officer of the insurer who is not affiliated with the managing general agent.

(5) Within 30 days of entering into or termination of a contract with a managing general agent, the insurer shall provide the commissioner with written notification of the appointment or termination. Notices of appointment of a managing general agent must include a statement of duties that the applicant is expected to perform on behalf of the insurer, the lines of insurance for which the applicant is to be authorized to act, and any other information the commissioner may request.

(6) An insurer shall review its books and records each quarter to determine if any producer has become a managing general agent. If the insurer determines that a producer has become a managing general agent, the insurer shall promptly notify the producer and the commissioner of the determination and the insurer and the producer shall comply with [sections 14 through 18] within 30 days.

(7) An insurer may not appoint to its board of directors an officer, director, employee, subproducer, or controlling shareholder of its managing general agent. This subsection does not apply to relationships governed by Title 33, chapter 2, part 11, or [sections 5 through 10].

Section 17. **Examination authority.** The acts of the managing general agent are considered to be the acts of the insurer on whose behalf it is acting. A managing general agent may be examined as if it were the insurer.

Section 18. **Penalties and liabilities.** (1) If, after a hearing conducted in accordance with Title 33, chapter 1, part 7, the commissioner finds that a person has violated any provision of [sections 14 through 18], the commissioner may order:

(a) a penalty in an amount of $5,000 for each separate violation;

(b) revocation or suspension of the producer's license; and

(c) the managing general agent to reimburse the insurer, the rehabilitator, or a liquidator of the insurer for any losses incurred by the insurer caused by a violation of [sections 14 through 18] committed by the managing general agent.

(2) An order of the commissioner pursuant to subsection (1) is subject to judicial review pursuant to 33-1-711.

(3) This section does not limit the power of the commissioner to impose any other penalty provided in this title.

(4) [Sections 14 through 18] do not limit the rights of policyholders, claimants, or auditors.

Section 19. **Licensure of reinsurance intermediaries.** (1) A person, firm, association, or corporation may not act as a reinsurance intermediary-broker in this state if the reinsurance intermediary-broker maintains an office directly, as a member or employee of a firm or association, or as an officer, director, or employee of a corporation:

(a) in this state, unless the reinsurance intermediary-broker is a licensed producer in this state; or

(b) in another state, unless the reinsurance intermediary-broker is a licensed producer in this state or another state that has a law substantially similar to this law or unless the reinsurance intermediary-broker is licensed in this state as a nonresident reinsurance intermediary.

(2) A person, firm, association, or corporation may not act as a reinsurance intermediary-manager:

(c) in another state for a nondomestic insurer, unless the reinsurance intermediary-manager is a licensed producer in this state or another state that has a law substantially similar to this law or unless the person is licensed in this state as a nonresident insurance intermediary.

(3) Subject to subsection (2), the commissioner may require a reinsurance intermediary-manager to:

(a) file a bond in an amount from an insurer acceptable to the commissioner for the protection of the reinsurer; and

(b) maintain a policy on errors and omissions in an amount acceptable to the commissioner.

(4) (a) The commissioner may issue a reinsurance intermediary license to any person, firm, association, or corporation that has complied with the requirements of [sections 19 through 27]. A license issued to a firm or association authorizes all the members of the firm or association and any designated

employees to act as reinsurance intermediaries under the license. All authorized persons must be named in the application and in any supplements to the application. A license issued to a corporation must authorize all of the officers and any designated employees and directors to act as reinsurance intermediaries on behalf of the corporation. All authorized persons must be named in the application and in any supplements to the application.

(b) If the applicant for a reinsurance intermediary license is a nonresident, the applicant, as a condition precedent to receiving or holding a license, shall designate the commissioner as the agent for service of process in the manner provided for by this title for designation of service of process upon unauthorized insurers. The applicant shall also furnish the commissioner with the name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting the nonresident reinsurance intermediary may be served. The licensee shall promptly notify the commissioner in writing of each change in its designated agent for service of process, and the change may not become effective until acknowledged by the commissioner.

(5) (a) The commissioner may refuse to issue a reinsurance intermediary license if, in the commissioner's judgment:

(i) the applicant, a person named on the application, or a member, principal, officer, or director of the applicant is not trustworthy;

(ii) a controlling person of the applicant is not trustworthy to act as a reinsurance intermediary; or

(iii) any of the persons listed in subsection (5)(a)(i) or (5)(a)(ii) has given cause for revocation or suspension of the license or has failed to comply with any prerequisite for the issuance of the license.

(b) Upon written request, the commissioner shall furnish a summary of the basis for refusal to issue a license. The document is privileged and is not subject to public disclosure under Title 2, chapter 6, part 1.

(6) Licensed attorneys of this state, when acting in their professional capacity, are exempt from this section.

Section 20. **Required contract provisions — reinsurance intermediary-brokers.** Transactions between a reinsurance intermediary-broker and the insurer it represents must be entered into pursuant to a written authorization, specifying the responsibilities of each party. The authorization must, at a minimum, contain the following provisions:

(1) The insurer may terminate the reinsurance intermediary-broker's authority at any time.

(2) The reinsurance intermediary-broker shall render to the insurer accounts accurately detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by or owing to the reinsurance intermediary-broker. (6) The reinsurance intermediary-broker shall disclose to the insurer any relationship with any reinsurer to which business will be ceded or retroceded.

Section 21. **Books and records — reinsurance intermediary-brokers.** (1) For at least 10 years after expiration of each contract of reinsurance transacted by the reinsurance intermediary-broker, the reinsurance intermediary-broker shall keep a complete record for each transaction, showing:

(ii) if placed through a representative of the assuming reinsurer, other than an employee, written evidence that the assuming reinsurer has delegated binding authority to the representative.

(5) The reinsurer will have access to and the right to copy all accounts and records maintained by the reinsurance intermediary-manager related to its business in a form usable by the reinsurer.

(6) The contract may not be assigned in whole or in part by the reinsurance intermediary-manager.

(7) The reinsurance intermediary-manager shall comply with the written underwriting and rating standards established by the insurer for the acceptance, rejection, or cession of all risks.

(8) The rates, terms, and purposes of commissions, charges, and other fees that the reinsurance intermediary-manager may levy against the reinsurer must be set forth.

(a) all claims must be reported to the reinsurer in a timely manner;

(b) a copy of the claim file must be sent to the reinsurer at its request or as soon as it becomes known that the claim:

(a) 1 year after the end of each underwriting period for property business;

(b) 5 years after the end of each underwriting period for casualty business;

(c) a later period set by the commissioner for specified lines of insurance; and

(14) Within the scope of its actual or apparent authority, the acts of the reinsurance intermediary-manager are considered to be the acts of the reinsurer on whose behalf it is acting.

Section 24. **Prohibited acts.** A reinsurance intermediary-manager may not:

(1) bind retrocessions on behalf of the reinsurer, except that the reinsurance intermediary-manager may bind facultative retrocessions pursuant to obligatory facultative agreements if the contract with the reinsurer contains reinsurance underwriting guidelines for retrocessions. The opinion is in addition to any other required loss reserve certification.

(4) Binding authority for all retrocessional contracts or participation in reinsurance syndicates must rest with an officer of the reinsurer who may not be affiliated with the reinsurance intermediary-manager.

(5) Within 30 days of termination of a contract with a reinsurance intermediary-manager, the reinsurer shall provide written notification of the termination to the commissioner.

(6) A reinsurer may not appoint to its board of directors any officer, director, employee, controlling shareholder, or subproducer of its reinsurance intermediary-manager. This subsection does not apply to relationships governed by Title 33, chapter 2, part 11, or, if applicable, [sections 19 through 23].

(ii) maintains a surplus with regard to policyholders in an amount less than $20 million and whose accreditation has been approved by the commissioner.

(4) (a) Subject to subsection (4)(b), credit must be allowed when:

(i) the reinsurance is ceded to an assuming insurer that is domiciled and licensed in or, in the case of a United States branch of an alien assuming insurer, is entered through a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute; and

(ii) the assuming insurer or the United States branch of an alien assuming insurer:

(A) maintains a surplus with regard to policyholders in an amount not less than $20 million; and

(B) submits to the authority of this state to examine its books and records.

(b) The requirement of subsection (4)(a)(i) does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

(5) (a) Credit must be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution for the payment of the valid claims of its United States policyholders and ceding insurers and their assigns and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that required to be reported on the NAIC annual statement form by licensed insurers to enable the commissioner to determine the sufficiency of the trust fund.

(b) (i) In the case of a single assuming insurer, the trust must consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States, and in addition, the assuming insurer shall maintain a surplus with the trustee of not less than $20 million.

The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants.

(iii) In the case of a group of incorporated insurers under common administration:

(A) the provisions of subsection (5)(b)(iii)(B) apply, to the group that:

(III) submits to this state's authority to examine its books and records and bears the expense of the examination; and

(IV) has aggregate policyholders' surplus of $10 billion;

(B) (I) the trust must be in an amount equal to the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;

(II) the group shall maintain a joint surplus with a trustee of which $100 million is held jointly for the benefit of United States ceding insurers of any member of the group as additional security for any liabilities; and

(III) each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant.

(c) The trust must be established in a form approved by the commissioner. The trust instrument must provide that contested claims are valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust must vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers and their assigns and successors in interest. The trust and the assuming insurer are subject to examination as determined by the commissioner. The trust described in this subsection (c) must remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust.

(d) No later than February 28 of each year, the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the end of the preceding year. The trustees shall certify the date of termination of the trust, if planned, or certify that the trust may not expire prior to the following December 31.

(6) Credit must be allowed when the reinsurance is ceded to an assuming insurer that does not meet the requirements of subsection (2), (3), (4), or (5) but only with respect to the insurance of risks located in a jurisdiction in which the reinsurance is required by applicable law or regulation of that jurisdiction.

(7) (a) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit permitted by subsections (4) and (5) may not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(i) that in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, will:

(A) submit to the jurisdiction of any court of competent jurisdiction in any state of the United States;

(B) comply with all requirements necessary to give the court jurisdiction; and

(C) abide by the final decision of the court or of any appellate court in the event of an appeal; and

(ii) to designate the commissioner or a designated attorney as its attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company.

(b) Subsection (7)(a)(i) is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes if an obligation is created in the agreement.

Section 29. **Reduction of liability for reinsurance ceded by domestic insurer to assuming insurer.** A reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of [section 28] must be allowed in an amount not exceeding the liabilities carried by the ceding insurer. The reduction must be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer:

(1) under a reinsurance contract with the assuming insurer as security for the payment of obligations under the contract if the security is held in the United States subject to withdrawal solely by and under the exclusive control of the ceding insurer; or

(2) in the case of a trust, in a qualified United States financial institution. This security may be in the form of:

(a) cash;

(b) securities listed by the securities valuation office of the NAIC and qualifying as admitted assets;

(c) clean, irrevocable, unconditional letters of credit that are issued or confirmed by a qualified United States financial institution no later than December 31 of the year for which filing is being made and that are in the possession of the ceding company on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation must, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever occurs first.

(d) any other form of security acceptable to the commissioner.

Section 30. **Reinsurance agreements affected.** [Sections 28 and 29] apply to all cessions after October 1, 1993, under reinsurance agreements that have had an inception, anniversary, or renewal date on or before April 1, 1993.

Section 31. **Conduct of examinations — records — correction of accounts — appraisals.** (1) Upon determining that an examination should be conducted, the commissioner or the commissioner's designee shall issue an examination warrant appointing one or more examiners to perform the examination and instructing them as to the scope of the examination. In conducting the examination, the examiner shall observe the guidelines and procedures set forth in the examiners' handbook adopted by the NAIC. The commissioner may also employ other guidelines or procedures as the commissioner considers appropriate.

(2) Every company or person from whom information is sought and its officers, directors, employees, and agents shall provide to the examiners appointed under subsection (1) timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, and any or all computer or other recordings relating to the property, assets, business, and affairs of the company being examined. The officers, directors, employees, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of any company, by its officers, directors, employees, or agents, to submit to examination or to comply with any reasonable written request of the examiners is grounds for suspension, refusal, or nonrenewal of any license or authority held by the company to engage in an insurance or other business subject to the commissioner's jurisdiction. A proceeding for suspension, revocation, or refusal of any license or authority must be conducted pursuant to 33-1-318.

(3) The commissioner or any examiner has the power to issue subpoenas, administer oaths, and examine under oath any person concerning any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction and, upon proper showing, the court may enter an order compelling the witness to appear and testify or to produce documentary evidence. Failure to obey the court order is punishable as contempt of court.

(4) When making an examination under this part, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners. The cost of retaining the personnel must be borne by the company that is the subject of the examination.

(5) This part may not be construed to limit the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action pursuant to this title. Findings of fact and conclusions made pursuant to an examination are prima facie evidence in any legal or regulatory action.

(6) This part may not be construed to limit the commissioner's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or company workpapers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action that the commissioner may consider appropriate.

Section 32. **Examination reports — hearings — confidentiality — publication.** (1) All examination reports must be composed only of facts appearing upon the books, records, or other documents of the company, its agents, or other persons examined or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs. The report must contain the conclusions and recommendations that the examiners find reasonably warranted from the facts.

(2) No later than 60 days following completion of the examination, the examiner in charge shall file with the department a verified written report of examination under oath. Upon receipt of the verified report, the department shall transmit the report to the company examined, together with a notice that gives the company examined a reasonable opportunity, but not more than 30 days, to make a written submission or rebuttal with respect to any matters contained in the examination report.

(3) Within 30 days of the end of the period allowed for the receipt of written submissions or rebuttals, the commissioner shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and enter an order:

(a) adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, regulation, or prior order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure the violation.

(b) rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, information, or testimony and of refiling pursuant to subsection (2); or

(c) calling for an investigatory hearing with no less than 20 days' notice to the company for purposes of obtaining additional data, documentation, information, and testimony.

(4) (a) All orders entered pursuant to subsection (3)(a) must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. An order must be considered a final administrative decision and may be appealed pursuant to Title 33, chapter 1, part 7, and must be served upon the company by certified mail, together with a copy of the adopted examination report. Within 30 days of the issuance of the adopted report, the company shall file affidavits executed by each of its directors stating under oath that they have received a copy of the adopted report and related orders.

(b) (i) A hearing conducted under subsection (3)(c) by the commissioner or an authorized representative must be conducted as a nonadversarial, confidential, investigatory proceeding as necessary for the resolution of any inconsistencies, discrepancies, or disputed issues apparent upon the face of the filed examination report or raised by or as a result of the commissioner's review of relevant workpapers or by the written submission or rebuttal of the company. Within 20 days of the conclusion of the hearing, the commissioner shall enter an order pursuant to subsection (3)(a).

(ii) The commissioner may not appoint an examiner as an authorized representative to conduct the hearing. The hearing must proceed expeditiously with discovery by the company limited to the examiner's workpapers that tend to substantiate any assertions set forth in any written submission or rebuttal. The commissioner or the commissioner's representative may issue subpoenas for the attendance of any witnesses or the production of any documents considered relevant to the investigation, whether under the control of the department, the company, or other persons. The documents produced must be included in the record, and testimony taken by the commissioner or the commissioner's representative must be under oath and preserved for the record. This section does not require the department to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(iii) The hearing must proceed with the commissioner or the commissioner's representative posing questions to the persons subpoenaed. The company and the department may present testimony relevant to the investigation. Cross-examination must be conducted only by the commissioner or the commissioner's representative. The company and the department must be permitted to make closing statements and may be represented by counsel of their choice.

(5) (a) Upon the adoption of the examination report under subsection (3)(a), the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of 30 days except to the extent provided in subsection (2). After 30 days, the commissioner may open the report for public inspection as long as a court of competent jurisdiction has not stayed its publication.

(b) This title does not prevent and may not be construed as prohibiting the commissioner from disclosing the content of an examination report or preliminary examination report, the results of an examination, or any matter relating to a report or results to the insurance department of this state or of any other state or country, to law enforcement officials of this state or of any other state, or to an agency of the federal government at any time as long as the agency or office receiving the report or matters relating to the report agrees in writing to hold it confidential and in a manner consistent with this part.

(c) If the commissioner determines that regulatory action is appropriate as a result of any examination, the commissioner may initiate any proceedings or actions as provided by law.

(6) All working papers, recorded information, documents, and copies produced by, obtained by, or disclosed to the commissioner or any other person in the course of an examination made under this part must be given confidential treatment, are not subject to subpoena, and may not be made public by the commissioner or any other person, except to the extent provided in subsection (5). Access may also be granted to the NAIC. The persons given access shall agree in writing, prior to receiving the information, to treat the information in the confidential manner required by this section unless the prior written consent of the company to which it pertains has been obtained.

Section 33. **Conflict of interest.** (1) An examiner may not be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest with, is affiliated with the management of, or owns a pecuniary interest in any person subject to examination under this part. This section may not be construed to automatically preclude an examiner from being:

(a) a policyholder or claimant under an insurance policy;

(b) a grantor of a mortgage or similar instrument on the examiner's residence to a regulated entity if done under customary terms and in the ordinary course of business;

(c) an investment owner in shares of regulated diversified investment companies; or

(d) a settlor or beneficiary of a blind trust into which any otherwise impermissible holdings have been placed.

(2) Notwithstanding the requirements of this section, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other individuals who are independently practicing their professions, even though the persons may from time to time be similarly employed or retained by persons subject to examination under this part.

Section 34. **Taxation of purchasing group.** Premium taxes and taxes on premiums paid for coverage of risks resident or located in this state by a purchasing group or any members of the purchasing group must be:

(1) imposed at the same rate and subject to the same interest, fines, and penalties as those applicable to premium taxes and taxes on premiums paid to surplus lines insurers and authorized insurers, pursuant to 33-2-311 and 33-2-705, respectively; and

(2) paid by the authorized or surplus lines insurers and, if not paid by them, paid by the insurance producer for the purchasing group and, if not paid by the insurance producer, paid by the purchasing group and, if not paid by the purchasing group, paid by each of its members.

Section 35. **Condition on release from delinquency proceedings.** An insurer that is subject to any delinquency proceeding, whether formal, informal, administrative, or judicial, may not:

(1) be released from the proceeding, unless the proceeding is converted to a judicial rehabilitation or liquidation proceeding;

(2) be permitted to solicit or accept new business or request or accept the restoration of any suspended or revoked license or certificate of authority;

(3) be returned to the control of its shareholders or private management; or

(4) have any of its assets returned to the control of its shareholders or private management until all payments of or on account of the insurer's contractual obligations by all guaranty associations, along with all expenses of the guaranty associations and interest on all payments and expenses, have been repaid to the guaranty associations or a plan of repayment by the insurer has been approved by the guaranty association.

Section 36. **Indemnification of rehabilitator, liquidator, and employees — persons covered.** (1) The persons entitled to protection under [sections 37 and 38] are:

(a) all rehabilitators and liquidators responsible for the conduct of a delinquency proceeding under Title 33, chapter 2, including present and former rehabilitators and liquidators; and

(b) the employees of the rehabilitators and liquidators, including all present and former special deputies and assistant special deputies appointed by the commissioner, and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under Title 33, chapter 2.

(2) Attorneys, accountants, auditors, and other professional persons or firms, who are retained by the rehabilitator or liquidator as independent contractors, and their employees are not considered employees of the rehabilitator or liquidator for purposes of any cause of action initiated by the rehabilitator or liquidator against the independent contractor in the name of the rehabilitation or liquidation estate.

Section 37. **Indemnification of rehabilitator, liquidator, and employees.** (1) If any legal action is commenced against the rehabilitator or liquidator or any employee of the rehabilitator or liquidator, whether against the rehabilitator, liquidator, or employee personally or in an official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from any alleged act, error, or omission of the rehabilitator, liquidator, or employee arising out of or by reason of duties or employment, the rehabilitator, liquidator, or employee is indemnified from the assets of the insurer for all expenses, attorney fees, judgments, settlements, decrees, surety bond premiums, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act, error, or omission of the rehabilitator, liquidator, or employee that gave rise to the claim did not arise out of or by reason of the rehabilitator's, liquidator's, or employee's duties or employment or was caused by intentional or willful and wanton misconduct.

(2) Attorney fees and related expenses incurred in defending a legal action for which indemnity is available under this section must be paid from the assets of the insurer, as the expenses are incurred and in advance of the final disposition of the action, upon receipt of an undertaking by or on behalf of the rehabilitator, liquidator, or employee to repay the attorney fees and expenses. If, upon a final adjudication on the merits, it is determined that the rehabilitator, liquidator, or employee is not entitled to indemnity under this section, the payment must be made from the undertaking.

(3) An indemnification for expenses, attorney fees, judgments, settlements, decrees, surety bond premiums, or other amounts paid or to be paid from the insurer's assets pursuant to this section are an administrative expense of the insurer.

(4) If actual or threatened litigation against a rehabilitator, liquidator, or employee for which indemnity may be available under this section occurs, a reasonable amount of funds that in the judgment of the commissioner may be

needed to provide indemnity must be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run, all actual or threatened actions against the rehabilitator, liquidator, or employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(5) In lieu of segregation and reservation of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to fully secure the payment of all obligations under this section.

Section 38. **Settlement of actions against rehabilitator, liquidator, and employees — court approval — applicability.** (1) If any legal action against an employee for which indemnity may be available under this section is settled prior to final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee or indemnify the employee for the settlement amount unless the commissioner determines:

(a) that the claim did not arise out of or by reason of the employee's duties or employment; or

(b) that the claim was caused by the intentional or willful and wanton misconduct of the employee.

(2) In a legal action in which the rehabilitator or liquidator is a defendant, that portion of any settlement relating to the alleged act, error, or omission of the rehabilitator or liquidator is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) that the claim did not arise out of or by reason of the rehabilitator's or liquidator's duties or employment; or

(b) that the claim was caused by the intentional or willful and wanton misconduct of the rehabilitator or liquidator.

(3) This section may not be construed to deprive the rehabilitator, liquidator, or employee of immunity, indemnity, benefit of law, right, or defense available under any provision of law, including, without limitation, the provisions of Title 2, chapter 9.

(4) (a) A legal action does not lie against the rehabilitator, liquidator, or employee based in whole or in part on any alleged act, error, or omission that took place prior to October 1, 1993, unless suit is filed and valid service of process is obtained by October 1, 1994.

(b) Subsections (1) through (3) apply to any suit that is pending on or filed after October 1, 1993, without regard to when the alleged act, error, or omission took place.

(2) There is reasonable cause to believe that there has been embezzlement from the insurer, wrongful sequestration or diversion of the insurer's assets, forgery or fraud affecting the insurer, or other illegal conduct in, by, or with respect to the insurer that if established would endanger assets in an amount threatening the solvency of the insurer.

(3) The insurer has failed to remove any person who in fact has executive authority in the insurer, whether an officer, manager, general insurance producer, employee, or other person, if the person has been found after notice and hearing by the commissioner to be dishonest or untrustworthy in a way affecting the insurer's business.

(4) Control of the insurer, whether by stock ownership or otherwise and whether direct or indirect, is in a person found after notice and hearing to be untrustworthy.

(5) Any person who in fact has executive authority in the insurer, whether an officer, manager, general insurance producer, director or trustee, employee, or other person, has refused to be examined under oath by the commissioner concerning its affairs, whether in this state or elsewhere, and after reasonable notice of the fact the insurer has failed promptly and effectively to terminate the employment and status of the person and ~~his~~ *the person's* influence on management.

(6) After demand by the commissioner under ~~33-1-403~~ *[section 31]* or under this part, the insurer has failed to promptly make available for examination any of its own property, books, accounts, documents, or other records or those of any subsidiary or related company within the control of the insurer or those of any person having executive authority in the insurer so far as they pertain to the insurer.

(8) The insurer or its property has been or is the subject of an application for the appointment of a receiver, trustee, custodian, conservator, or sequestrator or similar fiduciary of the insurer or its property otherwise than as authorized under the insurance laws of this state, and ~~such~~ *the* appointment has been made or is imminent, and ~~such~~ *the* appointment might oust the courts of this state of jurisdiction or might prejudice orderly delinquency proceedings under this part.

(9) Within the previous 4 years the insurer has willfully violated its charter or articles of incorporation, its bylaws, any insurance law of this state, or any valid order of the commissioner under 33-2-1321.

(10) The insurer has failed to pay within 60 days after *the* due date any obligation to any state or any subdivision ~~thereof~~ *of the state* or any judgment entered in any state, if the court in which ~~such~~ *the* judgment was entered had jurisdiction over ~~such~~ *the* subject matter, except that ~~such~~ nonpayment ~~shall~~ *may* not be a ground until 60 days after any good faith effort by the insurer to contest the obligation has been terminated, whether it is before the commissioner or in the courts, or the insurer has systematically attempted to compromise or renegotiate previously agreed settlements with its creditors on the ground that it is financially unable to pay its obligations in full.

The liquidator shall be vested by operation of law with the title to all of the property, contracts, and rights of action and all of the books and records of the insurer ordered liquidated, wherever located, as of the entry of the final order of liquidation. The filing or recording of the order with the clerk of the district court and the clerk and recorder of the county in which its principal office or place of business is located or, in the case of real estate, with the clerk and recorder of the county where the property is located shall impart the same notice as a deed, bill of sale, or other evidence of title duly filed or recorded with that clerk and recorder would have imparted.

(2) Upon issuance of the order, the rights and liabilities of any ~~such~~ insurer and of its creditors, policyholders, shareholders, members, and all other persons interested in its estate ~~shall~~ become fixed as of the date of entry of the order of liquidation, except as provided in 33-2-1343 and 33-2-1366.

(3) An order to liquidate the business of an alien insurer domiciled in this state ~~shall~~ *must* be in the same terms and have the same legal effect as an order to liquidate a domestic insurer, except that the assets and the business in the United States ~~shall be~~ *are* the only assets and business included ~~therein~~ *in the order.*

(4) At the time of petitioning for an order of liquidation or at any time ~~thereafter~~ *after petitioning,* the commissioner, after making appropriate findings of an insurer's insolvency, may petition the court for a judicial declaration of ~~such~~ insolvency. After providing ~~such~~ notice and hearing as it considers proper, the court may make the declaration.

(5) Any order issued under this section ~~shall~~ *must* require accounting to the court by the liquidator. Accountings ~~shall~~ *must* be at ~~such~~ intervals as the court specifies in its order.

(6) (a) Within 5 days after the initiation of an appeal of an order of liquidation that has not been stayed, the commissioner shall present for the court's approval a plan for the continued performance of the defendant company's policy claims obligations, including the duty to defend insureds under liability insurance policies, during the pendency of an appeal. The plan must provide for the continued performance and payment of policy claims obligations in the normal course of events, notwithstanding the grounds alleged in support of the order of liquidation, including the ground of insolvency. In the event that the defendant company's financial condition will not, in the judgment of the commissioner, support the full performance of all policy claims obligations during the appeal pendency period, the plan may prefer the claims of certain policyholders and claimants over creditors and interested parties, as well as other policyholders and claimants, as the commissioner finds to be fair and equitable, considering the relative circumstances of the policyholders and claimants. The court shall examine the plan submitted by the commissioner, and if it finds the plan to be in the best interests of the parties, the court shall approve the plan. An action does not lie against the commissioner or any of the commissioner's deputies, agents, clerks, assistants, or attorneys by any party based on preference in an appeal pendency plan approved by the court.

(b) The appeal pendency plan may not supersede or affect the obligations of any insurance guaranty association.

(c) A plan must provide for equitable adjustments to be made by the liquidator to any distributions of assets to guaranty associations, in the event that the liquidator pays claims from assets of the estate, which would otherwise be the obligations of any particular guaranty association but for the appeal of the order of liquidation, so that all guaranty associations equally benefit on a pro rata basis from the assets of the estate. If an order of liquidation is set aside upon any appeal, the company may not be released from delinquency proceedings unless all funds advanced by any guaranty association, including reasonable administrative expenses that relate to obligations of the company, have been repaid in full, together with interest at the judgment rate of interest, or unless an arrangement for repayment has been made with the consent of all applicable guaranty associations."

Section 52. Section 33-2-1346, MCA, is amended to read:

"**33-2-1346. Notice to creditors and others.** (1) Unless the court otherwise directs, the liquidator shall give or cause to be given notice of the liquidation order as soon as possible:

(c) by first-class mail to all insurance producers of the insurer;

(d) by first-class mail to all persons known or reasonably expected to have claims against the insurer, including all policyholders, at their last-known address as indicated by the records of the insurer; and

The liquidator need not require persons claiming cash surrender values or other investment values in life insurance and annuities to file a claim. All claimants have a duty to keep the liquidator informed of any changes of address.

(3) (a) Notice under subsection (1) to insurance producers of the insurer and to potential claimants who are policyholders must include, when applicable, notice that coverage by state guaranty associations may be available for all or part of policy benefits in accordance with applicable state guaranty laws.

(b) The liquidator shall promptly provide to the guaranty associations information concerning the identities and addresses of the policyholders and their policy coverages as is within the liquidator's possession or control and shall otherwise cooperate with guaranty associations to assist them in providing to the policyholders timely notice of the guaranty associations' coverage of policy benefits, including coverage of claims and continuation or termination of coverages.

Section 68. Section 33-22-804, MCA, is amended to read:

"**33-22-804. Corporate powers of association — examination of books.** (1) Any association formed for the purposes of this part may hold title to property, may enter into contracts, and may limit the liability of its members to their respective pro rata shares of the liability of ~~such~~ *the* association. ~~Any such~~ *An* association may sue and be sued in its associate name and for ~~such~~ *that* purpose only ~~shall~~ *must* be treated as a domestic corporation. Service of process against ~~such~~ *the* association made upon a managing insurance producer, any member ~~thereof~~ *of the association*, or any insurance producer authorized by appointment to receive service of process ~~shall have~~ *has* the same force and effect as if ~~such~~ service had been made upon all members of the association.

(2) ~~Such~~ *The* association's books and records ~~shall~~ *must* also be subject to examination under the provisions of 33-1-315, 33-1-316, ~~and~~ 33-1-401, *33-1-402, 33-1-411,* ~~through~~ 33-1-413, *and [section 32],* either separately or concurrently with examination of any of its member insurers."

Section 69. Section 33-10-227, MCA, is amended to read:

"**33-10-227. Assessments — abatement — basis for ratesetting.** (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at ~~such~~ *the* times and for ~~such~~ *the* amounts as the board finds necessary. The board shall collect the assessments after 30 days' written notice to the member insurers before payment is due.

(2) There ~~shall be~~ *are* two classes of assessments, as follows:

(a) Class A assessments ~~shall~~ *must* be made for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer.

(b) Class B assessments ~~shall~~ *must* be made to the extent necessary to carry out the powers and duties of the association under 33-10-219 and 33-10-220(1) with regard to an impaired insurer.

(3) (a) The amount of any Class A assessment for each account ~~shall~~ *must* be determined by the board. The amount of any Class B assessment ~~shall~~ *must* be divided among the accounts in the proportion that the premiums received by the impaired insurer on the policies covered by each account bear to the premiums received by ~~such~~ *the* insurer on all covered policies.

(b) Class B assessments against member insurers for each account ~~shall~~ *must* be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account bear to ~~such~~ *the* premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired insurer ~~shall~~ *may* not be made until necessary to implement the purposes of this part. Classification of assessments under subsection (2) and computation of assessments under this subsection ~~shall~~ *must* be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account ~~shall~~ *may* not in any one calendar year exceed 2% of ~~such~~ *the* insurer's premiums in this state on the policies covered by the account.

(5) In the event an assessment against a member insurer is abated or deferred, in whole or in part, because of the limitations set forth in subsection (4), the amount by which ~~such~~ *the* assessment is abated or deferred ~~shall~~ *must* be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds ~~shall~~ *must* be assessed as soon thereafter as permitted by this part.

(6) If a 1% assessment for any subaccount of the life insurance account and the annuity account in any 1 year does not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subsection (3)(b), the board shall assess all subaccounts of the life insurance account and the annuity account for the necessary additional amount, subject to the maximum assessment stated in subsection (4).

~~(6)~~*(7)* The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that amount, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

~~(7)~~*(8)* It ~~shall be~~ *is* proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this part, to consider the amount reasonably necessary to meet its assessment obligations under this part.

~~(8)~~*(9)* The association shall issue to each insurer paying an assessment under this part a certificate of contribution, in a form prescribed by the commissioner, for the amount ~~so~~ paid. All outstanding certificates ~~shall~~ *must* be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in ~~such~~ *that* form and for ~~such~~ *the* amount, if any, and period of time ~~as~~ *that* the commissioner may approve."

Section 70. Section 33-10-230, MCA, is amended to read:

"**33-10-230. Tax — writeoffs of certificates of contribution.** (1) Unless a longer period has been allowed by the commissioner, a member insurer shall at its option have the right to show a certificate of contribution for a Class B assessment only as an asset in the form approved by the commissioner pursuant to 33-10-227~~(8)~~*(9)*, at percentages of the original face amount approved by the commissioner, for calendar years as follows:

(a) 100% for calendar year of issuance;

(b) 80% for the first calendar year after year of issuance;

(c) 60% for second calendar year after year of issuance;

(d) 40% for third calendar year after year of issuance;

(e) 20% for fourth calendar year after year of issuance.

(2) The insurer may offset the amount written off by it in the calendar year under subsection (1) above against its premium tax liability to this state accrued with respect to business transacted in ~~such~~ *the calendar* year.

(3) Any sums acquired by refund, pursuant to 33-10-227~~(6)~~*(7)*, from the association which have therefore been written off by contributing insurers and offset against premium taxes as provided in subsection (2) above and are not then needed for purposes of this part ~~shall~~ *must* be paid by the association to the commissioner and ~~by him~~ deposited *by the commissioner* with the state treasurer for credit to the general fund of this state."

[HB 442]

AN ACT GENERALLY REVISING THE MONTANA METAL MINE RECLAMATION LAWS; PROVIDING A PROCESS FOR AMENDMENT OF OPERATING PERMITS; REVISING THE INITIAL REVIEW PERIOD FOR APPLICATIONS FOR OPERATING PERMITS; STRENGTHENING ENFORCEMENT AND BONDING MECHANISMS; AND AMENDING SECTIONS 82-4-305, 82-4-331, 82-4-335, 82-4-337, 82-4-338, AND 82-4-362, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-305, MCA, is amended to read:

"**82-4-305. Exemption — small miners — written agreement.** (1) Except as provided in subsections (3) through (9), the provisions of this part do not apply to any small miner if the small miner annually agrees in writing:

(a) that ~~he~~ *the small miner* will not pollute or contaminate any stream;

(b) that ~~he~~ *the small miner* will provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals;

(c) that ~~he~~ *the small miner* will provide a map locating ~~his~~ *the miner's* mining operations. The map must be of a size and scale determined by the department.

(d) if the small miner's operations are placer or dredge mining, that ~~he~~ *the small miner* shall reclaim all land disturbed by the operations to comparable utility and stability as that of adjacent areas.

(2) For small-miner exemptions obtained after September 30, 1985, a small miner may not obtain or continue an exemption under subsection (1) unless ~~he~~ *the small miner* annually certifies in writing:

(a) if the small miner is a natural person, that:

(i) no business association or partnership of which ~~he~~ *the small miner* is a member or partner has a small-miner exemption; and

(ii) no corporation of which ~~he~~ *the small miner* is an officer, director, or owner of record of 25% or more of any class of voting stock has a small-miner exemption; or

(b) if the small miner is a partnership or business association, that:

(i) none of the associates or partners holds a small-miner exemption; and

(ii) none of the associates or partners is an officer, director, or owner of 25% or more of any class of voting stock of a corporation that has a small-miner exemption; or

(c) if the small miner is a corporation, that no officer, director, or owner of record of 25% or more of any class of voting stock of the corporation:

(i) holds a small-miner exemption;

(ii) is a member or partner in a business association or partnership that holds a small-miner exemption;

(iii) is an officer, director, or owner of record of 25% or more of any class of voting stock of another corporation that holds a small-miner exemption.

(3) A small miner whose operations are placer or dredge mining shall post a performance bond equal to the state's actual cost of reclaiming the disturbed land, although the bond may not exceed $5,000 per operation. However, if the small miner has posted a bond for reclamation with another government agency, ~~he~~ *the small miner* is exempt from the requirement of this subsection.

(4) If a small miner who conducts a placer or dredge mining operation fails to reclaim the operation, ~~he~~ *the small miner* is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and

diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.

(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (5), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs it ~~deems~~ *considers* reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(7) A small miner who intends to use a cyanide ore-processing reagent shall obtain an operating permit for that part of ~~his~~ *the small miner's* operation where the cyanide ore-processing reagent will be used or disposed of.

(8) The exemption provided in this section does not apply to*:*

(a) a person whose failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond, unless that person meets the conditions described under 82-4-360~~.~~*;*

(b) a person who has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) a person who has failed to post a reclamation bond required by this section, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation; or

(d) a person who has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(9) The exemption provided in this section does not apply to an area under permit pursuant to 82-4-335 or to an area that has been permitted pursuant to 82-4-335 and reclaimed by the permittee, the department, or any other state or federal agency."

Section 2. Section 82-4-331, MCA, is amended to read:

"82-4-331. **Exploration license required — employees included — limitation.** (1) A person may not engage in exploration in the state without first obtaining an exploration license from the board. A license must be issued for a period of 1 year from date of issue and is renewable from year to year on application. An application for renewal must be filed within 30 days preceding the expiration of the current license and be accompanied by payment of a fee as required for a new license. A license may not be renewed if the applicant for renewal is in violation of any provision of this part. A license is subject to suspension and revocation as provided by this part.

(2) Employees of persons holding a valid license under this part are included in and covered by the license.

(3) A person may not be issued an exploration license if*:*

(a) that person's failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond, unless that person meets the conditions described in 82-4-360~~.~~*;*

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation;

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement."

"82-4-335. **Operating permit — limitation — fees.** (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents, or disturb land in anticipation of those activities in the state without first obtaining an operating permit from the board. A separate operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent shall obtain an operating permit for that part of ~~his~~ *the small miner's* operation where the cyanide ore-processing reagent will be used or disposed of.

(3) Prior to receiving an operating permit from the board, a person shall pay the basic permit fee of $25. The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The department may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant

that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(4) The person shall submit an application on a form provided by the board, which must contain the following information and any other pertinent data required by rule:

(k) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(l) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable;

(n) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site.

(5) Except as provided in subsection (7), the permit provided for in subsection (1) for a large-scale mineral development as defined in 90-6-302 must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the board, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(6) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the board with proof that ~~he~~ *the permittee* has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that ~~he~~ *the permittee* has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the board that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the board shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

The board shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within ~~30 days of receipt~~ *the appropriate review period.*

(b) Unless the review period is extended as provided in this section, the board shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the board does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of operation within ~~such~~ *the* time period, the operating permit ~~shall be~~ *is* issued upon receipt of the bond as required in 82-4-338 and pursuant to the requirements of subsection (1)(c). (ii) the information and certification have been submitted pursuant to 82-4-335(9); and

(iii) the department has found that permit issuance is not prohibited by 82-4-335(8) or 82-4-341(6).

(d) (i) Prior to issuance of a permit, the department shall inspect the site unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible due to extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department ~~must~~ *shall* serve written notice of extension upon the applicant in person or by certified mail, and any ~~such~~

(ii) If the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 365 days in order to permit reasonable review.

(iii) Failure of the board to act upon a complete application within the extension period constitutes approval of the application, and the permit ~~shall~~ *must* be issued promptly upon receipt of the bond as required in 82-4-338.

Section 5. **Amendment or revision of operating permits.** (1) During the term of an operating permit, an operator may apply for an amendment or revision to the permit. The operator may not apply for an amendment to delete disturbed acreage from the permit.

(2) Applications for major amendments must be processed in the same manner as applications for new permits.

(3) Major amendments are those that may significantly affect the environment. Minor amendments are those that will not significantly affect the environment. The department may by rule establish criteria for classification of amendments as major or minor. The rules must establish requirements for the content of applications for amendments and revisions and procedures for processing of minor amendments.

(4) If the department demonstrates that a revision may result in a significant environmental impact that was not previously and substantially evaluated in an environmental impact statement, the application must be processed in the same manner as is provided for new permits. Applications for minor amendments and other revisions must be processed within 30 days of receipt of an application.

Section 6. Section 82-4-338, MCA, is amended to read:

In lieu of ~~such~~ *a* bond, the applicant may file with the board a cash deposit, an assignment of a certificate of deposit, or other surety acceptable to the board. Regardless of the ~~above~~ limits *in this subsection*, the bond ~~shall~~ *may* not be less than the estimated cost to the state to ~~complete the reclamation of the disturbed land~~ *ensure compliance with this part, the rules, and the permit*. A blanket performance bond covering two or more operations may be accepted by the board. ~~Such~~ *A* blanket bond ~~shall~~ *must* adequately secure the estimated total number of acres of disturbed land.

(2) The department shall review the amount of each bond at least every 5 years and shall consult with the licensee or permittee if the review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of ~~reclamation~~ *compliance with this part, the rules, and the permit*, the department may modify the bonding requirements of that permit or license. The department shall make written findings, give the licensee or permittee a copy of the findings, and, for operating permits, publish notice of the findings in a newspaper of general circulation in the county in which the operation is located. The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing under the provisions of the Montana Administrative Procedure Act on the adjusted bond level by filing with the department within 30 days of the notice a written request for hearing.

The notice of noncompliance *or order of suspension* must specify in what respects the operator has failed to comply with this part, the rules adopted under this part, *the permit*, or the reclamation plan *and must, if the violation has not been abated, order abatement within a specified time period.*

(2) If the licensee or permittee has not complied with the requirements set forth in the notice of noncompliance or order of suspension within the time limits set ~~therein~~ *in the notice or order*, the permit may be revoked by order of the board and the performance bond forfeited to the department. The licensee or permittee is entitled to a hearing before the department on the revocation of a permit or license or the forfeiture of a performance bond if a hearing is requested within 30 days after service of notice as provided in subsection (1). The notice must state when those measures may be undertaken and must give notice of opportunity for a hearing. If a hearing is requested within the 30-day period, the permit or license may not be revoked and the bond may not be forfeited until a final decision is made by the department.

(3) If a permittee fails to pay the fee or file the report required under 82-4-339, the department shall serve notice of this failure, by certified mail or personal delivery, on the permittee. STATEMENT OF INTENT

(1) A statement of legislative intent is required for this bill because:

(a) [section 4] authorizes the Montana health care authority to adopt rules necessary to implement [sections 1 through 20]. In addition to those rulemaking matters addressed below, the authority may adopt rules governing such matters as its meetings, public hearings, and rules of procedure and rules of ethical conduct governing its members.

(b) [section 17] requires the Montana health care authority to adopt rules to establish regional health care planning boards within the health care planning regions established in [section 17] and to establish a procedure for selection of regional board members. The rules establishing the boards must specify the number of members, any relevant qualifications, and the operations and duties of the boards and must provide for a funding mechanism by grant from the authority. In addition, the rules must provide for consideration of a balance between rural and urban interests in the selection of regional board members. The procedure for selection of the board members must provide for public notice of the selection process.

(c) [section 10] grants the commissioner of insurance the authority to adopt rules specifying uniform health insurance claim forms and procedures. The forms should be based upon existing formats, be as short as possible, and be compatible with electronic data transmission.

(d) [section 19] requires the authority to adopt rules relating to the unified health care data base. The authority's rules must specify in comprehensive detail what information is required to be provided by health care providers and the times at which the information is to be provided. The rules must also provide for audit procedures to determine the accuracy of the filed data. The confidentiality provisions must be consistent with other state laws governing the confidentiality of public records, including medical records, and must apply to employees of the authority and to others receiving or using records in the data base.

(e) [sections 23, 26, 27, 30, 31, and 34 through 36] require the commissioner of insurance to adopt rules governing small employer group health plans. In determining the basic benefits package, the commissioner shall make objective determinations, supported by available data, concerning the type of benefits required and shall determine that the benefits to be required are cost-effective pursuant to the Small Employer Health Insurance Availability Act. The commissioner may adopt rules providing for a transition period to allow small employer carriers to comply with certain provisions of the act. The commissioner may approve the establishment of additional classes of businesses only if the commissioner determines that the additional classes would enhance the efficiency and fairness of the small employer health insurance market. The commissioner is required under the act to adopt rules to implement and administer the act.

(f) [section 44] requires the authority to adopt rules implementing [sections 37 through 44]. The rules adopted by the authority must specify the form and content of applications for certificates of public advantage; details of the reconsideration, revocation, hearing, and appeal processes; and other matters as the authority determines necessary. The rules that are adopted by the authority must also provide the authority with direct supervision and control over the implementation of cooperative agreements between facilities.

(2) In preparing the plan required by [section 5], the authority shall consider the following matters for the following features of the plan:

(a) a unified health care budget. The authority shall consider the development of a state health care budget based upon the budgets submitted by the regional health care planning boards.

(b) caps for provider expenditures. The authority shall consider a process for adopting mandatory limits on provider expenses, including fees and salaries.

(c) global budgeting for all health care spending. The authority shall consider adopting a budgeting process, with public involvement, by which a unified health care budget is determined.

(d) controlled capital expenditures. The authority shall consider adopting a system to control capital expenditures.

(e) binding cap on overall expenditures. The authority shall consider adopting mandatory limits on all types of expenditures of health care providers, including capital expenditures, small equipment purchases, personnel costs, and all other types of operating costs.

Be it enacted by the Legislature of the State of Montana:

Section 1. **State health care policy.** (1) It is the policy of the state of Montana to ensure that all residents have access to quality health services at costs that are affordable. To achieve this policy, it is necessary to develop a health care system that is integrated and subject to the direction and oversight of a single state agency. Comprehensive health planning through the application of a statewide health care resource management plan that is linked to a unified health care budget for Montana is essential.

(2) It is further the policy of the state of Montana that the health care system should:

(a) maintain and improve the quality of health care services offered to Montanans;

(b) contain or reduce increases in the cost of delivering services so that health care costs do not consume a disproportionate share of Montanans' income or the money available for other services required to ensure the health, safety, and welfare of Montanans;

(c) avoid unnecessary duplication in the development and offering of health care facilities and services;

(d) encourage regional and local participation in decisions about health care delivery, financing, and provider supply;

(e) facilitate universal access to health sciences information;

(f) promote rational allocation of health care resources in the state; and

(g) facilitate universal access to preventive and medically necessary health care.

(3) It is further the policy of the state of Montana that regardless of whether or what form of a health care access plan is adopted by the legislature, the health care authority, health care providers, and other persons involved in the delivery of health care services need to increase their emphasis on the education of consumers of health care services. Consumers should be educated concerning the health care system, payment for services, ultimate costs of health care services, and the benefit to consumers generally of providing only services to the consumer that are reasonable and necessary.

The executive director is the chief administrative officer of the authority. The executive director has the power of a department head pursuant to 2-15-112, subject to the policies and procedures established by the authority.

(2) The authority may delegate its powers and assign the duties of the authority to the executive director as it may consider appropriate and necessary for the proper administration of the authority. However, the authority may not delegate its rulemaking powers under [sections 1 through 20].

(7) The authority shall make grants to the boards for the operation of the boards. The authority shall provide for uniform procedures for grant applications and budgets of the boards.

Section 5. **Statewide universal access plans required.** (1) On or before October 1, 1994, the authority shall submit a report to the legislature that contains the authority's recommendation for a statewide universal health care access plan based on a single payor system and a recommendation for a statewide universal access plan based on a regulated multiple payor system. Each statewide plan must contain recommendations that, if implemented, would provide for universally accessible, medically necessary, and preventive health care by October 1, 1995. Both plans must be voted on by the 1995 legislature. The legislature may return one or both plans to the authority for further development.

(2) For purposes of this section:

(a) a single payor system is a method of financing health care services predominantly through public funds so that each resident of Montana receives a uniform set of benefits as established through statute or administrative rule. Policies governing all aspects of the management of the single payor system would reside with state government, and benefits must be administered by a single entity.

(b) a regulated multiple payor system is a method of financing health care services through a mix of public and private funds so that each resident of Montana receives a uniform set of benefits as established by statute or administrative rule. State government has responsibility for regulating the multiple entities that provide benefits to residents, including regulations for enrollment, change in premium rates, payment rates to providers, and aggregate health expenditures.

Section 6. **Features of statewide plans.** (1) Each statewide plan under [section 5] must contain the features required by [sections 7 through 9 and 11] and this section.

(2) Each statewide plan must include:

(a) guaranteed access to health care services for all residents of Montana;

(f) consideration of the limitations of public funding;

(g) a system capped for provider expenditures;

(h) global budgeting for all health care spending;

(i) controlled capital expenditures;

(j) a binding cap on overall expenditures;

(p) integration, to the extent possible under federal and state law, of benefits provided under the health care system with benefits provided by the Indian health service and the United States department of veteran affairs and benefits provided by the medicare and medicaid programs; and

(q) an actuarially sound estimate of the costs of implementing the plan through the year 2005.

(3) Nothing in [sections 7 through 9 and 11] or this section may be interpreted to prevent Montana residents from seeking health care services not provided in either or both statewide plans.

Section 7. **Cost containment.** (1) The statewide plans must contain a cost containment component, including annual cost containment targets. Except as otherwise provided in this section, each statewide plan must establish targets for cost containment so that by 1999, the annual average percentage increase in statewide health care costs does not exceed the average annual percentage increase in the gross domestic product, as determined by the U.S. department of commerce, for the 5 preceding years.

(2) The authority shall adopt processes and criteria for responding to exceptional and unforeseen circumstances that affect the health care system and the targets required in subsection (1), including such factors as population increases or decreases, demographic changes, costs beyond the control of health care providers, and other factors that the authority considers significant.

(3) The authority shall, at a minimum, include the following features in the cost containment component:

(a) global budgeting for all health care spending;

(b) a system for limiting demand of health care services and controlling unnecessary and inappropriate health care. The system may include prioritization of services that allows for consideration of an individual patient's prognosis.

(c) a system for reimbursing health care providers for services and health care items. The reimbursement system must provide that all payors, public or private, pay the same rate for the same health care services and items and that reimbursement for services is based predominantly upon the health care service provided rather than upon the discipline of the health care provider.

(d) a method of monitoring compliance with the targets required in subsection (1);

(e) expenditure targets for health care providers and facilities;

(f) disincentives for exceeding the targets established pursuant to subsection (3)(e), including reduction of reimbursement levels in subsequent years;

(g) reimbursement of health care providers and health care facilities that is based upon negotiated annual budgets or fees for services; and

(h) a plan by the authority, health care providers, health insurers, and health care facilities to educate the public concerning the purpose and content of the statewide plans.

Section 8. **Health care resource management plan.** (1) Each statewide plan must contain a health care resource management plan that takes into account the provisions of [section 7]. The management plan must provide for the distribution of health care resources within the regions established pursuant to [section 17] and within the state as a whole, consistent with the principles provided in subsection (2).

(2) The management plan must include:

(a) a statement of principles used in the allocation of resources and in establishing priorities for health services;

(b) identification of the current supply and distribution of:

(i) hospital, nursing home, and other inpatient services;

(ii) home health and mental health services;

(iii) treatment services for alcohol and drug abuse;

(iv) emergency care;

(v) ambulatory care services, including primary care resources;

(vi) nutrition benefits, prenatal benefits, and maternity care;

(vii) human resources;

(viii) health sciences library resources and services;

(ix) major medical equipment; and

(x) health screening and early intervention services;

(c) a determination of the appropriate supply and distribution of the resources and services identified in subsection (2)(b) and of the mechanisms that will encourage the appropriate integration of these services on a local or regional basis. To arrive at a determination, the authority shall consider the following factors:

(i) the needs of the statewide population, with special consideration given to the development of health care services in underserved areas of the state;

(ii) the needs of particular geographic areas of the state;

(iii) the use of Montana facilities by out-of-state residents;

(iv) the use of out-of-state facilities by Montana residents;

(v) the needs of populations with special health care needs;

(vi) the desirability of providing high-quality services in an economical and efficient manner, including the appropriate use of midlevel practitioners; and

(vii) the cost impact of these resource requirements on health care expenditures;

(d) a component that addresses health promotion and disease prevention and that is prepared by the department of health and environmental sciences in a format established by the authority;

(e) incentives to improve access to and use of preventive care; primary care services, including mental health services; and community-based care;

(f) incentives for healthy lifestyles;

(g) incentives to improve access to health care in underserved areas, including:

(i) a system by which the authority may identify persons with an interest in becoming health care professionals and provide or assist in providing health care education for those persons; and

(ii) tax credits and other financial incentives to attract and retain health care professionals in underserved areas; and

(h) a component that addresses integration of the plan, to the extent allowed by state and federal law, with services provided by the Indian health service and by the United States department of veterans affairs and by the medicare and medicaid programs.

(3) In adopting the management plan, the authority shall consider the regional health resource plans recommended by regional panels.

(4) The management plan must be revised annually in a manner determined by the authority.

(5) Prior to adoption of the management plan, the authority shall hold one or more public hearings for the purpose of receiving oral and written comment on a draft plan. After hearings have been concluded, the authority shall adopt the management plan, taking comments into consideration.

Section 9. **Health care billing simplification.** (1) Each statewide plan must contain a component providing for simplification and reduction of the costs associated with health care billing. In designing this component, the authority may consider:

(a) conversion from paper health care claims to standardized electronic billing; and

(b) creating a claims clearinghouse, consisting of a state agency or private entity, to receive claims from all health care providers for compiling, editing, and submitting the claims to payors.

(2) The health care billing component must include a method to educate and assist health care providers and payors who will use any health care billing simplification system recommended by the authority.

(3) The billing component must provide a schedule for a phasein of any health care billing simplification system recommended by the authority. The schedule must relieve health care providers, payors, and consumers of undue burdens in using the system.

Section 10. **Uniform claim forms and procedures.** (1) The commissioner of insurance, after consultation with the authority, may adopt by rule uniform health insurance claim forms and uniform standards and procedures for the use of the forms and processing of claims, including the submission of claims by means of an electronic claims processing system.

(2) The commissioner may contract with a private or public entity to administer and operate an electronic claims processing system. If the commissioner elects to contract for administration and operation of the system, the commissioner shall award a contract according to Title 18, chapter 4.

Section 11. **Other matters to be included in statewide plans.** (1) The statewide plans recommended by the authority must include:

(a) stable financing methods, including sharing of the costs of health care by health care consumers on an ability-to-pay basis through such mechanisms as copayments or payment of premiums;

(b) a procedure for evaluating the quality of health care services;

(c) public education concerning the statewide plans recommended by the authority; and

(d) phasein of the various components of the plans.

(2) (a) In order to reduce the costs of defensive medicine, the authority shall:

(i) conduct a study of a system for reducing the use of defensive medicine by adopting practice protocols that would give providers guidelines to follow for specific procedures;

(ii) conduct a study of tort reform measures, including limitations on the amount of noneconomic damages, mandated periodic payments of future damages, and reverse sliding scale limits on contingency fees; and

(iii) propose any changes, including legislation, that it considers necessary, including measures for compensating victims of tortious injuries.

(b) As part of its study under subsection (2)(a)(ii), the authority may consider changes in the Montana Medical Legal Panel Act.

(c) The recommendations of the authority must be included in its report containing the statewide plans.

(3) The authority shall conduct a study of the impacts of federal and state antitrust laws on health care services in the state and make recommendations, including legislation, to address those laws and impacts. The authority may include in its plans legislation in addition to [sections 37 through 44] that will enable health care providers and payors, including health insurers and consumers, to negotiate and enter into agreements when the agreements are likely to result in lower costs or in greater access or quality than would otherwise occur in the competitive marketplace. In proposing appropriate legislation concerning antitrust laws, the authority shall provide appropriate conditions, supervision, and regulation to protect against private abuse of economic power.

(4) The authority shall apply for waivers from federal laws necessary to implement recommendations of the authority enacted by the legislature and to implement those recommendations not requiring legislation.

Section 12. **Availability of plans — hearings on statewide plans.** (1) The authority shall make copies of the draft statewide plans widely available at public expense to interested persons and groups.

(2) The authority shall seek public comment on the development of each statewide plan required under [section 5]. In seeking public comment on the development of the authority's recommendations for each plan, the authority shall provide extensive, multimedia notice to the public and hold at least one public hearing in each of the health care planning regions established by [section 17]. The hearings must take place before the authority's report is submitted to the legislature. The authority shall consult with health care providers in the development of its recommendations for each statewide plan.

(3) The authority shall consider oral and written public comments on the statewide plans before recommending them to the legislature.

Section 13. **State purchasing pool — reports required.** (1) On or before December 15, 1994, and December 15, 1996, the authority shall report to the legislature on establishment of a state purchasing pool, including the number and types of groups and group members participating in the pool, the costs of administering the pool, the savings attributable to participating groups from the operation of the pool, and any changes in legislation considered necessary by the authority.

(2) On or before December 15, 1996, the authority shall report to the legislature its recommendations concerning the feasibility and merits of authorizing the authority to act as an insurer in pooling risks and providing benefits, including a common benefits plan, to participants of the purchasing pool.

Section 14. **Study of prescription drug cost and distribution.** The authority shall conduct a study of the cost and distribution of prescription drugs in this state. The study must consider the feasibility of various methods of reducing the cost of purchasing and distributing prescription drugs to Montana residents. The study must include the feasibility of establishing a prescription drug purchasing pool for distribution of drugs through pharmacists in this state. The results of the study, including the authority's recommendations for any necessary legislation, must be reported to the legislature by December 1, 1996. If the authority determines that feasible methods are available without need for legislation or appropriations, the authority shall implement that part or those parts of its recommendations.

Section 15. **Long-term care study and recommendations.** (1) The authority shall conduct a study of the long-term care needs of state residents and report to the public and the legislature the authority's recommendations, including any necessary legislation, for meeting those long-term care needs. The report must be available to the public on or before September 1, 1996, after which the authority shall conduct public hearings on its report in each region established under [section 17]. The authority shall present its report to the legislature on or before January 1, 1997.

(2) This section does not preclude the authority from recommending cost-sharing arrangements for long-term care services or from recommending that the services be phased in over time. The authority's recommendations must support and may not supplant informal care giving by family and friends and must include cost containment recommendations for any long-term care service suggested for inclusion.

(3) The authority's report must estimate costs associated with each of the long-term care services recommended and may suggest independent financing mechanisms for those services. The report must also set forth the projected cost to Montana and its citizens over the next 20 years if there is no change in the present accessibility, affordability, or financing of long-term care services in this state.

(4) The authority shall consult with the department of social and rehabilitation services in developing its recommendations under this section.

Section 16. **Study of certificate of need process.** (1) The authority shall conduct a study of the certificate of need process established under Title 50, chapter 5, part 3. The study must determine whether changes in the certificate of need process are necessary or desirable in light of the authority's recommendation for a single payor health care system required by [section 5]. The study must include consideration of the role, effect, and desirability of:

(a) maintaining the exemptions from the certificate of need process for hospitals and for offices of private physicians, dentists, and other physical and mental health care professionals; and

(b) maintaining the dollar thresholds for health care services, equipment, and buildings and for construction of health care facilities.

(2) The results of the study, including any recommendations for legislation and changes in an agency's policies or rules, must be reported to the legislature no later than December 1, 1994.

(b) The authority shall grant or deny the petition after a public hearing. The authority shall give notice as the authority determines appropriate. The authority shall grant the petition if it appears by a preponderance of the evidence that the petitioning county's health care interests are more strongly associated with the region that the county seeks to join than with the region in which the county is located. If the authority grants the petition, the county is considered for all purposes to be part of the health care planning region as approved by the authority.

(3) Within each region, the authority shall establish by rule a regional health care planning board. Each board must include one member from each county within the region. The members on each board shall represent a balance of individuals who are health care consumers and individuals who are recognized for their interest or expertise, or both, in health care. Each regional board should attempt to achieve gender balance.

(4) The authority shall, within 30 days of appointment of its members, propose by rule a procedure for selecting members of boards. The authority shall select the members for each board within 180 days of appointment of the authority, using the selection procedure adopted by rule under this subsection. Vacancies on a board must be filled by using the authority's selection process.

(5) Regional board members serve 4-year terms, except that of the board members initially selected, at least three members serve for 2 years, at least three members serve for 3 years, and at least three members serve for 4 years, to be determined by lot. Board members must be compensated and reimbursed in accordance with 2-15-124.

Section 18. **Powers and duties of boards.** (1) A board shall:

(2) Regional boards may:

(a) recommend that the authority sanction voluntary agreements between health care providers and between health care consumers in the region that will improve the quality of, access to, or affordability of health care but that might constitute a violation of antitrust laws if undertaken without government direction;

(b) make recommendations to the authority regarding major capital expenditures or the introduction of expensive new technologies and medical practices that are being proposed or considered by health care providers;

(c) undertake voluntary activities to educate consumers, providers, and purchasers and promote voluntary, cooperative community cost containment, access, or quality of care projects; and

(3) Each regional board may review and advise the authority on regional technical matters relating to the statewide plans required by [section 5], the common benefits package, procedures for developing and applying practice guidelines for use in the statewide plans, provider and facility contracts with the state, utilization review recommendations, expenditure targets, and uniform health care benefits and the impact of the benefits upon the provision of quality health care within the region.

Section 19. **Health care data base — information submitted — enforcement.** (1) The authority shall develop and maintain a unified health care data base that enables the authority, on a statewide basis, to:

(a) determine the distribution and capacity of health care resources, including health care facilities, providers, and health care services;

(b) identify health care needs and direct statewide and regional health care policy to ensure high-quality and cost-effective health care;

(c) conduct evaluations of health care procedures and health care protocols;

(d) compare costs of commonly performed health care procedures between providers and health care facilities within a region and make the data readily available to the public; and

(e) compare costs of various health care procedures in one location of providers and health care facilities with the costs of the same procedures in other locations of providers and health care facilities.

(2) The authority shall by rule require health care providers, health insurers, health care facilities, private entities, and entities of state and local governments to file with the authority the reports, data, schedules, statistics, and other information determined by the authority to be necessary to fulfill the purposes of the data base provided in subsection (1). Material to be filed with the authority may include health insurance claims and enrollment information used by health insurers.

(3) The authority may issue subpoenas for the production of information required under this section and may issue subpoenas for and administer oaths to any person. Noncompliance with a subpoena issued by the authority is, upon application by the authority, punishable by a district court as contempt pursuant to Title 3, chapter 1, part 5.

(4) The data base must:

(a) use unique patient and provider identifiers and a uniform coding system identifying health care services; and

(b) reflect all health care utilization, costs, and resources in the state and the health care utilization and costs of services provided to Montana residents in another state.

(5) Information in the data base required by law to be kept confidential must be maintained in a manner that does not disclose the identity of the person to whom the information applies. Information in the data base not required by law to be kept confidential must be made available by the authority upon request of any person.

(6) The authority shall adopt by rule a confidentiality code to ensure that information in the data base is maintained and used according to state law governing confidential health care information.

Section 20. **Health insurer cost management plans.** (1) (a) Except as provided in subsection (3), each health insurer shall:

(i) prepare a cost management plan that includes integrated systems for health care delivery; and

(ii) file the plan with the authority no later than January 1, 1994.

(b) The authority may use plans filed under this section in the development of a unified health care budget.

(2) The plans required by this section must be developed in accordance with standards and procedures established by the authority.

(3) The provisions of this section do not apply to dental insurance.

Section 26. **Establishment of classes of business.** (1) A small employer carrier may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative costs that are related to the following reasons:

(a) The small employer carrier uses more than one type of system for the marketing and sale of health benefit plans to small employers.

(b) The small employer carrier has acquired a class of business from another small employer carrier.

(c) The small employer carrier provides coverage to one or more association groups that meet the requirements of 33-22-501(2).

(2) A small employer carrier may establish up to nine separate classes of business under subsection (1).

(4) The commissioner may approve the establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that the action would enhance the fairness and efficiency of the small employer health insurance market.

Section 27. **Restrictions relating to premium rates.** (1) Premium rates for health benefit plans under [sections 22 through 36] are subject to the following provisions:

(a) The index rate for a rating period for any class of business may not exceed the index rate for any other class of business by more than 20%.

(b) For each class of business:

(i) the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage or the rates that could be charged to the employer under the rating system for that class of business may not vary from the index rate by more than 25% of the index rate; or

(ii) if the Montana health care authority established by [section 3] certifies to the commissioner that the cost containment goal set forth in [section 7] is met on or before January 1, 1999, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage may not vary from the index by more than 20% of the index rate.

(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period; in the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) any adjustment, not to exceed 15% annually and adjusted pro rata for rating periods of less than 1 year, because of the claims experience, health status, or duration of coverage of the employees or dependents of the small employer, as determined from the small employer carrier's rate manual for the class of business; and

(iii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(d) Adjustments in rates for claims experience, health status, and duration of coverage may not be charged to individual employees or dependents. Any adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) If a small employer carrier uses industry as a case characteristic in establishing premium rates, the rate factor associated with any industry classification may not vary from the average of the rate factors associated with all industry classifications by more than 15% of that coverage.

(f) In the case of health benefit plans delivered or issued for delivery prior to January 1, 1994, a premium rate for a rating period may exceed the ranges set forth in subsections (1)(a) and (1)(b) until January 1, 1997. In that case, the percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period; in the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers; and

(ii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(g) A small employer carrier shall:

(i) apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors must produce premiums for identical groups that differ only by the amounts attributable to plan design and that do not reflect differences because of the nature of the groups.

(ii) treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(h) For the purposes of this subsection (1), a health benefit plan that includes a restricted network provision may not be considered similar coverage to a health benefit plan that does not include a restricted network provision.

(i) The commissioner shall adopt rules to implement the provisions of this section and to ensure that rating practices used by small employer carriers are consistent with the purposes of [sections 22 through 36], including rules that ensure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences because of the nature of the groups.

(2) A small employer carrier may not transfer a small employer involuntarily into or out of a class of business. A small employer carrier may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claims experience, health status, or duration of coverage since the insurance was issued.

(3) The commissioner may suspend for a specified period the application of subsection (1)(a) for the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the commissioner either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the fairness and efficiency of the small employer health insurance market.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of each of the following:

(a) the extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or upon the actual or expected variation in health status of the employees of small employers and the employees' dependents;

(b) the provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and the factors, other than claims experience, that affect changes in premium rates;

(c) the provisions relating to renewability of policies and contracts; and

(d) the provisions relating to any preexisting condition.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(b) Each small employer carrier shall file with the commissioner annually, on or before March 15, an actuarial certification certifying that the carrier is in compliance with [sections 22 through 36] and that the rating methods of the small employer carrier are actuarially sound. The actuarial certification must be in a form and manner and must contain information as specified by the commissioner. A copy of the actuarial certification must be retained by the small employer carrier at its principal place of business.

(c) A small employer carrier shall make the information and documentation described in subsection (5)(a) available to the commissioner upon request. Except in cases of violations of the provisions of [sections 22 through 36] and except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction, the information must be considered proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside of the department.

Section 28. **Renewability of coverage.** (1) A health benefit plan subject to the provisions of [sections 22 through 36] is renewable with respect to all eligible employees or their dependents, at the option of the small employer, except in any of the following cases:

(a) nonpayment of the required premium;

(b) fraud or misrepresentation of the small employer or with respect to coverage of individual insureds or their representatives;

(c) noncompliance with the carrier's minimum participation requirements;

(d) noncompliance with the carrier's employer contribution requirements;

(e) repeated misuse of a restricted network provision;

(f) election by the small employer carrier to not renew all of its health benefit plans delivered or issued for delivery to small employers in this state, in which case the small employer carrier shall:

(i) provide advance notice of this decision under this subsection (1)(f) to the commissioner in each state in which it is licensed; and

(ii) at least 180 days prior to the nonrenewal of any health benefit plans by the carrier, provide notice of the decision not to renew coverage to all affected small employers and to the commissioner in each state in which an affected insured individual is known to reside. Notice to the commissioner under this subsection (1)(f) must be provided at least 3 working days prior to the notice to the affected small employers.

(g) the commissioner finds that the continuation of the coverage would:

(i) not be in the best interests of the policyholders or certificate holders; or

(ii) impair the carrier's ability to meet its contractual obligations.

(2) If the commissioner makes a finding under subsection (1)(g), the commissioner shall assist affected small employers in finding replacement coverage.

(3) A small employer carrier that elects not to renew a health benefit plan under subsection (1)(f) is prohibited from writing new business in the small employer market in this state for a period of 5 years from the date of notice to the commissioner.

(4) In the case of a small employer carrier doing business in one established geographic service area of the state, the rules set forth in this section apply only to the carrier's operations in that service area.

Section 29. **Availability of coverage — required plans.** (1) (a) As a condition of transacting business in this state with small employers, each small employer carrier shall offer to small employers at least two health benefit plans. One plan must be a basic health benefit plan, and one plan must be a standard health benefit plan.

(b) (i) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan to any eligible small employer that applies for either plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with [sections 22 through 36].

(ii) In the case of a small employer carrier that establishes more than one class of business pursuant to [section 26], the small employer carrier shall maintain and offer to eligible small employers at least one basic health benefit plan and at least one standard health benefit plan in each established class of business. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

(A) the criteria are not intended to discourage or prevent acceptance of small employers applying for a basic or standard health benefit plan;

(B) the criteria are not related to the health status or claims experience of the small employers' employees;

(C) the criteria are applied consistently to all small employers that apply for coverage in that class of business; and

(D) the small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business.

(iii) The provisions of subsection (1)(b)(ii) may not be applied to a class of business into which the small employer carrier is no longer enrolling new small businesses.

(c) The provisions of this section are effective 180 days after the commissioner's approval of the basic health benefit plan and the standard health benefit plan developed pursuant to [section 31], provided that if the program created pursuant to [section 30] is not yet operative on that date, the provisions of this section are effective on the date that the program begins operation.

(2) (a) A small employer carrier shall, pursuant to 33-1-501, file the basic health benefit plans and the standard health benefit plans to be used by the small employer carrier.

(b) The commissioner may at any time, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of [sections 22 through 36].

(3) Health benefit plans covering small employers must comply with the following provisions:

(a) A health benefit plan may not, because of a preexisting condition, deny, exclude, or limit benefits for a covered individual for losses incurred more than 12 months following the effective date of the individual's coverage. A health benefit plan may not define a preexisting condition more restrictively than 33-22-216, except that the condition may be excluded for a maximum of 12 months.

(b) A health benefit plan must waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to those services if the qualifying previous coverage was continuous to a date not less than 30 days prior to the submission of an application for new coverage. This subsection (3)(b) does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan.

(c) A health benefit plan may exclude coverage for late enrollees for 18 months or for an 18-month preexisting condition exclusion, provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed 18 months from the date the individual enrolls for coverage under the health benefit plan.

(d) (i) Requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, must be applied uniformly among all small employers that have the same number of eligible employees and that apply for coverage or receive coverage from the small employer carrier.

(ii) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.

(e) (i) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subsection (3)(c).

(ii) A small employer carrier may not modify a basic or standard health benefit plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(4) (a) A small employer carrier may not be required to offer coverage or accept applications pursuant to subsection (1) in the case of the following:

(i) to a small employer when the small employer is not physically located in the carrier's established geographic service area;

(ii) to an employee when the employee does not work or reside within the carrier's established geographic service area; or

(iii) within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have the capacity within its established geographic service area to deliver service adequately to the members of a group because of its obligations to existing group policyholders and enrollees.

(b) A small employer carrier may not be required to provide coverage to small employers pursuant to subsection (1) for any period of time for which the commissioner determines that requiring the acceptance of small employers in accordance with the provisions of subsection (1) would place the small employer carrier in a financially impaired condition.

Section 30. **Small employer carrier reinsurance program — board membership — plan of operation — criteria — exemption from taxation.** (1) There is a nonprofit entity to be known as the Montana small employer health reinsurance program.

(2) (a) The program must operate subject to the supervision and control of the board. The board consists of nine members appointed by the commissioner plus the commissioner or the commissioner's designated representative, who shall serve as an ex officio member of the board.

(b) (i) In selecting the members of the board, the commissioner shall include representatives of small employers, small employer carriers, and other qualified individuals, as determined by the commissioner. At least six of the members of the board must be representatives of small employer carriers, one from each of the five small employer carriers with the highest annual premium volume derived from health benefit plans issued to small employers in Montana in the previous calendar year and one from the remaining small employer carriers. One member of the board must be a person licensed, certified, or otherwise authorized by the laws of Montana to provide health care in the ordinary course of business or in the practice of a profession. One member of the board must be a small employer who is not active in the health care or insurance fields. One member of the board must be a representative of the general public who is employed by a small employer and is not employed in the health care or insurance fields.

(ii) The initial board members' terms are as follows: one-third of the members shall serve a term of 1 year; one-third of the members shall serve a term of 2 years; and one-third of the members shall serve a term of 3 years. Subsequent board members shall serve for a term of 3 years. A board member's term continues until that member's successor is appointed.

(iii) A vacancy on the board must be filled by the commissioner. The commissioner may remove a board member for cause.

(3) Within [60 days of the effective date of this section] and on or before March 1 of each year after that date, each assessable carrier shall file with the commissioner the carrier's net health insurance premium derived from health benefit plans issued in this state in the previous calendar year.

(4) Within 180 days after the appointment of the initial board, the board shall submit to the commissioner a plan of operation and may at any time submit amendments to the plan necessary or suitable to ensure the fair, reasonable, and equitable administration of the program. The commissioner may, after notice and hearing, approve the plan of operation if the commissioner determines it to be suitable to ensure the fair, reasonable, and equitable administration of the program and if the plan of operation provides for the sharing of program gains or losses on an equitable and proportionate basis in accordance with the provisions of this section. The plan of operation is effective upon written approval by the commissioner.

(5) If the board fails to submit a suitable plan of operation within 180 days after its appointment, the commissioner shall, after notice and hearing, promulgate and adopt a temporary plan of operation. The commissioner shall amend or rescind any temporary plan adopted under this subsection at the time a plan of operation is submitted by the board and approved by the commissioner.

(6) The plan of operation must:

(a) establish procedures for the handling and accounting of program assets and money and for an annual fiscal reporting to the commissioner;

(b) establish procedures for selecting an administering carrier and setting forth the powers and duties of the administering carrier;

(c) establish procedures for reinsuring risks in accordance with the provisions of this section;

(d) establish procedures for collecting assessments from assessable carriers to fund claims incurred by the program;

(e) establish procedures for allocating a portion of premiums collected from reinsuring carriers to fund administrative expenses incurred or to be incurred by the program; and

(f) provide for any additional matters necessary for the implementation and administration of the program.

(7) The program has the general powers and authority granted under the laws of this state to insurance companies and health maintenance organizations licensed to transact business, except the power to issue health benefit plans directly to either groups or individuals. In addition, the program may:

(a) enter into contracts as are necessary or proper to carry out the provisions and purposes of [sections 22 through 36], including the authority, with the approval of the commissioner, to enter into contracts with similar programs of other states for the joint performance of common functions or with persons or other organizations for the performance of administrative functions;

(b) sue or be sued, including taking any legal actions necessary or proper to recover any premiums and penalties for, on behalf of, or against the program or any reinsuring carriers;

(c) take any legal action necessary to avoid the payment of improper claims against the program;

(d) define the health benefit plans for which reinsurance will be provided and to issue reinsurance policies in accordance with the requirements of [sections 22 through 36];

(e) establish conditions and procedures for reinsuring risks under the program;

(f) establish actuarial functions as appropriate for the operation of the program;

(g) appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in operation of the program, policy and other contract design, and any other function within the authority of the program;

(h) to the extent permitted by federal law and in accordance with subsection (11)(c), make annual fiscal yearend assessments against assessable carriers and make interim assessments to fund claims incurred by the program; and

(i) borrow money to effect the purposes of the program. Any notes or other evidence of indebtedness of the program not in default are legal investments for carriers and may be carried as admitted assets.

(8) A reinsuring carrier may reinsure with the program as provided for in this subsection (8):

(a) With respect to a basic health benefit plan or a standard health benefit plan, the program shall reinsure the level of coverage provided and, with respect to other plans, the program shall reinsure up to the level of coverage provided in a basic or standard health benefit plan.

(b) A small employer carrier may reinsure an entire employer group within 60 days of the commencement of the group's coverage under a health benefit plan.

(c) A reinsuring carrier may reinsure an eligible employee or dependent within a period of 60 days following the commencement of coverage with the small employer. A newly eligible employee or dependent of the reinsured small employer may be reinsured within 60 days of the commencement of coverage.

(d) (i) The program may not reimburse a reinsuring carrier with respect to the claims of a reinsured employee or dependent until the carrier has incurred an initial level of claims for the employee or dependent of $5,000 in a calendar year for benefits covered by the program. In addition, the reinsuring carrier is responsible for 20% of the next $100,000 of benefit payments during a calendar year and the program shall reinsure the remainder. A reinsuring carrier's liability under this subsection (d)(i) may not exceed a maximum limit of $25,000 in any calendar year with respect to any reinsured individual.

(ii) The board annually shall adjust the initial level of claims and maximum limit to be retained by the carrier to reflect increases in costs and utilization within the standard market for health benefit plans within the state. The adjustment may not be less than the annual change in the medical component of the consumer price index for all urban consumers of the United States department of labor, bureau of labor statistics, unless the board proposes and the commissioner approves a lower adjustment factor.

(e) A small employer carrier may terminate reinsurance with the program for one or more of the reinsured employees or dependents of a small employer on any anniversary of the health benefit plan.

(f) A small employer group health benefit plan in effect before January 1, 1994, may not be reinsured by the program until January 1, 1997, and then only if the board determines that sufficient funding sources are available.

(g) A reinsuring carrier shall apply all managed care and claims-handling techniques, including utilization review, individual case management, preferred provider provisions, and other managed care provisions or methods of operation consistently with respect to reinsured and nonreinsured business.

(9) (a) As part of the plan of operation, the board shall establish a methodology for determining premium rates to be charged by the program for reinsuring small employers and individuals pursuant to this section. The methodology must include a system for classification of small employers that reflects the types of case characteristics commonly used by small employer carriers in the state. The methodology must provide for the development of base reinsurance premium rates that must be multiplied by the factors set forth in subsection (9)(b) to determine the premium rates for the program. The base reinsurance premium rates must be established by the board, subject to the approval of the commissioner, and must be set at levels that reasonably approximate gross premiums charged to small employers by small employer carriers for health benefit plans with benefits similar to the standard health benefit plan, adjusted to reflect retention levels required under [sections 22 through 36].

(b) Premiums for the program are as follows:

(i) An entire small employer group may be reinsured for a rate that is one and one-half times the base reinsurance premium rate for the group established pursuant to this subsection (9).

(ii) An eligible employee or dependent may be reinsured for a rate that is five times the base reinsurance premium rate for the individual established pursuant to this subsection (9).

(c) The board periodically shall review the methodology established under subsection (9)(a), including the system of classification and any rating factors, to ensure that it reasonably reflects the claims experience of the program. The board may propose changes to the methodology that are subject to the approval of the commissioner.

(d) The board may consider adjustments to the premium rates charged by the program to reflect the use of effective cost containment and managed care arrangements.

(10) If a health benefit plan for a small employer is entirely or partially reinsured with the program, the premium charged to the small employer for any rating period for the coverage issued must meet the requirements relating to premium rates set forth in [section 27].

(11) (a) Prior to March 1 of each year, the board shall determine and report to the commissioner the program net loss for the previous calendar year, including administrative expenses and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(b) To the extent permitted by federal law, each assessable carrier shall share in any net loss of the program for the year in an amount equal to the ratio of the total premiums earned in the previous calendar year from health benefit plans delivered or issued for delivery by each assessable carrier divided by the total premiums earned in the previous calendar year from health benefit plans delivered or issued for delivery by all assessable carriers in the state.

(c) The board shall make an annual determination in accordance with this section of each assessable carrier's liability for its share of the net loss of the program and, except as otherwise provided by this section, make an annual fiscal yearend assessment against each assessable carrier to the extent of that liability. If approved by the commissioner, the board may also make interim assessments against assessable carriers to fund claims incurred by the program. Any interim assessment must be credited against the amount of any fiscal yearend assessment due or to be due from an assessable carrier. Payment of a fiscal yearend or interim assessment is due within 30 days of receipt by the assessable carrier of written notice of the assessment. An assessable carrier that ceases doing business within the state is liable for assessments until the end of the calendar year in which the assessable carrier ceased doing business. The board may determine not to assess an assessable carrier if the assessable carrier's liability determined in accordance with this section does not exceed $10.

(12) The participation in the program as reinsuring carriers; the establishment of rates, forms, or procedures; or any other joint collective action required by [sections 22 through 36] may not be the basis of any legal action, criminal or civil liability, or penalty against the program or any of its reinsuring carriers, either jointly or separately.

(13) The board, as part of the plan of operation, shall develop standards setting forth the minimum levels of compensation to be paid to producers for the sale of basic and standard health benefit plans. In establishing the standards, the board shall take into consideration the need to ensure the broad availability of coverages, the objectives of the program, the time and effort expended in placing the coverage, the need to provide ongoing service to small employers, the levels of compensation currently used in the industry, and the overall costs of coverage to small employers selecting these plans.

(14) The program is exempt from taxation.

(15) On or before March 1 of each year, the commissioner shall evaluate the operation of the program and report to the governor and the legislature in writing the results of the evaluation. The report must include an estimate of future costs of the program, assessments necessary to pay those costs, the

appropriateness of premiums charged by the program, the level of insurance retention under the program, the cost of coverage of small employers, and any recommendations for change to the plan of operation.

Section 31. **Health benefit plan committee — recommendations.** (1) The commissioner shall appoint a health benefit plan committee. The committee is composed of the following members:

(a) one health care provider;

(b) one representative of the health insurance industry;

(c) one employee of a small employer;

(d) one member of a labor union; and

(e) one representative of the general public who may not represent the persons or groups listed in subsections (1)(a) through (1)(d).

(2) The committee shall, after holding a public hearing, recommend the form and level of coverages to be made by small employer carriers pursuant to [section 29].

(3) (a) The committee shall recommend benefit levels, cost-sharing levels, exclusions, and limitations for the basic health benefit plan and the standard health benefit plan. The committee shall design a basic health benefit plan and a standard health benefit plan that contain benefit and cost-sharing levels that are consistent with the basic method of operation and the benefit plans of health maintenance organizations, including any restrictions imposed by federal law.

(b) The plans recommended by the committee must include cost containment features, such as:

(i) utilization review of health care services, including review of the medical necessity of hospital and physician services;

(ii) case management;

(iii) selective contracting with hospitals, physicians, and other health care providers;

(iv) reasonable benefit differentials applicable to providers that participate or do not participate in arrangements using restricted network provisions; and

(v) other managed care provisions.

(c) The committee shall submit the health benefit plans described in subsections (3)(a) and (3)(b) to the commissioner within 180 days after the appointment of the committee. The commissioner shall adopt as a rule pursuant to Title 2, chapter 4, part 3, the health benefit plans required by [section 29(1)] to be offered in this state.

Section 32. **Periodic market evaluation — report.** The board, in consultation with members of the committee, shall study and report at least every 3 years to the commissioner on the effectiveness of [sections 22 through 36]. The report must analyze the effectiveness of [sections 22 through 36] in promoting rate stability, product availability, and coverage affordability. The report may contain recommendations for actions to improve the overall effectiveness, efficiency, and fairness of the small employer health insurance markets. The report must address whether carriers and producers are fairly and actively marketing or issuing health benefit plans to small employers in fulfillment of the purposes of [sections 22 through 36]. The report may contain recommendations for market conduct or other regulatory standards or action.

Section 33. **Waiver of certain laws.** A law that requires the inclusion of a specific category of licensed health care practitioners and a law that requires the coverage of a health care service or benefit do not apply to a basic health benefit plan delivered or issued for delivery to small employers in this state pursuant to [sections 22 through 36] but do apply to a standard health benefit plan delivered or issued for delivery to small employers in this state pursuant to [sections 22 through 36].

Section 34. **Administrative procedure.** The commissioner shall adopt rules in accordance with the Montana Administrative Procedure Act to implement and administer [sections 22 through 36].

Section 35. **Standards to ensure fair marketing.** (1) Each small employer carrier shall actively market health benefit plan coverage, including the basic and standard health benefit plans, to eligible small employers in the state. If a small employer carrier denies coverage other than the basic or standard health benefit plans to a small employer on the basis of claims experience of the small employer or the health status or claims experience of its employees or dependents, the small employer carrier shall offer the small employer the opportunity to purchase a basic health benefit plan or a standard health benefit plan.

(2) (a) Except as provided in subsection (2)(b), a small employer carrier or producer may not directly or indirectly engage in the following activities:

(i) encouraging or directing small employers to refrain from filing an application for coverage with the small employer carrier because of the health status of the employer's employees or the claims experience, industry, occupation, or geographic location of the small employer;

(ii) encouraging or directing small employers to seek coverage from another carrier because of the health status of the employer's employees or the claims experience, industry, occupation, or geographic location of the small employer.

(b) The provisions of subsection (2)(a) do not apply with respect to information provided by a small employer carrier or producer to a small employer regarding the established geographic service area or a restricted network provision of a small employer carrier.

(3) (a) Except as provided in subsection (3)(b), a small employer carrier may not, directly or indirectly, enter into any contract, agreement, or arrangement with a producer that provides for or results in the compensation paid to a producer for the sale of a health benefit plan to be varied because of the health status of the employer's employees or the claims experience, industry, occupation, or geographic location of the small employer.

(b) Subsection (3)(a) does not apply with respect to a compensation arrangement that provides compensation to a producer on the basis of the percentage of a premium, provided that the percentage may not vary because of the health status of the employer's employees or the claims experience, industry, occupation, or geographic area of the small employer.

(4) A small employer carrier shall provide reasonable compensation, as provided under the plan of operation of the program, to a producer, if any, for the sale of a basic or standard health benefit plan.

(5) A small employer carrier may not terminate, fail to renew, or limit its contract or agreement of representation with a producer for any reason related to the health status of the employer's employees or the claims experience, industry, occupation, or geographic location of the small employers placed by the producer with the small employer carrier.

(6) A small employer carrier or producer may not induce or otherwise encourage a small employer to separate or otherwise exclude an employee from health coverage or benefits provided in connection with the employee's employment.

(7) Denial by a small employer carrier of an application for coverage from a small employer must be in writing and must state the reason or reasons for the denial.

(8) The commissioner may adopt rules setting forth additional standards to provide for the fair marketing and broad availability of health benefit plans to small employers in this state.

(9) (a) A violation of this section by a small employer carrier or a producer is an unfair trade practice under 33-18-102.

(b) If a small employer carrier enters into a contract, agreement, or other arrangement with an administrator who holds a certificate of registration pursuant to 33-17-603 to provide administrative, marketing, or other services related to the offering of health benefit plans to small employers in this state, the administrator is subject to this section as if the administrator were a small employer carrier.

Section 36. **Restoration of terminated coverage.** The commissioner may promulgate rules to require small employer carriers, as a condition of transacting business with small employers in this state after [the effective date of this section], to reissue a health benefit plan to any small employer whose health benefit plan has been terminated or not renewed by the carrier after [6 months prior to the effective date of this section]. The commissioner may prescribe the terms for the reissuance of coverage that the commissioner finds are reasonable and necessary to provide continuity of coverage to small employers.

Section 37. **Finding and purpose.** The legislature finds that the goals of controlling health care costs and improving the quality of and access to health care will be significantly enhanced in some cases by cooperative agreements among health care facilities. The purpose of [sections 37 through 44] is to provide the state, through the authority, with direct supervision and control over the implementation of cooperative agreements among health care facilities for which certificates of public advantage are granted. It is the intent of the legislature that supervision and control over the implementation of these agreements substitute state regulation of facilities for competition between facilities and that this regulation have the effect of granting the parties to the agreements state action immunity for actions that might otherwise be considered to be in violation of state or federal, or both, antitrust laws.

Section 38. **Cooperative agreements allowed.** A health care facility may enter into a cooperative agreement with one or more health care facilities.

Section 39. **Certificate of public advantage — standards for certification — time for action by authority.** (1) Parties to a cooperative agreement may apply to the authority for a certificate of public advantage. The application for a certificate must include a copy of the proposed or executed agreement, a description of the scope of the cooperation contemplated by the agreement, and the amount, nature, source, and recipient of any consideration passing to any person under the terms of the agreement.

(2) The authority shall hold a public hearing on the application for a certificate before acting upon the application. The authority may not issue a certificate unless the authority finds that the agreement is likely to result in lower health care costs or in greater access to or quality of health care than would occur without the agreement. If the authority denies an application for a certificate for an executed agreement, the agreement is void upon the decision of the authority not to issue the certificate. Parties to a void agreement may not implement or carry out the agreement.

(3) The authority shall deny the application for a certificate or issue a certificate within 90 days of receipt of a completed application.

Section 40. **Reconsideration by authority.** (1) If the authority denies an application and refuses to issue a certificate, a party to the agreement may request that the authority reconsider its decision. The authority shall reconsider its decision if the party applying for reconsideration submits the request to the authority in writing within 30 calendar days of the authority's decision to deny the initial application.

(2) The authority shall hold a public hearing on the application for reconsideration. The hearing must be held within 30 days of receipt of the request for reconsideration unless the party applying for reconsideration agrees to a hearing at a later time. The hearing must be held pursuant to 2-4-604.

(3) The authority shall make a decision to deny the application or to issue the certificate within 30 days of the conclusion of the hearing required by subsection (2). The decision of the authority must be part of written findings of fact and conclusions of law supporting the decision. The findings, conclusions, and decision must be served upon the applicant for reconsideration.

Section 41. **Revocation of certificate by authority.** (1) The authority shall revoke a certificate previously granted by it if the authority determines that the cooperative agreement is not resulting in lower health care costs or greater access to or quality of health care than would occur in absence of the agreement.

(2) A certificate may not be revoked by the authority without giving notice and an opportunity for a hearing before the authority as follows:

(a) Written notice of the proposed revocation must be given to the parties to the agreement for which the certificate was issued at least 120 days before the effective date of the proposed revocation.

(b) A hearing must be provided prior to revocation if a party to the agreement submits a written request for a hearing to the authority within 30 calendar days after notice is mailed to the party under subsection (2)(a).

(c) Within 30 calendar days of receipt of the request for a hearing, the authority shall hold a public hearing to determine whether or not to revoke the certificate. The hearing must be held in accordance with 2-4-604.

(3) The authority shall make its final decision and serve the parties with written findings of fact and conclusions of law in support of its decision within 30 days after the conclusion of the hearing or, if no hearing is requested, within 30 days of the date of expiration of the time to request a hearing.

(4) If a certificate of public advantage is revoked by the authority, the agreement for which the certificate was issued is terminated.

Section 42. **Appeal.** A party to a cooperative agreement may appeal, in the manner provided in Title 2, chapter 4, part 7, a final decision by the authority to deny an application for a certificate or a decision by the authority to revoke a certificate. A revocation of a certificate pursuant to [section 41] does not become final until the time for appeal has expired. If a decision to revoke a certificate is appealed, the decision is stayed pending resolution of the appeal by the courts.

Section 43. **Record of agreements to be kept.** The authority shall keep a copy of cooperative agreements for which a certificate is in effect pursuant to [sections 37 through 44]. A party to a cooperative agreement who terminates the agreement shall notify the authority in writing of the termination within 30 days after the termination.

Section 44. **Rulemaking.** The authority shall adopt rules to implement [sections 37 through 43]. The rules shall include rules:

(1) specifying the form and content of applications for a certificate;

(2) specifying necessary details for reconsideration of denial of certificates, revocations of certificates, hearings required or authorized by [sections 37 through 43], and appeals; and

(3) to effect the active supervision by the authority of agreements between health care facilities. These rules may include reporting requirements for parties to an agreement for which a certificate is in effect.

Section 45. **Codification instructions.** (1) [Sections 1 through 20 and 37 through 44] are intended to be codified as an integral part of Title 50, and the provisions of Title 50 apply to [sections 1 through 20 and 37 through 44].

(2) [Sections 22 through 36] are intended to be codified as an integral part of Title 33, and the provisions of Title 33 apply to [sections 22 through 36].

Section 46. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act]

is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 47. **Effective dates.** (1) [Sections 1 through 20 and 44 through 46 and this section] are effective on passage and approval.

(2) Upon receipt of findings and recommendations from the local citizen review board, the department of family services shall:

(a) review the findings and recommendations of the local citizen review board within 10 days. The recommendations must be implemented and the case plan modified as the department of family services considers appropriate and as resources permit.

(b) give the local citizen review board written notice as soon as practicable, but in no case later than 7 days after the review is completed, if the department of family services does not intend to implement the recommendations; and

(c) include the findings and recommendations of the local citizen review board as part of the case file of the department of family services.

(3) Upon its own motion or upon the request of the department of family services, the local citizen review board, or any interested party, the youth court may appoint an attorney or other person as special advocate to represent or appear on behalf of the child. Subject to the direction of the youth court, the court-appointed special advocate shall:

(a) investigate all relevant information about the case;

(b) advocate for the child, ensuring that all relevant facts are brought before the court;

Section 14. **Dispositional review hearing by youth court.** (1) The youth court shall conduct a dispositional review hearing within 18 months after the original placement and conduct a review hearing periodically during the continuation of foster care. Unless good cause otherwise is shown, the youth court shall conduct a dispositional review hearing at any time upon the request of the department of family services, an agency directly responsible for care or placement of the child, a parent whose parental rights have not been terminated, an attorney for the child, a court-appointed special advocate, or a local citizen review board. The youth court shall schedule the hearing as soon as possible after receiving a request.

(2) The court may order that the child or any other person be present during the hearing.

(3) The court shall notify the parties listed in subsection (1) and any other interested parties of the hearing. The notice must state the time and place of the hearing. (4) The youth court shall enter an order within 20 days after the review hearing. If the child is in foster care, the order must include a determination of:

(a) whether the child should be returned to the parent;

(b) whether the child should be placed for adoption;

(c) whether the child should continue in foster care for a specified period; or

(d) whether, because of special needs or circumstances, the child should be placed in the permanent custody or guardianship of a responsible relative or other individual or should continue in foster care on a permanent or long-term basis.

(5) If the court determines that the child must be placed or must continue in foster care or must be placed in the custody or guardianship of a responsible relative or other individual, the youth court shall enter written findings specifying why placement with parents or adoption is not appropriate. If the current placement is not expected to be permanent, the youth court shall specify a projected timetable for return of the child to the child's home or for permanent placement. If the timetable set forth by the youth court is not met, the department of family services shall promptly notify the youth court and the parties.

(6) In the course of the dispositional review hearing, the youth court may determine the adequacy of and compliance with the case plan and case progress report. In addition to other orders, the youth court may:

(a) order the department of family services to develop or to expand a case plan or case progress report that must be submitted within 10 days after the hearing;

(b) set a court hearing at a specific later time;

(c) direct the local citizen review board to review the status of the child prior to its next review, as provided in [section 10];

(d) order the department of family services or other agency directly responsible for the child to modify the care, placement, or supervision of the child; and

(e) determine whether the department of family services or other agency directly responsible for the child has made reasonable efforts to reunify the family.

(7) The dispositional review hearing must be conducted in the manner provided in 41-3-406.

(8) Any decision of the youth court made pursuant to the dispositional review hearing is a final order for the purposes of 41-3-406.

Section 4. **Suspension of action — report to legislature.** (1) Prior to April 30, 1995, the board may not grant an application for a proposed weather modification activity if the primary benefit of the weather modification activity is outside Montana.

(2) For any pending application or for any application filed after [the effective date of this act] for a permit to conduct weather modification activities suspended under subsection (1), the department of natural resources and conservation and the applicant shall, in consultation with the water policy committee, comply with the requirements of 85-3-202(1). The department shall submit the report and environmental impact statement to the water policy committee. The water policy committee shall consider the report and environmental impact statement and submit a final report to the legislature. CHAPTER NO. 612

[HB 121]

AN ACT EXTENDING THE LIABILITY STANDARDS TO CERTAIN DAMS IN ADDITION TO PERMITTED DAMS; EXTENDING THE LIABILITY STANDARDS TO NONFEDERAL DAMS ON FEDERAL PROPERTY; ESTABLISHING A PENALTY; AMENDING SECTIONS 85-15-107 AND 85-15-305, MCA; REPEALING SECTION 85-15-501, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-15-107, MCA, is amended to read:

"**85-15-107. Exemptions.** *(1)* The provisions of ~~85-15-105, 85-15-106,~~ 85-15-108 through 85-15-110, 85-15-209 through 85-15-216, 85-15-305, 85-15-401, ~~85-15-501, and~~ 85-15-502, *and [section 4]* do not apply to*:*

(a) dams subject to a permit issued pursuant to 82-4-335 for the period during which the dam is subject to the permit~~.~~*;*

(b) ~~The provisions of 85-15-108 through 85-15-110, 85-15-209 through 85-15-216, 85-15-305, 85-15-401, 85-15-501, and 85-15-502 do not apply to~~ federal dams and reservoirs~~, to nonfederal dams and reservoirs located on~~

~~federal lands if they are subject to a dam safety review by a federal agency, or to~~*;*

(c) dams and reservoirs licensed and subject to inspection by the federal energy regulatory commission~~. The provisions of 85-15-105, 85-15-106, 85-15-108 through 85-15-110, 85-15-209 through 85-15-216, 85-15-305, 85-15-401, 85-15-501, and 85-15-502 do not apply to~~*; or*

(d) dams that are required to obtain a certificate of environmental compatibility and public need pursuant to 75-20-201 for the period during which the dam is subject to the certificate. ~~In addition, the provisions of 85-15-108 through 85-15-110, 85-15-209 through 85-15-216, 85-15-305, 85-15-401, 85-15-501, and 85-15-502 do not apply until July 1, 1990, to high-hazard dams that have been inspected by the U.S. army corps of engineers pursuant to P.L. 92-367 and for which resultant dam safety reports have been submitted to the owner.~~

(2) The provisions of 85-15-108 through 85-15-110, 85-15-209 through 85-15-216, 85-15-401, 85-15-502, and [section 4] do not apply to nonfederal dams and reservoirs located on federal lands if they are subject to a dam safety review by a federal agency.

(3) The provisions of 85-15-305 do not apply to dams and reservoirs at a national priority list site as defined by the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), Public Law 96-510."

Section 2. **Purpose.** (1) The legislature finds that dams provide a variety of benefits to the state of Montana. These benefits include the regulation of streamflows for flood control; water storage for irrigation, for municipal, industrial, and stock water consumption, and for hydropower generation; improved opportunities for flatwater recreation; and improved fisheries. Additionally, dams play a crucial role in maintaining the vitality of Montana's economy. The state therefore has a legitimate and compelling interest in encouraging the construction of dams that conform to the water storage policy provided in 85-1-703.

(2) The legislature further finds that one impediment to the construction of new dams is the potential liability associated with dam construction and operation. The legislature understands the inherent risks to public safety associated with dam construction and operation but finds that compliance with the Montana Dam Safety Act reduces those risks to an acceptable level.

Section 3. Section 85-15-305, MCA, is amended to read:

"**85-15-305. Liability of owners for damage.** (1) Except as provided in ~~subsection~~ *subsections* (2) *and (3)*, nothing in this chapter relieves an owner of a dam or reservoir of any legal duty, obligation, or liability incident to its ownership or operation, including any damages resulting from leakage or overflow of water or floods caused by the failure ~~or rupture~~ of the dam or reservoir.

(2) The owner of a dam or reservoir that has been permitted by the department in accordance with this chapter *or that was designed and constructed under the supervision of an engineer and properly maintained* is, ~~not,~~ in the absence of negligence, *not* liable for damages *to persons or property*

resulting from flows of water from *failure of* the dam or reservoir. ~~which are of sufficient magnitude to exceed the limits of the 100-year floodplain as defined in 76-5-103.~~

(3) In addition, the owner of any dam or reservoir that has been permitted by the department in accordance with this chapter *or that was designed and constructed under the supervision of an engineer and properly maintained* may, without incurring liability, allow passage through the reservoir of inflows without diminution.

[(4) The limitation on liability provided in subsection (2) does not apply to a nonpermitted state-owned dam.]"

Section 4. **Civil penalty.** An owner of a dam with an impounding capacity of 50 acre-feet or greater measured at the maximum normal operating pool who fails to comply with a provision of this chapter or a rule or order of the department adopted or made pursuant to this chapter is subject to a civil penalty not to exceed $1,000. Each day of violation is a separate offense.

Section 5. **Repealer.** Section 85-15-501, MCA, is repealed.

Section 6. **Codification instruction.** [Section 4] is intended to be codified as an integral part of Title 85, chapter 15, part 5, and the provisions of Title 85, chapter 15, part 5, apply to [section 4].

Section 7. **Two-thirds vote required.** It is the intent of the legislature that the provisions of [section 3] apply to all qualifying state-owned dams as well as other dams. Because [section 3], when applied to state-owned dams, limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage. If [this act] fails to receive the required two-thirds vote, the bracketed language in [section 3(4)] is effective. If [this act] receives the required two-thirds vote, the bracketed language is void.

Section 8. **Applicability.** [This act] applies to causes of action accruing on or after October 1, 1993.

Approved May 5, 1993.

CHAPTER NO. 613

[HB 6]

AN ACT APPROPRIATING MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR LOANS AND GRANTS UNDER THE WATER DEVELOPMENT PROGRAM AND THE RENEWABLE RESOURCE DEVELOPMENT PROGRAM; AUTHORIZING LOANS FROM WATER DEVELOPMENT BOND PROCEEDS, RENEWABLE RESOURCE DEVELOPMENT BOND PROCEEDS, AND APPROPRIATE FUNDS FOR DEBT SERVICE; REAUTHORIZING GRANTS AND LOANS APPROVED BY THE 52ND LEGISLATURE; REALLOCATING CERTAIN RESOURCE INDEMNITY TRUST ACCOUNT INTEREST INCOME FOR WATER DEVELOPMENT PROGRAM GRANTS DURING THE BIENNIUM ENDING JUNE 30, 1995; APPROVING THE ISSUANCE OF COAL SEVERANCE TAX BONDS

TO PROVIDE FUNDS FOR LOANS TO POLITICAL SUBDIVISIONS AND LOCAL GOVERNMENTS FOR CERTAIN APPROVED WATER DEVELOPMENT PROJECTS; AUTHORIZING THE CREATION OF STATE DEBT; APPROPRIATING COAL SEVERANCE TAX INCOME FOR DEBT SERVICE; PLACING CONDITIONS UPON GRANTS AND LOANS; STATUTORILY APPROPRIATING FUNDS FROM THE RENEWABLE RESOURCE GRANT AND LOAN PROGRAM STATE SPECIAL REVENUE ACCOUNT TO THE ENVIRONMENTAL SCIENCE-WATER QUALITY INSTRUCTIONAL PROGRAMS AT NORTHERN MONTANA COLLEGE; AMENDING SECTIONS 15-38-202 AND 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Appropriations from water development and renewable resource development state special revenue accounts.** (1) The legislature finds that water development projects in this section meet the provisions of 17-5-702. The board of examiners may issue coal severance tax bonds in an amount not to exceed $3,855,242 for the purpose of making loans and financing state projects in the amount of $3,504,740, including the cost of issuance and establishing a reserve for the bonds in the amount of $350,477. Funds are appropriated for the cost of issuance, to a maximum of 4% of the amount of each bond sale.

(2) Because the legislature cannot appropriate individual grants to private entities, there is appropriated to the department of natural resources and conservation $100,000 during the 1995 biennium for grants to private persons. This appropriation is from money available in the water development state special revenue account and the renewable resource development account for grants for water development projects and activities under 85-1-604(3)(c). Grants must be awarded according to priorities established in subsections (4) and (5).

(3) There is appropriated to the department the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by [sections 1 through 11]. Interest earnings must be deposited in the water development debt service fund and the renewable resource development account, respectively.

(4) (a) There are appropriated to the department all other funds not appropriated under subsection (2) and available for grants to political subdivisions and local government entities up to the amount required to fund projects approved by [sections 1 through 11] from the water development state special revenue account and the renewable resource development account during the 1995 biennium. This appropriation is for grants and loans for:

(i) water development projects and activities under 85-1-604(3)(c);

(ii) renewable resource development projects under 90-2-111; and

(iii) projects under [sections 1 through 11].

(b) The funds appropriated in this section must be awarded by the department to the named entities for the described purposes and in the described grant amounts set out in subsection (5), subject to the conditions set forth in [sections

1 through 11] and the contingencies described in the renewable resource and water development program January 1993 report to the 53rd legislature. The legislature, pursuant to 85-1-605 and 90-2-111, approves the grants listed in subsection (5), with grants to be made in the order indicated in the prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or used by higher-ranked projects and activities must be provided for projects and activities further down the priority list that would not otherwise receive funding. A grant funded by the reclamation and development grants program may not be funded under [sections 1 through 11].

(6) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 1995 biennium pursuant to 17-7-302.

Section 2. **Opportunity to receive loans for projects not receiving grants.** A sponsor of a recommended project or activity on the prioritized list in [section 1] who is not a recipient of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project amount, subject to the conditions described in [sections 1 through 11]. The interest rate applicable to a loan must be the rate paid on bonds issued pursuant to [sections 1 through 11].

Section 3. **Approval of loans from bond proceeds.** The legislature, pursuant to 85-1-605, 85-1-606, and 90-2-107, approves loans to private sponsors approved by the department of natural resources and conservation during the 1995 biennium and the loans for projects and activities identified and described in [section 1] to public entities from coal severance tax bond proceeds authorized in [section 16].

Section 4. **Reauthorization of loans and grants approved.** The 52nd legislature, in Chapter 551, Laws of 1991, approved loans and grants from the water development bond account or the renewable resource development bond account for the town of Belt in the amount of a $100,000 loan; Sun Prairie Village water and sewer district, in the amount of a $250,000 loan; town of Chinook in the amount of a $200,000 loan; town of Ekalaka in the amount of a $49,975 grant and a $160,000 loan; town of Fairfield in the amount of a $14,169 loan; town of Neihart in the amount of a $150,000 loan; Stockett water and sewer district in the amount of a $50,000 grant and a $150,000 loan; Meagher County conservation district in the amount of a $37,500 grant and a $62,500 loan; and Fort Shaw irrigation district in the amount of a $50,000 grant and a $50,000 loan. Loans and grants for the entities described in this section are reauthorized. Loans for the reauthorized projects described in this section must be made from water development coal severance tax bonds authorized in [section 16].

Section 5. **Reallocation of resource indemnity trust account interest income.** Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the 1995 biennium may be used only for the purposes set out in 85-1-604(3)(c).

Section 6. **Emergency grants.** There is appropriated to the department of natural resources and conservation up to $125,000 from the water development state special revenue account to be used for emergency projects. If these funds are not needed for emergencies, they may be used for grants approved in [section 1].

Section 7. **Conditions of loans and grants.** Disbursement of funds under [sections 1 through 11] for both loans and grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development program project evaluations and recommendations report submitted to the 53rd legislature for the 1995 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved grant authority;

(4) execution of a loan or grant agreement with the department; and

Section 8. **Conditions for grants.** Grant funds must be disbursed in the order of priority listed in [section 1] as coal tax and resource indemnity trust account interest income revenue is received. A project approved by [sections 1 through 11] may not receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

Section 9. **Conditions for loans.** Each sponsor authorized to receive a loan from water development bond proceeds or renewable resource development bond proceeds may be required to pay to the department of natural resources and conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 10. **Private and discount purchase of loans.** A loan to a political subdivision or a local government entity and a bond, warrant, or note issued in evidence of a loan may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to a political subdivision or local government entity.

Section 11. **Other appropriations.** For an entity of state government that receives a grant or loan under [sections 1 through 11], there is appropriated the amount of the grant or loan upon award of the grant or loan by the department of natural resources and conservation. (a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-1-111; 15-23-706; 15-25-123; 15-31-702; 15-36-112; 15-37-117; 15-38-202; 15-65-121; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-704; 17-5-804; 17-6-409; 17-7-304; 19-5-404; 19-6-709; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 19-15-101; 20-4-109; 20-6-406; 20-8-111; 20-9-361; 20-26-1503; 22-3-811; 23-5-136; 23-5-306; 23-5-409; 23-5-610; 23-5-612; 23-5-631; 23-7-301; 23-7-402; 27-12-206; 37-43-204; 37-51-501; 39-71-2504; 44-12-206; 44-13-102; 53-6-150; 53-24-206; 61-5-121; 67-3-205; 75-1-1101;

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. Agencies that have entered into agreements authorized by the laws of Montana to pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, as determined by the state treasurer, an amount sufficient to pay the principal and interest as due on the bonds or notes have statutory appropriation authority for the payments. Section 14. **Coordination instruction.** If House Bill No. 608 is not passed and approved, then [sections 12 and 13 of this act] are void.

Section 15. **Appropriation.** (1) There is appropriated from fiscal year 1993 ending fund balance in the water development and renewable resource development account $100,000 to the department of natural resources and conservation for the Missoula county linda vista sewer inceptor project.

(2) The remaining fiscal year 1993 reverted balance of the state water project appropriation for the department of natural resources and conservation is allocated to those projects in [section 1(5)] that may not receive funding due to limitations of 1995 biennium revenue.

Section 16. **Appropriation — creation of debt for coal severance tax bonds.** (1) The legislature, through the enactment of this section by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [sections 1 through 3] to be issued pursuant to Title 17, chapter 5, part 7, pursuant to the provisions of [sections 1 through 3], and pursuant to the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

(2) The legislature, through the enactment of this section, in accordance with Article VIII, section 8, of the Montana constitution, authorizes the creation of a state debt in an amount not to exceed $3,855,242 for loans to political subdivisions and local government entities for water development projects approved in [sections 1 through 3] and for funding a reserve for the coal severance tax bonds authorized to fund those projects.

(3) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(4) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the water development state special revenue account and may be used for the purposes allowed under 85-1-604(3)(c).

(5) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 17. **Requirements for approval of state debt.** Because [section 16] authorizes the creation of a state debt and appropriation of coal severance tax bond fund deposits and appropriates money that would otherwise be deposited in the coal severance tax permanent fund, a vote of three-fourths of the members of each house of the legislature is required for passage of [section 16].

Section 18. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 19. **Effective dates.** (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Sections 12 and 13] are effective July 1, 1993.

Approved April 29, 1993.

(a) a surviving spouse living with or legally entitled to be supported by the deceased at the time of injury;

(b) an unmarried child under the age of 18 years;

However, if an employer is unable to answer a question, ~~he~~ *the employer* shall state the reason ~~he is unable~~ *for the employer's inability* to answer.

(2) Every insurer transacting business under this chapter shall, at the time and in the manner prescribed by the department, make and file with the department the reports of accidents as the department requires.

(2) In the event of a dispute concerning the physical condition of a claimant or the cause or causes of the injury or disability, if any, the department, at the request of the claimant or insurer, as the case may be, shall require the claimant to submit to ~~such~~ *an* examination as it ~~may deem~~ *considers* desirable by a physician or panel of physicians within the state or elsewhere who have had adequate and substantial experience in the particular field of medicine concerned with the matters presented by the dispute. (a) the time the occupational disease was first diagnosed by a treating physician or medical panel; or

(b) the time the employee knew or should have known that the condition was the result of an occupational disease.

~~(2)~~*(3)* In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets ~~thereof~~ *of a mine* from a person who was an operator of ~~such~~ *the* mine on or after December 30, 1969, is liable for and ~~must~~ *shall* secure the payment of all benefits ~~which~~ *that* would have been payable by that person with respect to miners previously employed in ~~such~~ *the* mine if acquisition had not occurred and that person had continued to operate ~~such~~ *the* mine, and the prior operator of ~~such~~ *the* mine ~~shall~~ *is* not ~~be~~ relieved of any liability under this section."

Section 6. **Temporary partial disability benefits.** (1) If, prior to maximum healing, an injured worker has a physical restriction and is approved to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer's liability for temporary partial disability must be the difference between the injured worker's average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker's temporary total disability benefit rate.

(3) Temporary partial disability benefits are limited to a total of 26 weeks.

(4) A worker requalifies for temporary total disability benefits if the modified position is no longer available to the worker and the worker continues to be temporarily totally disabled as defined in 39-71-116.

"39-71-2101. **General requirements for electing coverage under plan.** *(1)* An employer may elect to be bound by compensation plan No. 1 upon furnishing satisfactory proof to the department and the Montana self-insurers guaranty fund of ~~his~~ solvency and financial ability to pay the compensation and benefits *provided for* in this chapter ~~provided for~~ and to discharge all liabilities ~~which~~ *that* are reasonably likely to be incurred ~~by him~~ during the fiscal year for which ~~such~~ *the* election is effective. ~~and~~ *The employer* may, by order of the department and with the concurrence of the guaranty fund, make ~~such~~ *the* payments directly to ~~his~~ employees as they ~~may~~ become entitled to receive *payments* under the terms and conditions of this chapter.

(2) A rating organization may develop and file a deductible plan or plans on behalf of its members consistent with the standards contained in subsection (3).

(3) The commissioner of insurance shall approve a deductible plan that is in accordance with the following standards:

(a) Claimants' rights are properly protected and claimants' benefits are paid without regard to the deductible.

(b) Premium reductions reflect the type and level of the deductible, consistent with accepted actuarial standards.

(c) Premium reductions for deductibles are determined before application of any experience modification, premium surcharge, or premium discount.

(d) Recognition is given to policyholder characteristics, including but not limited to size, financial capabilities, nature of activities, and number of employees.

(e) The policyholder is liable to the insurer for the deductible amount in regard to benefits paid for compensable claims.

(f) The insurer pays all of the deductible amount applicable to a compensable claim to the person or provider entitled to benefits and then seeks reimbursement from the policyholder for the applicable deductible amount.

(g) Failure by the policyholder to reimburse deductible amounts to the insurer is treated under the policy as nonpayment of premium.

(h) Losses subject to the deductible must be reported and recorded as losses for purposes of calculating rates for a policyholder on the same basis as losses under policies providing first dollar coverage.

(4) The state compensation mutual insurance fund, plan No. 3, may adopt the plan filed by the rating organization or adopt an optional deductible plan that meets the requirements of this section.

(a) the term of employment for the same employer is less than four pay periods, in which case the employee's wages are the hourly rate times the number of hours in a week for which the employee was hired to work; or

(b) for good cause shown by the claimant, the use of the four pay periods does not accurately reflect the claimant's employment history with the employer, in which case the insurer may use additional pay periods.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3).

(b) The compensation benefits for a covered volunteer must be based on the average actual wages in ~~his~~ *the volunteer's* regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which ~~he~~ *the volunteer* is disabled by the injury incurred.

(2) The determination of temporary total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for injury producing temporary total disability ~~shall be~~ *are* 66 2/3% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available for any reason to the worker and the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for such week, which amount is to be calculated from the date of the disability social security entitlement.

(6) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan.

~~(6) Notwithstanding subsection (3), beginning July 1, 1987, through June 30, 1991, weekly compensation benefits for temporary total disability may not exceed the state's average weekly wage of $299 established July 1, 1986.~~"

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. A worker may not receive more than 10 ~~such~~ adjustments. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year or 3%, whichever is less.

(6) ~~Notwithstanding subsection (3), beginning July 1, 1987, through June 30, 1991, the maximum weekly compensation benefits for permanent total disability may not exceed the state's average weekly wage of $299 established July 1, 1986.~~ *If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan."*

CHAPTER NO. 621

[HB 530]

AN ACT ALLOWING THE DEPARTMENT OF TRANSPORTATION TO ISSUE SPECIAL PERMITS FOR CERTAIN TRUCK-TRAILER-TRAILER VEHICLE COMBINATIONS THAT ARE NOT MORE THAN 95 FEET IN LENGTH; AMENDING SECTION 61-10-124, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-124, MCA, is amended to read:

"**61-10-124. Special permits — fee — cranes.** (1) As used in this section, "crane" means a self-propelled single-unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm.

(2) Except as provided in subsections (3)(b), (3)(d), and (6), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size and weight in excess of that specified in 61-10-101 through 61-10-110 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(3) (a) Except as provided in subsections (3)(b), (3)(d), (6), and (7), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; and an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet, or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length, and the long semitrailer cargo unit of the combination may not exceed 48 feet in length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (6) and (7). Special permits for vehicle combinations may specify and special permits under subsections (6) and (7) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). The fee for this permit is $75. This permit covers a period of 1 year and expires on December 31 of each year with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and 61-10-202 and with payment of the fee prescribed in subsection (2), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(4) Except as provided in subsection (3)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department

of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(5) The owner or operator of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for overweight if the crane has a current special mobile equipment identification plate and if the department of transportation has approved the configuration of the crane through a weight analysis completed within the same calendar year. The permit is not transferable, and the fee for the permit is $200.

(6) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system as defined in 60-1-103 and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over (tilt cab) type truck-tractor or a truck may not exceed overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck-tractor may not exceed overall length of 110 feet, inclusive of front and rear bumpers and overhang;

(d) ~~no~~ *an* individual cargo unit of the combination may *not* exceed 28 ½ feet in length and 102 inches in width;

(e) gross weight fees under 61-10-203 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a restricted route permit under 61-10-107(3) and a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(7) The department of transportation may issue special permits under subsection (6) for vehicle combinations ~~consisting~~ *that consist* of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; *and*

(b) ~~a~~ *the* person, firm, or corporation applying for ~~a~~ *the* permit*:* ~~under this subsection (7) operated the truck-trailer-trailer combination before July 1, 1987;~~

CHAPTER NO. 622

[SB 354]

AN ACT CREATING A CONTINUING EDUCATION FOR INSURERS PROGRAM; PROVIDING THAT THE PROGRAM BE ADMINISTERED BY THE COMMISSIONER OF INSURANCE; GRANTING RULEMAKING AUTHORITY TO CONDUCT THE PROGRAM; AMENDING SECTIONS 33-2-708 AND 33-17-1001, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because it authorizes the commissioner of insurance to promulgate rules relating to the course content, instructors, material, instructional format, department of insurance forms, and procedures that will compose the continuing education program for insurance producers and consultants and the fees related to the costs of processing the documents and preparing and providing the services mandated by this bill. The legislature intends that the rules adopted to implement this bill be designed principally to protect the insurance-buying public in Montana by ensuring that insurance producers and consultants complete appropriate education activities as a condition of continued licensure. To the extent that they do not conflict with this bill, the model regulations on agents' continuing education adopted by the national association of insurance commissioners in July 1990 express principles that are consistent with this legislative intent and may be used as a model for the continuing education program. The legislature further intends that the commissioner adopt the rules in accordance with 33-1-313, which grants the commissioner general rulemaking authority that permits the commissioner:

(1) to make only reasonable rules that do not extend, modify, or conflict with any laws of this state or with any reasonable implication of those laws; and

(2) to make or amend those rules only after a hearing of which notice has been given as required by 33-1-703.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 6 and 9] may be cited as the "Insurance Producer and Consultant Continuing Education Act".

Section 2. **Purpose.** The purposes of [sections 1 through 6 and 9] are to:

(1) protect insurance consumers and dedicated insurance producers and consultants by requiring continuing education for insurance producers and consultants;

(2) better educate insurance producers and consultants about changes in insurance law, products, ethical conduct as an insurance producer or consultant, marketing, and management; and

(3) provide standards for the qualification of instructors, courses, and materials.

Section 3. **Continuing education — basic requirements — exceptions.** (1) Unless exempt under subsection (4):

(a) a person licensed to act as an insurance producer for property, casualty, surety, or title insurance or as a consultant for general insurance shall, during each calendar year, complete at least 10 credit hours of approved continuing education;

(b) a person licensed to act as an insurance producer for life, disability, or credit life and disability insurance or as a consultant for life insurance shall, during each calendar year, complete at least 10 credit hours of approved continuing education;

(c) a person holding multiple licenses shall, during each calendar year, complete at least 15 credit hours of approved continuing education;

(d) a person licensed as an insurance producer or consultant shall, during each biennium, complete at least 1 credit hour of approved continuing education on changes in Montana insurance statutes and administrative rules.

(2) If a person licensed as an insurance producer or consultant completes more credit hours of approved continuing education in a year than the minimum required in subsection (1), the excess credit hours may be carried forward and applied to the continuing education requirements of the next year.

(3) The commissioner may, for good cause shown, grant an extension of time, not to exceed 1 year, during which the requirements imposed by subsection (1) may be completed.

(4) The minimum continuing education requirements do not apply to:

(a) a person licensed to sell any kind of insurance for which an examination is not required under 33-17-212(7)(d) through (7)(g);

(b) a person holding a temporary license issued under 33-17-216;

(c) a nonresident licensee who must meet continuing education requirements in the licensee's state of residence if that state accords substantially similar privileges to and has similar requirements of residents of this state;

(d) a newly licensed insurance producer or consultant during the calendar year in which the licensee first received a license;

(e) an insurance producer or consultant otherwise exempted by the commissioner; or

(f) a person selling only credit life and disability insurance incidental to other noninsurance activities.

Section 4. **Review and approval of continuing education courses by commissioner — advisory council.** (1) The commissioner shall, after review by and at the recommendations of the advisory council established under subsection (2), approve only those continuing education courses, lectures, seminars, and instructional programs that the commissioner determines would improve the product knowledge, management, ethics, or marketing capability of the licensee. Course content, instructors, material, instructional format, and the sponsoring organization must be approved and periodically reviewed by the commissioner. The filing fee and process for approval of a course, lecture, seminar, or instructional program must be determined by the commissioner by rule. The commissioner shall also determine the number of credit hours to be awarded for completion of an approved continuing education activity.

(2) The commissioner shall appoint an advisory council, pursuant to 2-15-122, consisting of one representative of the independent insurance agents of Montana, one representative of the Montana association of life underwriters, one representative of the professional insurance agents of Montana, two public members who are not directly employed by the insurance industry, one insurance producer or consultant not affiliated with any of the three listed organizations, and a nonvoting presiding officer from the department who will be appointed by the commissioner as a representative of the department. The members of the council shall serve a term of 2 years, except that the initial term of the representative from each organization is 3 years. The commissioner shall consult with the council in formulating rules and standards for the approval of continuing education activities and prior to approving specific education activities. The provisions of 2-15-122(9) and (10) do not apply to this council.

(3) In conducting periodic review of course content, instructors, material, instructional format, or a sponsoring organization, the commissioner may exercise any investigative power of the commissioner provided for in 33-1-311 or 33-1-315.

(4) If after review or investigation the commissioner determines an approved continuing education activity is not being operated in compliance with the standards established under this section, the commissioner may revoke approval, place the activity under probationary approval, or issue a cease and desist order under 33-1-318.

Section 5. **Compliance — failure to comply.** (1) Each person subject to the requirements of [section 3] shall file annually on a form supplied by the commissioner written certification as to the approved courses, lectures, seminars, and instructional programs successfully completed by that person during the preceding calendar year. The form must be accompanied with a filing fee established by the commissioner.

(2) The commissioner may suspend the license of any person failing to comply with subsection (1) who has not been granted an extension under [section 3] and may impose a late renewal fee in the amount of twice the annual filing fee. The suspension must remain in effect until the time that the person demonstrates to the satisfaction of the commissioner that the person has complied with all the provisions of [sections 1 through 6 and 9]. If the license of an insurance producer or consultant is suspended by reason of this section for a period exceeding 12 months, the license must be terminated upon notice to the insurance producer or consultant.

(3) Each person providing approved courses, lectures, seminars, and instructional programs, including insurance company education programs, shall file annually with the commissioner an alphabetical list of the names and addresses of all persons who have successfully completed an approved continuing education activity during the preceding calendar year.

(4) The commissioner may, following the process provided for in 33-1-314, withdraw approval of all courses, lectures, seminars, and instructional programs of any person that fails to comply with subsection (3). The commissioner may, after having conducted a hearing pursuant to 33-1-701, impose a fine upon a person that has failed to comply with subsection (3). The fine may not exceed the penalty permitted by 33-1-317.

Section 6. **Rulemaking authority.** The commissioner may adopt rules to implement [sections 1 through 6 and 9].

CHAPTER NO. 623

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1995.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 1993".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 1995 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Legislative audit costs. Amounts appropriated for legislative audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall, to the maximum extent allowable under federal regulations, charge audit costs to federal funds.

Section 5. Technical allocation costs. For agencies with internal cost allocation plans that are funded with proprietary revenue, the budget director shall adjust agency appropriations by amounts that are necessary to increase the budgets for indirect costs that are attributable to pay increases in an agency's indirect cost pool appropriated in the state pay plan bill. Funding for this appropriation consists of general fund money and other funds in an amount proportionate to the funding allocated for budgeting indirect cost assessments in [this act].

Section 6. Appropriation control. An appropriation item designated as "Biennial" may be spent in either year of the biennium. The office of budget and program planning shall establish a separate appropriation on the statewide budgeting and accounting system for any item designated as "Restricted". Unless otherwise stated, appropriation authority may not be transferred out of an appropriation item designated as "Restricted".

Section 7. Energy conservation bond repayments. Agencies participating in the state building energy conservation program are required to transfer semiannually, upon request by the department of natural resources and conservation, to the energy conservation program account the money appropriated for that purpose in [this act].

Section 8. Program definition. As used in [this act], a program is consistent with the management and accountability structure established on the statewide budgeting and accounting system and is identified as a major subdivision of an agency ordinally numbered with an arabic number.

Section 9. Vacancy savings and budget balancing reduction. (1) The amounts shown for vacancy savings reduce each agency's total appropriation by fund type. The agency, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's expenditure authority accordingly. In allocating the vacancy savings, agencies may adjust amounts among fund types, excluding general fund, which may not be adjusted.

(2) The amounts shown for budget balancing reductions reduce each agency's total general fund appropriation. The agency, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's expenditure authority accordingly.

Section 10. Personal services contingencies. The amounts shown for personal services contingencies that appear in some legislative and judicial agencies and in the office of the commissioner of higher education are biennial appropriations that may be expended by the agency, subject to the approval of the approving authority, as defined in 17-7-102, for personal services if the agency did not experience normal turnover or early retirements in an amount necessary to provide full funding for personal services. Prior to requesting use of these funds, agencies are required to document to the approving authority their efforts to work toward cost savings by implementing efficiencies, economies of scale, streamlined supervision, and better coordination of services provided by that agency. The approving authority shall provide periodic reports to the legislative finance committee, documenting approval for expenditure of any personal services contingency funds.

Section 11. Personal services funding — 1997 biennium. (1) Except as provided in subsection (2), current and modified funding level budget requests for the 1997 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency and the commissioner of higher education must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by accounting entity for each fiscal year must be shown for each control variable in agency budget requests for the 1997 biennium submitted to the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the rest of the Montana university system.

Section 12. Budget balancing reductions of general fund. The amounts shown for budget balancing reductions reduce each agency's general fund appropriations by 1/2 of 1%, with the following exceptions: medical assistance and family assistance in the department of social and rehabilitation services, the department of corrections and human services, and the Montana university system, with the exception of the office of the commissioner of higher education.

Section 13. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 14. Effective date. [This act] is effective July 1, 1993.

Section 15. Appropriations. The following money is appropriated for the respective fiscal years:

The governor is encouraged to work with executive branch agencies and other elected officials toward cost savings during the 1995 biennium by implementing improved efficiencies, economies of scale, streamlined supervision, and better coordination of services among agencies. In particular, the governor is encouraged to identify duplicative services and FTE within executive branch agencies to promote consolidation and cost savings. This should include but not be limited to attorneys, environmental specialists, statisticians, grant writers, economists, and biologists.

The governor is further encouraged to foster development of a mission-driven budget system, including the development of flexible, unified budgets and the development of an incentive system to encourage agencies to generate cost savings and reduced expenditures. This initiative should include working toward the development of a results-oriented system for budgeting, including budgeting by performance and outcome measures and seeking flexibility and improvement in the quality of decisionmaking information available to the legislature in the 1995 session. The departments of administration, revenue, military affairs, and transportation should be used for pilot projects in developing an innovative budget system.

The legislature recognizes that costs associated with litigation in which the legal services division must provide representation to the state of Montana may exceed the appropriation provided in item 1c. In that event, the department will need to request a supplemental appropriation from the 1995 legislature to adequately represent the state.

The department is authorized to request a budget amendment for the rural statewide intelligence network if federal grant funds become available during the 1995 biennium.

The department is directed to prepare a plan to privatize all state driver's license examination stations and to present this plan to the legislative audit committee by July 1, 1994. The department shall also prepare a plan by July 1, 1994, in consultation with the superintendent of public instruction, to have driver's license examinations of students conducted, under the supervision and direction of the department, by local school district staff of traffic education programs administered by the superintendent of public instruction.

The department is to develop a plan for streamlining operations, improving efficiencies, and better coordination of services for the gambling control division. The plan is to be submitted to the legislative finance committee before June 1, 1994.

The department shall work with the department of transportation to develop a plan for coordination of truck inspection and safety. The plan is to be submitted to the legislative finance committee before June 1, 1994.

The department is authorized to transfer the retirement contributions provided under 19-6-404 and 61-5-121(1)(a) in fiscal 1994 and fiscal 1995 from the highway patrol retirement clearing account in the state special revenue fund to the Montana highway patrol officers' retirement pension trust fund. An appropriation must be established each year in the amount required to be transferred.

Of the amount appropriated in item 1, $41,154 must be repaid to the state compensation mutual insurance fund to reimburse the fund for compensation benefits improperly paid to department of transportation employees who were receiving sick or annual leave benefits. The money received by the state compensation mutual insurance fund must be deposited in the fund from which the benefits were paid.

Item 11 is contingent on passage and approval of House Bill No. 539.

The department is directed to submit to the 1995 legislature a construction work plan for the years 1995 through 1999 that is detailed by year and project. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1997 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year and project.

The department may adjust appropriations and FTE in the construction, interfund transfers, and maintenance programs between fiscal years to reflect actual expenditures related to the construction work plan and maintenance activities.

The department may adjust appropriations in the construction and rail and transit programs between fund types, provided that the adjustment does not exceed 10% of the total appropriation established by the legislature for the construction or rail and transit program and provided that the general fund appropriation in the rail and transit program does not increase over the amount established by the legislature. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning, and all fund transfers of over $1 million in any 30-day period must be communicated to the legislative finance committee in a written report.

The legislature recognizes that costs associated with the McCarty farms litigation may exceed the appropriation in item 10g, and in that event, the department will need to request a supplemental appropriation from the 1995 legislature to adequately represent the state.

The legislature urges the department to review the highway leading most directly between Billings and Great Falls. This corridor is important to the economic well-being of the state of Montana and instrumental in economic development of international trade. The department shall prepare a written report encompassing the condition of the highway and the improvements made and planned to be made. The report must include cost estimates, a tentative schedule, the types of improvements, and a means of financing the construction or reconstruction. This report must be made available to the legislature on or before December 1, 1994.

The legislature eliminates a $100,000 allocation per year included in item 3 from the noxious weed control budget for the purchase of biological agents and designates those funds for general operation of the maintenance program.

Liquor division proprietary funds necessary to maintain adequate inventories of liquor and wine and to operate the state liquor operation are appropriated in amounts not to exceed $50,662,000 in fiscal 1994 and $52,765,000 in fiscal 1995. During the 1995 biennium, the division shall attempt to return at least 10% of net sales. Net sales are gross sales less discounts and all taxes collected. The division shall limit operational expenses of the liquor merchandising system to not more than 15% of the net sales. Operational expenses may not include product costs, freight charges, expenses allocable to other divisions, or licensing bureau expenses.

It is the intent of the legislature that the department vigorously pursue collection of the dangerous drug tax pursuant to Title 15, chapter 25, part 1.

If the referendum to enact a general sales tax and to provide tax reform in Senate Bill No. 235 is approved by the electorate in the special election provided for by [section 184 of Senate Bill No. 235], there is appropriated from the state special revenue account created in Senate Bill No. 235 to the department of revenue up to $4,511,707 in fiscal 1994 and up to $5,684,952 in fiscal 1995 for the purpose of administering the provisions of Senate Bill No. 235. In accordance with 17-2-107(2)(c), the legislature authorizes the department of administration to provide an interentity loan to the department of revenue for these amounts during the 1995 biennium. These loans must be repaid from proceeds of the sales tax deposited in the state special revenue account.

If the referendum to enact a general sales tax and to provide tax reform as provided in Senate Bill No. 235 is approved by the electorate at the June 8, 1993, special election provided for by [section 184 of Senate Bill No. 235], there is appropriated from the sales tax and use tax account established in [section 71 of Senate Bill No. 235] to the department of revenue the amounts necessary to provide the property tax replacement revenue for taxing jurisdictions as provided for in 15-1-111(5) through (13), as amended by Senate Bill No. 235, and in [section 125 of Senate Bill No. 235], regarding reimbursement to local governments and schools, in fiscal 1994 and fiscal 1995.

The department may transfer cash from the capital projects fund to the state special revenue fund to fund the appropriation in item 3. The transfer may not exceed the state special revenue fund appropriation for the architecture and engineering division that is included in the state pay plan and [this act].

Funds remaining in the capitol land grant account of the capital projects fund, after the appropriations are met for the general services division of the department and any project provided for in Chapter 774, Laws of 1991, are appropriated to the long-range building debt service fund for the payment of principal and interest on bond issues for public buildings at the capitol for executive, legislative, and judicial purposes, as outlined in section 12 of The Enabling Act. This appropriation is for the biennium ending June 30, 1995, and is not to exceed the annual debt service required on these bonds.

The appropriation in item 6 in the "other" column includes $58,801 in fiscal 1994 and $58,801 in fiscal 1995 from the capital projects fund.

In item 6, the department may charge a maximum of $3.47 a square foot in fiscal 1994 and $3.57 a square foot in fiscal 1995 for office space in state-owned buildings.

The appropriation in item 6 includes $28,050 in fiscal 1994 and $51,425 in fiscal 1995 proprietary funds that must be transferred to the department of natural resources and conservation for the purpose of paying off general obligation bonds issued by the department of natural resources and conservation to fund energy savings projects.

The department shall develop and submit a cost recovery plan for the state payroll system to the office of budget and program planning and the legislative fiscal analyst by June 1, 1994. The total program cost estimate used to allocate the fees must be reduced by the estimated amount of the state special revenue fund balance for the program that will carry over from the 1995 biennium.

The fixed cost rates charged to state agencies by the department for payroll services (object code 2114) may not be higher than the amount necessary to fund the expenses of the agency for providing those services, as appropriated in the state pay plan and [this act], and to fund any unforeseen costs that would require supplemental funding.

The fixed cost rates charged to state agencies by the department for network services (object code 2174), messenger services (object codes 2304, 2305, and 2307), and rent (object code 2527) may not be higher than the amount necessary to fund the expenses of the department for providing those services, as appropriated in the state pay plan and [this act].

Item 8c contains biennial appropriations that the department and the office of budget and program planning may allocate to executive branch agencies (except the Montana university system), subject to the process described below, for personal services if the agencies did not experience normal turnover or early retirements in an amount necessary to provide full funding for personal services or for the portion of the state payroll program that is underfunded. In allocating the personal service contingency funds, the department and the office of budget and program planning may adjust amounts among fund types, excluding general fund, which may not be adjusted. The appropriation of the agency to which the funds are allocated is increased by the amount of the allocation.

Prior to March 1 of each fiscal year, any agency requesting allocation of these funds shall provide a report to the governor, documenting:

(1) that normal turnover of employees and early retirements has not occurred in an amount necessary to provide full funding for personal services;

(2) its efforts to work toward cost savings by implementing efficiencies, economies of scale, streamlined supervision, and better coordination of services provided by that agency; and

(3) its efforts to identify duplication in services provided by the agency or any other agency.

The governor shall respond to requests for these funds by April 1 of each fiscal year. The department and the office of budget and program planning may not allocate these funds prior to approval of the governor.

The governor shall provide periodic reports to the legislative finance committee, documenting allocation of any personal services contingency funds. These reports must include a copy of the reports submitted by the agencies receiving these funds.

In accordance with 42 U.S.C. 607(B)(2)(c), the department shall implement a payment-after-performance policy for the AFDC-UP program no later than January 1, 1994. In implementing this policy, the department shall:

(1) require that at least one parent in the household participate in approved education, training, or job search activities; and

(2) provide for payment of AFDC benefits, but only after performance of assigned activities under subsection (1) is completed.

The department is authorized to retain 7.5% of the federal community services block grant and pass through the remaining 92.5% to the human resource development councils (HRDCs). If during fiscal 1994 or fiscal 1995 the block grant falls below the federal fiscal year 1990 grant level, the department shall retain only 5% of the grant amount and pass through the remaining 95% to the HRDCs.

The appropriation in item 1 is contingent on a program being in place by July 1, 1994, that requires AFDC recipients whose youngest child is at least 1 year of age to be referred to the JOBS program. The department may waive the requirement for good cause.

Item 1 includes $100,000 of state general fund money in each fiscal year for the department to contract for assistance in obtaining SSI disability benefits for indigent persons.

In order to expend funds from item 1, the department shall apply for waivers from federal regulations governing AFDC programs no later than July 1, 1994. If federal approval is received, the department shall implement the waivers as soon as feasible. The department shall apply for waivers to encourage employment by allowing working AFDC recipients to retain a greater portion of their income. The department shall work in cooperation with local welfare task forces in development of waiver applications and in implementation of approved waivers. The waivers may include but are not limited to:

(1) expansion of the earned income disregard above the current $30 and 33% of additional earned income;

(2) exclusion of all earnings of children;

(3) elimination of the 100-hour rule for the AFDC-UP program;

(4) reduction, by increasing percentages, of the amount of AFDC benefits for those recipients who remain on AFDC after each 12 consecutive months unless good cause is established for remaining on assistance; and

(5) changing the definition of household income to include the income, minus child support, of all adults in the household where the AFDC recipient lives.

The department is encouraged to seek waivers that are cost-neutral. The department shall develop and use an appeals process for AFDC recipients if it implements waivers that result in cost savings by decreasing individual benefits.

No later than September 1993, the department shall submit to the legislative finance committee a detailed report of the progress towards implementation of the waivers developed by the department and local welfare task forces. The department may not implement a waiver program unless actual cost savings can be demonstrated. The department is authorized to expend up to 10% of projected savings for administrative costs that are mandated by federal regulations associated with implementation of the federal waivers.

The AFDC payment level for the 1995 biennium must be established at 40.5% of the federal poverty index.

The department may not expend funds from item 1d unless the department certifies to the director of the office of budget and program planning that in-house administration of the JOBS program is more cost-effective than contracting for JOBS program administration.

The department shall extend client followup reporting to 6 months for each participant leaving the JOBS program.

The department shall provide the following information about the Montana AFDC population to the 54th legislature by December 1, 1994:

(1) the average length of time a client receives AFDC (since the inception of TEAMS, the automated eligibility determination system);

(2) the percentage of the caseload that remains on AFDC by selected length of stay;

(3) reported reasons that applicants are requesting AFDC benefits; and

(4) reported reasons AFDC recipients no longer require AFDC benefits.

The department may obtain information for items 3 and 4 from periodic surveys of AFDC and former AFDC recipients.

Beginning in fiscal 1995, the department shall competitively award the contract for the food stamp outreach program to an agency or entity that:

(1) can provide the necessary state or local matching funds;

Fiscal 1994						Fiscal 1995					
General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total

(2) demonstrates that it will reach a broad representation of potentially eligible persons;

(3) will coordinate efforts with the LIEAP, food banks, and food distribution programs; and

(4) provides for an independent evaluation of the outreach program, which will be made available to the 54th legislature. The department shall develop evaluation criteria to measure the effectiveness of the outreach program, including but not limited to the number of persons contacted, the number of persons assisted in making application for food stamps benefits, and any followup information available on the contacts made. If a bid is not awarded (based on the inability to meet all of the above criteria), an outreach program may not be conducted.

The department may require only AFDC and food stamp households with earned income and/or those who have recent work history to report monthly. The department may, however, promulgate administrative rules that require monthly reporting for specific recipient population groups that have been shown to be subject to high eligibility determination errors or fraud.

The department is directed to request units of the university system to assist the department, without charge, in development of clear and concise AFDC program information for the education of AFDC clients. The program information must include a description of AFDC-earned income provisions, transitional day care, transitional medicaid, and any other benefits that will assist the AFDC client in securing and retaining employment.

The state share of AFDC-related support collections and all AFDC and non-AFDC federal incentive payments and program collected fees must be deposited in a state special revenue account from which the state share of the administrative and operational costs of the child support enforcement program must be paid. The legislature intends that, during the 1995 biennium, the department collect at least $1.15 for each $1 expended for administrative and operational costs from the account. The department shall transfer to the general fund from the child support enforcement account any cash balance remaining in excess of $500,000 at the end of fiscal 1994 and 1995.

The department shall conduct a review of child support privatization projects in other states and report the results of the review to the 54th legislature. The review must address: the impact of privatization on the efficient utilization of the state IV-D computer system; the granting of quasi-judicial powers to private contractors; the results of federal audits and conformity to federal regulations of privatized operations; the degree of monitoring by state personnel from privately operating programs or aspects of programs; and a summary of advantages and disadvantages from the perspective of state officials involved with privatization.

The department is appropriated funds in item 5a for a pilot project in Deer Lodge County. The pilot project may include work, job training, subsistence payments, and preventive health programs for low-income people. The use of appropriated funds in item 5a is contingent on Deer Lodge County levying 12 mills for its poor fund for public assistance, protective services, and other benefits for low-income people.

The department is authorized to transfer funds among appropriations for medicaid primary care, medicaid nursing care, medicare buy-in, state medical, and the home- and community-based waiver program.

The legislature intends that expenditures for all provider rate increases approved by the legislature be limited to the dollar amounts appropriated rather than percentage increases on which the original estimates may have been based. The department will be in compliance with this provision if:

(1) it estimates total costs for each medicaid service category in June prior to the beginning of each fiscal year of the 1995 biennium; and

(2) the percentage increases or base adjustments approved by the department are limited to the dollar amount appropriated for each provider rate increase.

It is the intent of the legislature that the department develop a continuum of care designed to limit the growth of state expenditures for long-term care services for the elderly and disabled. The department is directed to present to the 54th legislature a plan that defines and provides a cost-effective range of services for people who are elderly or disabled; provides individuals with a choice of services that best reflects their personal preferences and treatment needs; offers services, including but not limited to in-home care, nursing facility care, long-term hospital care, and alternative community care, such as adult foster homes and personal care facilities. If the department certifies to the director of the office of budget and program planning that cost-effective alternative services for the elderly and disabled can be provided within existing appropriations, the department may implement these services during the 1995 biennium. The legislature intends that these alternative services for the elderly and disabled are within the amount, scope, and duration of the medicaid services supported by appropriations in [this act].

The department shall provide information regarding the specific family planning services covered by medicaid, including birth control pills, norplant, condoms, and sterilization procedures. The information must include the address and phone number of the local family planning clinic.

If House Bill No. 333 is not passed and approved, item 6 is increased by $1,261,427 general fund money in fiscal 1994, $1,268,050 general fund money in fiscal 1995, $3,091,323 federal special revenue in fiscal 1994 and $3,030,424 federal special revenue in fiscal 1995.

The department may transfer funds in and out of item 6a.

Expanded waiver services funded in item 6f should be used to expand waiver services in eastern Montana if clients and services are available. The expansion may occur in the following counties: Blaine, Big Horn, Carter, Custer, Daniels, Dawson, Fallon, Garfield, Golden Valley, McCone, Musselshell, Petroleum, Phillips, Powder River, Prairie, Richland, Roosevelt, Rosebud, Sheridan, Valley, Wheatland, and Wibaux.

Contingent on passage and approval of Senate Bill No. 145, the appropriation in item 6j must be used for a medicaid model waiver for people with traumatic brain injuries.

It is the intent of the legislature that annualized expenses for operation of SEARCHS not exceed $1,500,000. This amount includes expenses for any facilities management contracting that may be used for system operations, computer processing costs directly associated with operation of the system, and other personal services and nonpersonal services costs directly charged to the management and operation of the system.

If the department considers contracting for operation of the TEAMS and/or SEARCHS computer applications on a privately owned and operated mainframe or midrange computer, the department shall submit to the office of budget and program planning and to the legislative finance committee a comparison of the cost of operating the system on the state mainframe computer managed by the department of administration. The department of administration shall estimate rate changes that would occur due to removal of TEAMS and/or SEARCHS from the state mainframe. If the office of budget and program planning determines that statewide cost savings are greater than the private contract cost savings to the department, the department shall operate TEAMS and/or SEARCHS on the state mainframe computer if continued operation of TEAMS and/or SEARCHS on the state mainframe does not conflict with federal regulations.

The department is authorized to transfer funds between appropriations for the vocational rehabilitation and visual services programs.

The department may pursue funding of any existing eligible state general funded services under the federal ICF/MR program if the federal government fails to approve adequate medicaid waiver funding under the home- and community-based waiver program.

It is the intent of the legislature that the developmental disabilities division pursue federal funding to enhance and improve services to persons with developmental disabilities. These additional federal funds may be expended by the division for services as long as those actions do not require or commit the state to additional general fund expenditures beyond the amount appropriated during the 1995 biennium by the legislature for the developmental disabilities community.

The department shall use and develop additional services, within appropriation limitations, that are family-focused, child-centered, sensitive to unique cultures, and community-based. The department shall use the least restrictive, most appropriate services with the goal of preserving families.

The department is directed to develop a child welfare management information system (MIS). The appropriation in item 1b must be expended only for development and operation of the MIS. The department shall develop the most comprehensive MIS possible within the appropriation in item 1b. If the appropriation is not sufficient to fund development of the entire system, system components may be prioritized by the department. The MIS should include the following components:

(1) foster care and adoption;

(2) protective services;

(3) juvenile corrections;

(4) licensing;

(5) accounting/fiscal;

(6) utilities; and

(7) case management services for the developmentally disabled.

If the department is selected by the department of social and rehabilitation services to manage the food stamp outreach program, the department is appropriated $157,349 in federal special revenue each fiscal year of the biennium.

The department is appropriated an amount equal to the general fund transfer received from the office of public instruction for education costs of children receiving medicaid-eligible treatment services. In preparing the 1997 biennium budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this appropriation in the current level budget.

Funds in item 4a are to serve children in the custody of the department that previously were placed or would have been placed in freestanding inpatient hospitals for youth under 21 years of age. If a balance remains in item 4a after providing for the needs of children in the custody of the department, this balance may be used for related services.

Item 4b is to develop family support services for children at risk of abuse or neglect and for children that have been referred for abuse or neglect and to develop community-based services for children placed in or who are at risk of being placed in juvenile corrections facilities. The development of additional services is contingent on recovery of federal funds through department refinancing initiatives and the collection of contributions from parents of children. The department may add up to 6.0 new FTE to implement the refinancing strategies. The department shall present to the 54th legislature a report that includes the number and types of services developed, the number of children and families served, and the effectiveness of the services delivered. If the department recovers funds from refinancing initiatives and collection of parental contributions in excess of $2,150,000 either year of the 1995 biennium, it is appropriated up to $1 million in federal funds each year for those excess funds. The department may use these excess funds in any manner it considers necessary.

The appropriation in item 4g is contingent on passage and approval of Senate Bill No. 271.

The department shall develop a plan for the establishment of regional treatment centers for children with severe emotional disturbances to provide for the placement of the children in local regions and to allow children currently placed outside of Montana to be returned to the state.

It is the intent of the legislature that annualized expenses for the operation of the child welfare MIS not exceed $1,500,000 annually. This amount includes expenses for any facilities management contracting that may be used for system operations, computer processing costs directly associated with operation of the system, and other personal services and nonpersonal services costs directly charged to the management and operation of the system. The department may not proceed with the development of the MIS until it has certified to the office of budget and program planning and to the legislative finance committee that the projected annualized operation costs of the system will not exceed the limit imposed in this statement of intent. If the child welfare system will run on the state mainframe computer and if the department elects to contract for operation of the system on a privately owned and operated mainframe or midrange computer, the department shall submit a comparison to the office of budget and program planning and to the legislative finance committee of the cost of operating the system on the state mainframe computer managed by the department of administration. The department of administration shall estimate rate changes that would occur because of operation of the child welfare MIS on the state mainframe. If the office of budget and program planning determines that statewide cost savings are greater than the private contract cost savings, the department shall operate the child welfare system on the state mainframe computer.

The department may pursue medicaid funding for the intermountain deaconess children's home.

Item 1b contains appropriations for inspections of natural gas master meter operators. In preparing the 1997 biennium budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base.

Item 1d is a biennial appropriation to be used only for expenditures relating to review of least-cost plans submitted by utilities.

The legislature directs the department to work toward limiting the number of prisoners at Montana state prison to 850 inmates. Item 2 includes an appropriation sufficient to maintain that number of inmates.

Item 3 includes $82,280 in fiscal 1994 and $130,900 in fiscal 1995 that must be transferred to the energy conservation program account and used to retire the general obligation bonds sold to fund energy improvements through the state building energy conservation program.

Item 3 includes $100,000 each year of the biennium for maintenance of the Galen campus.

The legislature directs the department to maintain the Galen campus in good condition during the 1995 biennium while the department seeks potential users of the facilities. If a use can be found that will not have a negative state general fund impact during the 1995 biennium, the department is authorized to make the necessary transfer after review by the legislative finance committee.

If House Bill No. 333 is not passed and approved, the general fund appropriation in item 3 is reduced by $35,626 in fiscal 1994 and by $77,966 in fiscal 1995 and the state special revenue appropriation in item 6 is reduced by $52,166 in fiscal 1994 and by $76,986 in fiscal 1995.

Item 5 includes $4,675 in fiscal 1995 that must be transferred to the energy conservation program account and used to retire the general obligation bonds sold to fund energy improvements through the state building energy conservation program.

The department shall coordinate the development of programs for children with severe emotional disturbances. The departments of family services, health and environmental sciences, and social and rehabilitation services and the office of public instruction and the board of crime control shall fully cooperate and coordinate resources with the department.

The departments of family services, corrections and human services, health and environmental sciences, and social and rehabilitation services and the office of public instruction and the board of crime control shall collaboratively develop, administer, and fund services for children with severe emotional disturbances and with multiagency service needs. The departments and agencies are directed to develop community-based alternatives to inpatient psychiatric care and to reduce the number of residential care placements.

The departments and agencies may use general fund money, state special revenue, private funds, local government funds, and federal special revenue to design, administer, and provide programs for children with severe emotional disturbances. The departments and agencies may use available state and federal funding, within appropriation limits. The departments and agencies shall maximize the recovery of federal funds for these services, including waivers to the medicaid program to permit children with severe emotional disturbances to be served in their own homes and communities or, when appropriate, in the least-restrictive setting. The departments and agencies may use general fund money to match federal, local government, and private fund sources.

Whenever possible, the departments and agencies shall work with local providers and units of government to develop programs to serve children with severe emotional disturbances. Services may include but are not limited to case management services, day treatment, respite care, emergency services, and crisis intervention and stabilization services. Programs may include a managed care system, when allowable, to control entry into and exit from in-state and out-of-state residential facilities and to control the types and duration of services and reimbursement rates.

The departments and agencies shall encourage families to assist with payment of these services.

E. EDUCATION

University system units are defined in 17-7-102(16). For all university system units, except the *office of the commissioner of higher education, all funds, other than plant funds* appropriated in [the long-range planning bill], relating to long-range building, and current unrestricted operating funds, are appropriated contingent upon approval of the comprehensive program budget by the board of regents by October 1 of each year. The budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university system units' budgets, except the office of the commissioner of higher education, include instruction, organized research, public service, academic support, *student services, institutional support, operation* and maintenance of plant, and scholarships and fellowships.

All university system units, except the office of the commissioner of higher education, shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure, along with the college and university business administration (CUBA) system, as a minimum standard for achieving consistency.

It is the intent of the 53rd legislature that no funds be transferred in fiscal 1994 or fiscal 1995 from the student assistance program to any other program within the office of the commissioner of higher education.

Any indirect cost reimbursements received in excess of $20,885 in fiscal 1994 and $20,885 in fiscal 1995 as a result of an increase in the federal talent search grant must cause a general fund reversion of a like amount.

If House Bill No. 5 is not passed and approved in a form that results in the issuance of general obligation bonds for prepayment of the remaining payment obligations for the Butte vocational-technical center, the general fund appropriation in item 10 is increased by $465,115 in fiscal 1994 and by $467,275 in fiscal 1995.

In the event that bond payments on the Butte, Great Falls, and/or Billings vocational-technical centers are less than the amounts shown in item 10 in either year of the 1995 biennium, the difference between the appropriated amount and actual payments is appropriated for preplanning purposes to complete the unfinished space at the Great Falls Vocational-Technical Center.

The general fund appropriation for each community college includes 49% of the total unrestricted budgets for the community colleges in fiscal 1994 and fiscal 1995. The total unrestricted budgets for the community colleges must be approved by the board of regents.

The general fund appropriation for each community college provides 49% of the total audit cost. The remaining 51% of these costs are to be paid from funds other than those appropriated in item 4. Audit costs for the biennium may not exceed $18,000 each for Dawson and Miles community colleges and $25,000 for Flathead Valley community college.

The legislature expects, as a result of the general fund reductions adopted in [this act], that the governor and the board of regents will manage these reductions in the following manner:

(1) Administrative cuts should precede and meet or exceed, on a percentage basis, reductions in any other area of the university system. Management efficiencies, as prescribed by the MGT study, should be implemented to the greatest extent and as soon as possible.

(2) Faculty productivity standards should be negotiated and implemented.

(3) Enrollment limits and tuition increases should be used only as a last resort.

The 53rd legislature does not require that the board of regents' employee reporting system (RERS) be maintained in the 1995 biennium. However, it is the intent of the legislature that accurate, consistent, and accessible position and compensation information be available to the legislature and the governor. The Montana university system, except the office of the commissioner of higher education and the community colleges, shall provide the following information electronically to the legislative fiscal analyst and the office of budget and program planning:

(1) On January 1 and at fiscal yearend beginning in fiscal 1994 and each year thereafter, the actual personal services data. This data must tie to the actual expenditures as recorded on SBAS.

(2) Beginning November 1, 1993, and each year thereafter, the budgeted personal services data. The data must tie to the operating plan as approved by the board of regents.

This personal services data must include but not be limited to the following for each position number: program number, responsibility center, salary, benefits, fund type, and FTE position title and position type. The initial submission of this information must be reviewed and approved for accuracy, consistency, and accessibility by the joint committee on postsecondary education policy and budget.

CHAPTER NO. 625

[HB 92]

AN ACT AMENDING THE STATE-TRIBAL COOPERATIVE AGREEMENTS ACT; CLARIFYING THAT THE ACT INCLUDES AUTHORIZATION TO ASSESS AND COLLECT OR REFUND A TAX OR LICENSE OR PERMIT FEE; ESTABLISHING REQUIREMENTS FOR TAX ASSESSMENT AND COLLECTION UNDER A STATE-TRIBAL TAX AGREEMENT; REQUIRING A PUBLIC AGENCY TO HOLD A PUBLIC MEETING PRIOR TO ENTERING INTO AN AGREEMENT ON TAXATION WITH A TRIBAL GOVERNMENT; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTIONS 15-70-234, 17-7-502, 18-11-103, AND 18-11-104, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, the Legislature finds it necessary to clarify provisions of the State-Tribal Cooperative Agreements Act in order to reduce the delays in implementing taxation agreements entered into between the State of Montana and Montana Indian Tribes; and

WHEREAS, clarifying provisions of the State-Tribal Cooperative Agreements Act will also reduce the need for duplicative language, which results in increased costs associated with publication of the Montana Code Annotated; and

WHEREAS, the Supreme Court, in Oklahoma Tax Commission v. Citizen Band Potawatomi Indian Tribe of Oklahoma, 111 S. Ct. 905 (1991), stated, among alternatives, that the state and a tribe may adopt a "mutually satisfactory regime" for collection of a tax but did not mandate that a state collect the tax; and

WHEREAS, in an effort to promote a government-to-government relationship between the State of Montana and Montana Indian Tribes and in recognition that both the state and tribal governments must be trusted to act responsibly, it is appropriate that the party designated to collect taxes on an Indian reservation pursuant to any agreement be subject to negotiation.

THEREFORE, the Legislature of the State of Montana finds it appropriate to amend the State-Tribal Cooperative Agreements Act to specifically include tax assessment and collection or refund and to establish specific requirements for tax assessment and collection or refund by the state, a public agency, or a Montana Indian Tribe.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** (1) It is the intent of the legislature that this part be used to promote cooperation between the state or a public agency and a sovereign tribal government in mutually beneficial activities and services.

(2) It is the goal of the legislature to prevent the possibility of dual taxation by governments while promoting state, local, and tribal economic development.

Section 2. Section 18-11-103, MCA, is amended to read:

"**18-11-103. Authorization to enter agreement — general contents.** (1) Any one or more public agencies may enter into an agreement with any one or more tribal governments to:

(b) assess and collect or refund any tax or license or permit fee lawfully imposed by the state or a public agency and a tribal government and to share or refund the revenue from the assessment and collection.

(2) The agreement ~~shall~~ *must* be authorized and approved by the governing body of each party to the agreement. *If a state agency is a party to an agreement, the governor or the governor's designee is the governing body.*

~~(2)~~*(3)* The agreement ~~shall~~ *must* set forth fully the powers, rights, obligations, and responsibilities of the parties to the agreement.

(4) (a) Prior to entering into an agreement on taxation with a tribal government, a public agency shall provide public notice and hold a public meeting on the reservation whose government is a party to the proposed agreement for the purpose of receiving comments from and providing written and other information to interested persons with respect to the proposed agreement.

(b) At least 14 days but not more than 30 days prior to the date scheduled for the public meeting, a notice of the proposed agreement and public meeting must be published in a newspaper of general circulation in the county or counties in which the reservation is located.

(c) At the time the notice of the meeting is published, a synopsis of the proposed agreement must be made available to interested persons."

Section 3. Section 18-11-104, MCA, is amended to read:

"**18-11-104. Detailed contents of agreement.** *(1)* The agreement authorized by 18-11-103 ~~shall~~ *must* specify the following:

~~(1)~~*(a)* its duration;

~~(2)~~*(b)* the precise organization, composition, and nature of any separate legal entity created ~~thereby~~ *by the agreement*;

~~(3)~~*(c)* the purpose of the agreement;

~~(4)~~*(d)* the manner of financing the agreement and establishing and maintaining a budget ~~therefor~~ *for the agreement*;

~~(5)~~*(e)* the method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon ~~such~~ partial or complete termination;

~~(6)~~*(f)* provision for administering the agreement, which may include creation of a joint board responsible for ~~such~~ administration;

~~(7)~~*(g)* the manner of acquiring, holding, and disposing of real and personal property used in the agreement; *and*

(h) other necessary and proper matters.

~~(8)~~*(2)* ~~when~~ *If* an agreement involves law enforcement, *it must also include*:

(a) the minimum training standards and qualifications of law enforcement personnel;

Within each target is a bull's eye. The player must hit the bull's eye without touching the outer surface of the target. The prize is determined by the number of bull's eyes correctly hit.

(ii) Shoot-out-the-star (machine gun). The player, using an automatic air pellet gun, is given 100 pellets to shoot at a star-shaped target. The player must shoot out all of the target to win. The star cannot be more than 1 ¼ inches from point-to-point.

(iii) Water racer. This group game involves a competition, with the player winning a prize based on the number of players competing. The player, using a water pistol, shoots the water into a target. The water that strikes the target causes a balloon to inflate or advances an object to ring a bell. The first player who bursts the balloon or rings the bell is the winner.

(iv) Rapid fire. This group game involves competition similar to the water racer game described in subsection (2)(e)(iii). The player uses an electronic pistol to shoot at a target. Hits on the target give the player a score. The first player to reach a predetermined score is the winner.

(v) Cork gallery. The player uses a cork gun or similar device to propel objects, including but not limited to corks, suction cup darts, or styrofoam balls, to shoot at targets located on a shelf or at a bull's eye target. The player must hit the bull's eye or knock the target over or off the shelf to win a prize. The prize is determined by the target knocked over or off the shelf, by the number of targets knocked over or off the shelf, or by the player accomplishing other tasks, as stated in the posted rules. When suction cup darts or other darts are used and fail to stay on or in the target, the player must shoot the dart again. The base of each target must be uniform, front and rear.

(vi) Boomball. The player uses a cannon with compressed air to propel balls into a target area. The targets have varied point value. If the ball remains in the target, a computer adds up the score. Prizes are awarded based on the points achieved.

(f) Coin pitchers.

(i) Spot pitch (lucky strike). The player pitches a coin at colored spots located on a table in the center of the stand. The coin must touch or stay inside of a spot to win a prize.

(ii) Plate pitch. The player pitches a coin onto a glass plate to win a prize as designated.

(iii) Glass pitch (bowl). The player pitches a coin into or onto dishes or glasses. If the coin remains in a top target glass item, then the player wins that item.

(g) Cakewalk. The players walk on a predetermined route with designated spots, and when the operator stops the walk, the player on a predetermined spot wins a prize.

~~(g)~~*(h)* Miscellaneous games.

(i) Skill chute (bulldozer) (penny fall).

(A) The games in each of the following sentences require the ~~The~~ player ~~inserts~~ *to insert* a coin or token into a chute, aiming the coin or token so that it will fall in front of a continuous sweeper (bulldozer) *operating on a playing field containing additional coins, tokens, or merchandise.* ~~If the~~ *A* coin ~~or token~~ *that* is aimed correctly~~, the~~ *will cause a* sweeper (bulldozer) ~~will~~ *operating on a playing field containing additional coins to* push ~~additional tokens or prizes~~

coins into a *counting mechanism that will convert the coins into tokens or tickets and dispense them to the player. A token that is aimed correctly will cause a sweeper (bulldozer) operating on a playing field containing additional tokens or merchandise to push the tokens or merchandise into a* hole or chute that sends them to the player. *A token that is aimed correctly will cause a sweeper (bulldozer) operating on a playing field containing additional tokens to push tokens into a hole or chute that sends them to the player or pushes tokens into a counting mechanism that will convert the tokens into tickets and dispense them to the player.*

(B) ~~Tokens are exchanged for prizes. If there is a hidden~~ *There may not be a* ledge, tip, or similar obstruction that inhibits the passage of *coins,* tokens, or ~~prizes~~ *merchandise* into the *counting mechanism,* hole, or chute ~~that sends them to the player, the operator shall post a sign to advise the players~~.

(ii) Tip-em-up bottle. The player is provided with a pole and a string that has a hoop or ring attached at the end. The player, using the pole with a ring, must raise a bottle lying on its side to an upright position to win.

(iii) Hi-striker. The player, using a wooden maul, must strike a lever target that causes a metal weight to rise on a guideline or track and ring a bell. The player must ring the bell a predetermined number of times to win a prize.

(iv) Rope ladder. The player must climb up a rope ladder, which is anchored at both ends by a swivel, and ring a bell or buzzer to win a prize.

(v) Whac-a-mole. This is a group game that has a target surface with five holes through which animated moles pop up and down at random. The player must hit as many moles as possible with a mallet. The first player to hit a predetermined number of moles wins.

(vi) Dip bowling game. The player rolls a bowling-type ball over a hump in the track. If the ball stays on the back side of the hump, the player wins.

(vii) Horserace derby. This is a group game in which a player advances ~~his~~ *a* horse by shooting or rolling a ball in the target area. The faster and more skillfully the player shoots or rolls ~~his~~ *a* ball, the faster ~~his~~ *the player's* horse will run. The first horse to cross the finish line wins.

(viii) Shuffleboard. The player pushes a puck down a shuffleboard alley to knock over poly pins at the end of an alley. The player wins by knocking down all the pins.

(ix) Bean bag. The player tosses or throws a bean bag or a simulated bean bag at cans, bottles, or other objects on a raised platform. The player wins a prize when he either knocks the object off the raised platform or tips the target over.

(x) Soccer kick. The player kicks a soccer ball through a hole in the target area to win.

(xi) Frog game. A plastic frog or similar object sits on a small end of a teeter-totter. The opposite end of the teeter-totter is struck with a mallet, causing the frog to fly off the teeter-totter. If the frog lands in a pail or similar receptacle, the player wins a prize.

(xii) Cover the spot. The object of this game is for the player to drop five circular discs onto a circular spot, completely covering the spot. The diameter of each of the discs used to cover the spot must be a minimum of 64% of the diameter of the spot to be covered. The spot to be covered must be painted or drawn on a permanent, solid material, such as metal or wood, or may be a lighted circle. The spot and each disc must have a uniform diameter.

(xiii) Pocket billiards. Using a regulation pocket billiard table, a player must run a consecutive number of balls to win a prize. The number of balls is set by the operator."

Section 22. Section 41-5-203, MCA, is amended to read:

"41-5-203. **Jurisdiction of the court.** (1) Except as provided in subsection (2), the court has exclusive original jurisdiction of all proceedings under the Montana Youth Court Act in which a youth is alleged to be a delinquent youth, a youth in need of supervision, or a youth in need of care or concerning any person under 21 years of age charged with having violated any law of the state or ordinance of any city or town other than a traffic or fish and game law prior to having become 18 years of age.

(2) Justice, municipal, and city courts have concurrent jurisdiction with the youth court over all alcoholic beverage *and gambling* violations alleged to have been committed by a youth."

Section 23. Payroll checks — promotional activities prohibited. A licensee may not offer financial incentives or conduct promotional games of chance in connection with an offer to cash payroll checks on the premises.

Section 24. **Codification instruction.** [Sections 4, 14 through 16, 19, and 23] are intended to be codified as an integral part of Title 23, chapter 5, and the provisions of Title 23, chapter 5, apply to [sections 4, 14 through 16, 19, and 23].

CHAPTER NO. 627

[HB 643]

AN ACT REQUIRING THAT PARCELS OF LAND OF 20 ACRES OR MORE BUT LESS THAN 160 ACRES MUST BE USED PRIMARILY FOR RAISING AND MARKETING AGRICULTURAL PRODUCTS IN ORDER TO BE CLASSIFIED AS AGRICULTURAL LAND FOR PROPERTY TAX PURPOSES; TAXING PARCELS OF NONAGRICULTURAL LAND OF 20 ACRES OR MORE BUT LESS THAN 160 ACRES AT SEVEN TIMES THE RATE FOR GRAZING LAND; PROVIDING FOR AN APPROPRIATION; AMENDING SECTIONS 15-6-133, 15-6-144, AND 15-7-202, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-133, MCA, is amended to read:

"**15-6-133. Class three property — description — taxable percentage.** (1) Class three property includes:

(a) agricultural land as defined in 15-7-202;

(b) nonproductive patented mining claims outside the limits of an incorporated city or town held by an owner for the ultimate purpose of developing the mineral interests on the property. For the purposes of this subsection (1)(b), the following provisions apply:

(i) The claim may not include any property that is used for residential purposes, recreational purposes as described in 70-16-301, or commercial purposes as defined in 15-1-101 or any property the surface of which is being used for other than mining purposes or has a separate and independent value for such other purposes.

(ii) Improvements to the property that would not disqualify the parcel are taxed as otherwise provided in this title, including that portion of the land upon which such improvements are located and that is reasonably required for the use of the improvements.

(iii) Nonproductive patented mining claim property must be valued as if the land were devoted to agricultural grazing use.

(c) parcels of land of 20 acres or more but less than 160 acres under one ownership that are not eligible for valuation, assessment, and taxation as agricultural land under 15-7-202(1). The land may not be devoted to a commercial or industrial purpose.

(2) Class three property is taxed at the taxable percentage rate "P" of its productive capacity.

(3) Until July 1, 1986, the taxable percentage rate "P" for class three property is 30%.

(4) Prior to July 1, 1986, the department of revenue shall determine the taxable percentage rate "P" applicable to class three property for the revaluation cycle beginning January 1, 1986, as follows:

(a) The director of the department of revenue shall certify to the governor before July 1, 1986, the percentage by which the appraised value of all property in the state classified under class three as of January 1, 1986, has increased due to the revaluation conducted under 15-7-111. This figure is the "certified statewide percentage increase".

(b) The taxable value of property in class three is determined as a function of the certified statewide percentage increase in accordance with the table shown below.

(c) This table limits the statewide increase in taxable valuation resulting from reappraisal to 0%. In calculating the percentage increase, the department may not consider agricultural use changes during calendar year 1985.

(d) The taxable percentage must be calculated by interpolation to coincide with the nearest whole number certified statewide percentage increase from the following table:

Certified Statewide Percentage Increase	Class Three Taxable Percentage "P"
0	30.00
10	27.27
20	25.00
30	23.08
40	21.43
50	20.00

(5) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate "P" until a revaluation has been made as provided in 15-7-111.

(6) The land described in subsection (1)(c) is valued at the productive capacity value of grazing land, at a production level set by the department, and the taxable value is computed by multiplying the value by seven times the taxable rate for agricultural land."

Section 2. Section 15-6-144, MCA, is amended to read:

"**15-6-144. Class eleven property — description — taxable percentage.** (1) Class eleven property includes all improvements on land that is eligible for valuation, assessment, and taxation as agricultural land under 15-7-202(2). Class eleven property includes 1 acre of real property beneath the agricultural improvements. The 1 acre shall be valued at market value.

(2) Class eleven property is taxed at 80% of the taxable percentage applicable to class four property."

Section 3. Section 15-7-202, MCA, is amended to read:

"**15-7-202. Eligibility of land for valuation as agricultural.** (1) *(a)* Contiguous parcels of land totaling ~~20~~ *160* acres or more under one ownership ~~shall be~~ *are* eligible for valuation, assessment, and taxation as agricultural land each year that none of the parcels is devoted to a *residential,* commercial, or industrial use.

(b) (i) Contiguous parcels of land of 20 acres or more but less than 160 acres under one ownership are eligible for valuation, assessment, and taxation as agricultural land if the land is used primarily for raising and marketing, as defined in subsection (1)(c), products that meet the definition of agricultural in 15-1-101. A parcel of land is presumed to be used primarily for raising agricultural products if the owner or the owner's immediate family members, agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products produced by the land. The owner of land that is not presumed to be agricultural land shall verify to the department that the land is used primarily for raising and marketing agricultural products.

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(B) the land is not devoted to a residential, commercial, or industrial use.

(c) For the purposes of this subsection (1), "marketing" means the selling of agricultural products produced by the land and includes but is not limited to:

(i) rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

(ii) rental payments made under the federal conservation reserve program or a successor to that program.

(2) Except as provided in subsection (8), contiguous or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use ~~shall~~ *are* ~~be~~ eligible for valuation, assessment, and taxation as ~~herein provided~~ *agricultural* each year the parcels meet any of the following qualifications:

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) ~~shall~~ *may* not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land may not be classified or valued as agricultural if it is subdivided land with stated restrictions effectively prohibiting its use for agricultural purposes. For the purposes of this subsection only, "subdivided land" includes parcels of land larger than 20 acres that have been subdivided for commercial or residential purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise ~~shall~~ *is* not ~~be~~ considered a bona fide agricultural operation.

(6) *The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is taxed as provided in 15-6-133(1)(c).* If land has been valued, assessed, and taxed as agricultural land in any year, it ~~shall~~ *must* continue to be ~~so~~ valued, assessed, and taxed *as agricultural* until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use.

(8) Subject to the provisions of subsections *(1),* (2)(a), and (2)(b), property upon which sod, ornamental, nursery, or horticultural crops are raised, grown, or produced must consist of at least 10 acres before the property is eligible to be

classified as agricultural land. Improvements devoted to crop production described in this subsection may not be included in class eleven property."

Section 4. **Appropriation.** (1) There is appropriated to the department of revenue $90,000 from the general fund for the fiscal year ending June 30, 1995, for the administration of 15-6-133 and 15-7-202, as amended by [this act].

(2) There is appropriated to the department of revenue $111,000 from the general fund for the fiscal year ending June 30, 1994, for the administration of 15-6-133 and 15-7-202, as amended by [this act].

Section 5. **Effective dates — applicability.** (1) [Section 4 and this section] are effective July 1, 1993.

(2) [Sections 1 through 3] are effective January 1, 1994, and apply to tax years beginning after December 31, 1993.

Approved May 10, 1993.

(4) "Casual employment" means employment not in the usual course of trade, business, profession, or occupation of the employer.

(5) "Child" includes a posthumous child, a dependent stepchild, and a child legally adopted prior to the injury.

(6) "Construction industry" means the major group of general contractors and operative builders, heavy construction (other than building construction) contractors, and special trade contractors, listed in major groups 15 through 17 in the 1987 Standard Industrial Classification Manual. The term does not include office workers, design professionals, salesmen, estimators, or any other related employment that is not directly involved on a regular basis in the provision of physical labor at a construction or renovation site.

(7) "Days" means calendar days, unless otherwise specified.

(8) "Department" means the department of labor and industry.

(9) "Disability" means a condition in which a worker's ability to engage in gainful employment is diminished as a result of physical restrictions resulting from an injury. The restrictions may be combined with factors, such as the worker's age, education, work history, and other factors that affect the worker's ability to engage in gainful employment. Disability does not mean a purely medical condition.

~~(9)~~*(10)* "Fiscal year" means the period of time between July 1 and the succeeding June 30.

~~(10)~~*(11)* "Insurer" means an employer bound by compensation plan No. 1, an insurance company transacting business under compensation plan No. 2, the state fund under compensation plan No. 3, or the uninsured employers' fund provided for in part 5 of this chapter.

However, an estimate may be made by the department for any employer starting in business if ~~no~~ average payrolls are *not* available. This estimate is to be adjusted by additional payment by the employer or refund by the department, as the case may actually be, on December 31 of ~~such~~ *the* current year. An employer's payroll must be computed by calculating all wages, as defined in 39-71-123, that are paid by an employer.

~~(15)~~*(18)* "Permanent partial disability" means a condition, after a worker has reached maximum *medical* healing, in which a worker:

(a) has a medically determined physical restriction as a result of an injury as defined in 39-71-119; and

(b) is able to return to work in some capacity but the physical restriction impairs the worker's ability to work.

~~(16)~~*(19)* "Permanent total disability" means a condition resulting from injury as defined in this chapter, after a worker reaches maximum *medical* healing, in which a worker ~~has no~~ *does not have a* reasonable prospect of physically performing regular employment. ~~(18)~~*(20)* The "plant of the employer" includes the place of business of a third person while the employer has access to or control over ~~such~~ *the* place of business for the purpose of carrying on ~~his~~ *the employer's* usual trade, business, or occupation.

~~(20)~~*(23)* "Reasonably safe place to work" means that the place of employment has been made as free from danger to the life or safety of the employee as the nature of the employment will reasonably permit.

Section 3. Section 39-71-704, MCA, is amended to read:

"**39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation.** (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of ~~the~~ *a compensable* injury and subject to ~~the~~ *other* provisions of ~~subsection (1)(d)~~ *this chapter*, the insurer shall furnish~~, without limitation as to length of time or dollar amount,~~ reasonable *primary medical* services ~~by a physician or surgeon, reasonable hospital services and medicines when needed, and such other treatment as may be approved by the department for the injuries sustained, subject to the requirements of 39-71-727~~ *for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.*

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

~~(b)~~*(c)* The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

~~(c)~~*(d)* The insurer shall reimburse a worker for reasonable travel expenses incurred in travel to a medical provider for treatment of an injury ~~pursuant to rules adopted by the department~~ *only if the travel is incurred at the request of the insurer.* Reimbursement must be at the rates allowed for reimbursement of travel by state employees.

~~(d)~~*(e)* Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(f) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition; or

(ii) when necessary to monitor the status of a prosthetic device.

(g) If the worker's treating physician believes that palliative or maintenance care that would otherwise not be compensable under subsection (1)(f) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment, the treating physician shall first request approval from the insurer for the treatment. If approval is not granted, the treating physician may request approval from the department for the treatment. The department shall appoint a panel of physicians, including at least one treating physician from the area of specialty in which the injured worker is being treated, pursuant to rules that the department may adopt, to review the proposed treatment and determine its appropriateness.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) The department shall annually establish a schedule of fees for medical nonhospital services necessary for the treatment of injured workers. *Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients.* The department may require insurers to submit information to be used in establishing the schedule. *The department shall establish utilization and treatment standards for all medical services provided for under this chapter in consultation with the standing medical advisory committees provided for in [section 13].*

(3) ~~Beginning January 1, 1988, the~~ *The* department shall establish rates for hospital services necessary for the treatment of injured workers. *Beginning January 1, 1995, the rates may be based on per diem or diagnostic-related groups. The rates established by the department pursuant to this subsection may not be less than medicaid reimbursement rates.* Approved rates must be in effect for a period of 12 months from the date of approval. The department may coordinate

this ratesetting function with other public agencies that have similar responsibilities. *For services available in Montana, insurers are not required to pay facilities located outside Montana rates that are greater than those allowed for services delivered in Montana.*

(4) ~~Notwithstanding subsection (2), beginning January 1, 1988, through December 31, 1991, the maximum fees payable by insurers must be limited to the fee schedule established in January 1987. Notwithstanding subsection (3), beginning January 1, 1988, through December 31, 1991, the hospital rates payable by insurers must be limited to those set in January 1988. After December 31, 1991, the~~ *The* percentage increase in medical costs payable under this chapter may not exceed the annual percentage increase in the state's average weekly wage as defined in 39-71-116.

(5) Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

(6) Disputes between an insurer and a medical service provider regarding the amount of a fee for medical services must be resolved by a hearing before the department upon written application of a party to the dispute.

(7) (a) After the initial visit, the worker is responsible for 20%, but not to exceed $10, of the cost of each subsequent visit to a medical service provider for treatment relating to a compensable injury or occupational disease, unless the visit is to a medical service provider in a managed care organization as requested by the insurer or is a visit to a preferred provider as requested by the insurer.

(b) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(c) "Visit", as used in subsections (7)(a) and (7)(b), means each time the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(d) A worker is not responsible for the cost of a subsequent visit pursuant to subsection (7)(a) if the visit is an examination requested by an insurer pursuant to 39-71-605."

Section 4. Section 39-71-727, MCA, is amended to read:

"**39-71-727. Payment for prescription drugs — limitations.** (1) For payment of prescription drugs, an insurer is liable only for the purchase of generic-name drugs if the generic-name product is the therapeutic equivalent of the brand-name drug prescribed by the physician, unless ~~the physician specifies no substitutions or~~ the generic-name drug is unavailable.

(2) If an injured worker prefers a brand-name drug, the worker may pay directly to the pharmacist the difference in the ~~cost~~ *reimbursement rate* between the brand-name drug and the generic-name product, and the pharmacist may only bill the insurer for the ~~cost~~ *reimbursement rate* of the generic-name drug.

(3) The pharmacist may bill only for the cost of the generic-name product on a signed itemized billing, except if purchase of the brand-name drug is allowed as provided in subsection (1).

(4) When billing for a brand-name drug, the pharmacist shall certify that the ~~physician specified no substitutions or that the~~ generic-name drug was unavailable.

(5) Reimbursement rates payable by an insurer subject to an agreement pursuant to [section 6] are limited to the average wholesale price of the product at the time of dispensing, plus a dispensing fee not to exceed $5.50 per product.

(6) The pharmacist may not dispense more than a 30-day supply at any one time.

(7) For purposes of this section, average wholesale prices must be updated weekly.

~~(5)~~*(8)* For purposes of this section, the terms "brand name", "drug product", and "generic name" have the same meaning as provided in 37-7-502.

(9) An insurer may not require a worker receiving benefits under this chapter to obtain medications from an out-of-state mail service pharmacy."

Section 5. **Choice of physician by worker — change of physician — receipt of care from managed care organization.** (1) Subject to subsection (3), a worker may choose the initial treating physician within the state of Montana.

(2) Authorization by the insurer is required to change treating physicians. If authorization is not granted, the insurer shall direct the worker to a managed care organization, if any, or to a medical service provider who qualifies as a treating physician, who shall then serve as the worker's treating physician.

(3) A medical service provider who otherwise qualifies as a treating physician but who is not a member of a managed care organization may not provide treatment unless authorized by the insurer, if:

(a) the injury results in a total loss of wages for any duration;

(b) the injury will result in permanent impairment;

(c) the injury results in the need for a referral to another medical provider for specialized evaluation or treatment; or

(d) specialized diagnostic tests, including but not limited to magnetic resonance imaging, computerized axial tomography, or electromyography, are required.

(4) A worker whose injury is subject to the provisions of subsection (3) shall, unless otherwise authorized by the insurer, receive medical services from the

managed care organization designated by the insurer, in accordance with [section 8]. The designated treating physician in the managed care organization then becomes the worker's treating physician. The insurer is not liable for medical services obtained otherwise, except that a worker may receive immediate emergency medical treatment for a compensable injury from a medical service provider who is not a member of a managed care organization.

Section 6. **Preferred provider organizations — establishment — limitations.** In order to promote cost containment of medical care provided for in 39-71-704, development of preferred provider organizations by insurers is encouraged. Insurers may establish arrangements with suppliers of soft and durable medical goods and medical providers in addition to or in conjunction with managed care organizations. Workers' compensation insurers may contract with other entities to use the other entities' preferred provider organizations. After the date that a worker is given written notice by the insurer of a preferred provider, the insurer is not liable for charges from nonpreferred providers. This section does not prohibit the worker from choosing the initial treating physician under [section 5(1)].

Section 7. **Workers' compensation managed care.** (1) A managed care system is a program organized to serve the medical needs of injured workers in an efficient and cost-effective manner by managing the delivery of medical services for a defined population of injured workers, pursuant to [section 5], through appropriate health care professionals.

(2) The department shall develop criteria pursuant to [section 9] for certification of managed care organizations. The department may adopt rules for certification of managed care organizations.

(3) Insurers may contract with certified managed care organizations for medical services for injured workers. A worker who is subject to managed care may choose from managed care organizations in the worker's community that have a contract with the insurer responsible for the worker's medical services.

Section 8. **Managed care organizations — notification.** Workers who are subject to managed care must receive medical services in the manner prescribed in the contract. Each contract must comply with the certification requirements provided in [section 9]. Insurers who contract with a managed care organization for medical services shall give written notice to workers of eligible service providers and shall give notice of the manner of receiving medical services.

Section 9. **Managed care organizations — application — certification.** (1) A health care provider, a group of medical service providers, or an entity with a managed care organization may make written application to the department to become certified under this section to provide managed care to injured workers for injuries that are covered under this chapter or for occupational diseases that are covered under the Occupational Disease Act of Montana. However, this section does not authorize an organization that is formed, owned, or operated by a workers' compensation insurer or self-insured employer other than a health care provider to become certified to provide managed care. When a health care provider, a group of medical service providers, or an entity with a managed care organization is establishing a managed care organization and independent physical therapy practices exist in the community, the managed care organization is encouraged to utilize independent physical therapists as part of the managed care organization if the independent physical therapists agree to abide by all the applicable requirements for a managed care organization set forth in this section, in rules established by the department, and in the provisions of a managed care plan for which certification is being sought.

(2) Each application for certification must be accompanied by an application fee if prescribed by the department. A certificate is valid for the period prescribed by the department, unless it is revoked or suspended at an earlier date.

(3) The department shall establish by rule the form for the application for certification and the required information regarding the proposed plan for providing medical services. The information includes but is not limited to:

(a) a list of names of each individual who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for that individual to practice in the state;

(b) names of the individuals who will be designated as treating physicians and who will be responsible for the coordination of medical services;

(c) a description of the times, places, and manner of providing primary medical services under the plan;

(d) a description of the times, places, and manner of providing secondary medical services, if any, that the applicants wish to provide; and

(e) satisfactory evidence of the ability to comply with any financial requirements to ensure delivery of service in accordance with the plan that the department may require.

(4) The department shall certify a group of medical service providers or an entity with a managed care organization to provide managed care under a plan if the department finds that the plan:

(a) proposes to provide coordination of services that meet quality, continuity, and other treatment standards prescribed by the department and will provide all primary medical services that may be required by this chapter in a manner that is timely and effective for the worker;

(b) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of services;

(c) provides adequate methods of peer review and service utilization review to prevent excessive or inappropriate treatment, to exclude from participation in the plan those individuals who violate these treatment standards, and to provide for the resolution of any medical disputes that may arise;

(d) provides for cooperative efforts by the worker, the employer, the rehabilitation providers, and the managed care organization to promote an early return to work for the injured worker;

(e) provides a timely and accurate method of reporting to the department necessary information regarding medical and health care service cost and utilization to enable the department to determine the effectiveness of the plan;

(f) authorizes workers to receive medical treatment from a primary care physician who is not a member of the managed care organization but who maintains the worker's medical records and with whom the worker has a documented history of treatment, if that primary care physician agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, that the worker may require and if that primary care physician agrees to comply with all the rules, terms, and conditions regarding services performed by the managed care organization. As used in this subsection (f), "primary care physician" means a physician who is qualified to be a treating physician and who is a family practitioner, a general practitioner, an internal medicine practitioner, or a chiropractor.

(g) complies with any other requirements determined by department rule to be necessary to provide quality medical services and health care to injured workers.

(5) The department shall refuse to certify or may revoke or suspend the certification of a health care provider, a group of medical service providers, or an entity with a managed care organization to provide managed care if the department finds that:

(a) the plan for providing medical care services fails to meet the requirements of this section; and

(b) service under the plan is not being provided in accordance with the terms of a certified plan.

Section 10. **Compliance with medical treatment required — termination of compensation benefits for noncompliance.** An insurer that provides 14 days' notice to the worker and the department may terminate any compensation benefits that the worker is receiving until the worker cooperates, if the insurer believes that the worker is unreasonably refusing:

(1) to cooperate with a managed care organization or treating physician;

(2) to submit to medical treatment recommended by the treating physician, except for invasive procedures; or

(3) to provide access to health care information to medical providers, the insurer, or an agent of the insurer.

Section 11. **Domiciliary care — requirements — evaluation.** (1) Reasonable domiciliary care must be provided by the insurer:

(a) from the date the insurer knows of the employee's need for home medical services that results from an industrial injury;

(b) when the preponderance of credible medical evidence demonstrates that nursing care is necessary as a result of the accident and describes with a reasonable degree of particularity the nature and extent of duties to be performed;

(c) when the services are performed under the direction of the treating physician who, following a nursing analysis, prescribes the care on a form provided by the department;

(d) when the services rendered are of the type beyond the scope of normal household duties; and

(e) when subject to subsections (3) and (4), there is a means to determine with reasonable certainty the value of the services performed.

(2) When a worker suffers from a condition that requires domiciliary care, which results from the accident, and requires nursing care as provided for in Title 37, chapter 8, a licensed nurse shall provide the services.

(3) When a worker suffers from a condition that requires 24-hour care and that results from the accident but that requires domiciliary care other than as provided in Title 37, chapter 8, the care may be provided by a family member. The insurer's responsibility for reimbursement for the care is limited to no more than the daily statewide average medicaid reimbursement rate for the current fiscal year for care in a nursing home. The insurer is not responsible for respite care.

(4) Domiciliary care by a family member that is necessary for a period of less than 24 hours a day may not exceed the prevailing hourly wage, and the insurer is not liable for more than 8 hours of care per day.

Section 12. **Physician self-referral prohibition.** Unless authorized by the insurer, a treating physician may not refer a claimant to a health care facility at which the physician does not directly provide care or services when the physician has an investment interest in the facility, unless there is a demonstrated need in the community for the facility and alternative financing is not available. The insurer or the claimant is not liable for charges incurred in violation of this section.

Section 13. **Medical advisory committees — composition — function.** (1) The department shall organize committees of representatives from the following medical provider groups:

(a) physicians;

(b) surgeons;

(c) chiropractors;

(d) physical therapists;

(e) psychologists; and

(f) hospitals.

(2) Committees organized pursuant to this section shall assist the department in the development of utilization and treatment standards for treating injured workers.

(3) The department may seek recommendations for representatives from the state licensing boards governing the providers.

Section 14. Section 39-71-743, MCA, is amended to read:

"**39-71-743. Assignment or attachment of payments.** (1) No payments under this chapter shall be assignable, subject to attachment or garnishment, or be held liable in any way for debts, except:

(a) as provided in 71-3-1118; or

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated by the department of social and rehabilitation services pursuant to 40-5-209; or

(b) for any lump-sum award, an amount up to that portion of the award that is approved for payment on the basis of a past-due child support obligation.

(3) After determination that the claim is covered under the Workers' Compensation Act or Occupational Disease Act of Montana, the liability for payment of the claim is the responsibility of the appropriate workers' compensation insurer. ~~No~~ *Except as provided in 39-71-704(7), a* fee or charge ~~shall be~~ *is not* payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer."

Section 15. **Codification instruction.** [Sections 5 through 13] are intended to be codified as an integral part of Title 39, chapter 71, and the provisions of Title 39, chapter 71, apply to [sections 5 through 13].

Section 16. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 17. **Retroactive applicability.** Because of the decision in Wieland v. St. Compensation Mutual Insurance Fund, WCC No. 9208-6554, there is a conflict between the interpretation of 33-22-111 and Rule 24.29.1403, Administrative Rules of Montana, implementing 39-71-704, upheld in Garland v. Anaconda Co., 177 Mont. 240 (1978), upon which workers' compensation medical benefits were premised, the legislature, in order to resolve the conflict through the curative legislation in [section 1], intends that [section 1] apply retroactively, within the meaning of 1-2-109, to all causes of action arising before [the effective date of this act].

Section 18. **Effective date.** [This act] is effective July 1, 1993.

Approved May 10, 1993.

CHAPTER NO. 629

[SB 310]

AN ACT PROVIDING FOR THE CONDITIONAL REMISSION OF CERTAIN CLAIMS TO EXISTING RIGHTS TO THE USE OF WATER DETERMINED BY THE MONTANA SUPREME COURT TO HAVE BEEN FORFEITED PURSUANT TO SECTION 85-2-226, MCA; PROVIDING FOR THE FILING OF LATE CLAIMS IN THE GENERAL WATER RIGHTS ADJUDICATION; PROVIDING FOR STATEWIDE NOTICE OF THE RIGHT TO FILE LATE CLAIMS; PROVIDING FOR A DEADLINE FOR THE ACCEPTANCE OF CLAIMS IN REMISSION; PROVIDING FOR CONDITIONS UPON THE ADJUDICATION OF SUCH LATE CLAIMS; DIRECTING THE WATER POLICY COMMITTEE, IN COORDINATION WITH CERTAIN STATE AGENCIES, TO CONDUCT AN INTERIM STUDY REGARDING LATE CLAIM ISSUES; AMENDING SECTIONS 85-2-102, 85-2-211, 85-2-213, 85-2-221, 85-2-225, 85-2-226, 85-2-234, 85-2-237, AND 85-2-306, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article IX, section 3, of the Montana Constitution provides that all existing rights to the use of any waters for any useful or beneficial purpose are recognized and confirmed; and

WHEREAS, Article IX, section 3, of the Montana Constitution requires the Legislature to provide for the administration, control, and regulation of water rights and to establish a system of centralized records for such rights; and

WHEREAS, the Legislature established a procedure for the general adjudication of existing rights to the use of water and provided in section 85-2-226, MCA, that the failure to file a claim of existing right on or before the deadline established under section 85-2-221, MCA, would establish a conclusive abandonment of the right; and

WHEREAS, the Montana Supreme Court, in *In the Matter of the Adjudication of the Water Rights Within the Yellowstone River*, 253 Mont. 167, 832 P.2d 1210 (1992), has determined that the failure to file a statement of claim to an existing right to the use of water on or before April 30, 1982, resulted in the forfeiture of that right; and

WHEREAS, it has come to the attention of the Legislature that the forfeiture of water rights for failure to timely file a claim has in some instances caused hardship, and the Legislature accordingly desires to provide water rights claimants with one more opportunity to file a water rights claim in the general adjudication; and

WHEREAS, in so doing, the Legislature recognizes that the adjudication process will not be completed for many years but that a substantial amount of progress has already occurred in the adjudication, specifically in the area of water rights compacts with Indian tribes and the federal government and in decrees and stipulations involving individual claimants, and thus the Legislature believes that it is necessary to ensure that parties who have been recognized as having filed claims on or before April 30, 1982, and holders of federal reserved water rights are not adversely affected by the inclusion of new parties in the adjudication by subjecting the right to file those claims in remission to certain terms and conditions; and

WHEREAS, the Legislature wishes to provide protection for timely filed claimants from incurring additional costs or from being adversely affected by justifiable reliance on the presumption of abandonment; and

WHEREAS, the Legislature wishes to provide a conclusive adjudication of existing water rights; and

WHEREAS, the Legislature recognizes that according a privilege to file additional statements of claim presents a potential for abuse by those who may attempt to refile previously adjudicated claims, and the Legislature thus believes that the courts should deal harshly with any abuses by such measures as, without limitation, the imposition of sanctions under Rule 11, Montana Rules of Civil Procedure; and

WHEREAS, the Legislature determines that the deadline for filing water right claims as provided in this bill appropriately balances the interests at stake in the adjudication.

THEREFORE, the Legislature finds it is appropriate to make the following amendments to sections 85-2-102, 85-2-211, 85-2-213, 85-2-221, 85-2-225, 85-2-226, 85-2-234, 85-2-237, and 85-2-306, MCA, in order to provide for the acceptance of late claims to the use of water under the conditions set forth in this bill. Additionally, the Legislature directs the Water Policy Committee, in coordination with the Department of Justice, the Department of Natural Resources and Conservation, and the Reserved Water Rights Compact Commission, to conduct an interim study regarding certain late claim issues.

Be it enacted by the Legislature of the State of Montana:

The department shall be reimbursed for such costs from the water right adjudication account created by 85-2-241.

~~(4)~~*(d)* It shall provide copies of the order, in writing, to the press services with offices located in Helena within 30 days after the Montana supreme court order as provided in 85-2-212, and in April of 1980, 1981, 1982, and 1983.

~~(5)~~*(e)* It shall, under authority granted to the states by 43 U.S.C. 666, provide for service of the petition and order upon the United States attorney general or his designated representative.

~~(6)~~*(f)* It may also in its discretion give notice of the order in any other manner that will carry out the purposes of this section.

~~(7)~~*(g)* It may also in its discretion order that the department or the water judge assist the Montana supreme court in the carrying out of this section.

(2) (a) To assure that all persons who failed to file a claim of existing right under 85-2-221(1) are provided notice of the opportunity to file a claim on or before July 1, 1996, as provided in 85-2-221(3), the department shall provide notice as follows:

(i) It shall, in October 1993, April and October 1994, April and October 1995, and April 1996, cause a notice of the right to file a claim in accordance with 85-2-221(3) to be published in all daily newspapers in the state and in at least one newspaper in each county in the state.

(ii) It shall, in October 1993, April and October 1994, April and October 1995, and April 1996, provide copies of the notice, in writing, to the press services with offices located in Helena.

(iii) It shall, by October 1993, provide copies of the notice to the United States attorney general and to all Indian tribes in Montana.

(iv) It shall cause copies of the notice to be posted in a conspicuous location in each county courthouse and department field office in the state and to be maintained in that location through July 1, 1996.

(v) It may also, in its discretion, provide notice in any other manner that will effectuate the purposes of 85-2-221(3).

(b) The water court shall include notice of 85-2-221(3) in all notices, decrees, or orders issued pursuant to 85-2-231 or 85-2-232 after [the effective date of this act] until July 1, 1996.

(3) Notice given in accordance with subsection (2) must at a minimum indicate that any claim of existing right not filed with the department before April 30, 1982, may be filed by physically filing it with the department on or before July 1, 1996, or sending it by United States mail, postmarked on or before July 1, 1996. Additionally, the notice must indicate that under 85-2-226, a failure to file or mail the claim results in the forfeiture for all time of any existing rights to the use of water that are not claimed in accordance with the provisions of 85-2-221."

Section 4. Section 85-2-221, MCA, is amended to read:

"**85-2-221. Filing of claim of existing water right —** ***filing late claim.*** (1) A person claiming an existing right, unless exempted under 85-2-222 or unless an earlier filing date is ordered as provided in 85-2-212, shall file with the department no later than June 30, 1983, a statement of claim for each water right asserted on a form provided by the department.

(2) The department shall file a copy of each statement of claim with the clerk of the district court for the judicial district in which the diversion is made or, if there is a claimed right with no diversion, the department shall file a copy of the statement of claim with the clerk of the district court of the judicial district in which the use occurs.

(3) Subject to certain terms and conditions, the legislature intends to provide for the remission of the forfeiture of existing rights to the use of water caused by the failure to comply with subsection (1). Accordingly, with respect only to a basin that has not been closed to further appropriation pursuant to a compact ratified by the legislature under part 7 of this chapter prior to [the effective date of this act], a claim of an existing water right not filed with the department on or before April 30, 1982, may be filed with the department on or before July 1, 1996, on forms provided by the department. This section is not intended to prevent the filing of a late claim in addition to a claim of an existing water right filed on or before April 30, 1982, if and to the extent that the additional right claimed is not the same as the right that was the subject of a previous claim and is not an abandoned right. Claims must be physically submitted to the department or sent by United States mail, postmarked on or before the deadline set forth in this subsection, in order to be considered timely. The claims are then subject to adjudication by the district courts as any other claim of existing right. The claimant is then subject to all rights and obligations of any other party, except that:

(a) a late claim must be incorporated into the adjudication, subject to all proceedings that have taken place prior to the date of filing;

(b) the person filing a late claim may request that a decree previously entered be reopened or may object to matters previously determined on the merits by the water court only to the extent that the request or objection is otherwise authorized by law and is based on a claim of water right filed on or before April 30, 1982;

(c) a person filing a late claim does not have the right or standing to object to any water rights compact reached in accordance with part 7 of this chapter that is ratified by the legislature prior to [the effective date of this act] except to the extent that right or standing to object exists based on a claim of water right filed on or before April 30, 1982, or to claim protection for the right represented in the late claim under any provision of such a compact that subordinates the use of a water right recognized in the compact to a right recognized under state law;

(d) if the water judge, following objection under 85-2-233, finds that the right represented in the late claim was the subject of a prior order or decree by the water judge or is otherwise without merit, the water judge shall award costs and reasonable attorney fees to the person or persons filing the objection;

(e) a right represented in a late claim is subordinate to all federal and Indian reserved water rights established by compact or decree under this chapter;

(f) unless a late claim either was placed in the United States mail and postmarked on or before April 30, 1982, or, if there is no evidence of the date of mailing, there is evidence of execution on or before April 30, 1982, and actual receipt by the department on or before May 7, 1982, the right represented in the claim is, in addition, subordinate to:

(i) rights represented in all valid, timely filed claims; and

(ii) rights represented in a permit or reservation of water issued under this chapter if and to the extent that the person holding the permit or reservation files an objection under this part and proves that the person holding the permit or reservation reasonably relied to the detriment of the person holding the permit or reservation upon the failure of the claimant to file a claim on or before April 30, 1982.

(4) The department and the district courts may not accept any statements of claim physically submitted or postmarked after July 1, 1996, and shall notify a person who files a claim after July 1, 1996, that the claim will not be accepted."

Section 5. Section 85-2-225, MCA, is amended to read:

"**85-2-225. Filing fee** ***— processing fee for remitted claims.*** (1) Each claim filed under 85-2-221 or 85-2-222 must be accompanied by a filing fee in the amount of $40, subject to the following exceptions:

(a) the total filing fees for all claims filed by one person in any one water court division may not exceed $480; and

(b) no filing fee is required accompanying a claim of an existing right that is included in a decree of a court in the state of Montana and ~~which~~ *that* is accompanied by a copy of that decree or pertinent portion thereof.

(2) A claim that is exempt from the filing requirements of 85-2-221(1) but that is voluntarily filed must be accompanied by a filing fee in the amount of $40. Exempt claims for a single development with several uses if filed simultaneously may be accompanied by a filing fee in the amount of $40.

(3) (a) Except as provided in subsection (3)(c), in addition to the filing fee set forth in subsection (1), each statement of claim filed under 85-2-221(3) must

be accompanied by a processing fee in the amount of $150, which must be deposited in the water rights adjudication account for the examination of late claims by the department and for the publication of notices by the department as required under 85-2-213(2).

(b) The water judge shall assess against the late claimant all reasonable administrative costs and expenses that may be incurred by the court due to the filing of the late claim and the consideration of the objection, which assessment must be deposited in the water rights adjudication account.

(c) For a statement of claim that was filed after April 30, 1982, but prior to [the effective date of this act] or for a statement of claim filed by a state agency, the processing fee provided for in subsection (3)(a) must be paid on or before a date to be established by the department by rule, but no later than July 1, 1999."

Section 6. Section 85-2-226, MCA, is amended to read:

"**85-2-226. Abandonment by failure to file claim.** The failure to file a claim of an existing right as required by 85-2-221*(1)* establishes a conclusive presumption of abandonment of that right."

Section 7. Section 85-2-234, MCA, is amended to read:

"**85-2-234. Final decree.** (1) The water judge shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the water judge shall enter it as the final decree.

(2) The terms of a compact negotiated and ratified under 85-2-702 must be included in the final decree without alteration unless an objection is sustained pursuant to 85-2-233; provided that the court may not alter or amend any of the terms of a compact except with the prior written consent of the parties in accordance with applicable law.

(3) The final decree ~~shall~~ *must* establish the existing rights and priorities within the water judge's jurisdiction of persons ~~required by~~ *who have filed a claim in accordance with* 85-2-221 ~~to file a claim for an existing right~~, of persons required to file a declaration of existing rights in the Powder River basin pursuant to an order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973, and of any federal agency or Indian tribe possessing water rights arising under federal law, required by 85-2-702 to file claims.

(4) The final decree ~~shall~~ *must* establish, in a form determined to be appropriate by the water judge, one or more tabulations or lists of all water rights and their relative priorities.

(5) The final decree ~~shall~~ *must* state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person, federal agency, and Indian tribe named in the decree are based.

(6) For each person who is found to have an existing right arising under the laws of the state of Montana, the final decree ~~shall~~ *must* state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water included in the right, as follows:

(i) by flow rate for direct flow rights, such as irrigation rights;

(ii) by volume for rights, such as stockpond and reservoir storage rights, and for rights that are not susceptible to measurement by flow rate; or

(iii) by flow rate and volume for rights that a water judge determines require both volume and flow rate to adequately administer the right;

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land, if any, to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

(h) the inclusive dates during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

(7) For each person, tribe, or federal agency possessing water rights arising under the laws of the United States, the final decree ~~shall~~ *must* state:

(a) the name and mailing address of the holder of the right;

(b) the source or sources of water included in the right;

(c) the quantity of water included in the right;

(d) the date of priority of the right;

(e) the purpose for which the water included in the right is currently used, if at all;

(f) the place of use and a description of the land, if any, to which the right is appurtenant;

(g) the place and means of diversion, if any; and

(h) any other information necessary to fully define the nature and extent of the right, including the terms of any compacts negotiated and ratified under 85-2-702.

(8) Clerical mistakes in a final decree may be corrected at any time on the initiative of the water judge or on the petition of any person who possesses a water right. The water judge shall order the notice of a correction proceeding as he determines to be appropriate to advise all persons who may be affected by the correction. An order of the water judge making or denying a clerical correction is subject to appellate review."

Section 8. Section 85-2-237, MCA, is amended to read:

"**85-2-237. Reopening and review of decrees.** (1) ~~The~~ *After July 1, 1996, the* water judges shall by order reopen and review, within the limits set forth by the procedures described in this section, all preliminary or final decrees*:*

(a) that have been issued ~~by the water courts~~ but have not been noticed throughout the water divisions*; or*

(b) for basins for which claims have been filed under 85-2-221(3).

(2) (a) Each order must state that the water judge will reopen the decree or decrees and, upon a hearing, review the water court's determination of any claim in the decree or decrees if an objection to the claim has been filed for the purpose of protecting rights to the use of water from sources:

(i) within the basin for which the decree was entered; or

(ii) in other basins that are hydrologically connected to sources within the basin for which the decree was entered.

(b) A person may not raise an objection to a matter in a reopened decree if ~~he~~ *the person* was a party to the matter when the matter was previously litigated and resolved as the result of the previous objection process, unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered in time to move for a new trial under Rule 59(b), Montana Rules of Civil Procedure;

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the judgment is void;

(v) any other reason justifying relief from the operation of the judgment.

(c) The objection must be made in accordance with the procedure for filing objections under 85-2-233.

(3) The water judges shall serve notice by mail of the entry of the order providing for the reopening and review of a decree or decrees to the department and to the persons entitled to receive service of notice under 85-2-232(1).

(4) Notice of the reopening and review of a preliminary or final decree must also be published at least once each week for 3 consecutive weeks in at least three newspapers of general circulation ~~which~~ *that* cover the water division or divisions in which the decreed basin is located.

(5) No objection may cause a reopening and review of a claim unless the objection is filed with the appropriate water court within 180 days after the issuance of the order under subsection (1). This period of time may, for good cause shown, be extended by the water judge for up to two 90-day periods if an application for extension is made within the original 180-day period or any extension of it.

(6) The water judge shall provide notice to the claimant of any timely objection to ~~his~~ *the* claim and, after further reasonable notice to the claimant,

the objector or objectors, and other interested persons, set the matter for hearing. The water judge may conduct individual or consolidated hearings, and any hearing must be conducted according to the Montana Rules of Civil Procedure. On an order of the water judge, a hearing may be conducted by a water master, who shall prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(7) The water judge shall, on the basis of any hearing held on the matter, take action as warranted from the evidence ~~before him~~, including dismissal of the objection or modification of the portion of the decree describing the contested claim.

(8) An order or decree modifying a previously issued final decree as a result of procedures described in this section may be appealed in the same manner as provided for an appeal taken from a final order of a district court.

(9) An order or decree modifying a previously issued preliminary decree as a result of procedures described in this section may be appealed under 85-2-235 when the preliminary decree has been made a final decree."

Section 9. Section 85-2-306, MCA, is amended to read:

"**85-2-306.** *(Temporary)* **Exceptions to permit requirements — fee.** (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, the written consent of the person with those property rights. Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons per minute or less, not to exceed 10 acre-feet per year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department at its offices and at the offices of the county clerk and recorders and pay a filing fee. Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation ~~shall be~~ *is* the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department. The original of the certificate ~~shall~~ *must* be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided

in subsection (1) ~~of this section~~, with the department to perfect the water right. The filing of a claim ~~of existing water right~~ pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation ~~shall be~~ *is* the date of the filing of a notice as provided in subsection (1) of this section or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons per minute or less, not to exceed 10 acre-feet per year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet per year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, a perennial flowing stream means a stream ~~which~~ *that* historically has flowed continuously ~~at~~ *during* all seasons of the year, during dry as well as wet years. However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113.

(5) In addition to the filing fee prescribed by the board by rule pursuant to 85-2-113, a person filing a notice under subsection (1) shall pay a $10 fee, and the department shall deposit $10 of each filing fee collected pursuant to subsection (1) in the ground water assessment account, established in 85-2-905, within the state special revenue fund. *(Terminates July 1, 1993—sec. 22, Ch. 769, L. 1991.)*

85-2-306. *(Effective July 1, 1993)* **Exceptions to permit requirements.** (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, the written consent of the person with those property rights. Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons per minute or less, not to exceed 10 acre-feet per year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department at its offices and at the offices of the county clerk and recorders. Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation ~~shall be~~ *is* the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department. The original of the certificate ~~shall~~ *must* be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (1) ~~of this section~~, with the department to perfect the water right. The filing of a claim ~~of existing water right~~ pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation ~~shall be~~ *is* the date of the filing of a notice as provided in subsection (1) of this section or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons per minute or less, not to exceed 10 acre-feet per year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet per year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, a perennial flowing stream means a stream ~~which~~ *that* historically has flowed continuously ~~at~~ *during* all seasons of the year, during dry as well as wet years. However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113."

Section 10. **Late claim interim study — water policy committee.** (1) The water policy committee, in coordination with the department of justice, the department of natural resources and conservation, and the reserved water rights compact commission, shall conduct an interim study analyzing the need for and desirability and impacts of allowing the remission of forfeited water rights in addition to the remissions authorized under the provisions of [this act]. The study must analyze the impacts of additional forfeiture remission on:

(a) the general stream adjudication process, including but not limited to the issues of adequacy and Montana's and the federal government's concurrent water rights adjudication jurisdiction;

(b) the federal government and Indian tribes regarding existing and future negotiated water rights compacts, including but not limited to the issues of equal protection;

(c) timely claimants' water use;

(d) timely claimants' legal rights, including but not limited to constitutional requirements regarding the taking of property;

(e) the potential reduction in agricultural production resulting from not granting additional forfeiture remissions and the associated social and economic impacts;

(f) the issue of fairness to both late and timely claimants;

(g) the potential increased costs to the state and to late and timely claimants;

(h) potential losses in revenue to the state resulting from the state's failure to file claims to existing water rights on or before April 30, 1982;

(i) implications involving the state's trust responsibilities;

(j) potential litigation against the state by private parties; and

(k) impacts on municipal and county governments resulting from late claims.

(2) The study must include an analysis of the potential for identifying individuals or classes of individuals whose additional forfeiture remission could be authorized in a manner that would have an acceptable impact on those issues identified under subsection (1). The classes of late claimants include but are not limited to previously decreed water rights holders and classes established according to filing date.

(3) The study must be completed in consultation with other relevant state and federal agencies, relevant groups and organizations, and other interested and affected citizens.

(4) The water policy committee shall report the results of the study to the 54th legislature by October 1, 1994. The report must include any legislative or other policy options recommended by the water policy committee.

Section 11. **Saving clause.** [This act] does not affect proceedings that were begun before [passage and approval of this act] in which relief for damages have been sought based upon the diversion, impoundment, or withdrawal of water without a water right established under state law.

Section 12. **Severability — partial nonseverability.** (1) If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(2) It is the intent of the legislature that each part of [this act] is essentially dependent upon [section 4], which amends 85-2-221, and that if one part of [section 4], except subsection (3)(f)(ii), is held unconstitutional or invalid, all other parts of [this act] are invalid.

Section 13. **Effective date.** [This act] is effective July 1, 1993.

Approved May 11, 1993.

CHAPTER NO. 630

[HB 13]

AN ACT GENERALLY REVISING WORKERS' COMPENSATION LAW; CLARIFYING THE COMPENSABILITY OF MENTAL STRESS CLAIMS; REVISING THE STATE FUND'S BUDGET AND FUNDING PROCEDURES; EXEMPTING THE STATE FUND FROM THE PROVISIONS OF THE MONTANA ADMINISTRATIVE PROCEDURE ACT FOR PURPOSES OTHER THAN RATEMAKING; AUTHORIZING THE LEGISLATIVE AUDITOR TO REVIEW RATES AND EXAMINE THE STATE FUND EACH YEAR; PROVIDING A STATUTORY APPROPRIATION; PROVIDING AN APPROPRIATION; REQUIRING THE INSURER TO NOTIFY CLAIMANTS OF BENEFITS AND ENTITLEMENTS USING INFORMATION PROVIDED BY THE DEPARTMENT; AMENDING SECTIONS 17-7-502, 18-8-103, 39-71-105, 39-71-606, 39-71-2314, 39-71-2316, 39-71-2321, 39-71-2323, AND 39-71-2352, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-105, MCA, is amended to read:

"**39-71-105. Declaration of public policy.** For the purposes of interpreting and applying Title 39, chapters 71 and 72, the following is the public policy of this state:

(1) It is an objective of the Montana workers' compensation system to provide, without regard to fault, wage supplement and medical benefits to a worker suffering from a work-related injury or disease. Wage-loss benefits are not intended to make an injured worker whole; they are intended to assist a worker at a reasonable cost to the employer. Within that limitation, the wage-loss benefit should bear a reasonable relationship to actual wages lost as a result of a work-related injury or disease.

(2) A worker's removal from the work force due to a work-related injury or disease has a negative impact on the worker, the worker's family, the employer, and the general public. Therefore, it is an objective of the workers' compensation system to return a worker to work as soon as possible after the worker has suffered a work-related injury or disease.

(3) Montana's workers' compensation and occupational disease insurance systems are intended to be primarily self-administering. Claimants should be able to speedily obtain benefits, and employers should be able to provide coverage at reasonably constant rates. To meet these objectives, the system must be designed to minimize reliance upon lawyers and the courts to obtain benefits and interpret liabilities.

(4) Title 39, chapters 71 and 72, must be construed according to their terms and not liberally in favor of any party.

(5) It is the intent of the legislature that stress claims, often referred to as "mental-mental claims" and "mental-physical claims", are not compensable under Montana's workers' compensation and occupational disease laws. The legislature recognizes that these claims are difficult to objectively verify and that the claims have a potential to place an economic burden on the workers' compensation and occupational disease system. The legislature also recognizes that there are other states that do not provide compensation for various categories of stress claims and that stress claims have presented economic problems for certain other jurisdictions. In addition, not all injuries are compensable under the present system, as is the case with repetitive injury claims, and it is within the legislature's authority to define the limits of the workers' compensation and occupational disease system."

Section 2. Section 18-8-103, MCA, is amended to read:

"**18-8-103. Exemptions.** This part does not apply to employment of:

(1) registered professional engineers, surveyors, real estate appraisers, or registered architects;

(2) physicians, dentists, or other medical, dental, or health care providers;

(3) expert witnesses hired for use in litigation, hearings officers hired in rulemaking and contested case proceedings under the Montana Administrative Procedure Act, or attorneys as specified by executive order of the governor;

(4) consulting actuaries to the public retirement boards *or the state compensation insurance fund*; or

(5) private consultants employed by the student associations of the university system with money raised from student activity fees designated for use by those student associations."

Section 3. Section 39-71-2314, MCA, is amended to read:

"**39-71-2314. State fund — assigned risk plan.** (1) If an assigned risk plan is established and administered pursuant to 39-71-431, the state fund is subject to the premium tax liability for insurers as provided in 33-2-705 based on earned premium and paid on revenue from the previous fiscal year.

(2) The state fund is subject to laws that generally apply to state agencies, including but not limited to Title 2, chapters 2, 3, 4 (~~except~~ *only* as provided in 39-71-2316), and 6, and Title 5, chapter 13. The state fund is not exempt from a law that applies to state agencies unless that law specifically exempts the state fund by name and clearly states that it is exempt from that law."

Section 4. Section 39-71-2316, MCA, is amended to read:

"**39-71-2316. Powers of the state fund ~~— rulemaking~~.** For the purposes of carrying out its functions, the state fund may:

(1) insure any employer for workers' compensation and occupational disease liability as the coverage is required by the laws of this state ~~and, in connection with the coverage, provide employers' liability insurance~~. The state fund may charge a minimum yearly premium to cover its administrative costs for coverage of a small employer.

(2) sue and be sued;

~~(3) adopt, amend, and repeal rules relating to the conduct of its business;~~

~~(4)~~*(3)* except as provided in section 21, Chapter 4, Special Laws of May 1990, enter into contracts relating to the administration of the state fund, including claims management, servicing, and payment;

~~(5)~~*(4)* collect and disburse money received;

~~(6)~~*(5)* adopt classifications and charge premiums for the classifications so that the state fund will be neither more nor less than self-supporting. Premium rates for classifications may only be adopted and changed using a process, a procedure, formulas, and factors set forth in rules adopted under Title 2, chapter 4, parts 2 through 4. After such rules have been adopted, the state fund need not follow the rulemaking provisions of Title 2, chapter 4, when changing classifications and premium rates. The contested case rights and provisions of Title 2, chapter 4, do not apply to an employer's classification or premium rate. The state fund must belong to the national council on compensation insurance and shall use the classifications of employment adopted by the national council and corresponding rates as a basis for setting its own rates.

~~(7)~~*(6)* pay the amounts determined due under a policy of insurance issued by the state fund;

~~(8)~~*(7)* hire personnel;

~~(9)~~*(8)* declare dividends if there is an excess of assets over liabilities. However, dividends may not be paid until adequate actuarially determined reserves are set aside. If those reserves have been set aside, money that can be declared as a dividend must be transferred to the account created by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, and used for the purposes of that account. After all claims funded by that account have been paid, dividends may be declared and paid to insureds.

~~(10)~~*(9)* perform all functions and exercise all powers of a ~~domestic mutual insurer~~ *private insurance carrier* that are necessary, appropriate, or convenient for the administration of the state fund."

Section 5. Section 39-71-2323, MCA, is amended to read:

"**39-71-2323. Surplus in state fund — payment of dividends.** Subject to the provisions of 39-71-2316~~(9)~~, if at the end of any fiscal year there exists in the state fund account created by 39-71-2321 for claims for injuries resulting from accidents that occur on or after July 1, 1990, an excess of assets over liabilities, including necessary reserves and a reasonable surplus, and if the excess may be refunded safely, then the state fund may declare a dividend. The rules of the state fund must prescribe the manner of payment to those employers who have paid premiums into the state fund in excess of liabilities chargeable to them in the fund for that year. In determining the amount or proportion of the balance to which the employer is entitled as dividends, the state fund shall give consideration to the prior paid premiums and accident experience of each individual employer during the dividend year."

Section 6. Section 39-71-2352, MCA, is amended to read:

"**39-71-2352. Separate payment structure and sources for claims for injuries resulting from accidents that occurred before July 1, 1990, and on or after July 1, 1990 — spending limit.** (1) Premiums paid to the state fund based upon wages payable before July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Except as provided in 39-71-2316~~(9)~~ and 39-71-2354, premiums paid to the state fund based upon wages payable on or after July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occur on or after July 1, 1990.

(2) The state fund shall:

(a) determine the cost of administering and paying claims for injuries resulting from accidents that occurred before July 1, 1990, and separately determine the cost of administering and paying claims for injuries resulting from accidents that occur on or after July 1, 1990;

(b) keep adequate and separate accounts of the costs determined under subsection (2)(a); and

(c) fund administrative expenses and benefit payments for claims for injuries resulting from accidents that occurred before July 1, 1990, and claims for injuries resulting from accidents that occur on or after July 1, 1990, separately from the sources provided by law.

(3) The state fund may not spend more than $3 million a year to administer claims for injuries resulting from accidents that occurred before July 1, 1990."

Section 7. **Rate setting.** The board has the authority to establish the rates to be charged by the state fund for insurance. The board shall engage the services of an independent actuary who is a member in good standing with the American academy of actuaries to develop and recommend actuarially sound rates. Rates must be set at amounts sufficient, when invested, to carry the estimated cost of all claims to maturity, to meet the reasonable expenses of conducting the business of the state fund, and to amass and maintain, by July 1, 2003, a surplus of 25% of the annual premium.

Section 8. **Authority of legislative auditor with respect to state fund.** The legislative auditor shall review rates established by the board to determine if the rates are excessive, inadequate, or unfairly discriminatory. Each year, the legislative auditor shall:

(1) examine the state fund beginning no sooner than October 1 following the end of the fiscal year; and

(2) report the findings of the examination and rate review to the governor, the legislature, and the board of directors of the state fund.

Section 9. **Agency law — submission of budget — annual report.** (1) The state fund is subject to state laws applying to state agencies, except as otherwise provided by law, and it is exempt from the provisions of The Legislative Finance Act in Title 5, chapter 12, and the provisions of Title 17, chapter 7, parts 1 through 4.

(2) The executive director shall annually submit to the board for its approval an estimated budget of the entire expense of administering the state fund for the succeeding fiscal year, with due regard to the business interests and contract obligations of the state fund. The administrative expenditures approved by the board may not exceed 15% of the earned annual premium of the prior fiscal year. A copy of the approved budget must be delivered to the governor and the legislature.

(3) The board shall submit an annual financial report to the governor and to the legislature as provided in 5-11-210, indicating the business done by the state fund during the previous year and containing a statement of the estimated liabilities of the state fund as determined by an independent actuary.

Section 10. Section 39-71-2321, MCA, is amended to read:

"**39-71-2321. What to be deposited in state fund.** (1) *(a)* All premiums, penalties, recoveries by subrogation, interest earned upon money belonging to the state fund, and securities acquired by or through use of money must be deposited in the state fund. They must be separated into two accounts based upon whether they relate to claims for injuries resulting from accidents that occurred before July 1, 1990, or claims for injuries resulting from accidents that occur on or after that date.

(b) All funds deposited in the state fund are statutorily appropriated as provided in 17-7-502.

(2) The proceeds of bonds issued and loans given to the state fund under 39-71-2354 and 39-71-2355 must be deposited in the account for claims for injuries resulting from accidents that occurred before July 1, 1990."
